This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT ON SAN FRANCISCO CHURCH.

The delay on the part of the congregation of San Francisco, in executing the security required by the General Assembly, has been unavoidable, the giving of the mortgage being impracticable, without great sacrifice to the congregation. The trustees seem to have manifested the most commendable diligence and energy in their efforts to comply with the wishes of the Assembly. Unforeseen difficulties, however, seem to have met them at every step difficulties which cannot yet be removed without materially increasing the already heavy burden which they are called upon to bear. From the facts in the case before us, it appears that the financial interests of the Assembly will not be jeopardied by the extension of time to the congregation in which to give the security required. It is highly probable that a year hence the whole matter can be adjusted satisfactorily to the Assembly, and much more favorably to the interests of the congregation. Therefore,

Resolved, 1. That Messrs. James M'Candless and Henry Harrison be appointed by this Assembly to inquire into the financial state of the congregation of San Francisco, with special reference to the interest of the General Assembly, and report to the Trustees of the Assembly.

2. That should there be anything in the condition of the congregation which, in the judgment of the Trustees of the Assembly, requires action before the meeting of the next General Assembly, in order to secure our interest there, they be, and hereby are, authorized to take such action as they may deem necessary in the premises.

The Committee on Theological Seminaries asked and obtained leave to retire.

The Committee on Narrative and State of Religion presented a report, which was adopted, and is as follows:

REPORT ON NARRATIVE AND STATE OF RELIGION.

We have carefully examined the report of the Permanent Committee. It contains much information of interest and importance to the Church, and should be published with the Minutes.

It is a matter of regret that the Presbyteries of Brookville, Caledonia, Cleveland, Chicago, Delaware, Detroit, Egypt, Garnett, Kansas, Mercer, Michigan, Oregon, San Francisco, Sealkote, Tennessee, and Western Missouri, failed to send their reports on Narrative and State of Religion, to the Permanent Committee, in accordance with the direction of the Assembly, thus necessarily rendering this report not so full as it otherwise would have been. From the information before us, however, we have reason to believe that the State of Religion in our Church is very encouraging. Several Presbyteries report encouraging revivals in their bounds; peace and prosperity characterize a great majority of our congregations, and the Women's Temperance Movement has done much to revive religion in many parts of the country.

Your Committee would recommend for adoption the following resolutions:

Resolved, 1st. That the report of the Permanent Committee on Narrative and State of Religion be adopted, and, in view of the important information it contains, that it be put upon the Minutes of the Assembly, and published in the papers of the Church.

Resolved, 2d. That the Permanent Committee on Narrative and State of Religion be instructed to prepare, and distribute, through the Second Clerk of the Assembly, not later than the first of February, 1875, blank Reports for Congregations and Presbyteries, to be filled up with such facts and figures as will enable the Committee to make a full and satisfactory report to the Assembly.

Resolved, 3d. That these reports shall be returned to the Committee not later than the 20th of April, 1875.

Pending the discussion, the order of the day arrived, namely: The consideration of the report of the Committee on Ministerial Sustentation.

After a lengthy discussion, the following resolution was adopted, namely:

Resolved, That all the papers on the subject of Sustentation be referred to a Special Committee, which shall prepare a report, to be submitted before the 1st of September to the Presbyteries, that they may report to the next General Assembly their opinion thereon, and any suggestions in regard to the same which they may deem of importance.

The following persons were appointed said Committee, namely: Revs. H. H. Thompson, R. B. Ewing, D. W. Collins, Thos. Sweeny, and Jas. M'Cutcheon.

Resolved, That the ministry, throughout the Church, be directed to use their efforts to instruct the people in relation to their obligations to contribute to the support of the ordinances of the gospel.

REPORT OF THE COMMITTEE ON HOME MISSIONS.

It is very gratifying to your Committee to report that our Home Mission operations have been successfully prosecuted during the past year.

Our efficient Corresponding Secretary, and our Missionaries, seem to have given themselves earnestly to their work.

What has been accomplished has already been brought to the notice of the Assembly in the report of the Board.

The following resolutions are therefore submitted for your adoption:

1. *Resolved*, That this Assembly gratefully acknowledge the mercy and grace of our Lord as manifested in our Home Missionary work, and would humbly and hopefully invoke the divine blessing upon our efforts in this department for the ensuing year.

2. *Resolved*, That the report of the Committee to the General Assembly be adopted.

3. *Resolved*, That $500 be appropriated to San Jose, in the Presbytery of California, and that Rev. Alex. Calhoun be appointed to that place for the year.

4. *Resolved*, That in view of the painful fact that we have a considerable number of efficient laborers for the home field who are not, and cannot be, employed in consequence of the lack of funds, the Assembly directs all our congregations to make a contribution before the 1st of July, 1874, that means may be furnished to employ these brethren, and pay promptly our Home Missionaries at the end of each quarter.

5. *Resolved*, That Rev. J. W. Witherspoon and Elders S. Mahood and Jas. M'Cutcheon, be elected members of the Board.

Proceeded to the order of the day, namely: The consideration of the subject of Collegiate Education. A letter addressed to the Church, prepared by a Committee of the last Assembly, was presented and read.

Proceeded to the order of the day, namely: The consideration of the subject of Freedmen's Missions. Members were, on motion, limited each to five minutes in their remarks. The amendment offered by Dr. Lansing was discussed at length, namely: That the Board of Home Missions and the Board of Freedmen's Missions be consolidated, and that $20,000 be added to the appropriations for Home Missions. In taking the vote on the amendment, the motion was divided, and on motion, these two questions were put in the following order by the Moderator, namely: Will the Assembly appropriate $20,000 for Missionary work among the Freedmen? Will the Assembly consolidate the two Boards? The former was decided in the affirmative, and the latter in the negative. The Assembly then adopted the report of the committee, which is as follows:

REPORT OF COMMITTEE ON FREEDMEN'S MISSIONS.

An argument in behalf of the Mission to the Freedmen by the United Presbyterian Church, is perhaps superfluous. Her record, as a Church which early espoused the cause of the oppressed, and with some good degree of faithfulness maintained their cause through long years of arduous conflict, requires an earnest and persevering prosecution of this work. True to her history, when God had, by terrible things in righteousness, answered our prayers, and, through the supreme authority of the nation, proclaimed liberty to the captive, she promptly carried to them the gospel, that the Freedmen might also be made free with the liberty wherewith Christ makes His children free. We ran well for a time, but with strange inconsistency, and in the face of our past history, we hesitate in the work. The people have never lost their interest in this work. They still ask, why has this work ceased? We have acted the part of a foolish husbandman, who sowed in tears and cultivated his field in the sweat of his face, but just when the harvest was ripening, he turned it over to others who entered into his labors.

The Assembly of last year revived this work, and instructed the Board to establish a Normal school. These instructions have been carried out with promptness. Knoxville has been selected as the location which promises the best results. The grounds are purchased and plans and specifications for the building are made, and the Board is ready to begin the work, only awaiting funds. $20,000 is asked for the work for the coming year. It is also requested that the Assembly instruct the Board of Church Extension to refund the money received from this fund, that it may be used for the purpose for which it was given. Therefore,

Resolved, 1. That the conduct of the Board in this work be approved.

2. That $20,000 be appropriated for this mission for the coming year.

3. That the Board of Church Extension be instructed to refund the money received from this fund.

4. That Rev. James W. Witherspoon be re-elected Corresponding Secretary, and that Revs. R. B. Ewing, D. S. Kennedy and W. H. M'Millen be elected members of the Board, and that Rev. W. H. Andrew be elected to fill the vacancy occasioned by his own resignation.

Assembly adjourned. Closed with prayer by Dr. Blaikie.

2. The special object of this Board shall be to aid mission stations and congregations to obtain suitable houses of worship. It shall have power to make appropriations of money, either as donations or as loans for a definite time; to authorize special contributions for particular parts of its work; to hold funds and property absolutely, or in trust for congregations; to institute legal proceedings in behalf of the United Presbyterian Church to prevent the alienation of, or to recover, funds and property for which contributions have been made by the Board, or by the Church at large, and to do such other things as may be necessary for the accomplishment of its object. But the appropriations of each year shall not exceed the amount authorized by the General Assembly for that year, and only such property shall be held as may be necessary for the legitimate purposes of the Board.

3. REGULATIONS:

1. No appropriation shall be made except on the application of a Presbytery for a place under its care.

3. All appropriations shall be made on the following conditions:

I. The property shall be held in fee simple, and be secured to the Church according to the rule of the Assembly.

II. A mortgage shall be given for the repayment of the loan, and a mortgage for the donation, securing the repayment of the money, with interest, in case the congregation shall fail, or shall cease to be connected with the United Presbyterian Church, or shall alienate or encumber the property without the consent of the Board. The interest on loans made without interest, shall be regarded as a donation, and with all moneys contributed directly by other congregations or members of the United Presbyterian Church, shall be included in the mortgage for a donation.

III. Ordinarily the appropriation shall leave the property free from debt except to the Board.

IV. The congregation shall not solicit aid outside of its own community without the consent of the Board.

4. Appropriations not called for within two years, shall be considered withdrawn, and may be renewed only on the application of the Presbytery.

The Committee on the Preservation of Old Records presented a report, which was put on the docket.

Took up the report of the Committee on Collegiate Education, whereupon the following resolutions were adopted:

Resolved, That the Assembly has heard with great pleasure the report of the Committee on Collegiate Education; that it be signed by the chairman of the Committee, and published in all the papers of the Church, and that the Board of Publication be directed to issue an edition of it, in a form suitable for general circulation.

Resolved, That the last Thursday of January be appointed as a day of prayer for our institutions of learning, and that ministers be requested to

preach on the subject presented in the report of the Committee, and urge its importance upon the attention of the people.

Resumed the consideration of the report of the Committee on Statistics. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON STATISTICS.

PART I. Statistical tables have been received from all the Presbyteries of the Church. These tables are more full and accurate than any that have been received heretofore. There are, however, some mistakes in the footing up of these reports, which prevent your Committee from giving an exact summary of this year's statistics at this time.

Among the matters brought to the attention of your Committee, the following are deemed of sufficient importance to require the attention of the Assembly:

1. Under the present plan for making Congregational Reports, each committee appointed by the Assembly is compelled to correspond with all the congregations, in order to get the proper data for making its report, whereas, the clerks of Presbyteries ought to be able to furnish any information required by the Assembly, thereby saving much unnecessary labor and securing more uniformity and accuracy in these reports.

2. The list of ordinations of ministers, which will be contained in the published Minutes of this Assembly, is probably as nearly accurate as it can be made, and as all new ordinations will be published from year to year, it does not appear to be necessary to burden the Minutes with the whole list every year.

After considering these things, your Committee would recommend the adoption of the following resolutions:

Resolved, First. That the thanks of this Assembly are due to Rev. A. G. Wallace, the Second Clerk, for the complete system of statistics which has been prepared under his supervision, and also to the clerks of Presbyteries who have co-operated with him in preparing these tables.

Second. That the Second Clerk be instructed to prepare a blank on which congregations can report to their Presbyteries, annually, all the data needed by the various committees and officers of the Assembly in preparing their reports.

Third. That in the subsequent numbers of the present volume of the Minutes of the Assembly, the Second Clerk be authorized to omit the dates of ordination from the Alphabetical List of Ministers.

PART II. *Whereas,* Measures are now in progress, under the direction of the National Government, to celebrate the centennial anniversary of its independence, and

Whereas, Our civil and religious liberty, as well as our national prosperity, is largely the result of the Christian features of our national life, and no exhibition will give to the world an adequate idea of our institutions without a presentation of the Protestant Christian Churches of the country, and

Whereas, Other Churches have taken steps to prepare their respective histories for this purpose, it seems to be proper that the United Presbyterian Church should also prepare a statement of its history, principles and polity, and make grateful record of the manifold goodness of God to her as a Church; therefore,

Resolved, 1. That a committee be appointed to prepare a complete history of the United Presbyterian Church, showing, 1st. Its origin, progress, and present statistics. 2d. Its principles. 3d. Its Home and Foreign missionary work, and 4th. Its educational interests.

Resolved, 2. That J. G. Brown, D. D., D.R. Kerr, D. D., J. B. Dales, D. D., and Revs. A. G. Wallace and S. Collins compose this Committee.

Resolved, 3. That the members of this Committee be instructed to divide the work among themselves, according to their judgment, and to suit their own convenience, and to report to the next General Assembly any additional action which, in their judgment, may be necessary to carry out the intention of these resolutions.

Took up the report of the Judiciary Committee on the Memorial of the Rev. G. D. Mathews. The report was amended and adopted, and is as follows:

REPORT ON THE MEMORIAL OF REV. G. D. MATHEWS.

This Memorial presents a number of statements and questions, in reference to a certain proceeding of the Second Presbytery of New York, in the case of the memorialist. The proper court for redress against supposed error in judgment on the part of a Presbytery is the Synod to which that Presbytery is immediately subordinate, before which the memorialist may properly bring all questions of alleged error in judgment and misinterpretations of law. An action by this Assembly, based upon statements of the memorialist, without hearing the Presbytery, would in itself be manifestly improper, and in reference to the Synod of New York, an assumption of its prerogatives. To declare any principle of law, in reference to this case, would be a presumption on the part of this Assembly that the Synod of New York is either incapable of properly applying the law in the case, or is unwilling to do so. Therefore,

Resolved, That the Memorial of Rev. G. D. Mathews be respectfully returned to him, without any judgment expressed thereon or any prejudice to his case.

Took up the report of the Judiciary Committee on the Memorial of Mr. Thomas Thompson, on the Introduction of the New Version of the Psalms. The report was discussed and recommitted.

Took up the report of the Committee on Theological Seminaries. The report was discussed and adopted, and is as follows:

REPORT OF COMMITTEE ON THEOLOGICAL SEMINARIES.

The special committee to whom was referred the report of the Committee of the last Assembly on Theological Seminaries, having examined said report, recommend its adoption without modification. Also, impressed with the importance of uniformity in the management of the Seminaries contemplated in the report, and believing such uniformity cannot be adequately secured under the present divided control of the various Synods, your Committee desire the Assembly to tender anew to the Synods the provisions of the act adopted by the Assembly at Pittsburgh, 1870, providing for the voluntary transfer of the Seminaries to the care of the General Assembly.

The following resolutions, therefore, are submitted:

Resolved, 1st, That the Assembly adopt the report now submitted by the Committee of the Assembly of 1873.

Resolved, 2d, That a Committee be appointed, whose duty it shall be to tender to the respective Synods, at their approaching meetings, the provisions of the enabling act of 1870, and request favorable action in reference to the transfer of the Theological Seminaries to the care of the General Assembly.

Took up the report of the Committee on Ministerial Relief. The report was discussed and adopted, and is as follows:

REPORT OF COMMITTEE ON MINISTERIAL RELIEF.

PART I. The Board, in this part of their report, have so fully elaborated the idea of extending aid to those ministers who have become worn-out in the service of the Church, that but little can be added by the Committee. The importance and justice of ministering to the relief of the aged and infirm ministers, who have given their best energies to the building up of the cause of their Master, have long been felt; and that those who are dependent on them should also be included in the benefactions of the Church, is also a truth of which there is little room to doubt.

The Board has presented for the consideration of the Assembly what appears to be a well considered and efficient plan by which aid will be extended, not only to the enfeebled and dependent ministers, but also to the needy widows and orphans of deceased ministers.

The Committee would therefore recommend the adoption of the resolutions presented by the Board.

PART II. The plan proposed for mutual relief in this part of the Board's report is something new in the history of the United Presbyterian Church, and while we approve of the principle involved, yet there are so many practical difficulties in the way of putting the plan proposed into successful operation, that we are constrained to report adversely to its adoption.

If the Board designed that it should be a benevolent institution for the benefit of the members, then it should not have excluded from its benefactions the men that call most loudly for her charities, namely, the aged, the infirm, and unhealthy; but if it was designed to establish a common treasury, into which the members might cast some of their surplus means from year to year, for the mutual benefit of all the contributors, then it should be conducted on purely business principles. When parties engage in a business transaction for mutual profit, each should be benefited in proportion to the amount invested and the length of time for which he makes the investment; but in the plan proposed by the Board, the minister at sixty years of age, with but ten years of expectancy, invests his twenty dollars a year, while the minister at thirty years of age invests his twenty dollars a year with the expectancy of continuing the operation for forty years, and yet both are to receive the same amount. In other words, the former would invest two hundred dollars in ten years and then receive his one thousand dollars, while the latter would invest eight hundred dollars in forty years, and yet only receive the same amount. This inequality in the distribution of the profits of the concern would be fatal to the plan on business principles. Besides, there are insurance companies already in existence where a policy can be obtained, covering the sum of one thousand dollars, for less than twenty dollars per year, by those who have not attained the age of thirty years, and ministers, like all other men, will invest where they can do it to the best advantage. Still further, the number among whom it is proposed to operate is altogether too limited. The plan proposed excludes the aged, the infirm, and the unhealthy ministers of the Church; this will shut out at least one-fourth of the whole number; many others are already carrying all the insurance which their lim-

ited income will enable them to pay; still others have their doubts as to the propriety of insurance, and thus the number would be so limited that we feel persuaded that not more than one hundred, and perhaps not fifty, ministers of the U. P. Church would voluntarily become members of such an association. It is true that the Board proposes a resolution declaring that "it shall be the duty of all ministers of the U. P. Church, and of all who may hereafter become ministers, to become members of said Mutual Aid Fund," but we are unable to discern the principle imposing such a moral obligation.

In view, then, of the foregoing and other objections that might be presented to the proposed plan, the Committee would recommend the adoption of the following resolution:

Resolved, That the further consideration of the constitution of the Mutual Aid Association be indefinitely postponed.

The consideration of the subject of Foreign Missions was made the order of the day for to-morrow, at 2:30 P. M.

Resumed the consideration of the report of the Committee on Church Titles. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON CHURCH TITLES.

Only thirteen Presbyteries have reported compliance with the action of the Assembly of 1873, and of these, very few congregations have reported titles that will secure their property against legal disabilities, or alienation in any way. Therefore,

Resolved, 1st. That Presbyteries and Congregations be directed to give immediate and earnest attention to this matter, and endeavor, as far as possible, to secure all church property to the purposes to which it has been consecrated.

Resolved, 2d. That the Board of Publication be directed to publish and keep for sale, blank forms of charters, as recommended by the Trustees of the Assembly; and that congregations be urged to adopt said form, so far as it shall accord with the legislative provisions of the respective States.

Took up the order of the day, namely: The consideration of the report of the Committee on Church Extension. The report was discussed at length, amended and adopted, and is as follows:

REPORT OF COMMITTEE ON CHURCH EXTENSION.

The Committee on Church Extension would respectfully report:

The operations of the Board during the past year have been conducted with care, and, as we believe, with a good degree of success. Aid has been extended to seventeen congregations, in fourteen Presbyteries. In all these, the Board has confined its appropriations within the limits fixed by the Assembly. Notwithstanding the financial convulsion through which the

country has passed, the contributions from Presbyteries to the funds of this Board have decreased but $1,753.67. The contributions to the Loan Fund have been $7,072.95, making the total amount of that fund, $28,334.11. Thus we are not without evidence of the confidence of the Church in the work of the Board, and of a willingness to sustain it. The Board again call special attention to the Loan Fund. Experience has shown it to be a most important instrumentality for the accomplishment of the purposes for which it was intended. By means of this, help is extended, not only to those who are engaged in building, but to those also who are laboring to free their houses of worship from a burden of debt. Claims against church property are often held by needy parties, and too often by parties who have no sympathy with the Church, or her great work. These incumbrances become annoying, and impede the progress of the congregation. To have our houses of worship free from them is at all times desirable, but especially so in a time of financial trouble. Assurances of aid, such as the Loan Fund enables this Board to give, have, as experience has proved, a most happy effect, in encouraging and stimulating congregations to most earnest efforts to attain this desirable end. Aid extended in this way is also often reciprocated by liberal returns to the treasury of the Board. Instances are not wanting, in which congregations, when called upon to contribute to the funds of the Board, have responded in double the amount asked, in grateful remembrance of the help extended to them in a time of need. The seed thus sown has produced an hundred fold. Your Committee would therefore especially commend this fund of the Board of Church Extension to the favorable consideration of our people, even as a paying investment. The safe plan upon which the Board conducts its operations, the great work which it is accomplishing, and the intimate and almost inseparable relation which it sustains to the successful operation of the Home Board in the wide-extended field spread out before us and whitening for the harvest, give it a prominence among the instrumentalities of the Church not to be overlooked. In our zeal for the work, which comes more especially within the province of the Board of Home and Foreign Missions, we have too much overlooked the claims of this Board, and the work which it has performed. From the report of the Board, it appears that one-sixth of our congregations, containing one-seventh of the membership of the Church, have received aid directly from the Board, or under its authority. The report also shows the gratifying fact that the contributions of these congregations to all purposes have amounted to 60 per cent. of the whole amount given them by the Boards of Home Missions and of Church Extension, and were over one-sixth of the total amount contributed by the whole Church. But there is still a great work to do. The cry is still coming up from the wide-extended plains of the West for aid from this Board. Many are destitute of houses in which to worship that Saviour whom they love. They are poor in this world's goods, but rich in faith. Let the Church but respond, as God hath prospered her, and the want can speedily be supplied.

Your Committee would recommend the adoption of the following:

Resolved, 1. That the action of the Board, as set forth in this report, be approved.

2. That the Assembly gratefully acknowledge the special interest taken in the Loan Fund by the Synod of Iowa, and commend her example to the other Synods of the Church.

3. That $30,000 be appropriated to the Board for the present year.

4. That Dr. J. S. Easton, Messrs. George McCague and J. P. Hanna, whose term expires at this meeting, be re-elected.

5. That Rev. A. G. Wallace, whose term of service as Corresponding Secretary of the Board expires at this meeting, be re-elected.

A supplementary report of the Committee on Publication was presented. The whole report was adopted, and is as follows:

REPORT ON PUBLICATION.

Two papers have been referred to us for examination: The Annual Report of the Board, and the report of a Special Committee, appointed by the last General Assembly, to inquire into its general condition and work.

The report of the Board represents the work to have been prosecuted during the past year with a considerable degree of success. The efforts of the Board have been chiefly employed in circulating the Scriptures, and in furnishing suitable books for Sabbath School and other religious and theological libraries. It is to be borne in mind, however, that one important design of this Board is to publish original works, and we are assured that it is the purpose to do so more extensively than heretofore, as the debt incurred for the new building has been much reduced during the past year, and will soon be entirely removed. We regret to say that only a little more than *one-third* of the appropriation of last Assembly has been received, and the Board has, on this account, been unable to accomplish all it would, had the whole amount of $6,000 been at its disposal. It is to be hoped that the Church will not overlook the importance of this department of her work; that pastors will commend it to the attention of their people, so that our congregations and schools, in their ever increasing needs, may be supplied with a safe and healthful literature.

The report of the Special Committee represents that the building, books, plates and other property of the Board are in a good condition. It points out some defects in its general management, and to better systematize its business, and render its workings more efficient, recommends certain by-laws for its government.

Both of these papers, referred to us, call the attention of the Assembly to a matter demanding immediate and decisive action. There are on the books outstanding accounts to the amount of $15,665.00—an increase in this respect of more than $2,000.00 since last year. Some of this has been standing from two to *seven years*. We are persuaded that good business men do not transact their own business in that way, and that, in this case, if permitted to continue, it will prove disastrous. We are informed that the credit allowed by the Board is three months; its customers should not ask further indulgence. We recommend the adoption of the following resolutions:

Resolved, 1st. That the action of the Board, in employing a book-keeper, be approved; and we recommend that they see that this position be permanently filled with a competent and efficient person.

2d. That the Board take immediate steps to collect its outstanding accounts, by notifying its debtors that all debts of over six months' standing must be satisfactorily adjusted, otherwise to be placed in the hands of proper officers for collection according to law, and that the Board report definitely as to the value and condition of all its accounts to the next General Assembly.

3d. That we recommend the by-laws contained in the report of the Special Committee on the Board of Publication, be compared with their present rules, and that they adopt so many of them as may be applicable to their circumstances and wants.

4th. That the progress of this Board in removing the debt on its property is satisfactory, and we recommend that it be continued as rapidly as consistent with other interests.

5th. That 5,000 copies of the Minutes of the Assembly be published by the Board, and that they use all diligence to issue them at as early a date as possible, to be sold, at Publication Rooms, at 20 cents, and mailed at 25 cents.

6th. That $5,000 be appropriated to this Board; that Rev. Wm. J. Reid be appointed in place of James McCandless, Esq., resigned; Rev. W. J. Robinson in place of Rev. Wm. Fulton, deceased, and that Dr. D. R. Kerr and Messrs. Wm. Reed and Wm. Stevenson, whose term of office expires, be re-elected.

7th. That the distribution of the Minutes of the last Assembly to the Clerks of Presbyteries and Financial Agents, be approved.

8th. That it be a standing rule that copies of the Minutes be furnished gratuitously to the Clerks of Synods and Presbyteries, to Financial Agents and Superintendents of Missions, and to the delegates of corresponding Churches, and that the expense thereof be paid from the funds appropriated to the Board of Publication.

Took up the report of the Judiciary Committee on the memorial of Thomas Thompson. The report was adopted, and is as follows:

REPORT OF JUDICIARY COMMITTEE ON MEMORIAL OF THOMAS THOMPSON.

The memorialist asks the Assembly to designate by whose immediate agency the Revised Psalm Book shall be introduced for use in public worship in a congregation. The Directory for Worship declares, Art. 2d, Sec. 4th: "It belongs to Sessions * * * to regulate the singing of praise, and to see that this important part of public worship is rendered for edification, and in the best possible manner." The Session is therefore the proper source of authority to introduce the Revised Psalm Book into use in the congregation. The action of the General Assembly, in 1872, recommending congregations to introduce the Revised Psalm Book, was not intended to set aside the rule of the Directory for Worship, and could not, in the nature of the case, do it. The meaning is, that congregations, by the proper authority, should introduce the book. Sessions are, of course, to exercise their authority wisely and discreetly; but it is not to be expected that the United Presbyterian Church, having spent so much time and labor upon the Revised Psalm Book, and having adopted it with such a measure of harmony, will recede from her position, especially since a large majority of her congregations are now using this book. It is most desirable that uniformity in the use of the versions of the Psalms shall prevail throughout the Church, and all her congregations are affectionately urged to conform, without factious opposition or unreasonable delay, to the action of the General Assembly, which has legally authorized the use of the Revised Book.

Your Committee recommend for adoption the following, viz:

Resolved, That it is the province of the Session to decide when the Revised Psalm Book shall be introduced into the congregation.

Rev. Dr. Young made a verbal statement of his having performed the duty assigned him as a delegate to the General Assembly of the Presbyterian Church in the United States, and of his cordial reception by that Assembly.

The Directory for Worship declares, Art. 2d, Sec. 4th: "It belongs to Sessions * * * to regulate the singing of praise, and to see that this important part of public worship is rendered for edification, and in the best possible manner." The Session is therefore the proper source of authority to introduce the Revised Psalm Book into use in the congregation. The action of the General Assembly, in 1872, recommending congregations to introduce the Revised Psalm Book, was not intended to set aside the rule of the Directory for Worship, and could not, in the nature of the case, do it. The meaning is, that congregations, by the proper authority, should introduce the book. Sessions are, of course, to exercise their authority wisely and discreetly; but it is not to be expected that the United Presbyterian Church, having spent so much time and labor upon the Revised Psalm Book, and having adopted it with such a measure of harmony, will recede from her position, especially since a large majority of her congregations are now using this book. It is most desirable that uniformity in the use of the versions of the Psalms shall prevail throughout the Church, and all her congregations are affectionately urged to conform, without factious opposition or unreasonable delay, to the action of the General Assembly, which has legally authorized the use of the Revised Book.

Your Committee recommend for adoption the following, viz:

Resolved, That it is the province of the Session to decide when the Revised Psalm Book shall be introduced into the congregation.

Took up the additional report of the Committee on Home Missions. Pending the discussion the order of the day arrived, namely: The consideration of the subject of Foreign Missions.

The report of the Committee on Foreign Missions was discussed, amended and adopted, and is as follows:

REPORT ON FOREIGN MISSIONS.

When our divine Lord and Master was laying the broad and strong foundations of His new testament Church, He said to His disciples: "Go ye into all the world, and preach the gospel to every creature." He was then received up into heaven and sat on the right hand of God, where, as the Captain of our salvation, He superintends and renders successful the efforts of His followers in making the wilderness and the solitary places glad, and in causing the desert to rejoice and blossom as the rose. And for the encouragement of His church in her arduous work of evangelizing the world, He appears mounted on a white horse, armed with a bow, beautified with a crown, and going forth conquering and to conquer. And as a distinct part of the Church,

in our work of Foreign Missions, we have had the most unmistakable evidence that the Lord of Hosts is on our side. Difficulties and sore discouragements have befallen us, but still we can sing of mercy, and say "Hitherto hath the Lord helped us."

A respectful and earnest memorial has been presented to this General Assembly, asking for the concentration of our entire missionary force in Syria and Egypt. The arguments produced in this memorial are worthy of, and have received, our serious consideration. And the language of our Church, like the voice of a fond and devoted mother struggling for the life of *all* her children, as she fixes her tearful eyes on either China or India, seems to be, "How can I give thee up?" With all due respect, therefore, to this memorial, we feel like saying, "Speak unto the children of Israel, that they go forward," or, in the language of an Old Testament prince and captain, "We have opened our mouth unto the Lord, and we cannot go back." We trust that a little one shall yet become a thousand, and a small one a strong nation, and that Jehovah Himself will hasten the work by constraining His people to devise and carry forward more liberal things. We therefore recommend the following:

Resolved, 1st. That, relying on divine grace, and exercising confidence in the increasing liberality of our people, we will endeavor to nourish and cherish all the foreign missions at present under our care, as we may obtain help from God.

2d. That the hand and the grace of God be gratefully recognized in guarding all our missions, and that the ministers and members of our churches be everywhere urged to remember them at the throne of grace, and that pastors and Sessions will endeavor to have their people more regularly and fully informed of the condition of the heathen, and especially of the condition and necessities of our own missions in laboring to spread the gospel abroad.

3d. That all our pastors are earnestly requested to gather missionary facts and intelligence, and to lay before their congregations a brief but comprehensive synopsis at least once a month.

4th. That the thanks of the General Assembly be given to his highness, Dhuleep Singh, for his continued great liberality; also to Messrs. D. Stewart, of Liverpool, John Caldwell, of Philadelphia, C. Arbuthnot, of Pittsburgh, and others who have so greatly aided us during the year with their generous deeds; also to the British and Foreign Bible Society, the American Bible Society, the American Tract Society, the Paisley Ladies' Missionary Society, and the various other societies that, both in this country and abroad, have done so much to add to the efficiency and usefulness of our work.

5th. That Rev. Dr. Lansing and Rev. Andrew Watson, on behalf of the missionary association in Egypt, be directed to tender to the Hon. Richard Beardsley, United States Consul-General in Egypt, the very deep and grateful sense which this General Assembly has of his personal and official kindness in so happily aiding in the negotiations that were connected with the sale of the mission property in the city of Cairo; also to L. Muller, Esq., and the firm of Todd, Rathbone & Co., for their early and continued favors to our mission, in acting, as they so long have done, as its bankers, and especially in so effectually aiding in the securing and properly investing the funds of the late important sale.

6th. That the children of our Church, in the family and in the Sabbath-school, be commended for the earnest devotion which, in so many instances, they have shown to the cause of Foreign Missions, and that parents, pastors, and superintendents be urged to bring it before them, and ask their sympathies, their prayers, and their gifts in its behalf.

7th. That the Assembly approves the establishing of a Training College and

Mission Seminary at Osiout, and that $2,500 be devoted to the building fund of the college, out of the appropriation for Egypt for this year.

8th. That the opening of suitable boarding schools for girls be approved of, and that the missions with which such schools may be identified in any way, be specially urged to endeavor to have, first, the spiritual interests of every pupil in them promoted, and then, that each be trained with particular reference to usefulness in any sphere to which she may be called, and particularly with reference to Christian homes.

9th. That the women of our Church at large be urged to make special efforts in behalf of these schools, and in the Zenana work, or work which Christian women may do, in visiting and endeavoring to teach and evangelize heathen women, in the seclusion and privacy of their homes.

10th. That the Assembly approves of the appointment of Rev. A. M. Nichol and wife to the mission in Egypt, and Miss Cynthia E. Wilson to India, and that the Assembly further appoint Mr. T. L. Scott to the mission in India, and direct the Board to send another male and one female missionary to that field at the earliest possible moment; also, one missionary to China, and two male and two female missionaries to Egypt.

11th. That the following appropriations be made for the Foreign Missionary work of the ensuing year: for Syria, $3,700; India, $15,000; Egypt, $30,000; China, $1,500; outfits, traveling expenses, and salaries of new and returning missionaries, $10,000; miscellaneous, $1,000; total, in gold, $61,200, or currency, $73,440.

12th. That every pastor and elder be earnestly urged to have their congregations forward at least a portion of their annual contribution to this cause in the summer and early autumn, rather than delay to a later period of the year; and that the Board be recommended to increase, where necessary, rather than diminish the salaries of the missionaries.

13th. That in reference to the subject of the confederation of all the Presbyterian missions in India, from the information we have on the subject, we recommend our missionaries in that field to unite in this confederation upon such terms as will not affect the ecclesiastical relations of the mission to the Church at home, or in any degree compromise her distinctive principles.

14th. That our whole Church, ministers, elders, and members, be urged to realize the duty, the honor, and the importance of the Foreign Missionary work; that they properly estimate the value of our missions in particular, and the obligations resting upon all to sustain them while they are thus under our care; and that, as it is only the Holy Spirit poured out from on high that can make them, or anything that is done by them, effectual for their great purpose, all will engage in frequent and fervent prayer that labor in them shall not be in vain, and that souls shall be saved to the ends of the earth.

15th. That Revs. F. Church and W. W. Barr, whose term of service expires at this meeting of the Assembly, be re-elected, and that Rev. J. C. Wilson be chosen to fill the place of J. T. Cooper, D. D., whose term expires, and who has changed his residence.

The following resolution, offered by Revs. J. C. Boyd and S. C. Marshall, was adopted, namely:

Resolved, That the General Assembly would hereby express the great gratification they have experienced in having our brethren, Messrs. Barnett, Lansing, and Barr, from our Foreign Mission fields, present with us, and would cordially thank them for their earnest addresses, and invoke the richest blessing of heaven upon them and their work.

On the Memorial from the Presbytery of Garnett, asking the Assembly to fix the *per diem* of Home Missionaries at $12 instead of $15, or, at least, to leave the amount to be paid in the bounds of any Presbytery, to the discretion of said Presbytery, we recommend the adoption of the following:

Resolved, That the *per diem* of Home Missionaries be fixed at $12.

Resolved, also, That the Regulations of the Home Mission Board, referred to this Assembly by the General Committee, be referred to a special committee for revision, and for presentation to the next Assembly.

The following persons were appointed the above Committee: Revs. W. J. Reid, W. J. Robinson, and J. C. Boyd.

REPORT ON PRESBYTERIAN CONFEDERATION.

The Committee to whom was referred the memorial of the Presbyterian Church, in reference to the calling of an Ecumenical Council of Presbyterian Churches, beg leave to recommend the following action:

That the General Assembly of the United Presbyterian Church of North America, deeply sympathizing with the sentiments of brotherly affection expressed in the action of the General Assembly of the Presbyterian Church, of May 27th, 1873, and heartily approving of the proposition to call an Ecumenical Council, to be composed of delegates from the Presbyterian Churches, for the purpose of securing the object proposed in said action, directs:

1st. That there be appointed a committee to confer with the other committees which may be appointed by the Presbyterian bodies, with a view to securing the objects proposed, and

2d. That, while doing all they can to secure these objects, the Committee be directed to do nothing to compromise the peculiar principles and practices for the maintainance of which this Assembly believes herself called upon, in Providence and by the Head of the Church, to sustain a separate ecclesiastical organization.

REPORT ON PRESERVING RECORDS.

The Committee on the Preservation of Old Records, appointed at the Fifteenth General Assembly, respectfully reports:

That some progress has been made in collecting, and in learning of the whereabouts of, some of the records of the old Associate and Associate Reformed Presbyteries and Synods. The following records have come into the hands of your Committee since the last Assembly, viz: the Minutes of the A. R. Presbyteries of Blairsville, Michigan, and Westmoreland. These records are in a good state of preservation.

The records of the A. R. General Synod, and of the 1st A R. Synod of the West, together with all synodical papers of these bodies, are in the possession of James Prestley, D. D., and will shortly be in the possession of your Committee. The records of the Associate Synod of North America, and of the Associate Presbytery of Richland, are in the hands of Rev. R. H. Pollock, D. D., of Wooster, Ohio, and cannot be obtained by your Committee without instruction from the Associate Synod. All the records of the Monongahela Presbytery (A. R.), with the exception of one volume, have been obtained, and that missing link, since the meeting of this Assembly, has been found, and will soon be obtained.

In the hands of Rev. J. M. Adair, of Pennsylvania, are all the minutes of the A. R. Presbytery of Big Spring, from its organization, in 1803, till 1858. (From 1822 till 1825 this Presbytery was disorganized.) In the same hands, also, are the records of the Associate Presbytery of Philadelphia, from its organization, in 1801, till about 1855. These records can be obtained, and are at present in a very bad state of preservation. Your Committee has been at some expense in obtaining such records as have come into its hands, and has made considerable effort to find out where other records are; and, while it has trace of many of them, it cannot at present report definitely concerning them. There have been two ineffectual efforts during the year to have a meeting of the Executive Committee, appointed last year, on these old records, and also appointed with a view of purchasing certain historic documents brought to the notice of the last Assembly. A quorum was not present at either of these meetings. Your Committee recommends the adoption of the following resolutions:

Resolved, 1st. That the Executive Committee, appointed last year, be continued, and be enjoined to meet at an early day, for the transaction of such business as may require attention.

2d. That the Committee-man appointed last year from each Synod be also continued, and that the Clerks of the several U. P. Presbyteries, and all U. P. ministers, be requested and enjoined to assist, as far as possible, in the work assigned to this Committee.

Took up the report of the Committee on Patrons of Husbandry. Pending the discussion the Assembly adjourned, to meet this evening, at 7:30 o'clock. Closed with the benediction by the Moderator.

In reference to the Foreign Churches, viz: The Free Church of Scotland, the Established Church and the United Presbyterian Church of Scotland, the Presbyterian Church of Ireland, the Church of the Waldenses, and the Free Christian Church in Italy, your Committee recommend a continuance of the correspondence, as far as may be practicable, and that the Moderator and Stated Clerk be directed to furnish with the proper credentials any ministers or elders who may suitably represent this General Assembly in the Supreme Judicatories of any of the above Churches.

The Committee on Education presented a report, which was put on the docket.

The Special Committee to which was recommitted the report on the Memorial of the General Synod of the Reformed Presbyterian Church, presented a report, which was put on the docket.

Resumed the consideration of the report of the Judiciary Committee on the Patrons of Husbandry. Rev. Dr. Scott offered a substitute for the report of the Committee, which was entertained, amended and adopted, and is as follows:

REPORT ON PATRONS OF HUSBANDRY.

The General Assembly is satisfied that the Order of Patrons of Husbandry is a secret order within the meaning of the Article of our Testimony on

Digitized by Google

that subject. But the Assembly is also satisfied that many of our people in the West have been led into this Order inadvertently. Feeling keenly the grievances which are sought to be remedied by connection with the Order, they overlooked its true character. The Assembly is, therefore, willing to make much allowance for the error into which they have thus been led; but it is our duty faithfully to declare the true nature of the Order, and show to our people their error.

One of the first and principal things to which the members of the Order bind themselves, as a condition of admission, is, that they will never reveal any of the secrets of this Order to any one, unless duly authorized to do so, and this obligation is renewed as the members advance through the various degrees of the Order. When this obligation to secrecy is taken, the first and longest step is taken toward the more objectionable secret societies. The obligation imposed by the Order is virtually and essentially that of an oath. The candidate for admission pledges his *sacred honor* in the presence of God. The simple meaning is, that he solemnly calls upon God to dishonor him forever if he shall not do in all respects as he says he will do. The penalty invoked, therefore, is that which attaches to perjury, and the pledge is made under the solemnity of an oath.

We would, therefore, affectionately but earnestly, exhort our people who have joined the Order to free themselves from it, and use only legitimate means, which, in the end, are always the most effectual, to gain their ends. Therefore,

Resolved, 1. That it is the duty of members of the United Presbyterian Church to free themselves from all connection with the Order of Patrons of Husbandry, where such connection has been made.

2d. That those of our people who may be connected with the Order, are hereby most earnestly entreated to remember that by their profession they have come under solemn obligations to Christ to oppose secret societies.

3d. That in case of obstinate adherence to the Order, it will be the duty of Sessions to use their authority in the way of discipline.

The following paper of resolutions, offered by Mr. James McCandless, was adopted:

RESOLUTIONS OF THANKS.

Resolved, That the thanks of this Assembly are due, and are hereby tendered to Rev. J. G. Brown, D. D., for the faithful and courteous discharge of his duties as Moderator.

Resolved, That we tender our grateful thanks to kind friends in Monmouth and surrounding country, for their generous hospitality and bounteous entertainment.

Resolved, That the thanks of the Assembly be given to the gentlemen connected with the Press, for their constant attendance and faithful reports of the Assembly's proceedings.

Resolved, That the Assembly thanks Mr. Shultz, proprietor of the Hall, for kindly tendering its use for College services, on Sabbath last, free of charge.

work in procuring said reduced fares, and otherwise providing for the comfort of the Assembly.

Took up the report of the Committee on Temperance. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON TEMPERANCE.

The memorial which has come into our hands, from the Synod of Illinois, states the earnest conviction of that body that the increasing evil of intemperance demands the united action of the various Churches of the land. The Synod therefore requests the Assembly to take such action as will secure this co-operation. The United Presbyterian Church, at the Second General Assembly, gave a distinct deliverance on the subject of Temperance, declaring the manufacture, sale, and the use of all intoxicants as inconsistent with the Christian profession. It pronounced against all complicity in this business, whether by using strong drink as a beverage, or renting houses for its sale. We recommend this General Assembly to re-affirm this action.

We believe there is no power that can successfully cope with the evils of intemperance, save the regenerating power of the gospel, accompanied by the *Holy Ghost*.

It therefore becomes Christians to gird themselves with this gospel, and in *God's* name to move boldly and unitedly on this evil.

That the United Presbyterian Church may give no uncertain deliverance on the subject of intemperance, we recommend to the Assembly the adoption of the following resolutions:

Resolved, 1st. That we endorse the Women's Christian Temperance movement as the movement of the whole Church—because it recognizes God and seeks His interposition; because it assaults directly and personally, in the spirit of Jesus, the strongholds of this vice; because the movement has proved itself good, by creating a healthy public sentiment, by reducing the sale of intoxicants, and by the joy it has brought to many a household, by the deliverance it has affected for many a victim, by restoring the operation of the Sabbath laws, by illustrating the power of the gospel and of prayer, and by giving new life and energy to the pulpit.

Resolved, 2d. That this Assembly unqualifiedly declares its faith in the Gospel of *Christ*, as the regenerative instrumentality for the conversion of the world, and for the abolition of vice and immorality, and most earnestly urges upon all the members of the Church a faithful application of this Gospel for the accomplishment of these ends.

Resolved, 3d. That the Assembly believes that the reading of the Scriptures, prayer, the singing of psalms, and earnest religious admonition and rebuke belong exclusively to no privileged class or sex, but devolve upon all members of the Church, male and female, and are to be used for the conversion of sinners and for the suppression of vice, by all who love the *Lord Jesus Christ*.

Resolved, 4th. That this Assembly hereby appoints

as a Committee of Correspondence, to invite the co-operation of various ecclesiastical bodies of the Christian Church, to unite, at as early a day as is possible, in a National Delegate Convention, to secure a movement along the entire line, by the organization of a National Christian Temperance Alliance.

Resolved, 5th. That pastors of settled congregations, and sessions of vacant, are requested to read, or have read, this action of the Assembly, from their pulpits in the hearing of their congregations.

Took up the report of the Committee on Revision. The report was adopted, and is as follows:

REPORT ON REVISION.

Five Synods, viz:—New York, Ohio, Kansas, First and Second Synods of the West, have failed to forward their records; and concerning these Synods, your Committee recommends that they be enjoined to forward their Minutes to the next General Assembly.

Your Committee has revised the Minutes of the Fifteenth General Assembly, and of the Synods of Pittsburgh, Illinois and Iowa, and finds that the business of these bodies has been conducted in a proper manner, and according to Presbyterial order. Therefore,

Resolved, That these records be approved.

Took up the report of the Committee on the Memorial on Tobacco. The following substitute, offered by Revs. W. P. M'Nary and James Duncan, was adopted.

REPORT ON TOBACCO.

The memorial of certain ladies of Monmouth in reference to the use of Tobacco, presents a matter of great importance and one worthy of the serious consideration of this Assembly. Therefore,

Resolved, That this Assembly heartily endorse the sentiments set forth in the memorial; that we hail this memorial as the harbinger of a better day, we trust not far distant, when the energies of the Church shall be turned against the use of tobacco as they now are against the use of intoxicating liquors; and that said memorial be published in the papers of the Church.

Took up the report of the Committee on Bills and Overtures on the Memorial of the Congregation of Calcutta. The report was adopted, is as follows:

REPORT ON DUES OF REMOVING MEMBERS.

The Committee on Bills and Overtures having had under consideration the memorial and petition of the Session of Calcutta congregation, of the Presbytery of Steubenville, report that said memorialists complain that congregations are frequently wronged by members removing from their bounds and paying congregational dues merely to the time of their removal. The memorial complains also that as there is no explicit rule on the subject, there is no practicable way of rectifying the wrong. The memorialists having noticed and felt the wrong complained of, pray the Assembly to take notice of it and to give some general directions for preventing the evil in the future.

Your Committee judge that the complaint is well founded. Some of our members remove from one congregation to another, after the commencement of the pastoral year and contribute to the salary of the pastor only for the preceding year, and contribute nothing at all toward making up the congregational dues to the funds of the Church for that year in which they remove. These things are not as they should be.

Digitized by Google

As our Church members promise to pay their pastors yearly and not monthly, if they remove when the year is somewhat advanced, faithfulness and equity require that they should pay for the whole year, and not simply for a part thereof, and as congregational assessments are made according to the number of members in the congregation, those who are returned as members of a particular congregation in the statistics should help to pay the quota of the congregation for the year during which they are returned as holding membership. We therefore recommend the following:

Resolved, That when Church members suffer the pastoral year to expire without withdrawing their names from the subscription list, Sessions are authorized to withhold the certificates of such withdrawing members until they pay all their pecuniary liabilities for the pastor's salary up to the time of their removing, and pay, also, their share of the benevolent contributions of the congregation wherein they are reported in the statistical table as being members.

Took up the report of the Committee on Sabbath Schools. The report was adopted, and is as follows:

REPORT ON SABBATH SCHOOLS.

The report of the Permanent Committee on this subject is so full and complete as to leave nothing for your present Committee to do except to call the attention of the Assembly to the various points which it contains. The report asks the attention of the Assembly to the following items, namely: Christian beneficence in Sabbath Schools; the training of Sabbath School teachers; the danger of the Sabbath School becoming separated from the Church; reading matter for the School; missionary work, and helps for teachers and scholars. Upon each of these subjects the Permanent Committee have presented a resolution for the consideration of the Assembly, all of which, except the first, your Committee would recommend for adoption, namely:

Resolved, 1. That in all cases in which it is possible, pastors or Sessions be directed to establish classes in their congregations for the training of teachers; that, along with the Bible, the Shorter Catechism be used as the basis of systematic doctrinal instruction in these classes; and that special lessons be given in the art of teaching.

2. That as the preaching of the gospel is the great instrumentality for the conversion of children, as well as older persons, pastors, elders, teachers, and especially parents, should see to it that the children of the Sabbath School attend upon the regular services of the Church; and in all cases where parents neglect to take their children with them to the church, they should be admonished in regard to their duty in this matter, by those who have the spiritual oversight of them and their children.

3. That the attention of our ministers and intelligent laymen be directed to the importance of preparing and publishing suitable books for the Sabbath School library, and that when any minister or member has become acquainted with a good Sabbath School book, he be requested to forward the title of it to the Board of Publication, that it may be more fully examined, and, if approved, placed upon the list of publications kept by the Board for the use of the schools; and also that the Board be directed to publish, from time to time, a descriptive list of the books which they have selected, and send a copy of said list to each pastor in the Church.

4. That every Sabbath School should be missionary in its character—all connected with it should be engaged in efforts to bring in neglected children, and an opportunity should be afforded the scholars, at every session, to contribute of their substance for missionary work.

5. That it shall be the duty of the Permanent Committee on Sabbath

Schools to prepare or procure the preparation of suitable notes for the teachers, and lesson papers for the scholars, and that they be directed to publish them in such periodical or periodicals of the Church as may be willing to admit them or as the Committee may deem best adapted to the purpose.

6. That the Assembly reply to the proposition of Messrs. Young and Ferguson, by referring them to this Committee.

7. That the Permanent Committee of last year be re-appointed to serve for the coming year.

8. That we cordially recommend to our people "The Evangelical Repository and United Presbyterian Worker," as an important auxiliary to Sabbath School work, and would earnestly urge its use in all the families and Sabbath Schools of our Church.

Took up the report of the Committee on the Memorial of the General Synod of the Reformed Presbyterian Church. The report was adopted, and is as follows:

REPORT ON RETURN OF RECORDS OF WESTERN PRESBYTERY.

The records referred to, are, as we are informed, in charge of the Superintendent of Publication, in trust for the Western Presbytery of the Reformed Presbyterian Church, received into union by the Synod of Illinois of the United Presbyterian Church, A. D. 1870. The title to these records is not in the General Assembly. Nor is it competent for the Assembly, in the absence of that Presbytery, to decide upon any question concerning the transfer of said records. While incompetent, for these reasons, to grant the request, either as an act of justice or courtesy, the Assembly have great pleasure in referring the request of the General Synod to the Presbytery. This we now do, with the assurance that any courtesy the Presbytery may be able to extend in answer to the present request will be highly gratifying to this Assembly. Therefore,

Resolved, 1. That in answer to the memorial of the General Synod of the Reformed Presbyterian Church, the officers of the Assembly are directed to transmit to them a copy of the foregoing, with assurances of the fraternal regard of this Assembly.

Resolved, 2. That Rev. J. M'Master, D. D., is requested to call a meeting of the Western Presbytery, received into union by the United Presbyterian Synod of Illinois, A. D. 1870, at a convenient place and time, and lay before them the preceding action of the Assembly, and a copy of the request of the General Synod of the Reformed Presbyterian Church, and request action thereon.

Resolved, 3. That to expedite this object, the Clerk of the Assembly is directed to forward to Dr. M'Master a copy of the foregoing, and of the memorial of the General Synod.

Took up the report of the Committee on Education. The report was adopted, and is as follows:

REPORT ON EDUCATION.

Having examined the report of the Board we would cordially endorse its action and recommend the adoption of the report. The duty of distributing to beneficiaries is a delicate one; and the Board deserves the commendation of the friends of the Assembly for their fidelity and diligence in the discharge of their trust.

It is desirable, in order that the Board may be enabled to do its work, that the objects contemplated by it should be correctly understood and kept dis-

tinctly in view by the Presbyteries, by the beneficiaries, and the entire Church appealed to for contributions. We desire to emphasize the fact, however well understood, that the design of the General Assembly in the erection of the Board is not the general work of providing a ministry for the Church, and collecting and distributing a general fund for this object. The design is only to supplement the main supply, and this only and strictly in cases of need, and where the beneficiaries are both of approved piety and promising talent. Were the Assembly or its Board to go farther than this, we conceive it would tend to the substituting of a worse for a better system. That better system has always heretofore secured to the Church a ministry chiefly composed of the sons of pious households, consecrated to the work of God by household prayers, and educated at parental expense; and of noble men, self-consecrated, who have pushed their way through a course of collegiate and theological training by their own privations and labors. The ranks of the ministry must always and chiefly be supplied from these classes. It will be an evil day when pious households shall not have sons to consecrate to Christ's work, and pious and talented young men shall not be found ready to endure sacrifice and toil to fill, unpurchased, a place in the ranks of the Lord.

And if that day were ever to come, the Church will have entered upon a very doubtful experiment, if she will be found endeavoring to provide a ministry at the expense of the people, and by a general fund. No doubt many excellent men would still be found in the ministry, even under such a system of education, but the tendency of the system would be to depreciate the standard of ministerial character and introduce to the ministry, in larger proportion than now, the ambitious, devoid of piety, and the pious, devoid of talent, self-reliance, and industry. Therefore,

Resolved, 1st. That the Education Fund is designed only for cases of need, where candidates give evidence of exemplary piety and promising talent. And inasmuch as the Board accepts candidates only on the endorsement of Presbyteries, Presbyteries are enjoined to conform strictly to these conditions.

2d. That to secure the end sought, the Board is directed to provide and carry into effect, at as early a period as possible, a scheme of competitive examinations.

3. That this Assembly direct Presbyteries to raise $6,000 for the Board during the current year.

4th. That G. D. Henderson, J. M. Turnbull and John Scott be re-elected, and that D. M. Ure be elected to fill the vacancy caused by the resignation of J. M. Henderson. Also that Rev. G. D. Henderson be elected Corresponding Secretary.

On motion, an order was granted for five dollars and thirty-five cents, in favor of Rev. W. H. Andrew, for expenses of Committee on Preservation of Old Records.

The following resolution was adopted:

Resolved, That Rev. J. R. Johnson be continued the Agent for the China Building Fund, until the whole amount authorized shall be received.

Revs. D. H. French, J. G. Madge, and S. Collins, and Messrs. J. M. Wallace and William Getty were appointed a committee to secure reduced fares for the members of the next General Assembly.

Rev. R. H. Pollock, D. D., and Hon. J. H. Downing were appointed a Committee on Credentials.

The minutes of this evening's session were read and approved.

The following resolution, offered by Rev. W. R. Erskine and Dr. R. H. Pollock, was then adopted:

Resolved, That this General Assembly of the United Presbyterian Church be now dissolved, and that another Assembly, similarly constituted, be called to meet in the United Presbyterian church, at Wooster, Ohio, on the fourth Wednesday of May, A. D. 1875, at 2 P. M.

The Moderator addressed the Assembly in a few appropriate remarks. Prayer was offered by Rev. H. H. Thompson, the 133d Psalm was sung, and the benediction was pronounced by the Moderator.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

DEAR BRETHREN.—Your Trustees would respectfully report: That they have endeavored to give attention to "some things not attended to, and some things requiring attention."—*See Minutes of General Assembly, page* 538, to which our attention was duly called, both by the Principal and Second Clerks of the Assembly.

As to forms of Bequests, we would recommend the following, which will answer for Pennsylvania, and, we presume, for all the other States. We once before furnished the periodicals of our Church a similar form, and it was published for a while, and then dropped out. Assembly can order this, or some similar one, published as they may think best.

FORM OF BEQUEST.

I.....of County of.....State of.....do hereby give, devise and bequeath unto the Trustees of the General Assembly of the United Presbyterian Church of North America, in trust for the Board of .....to be used by the said Board in furthering the object for which it was established.

The foregoing should be signed by the Testator, in the presence of at least two witnesses, and attested by them as witnesses. And, in Pennsylvania, it must be done thirty days before the death of the Testator, or it will be void.

We would recommend the Assembly to instruct the Board of Publication to have blank forms of Charters for Congregations of the United Presbyterian Church, printed on good paper, and kept for sale at their Book Depository, of the following form, or something similar to it. We think this would be convenient for congregations, and secure a safe and uniform tenure by which Church property would be held:

FORM OF CHARTER.

COMMONWEALTH OF.....
COUNTY OF.....} ss.

To all to whom these presents may Come, Greeting:

KNOW YE, that the persons whose names are hereunto subscribed, and their associates, citizens of the county and commonwealth aforesaid, having associated themselves together as a Church or Congregation for the purpose of worshiping Almighty God, they and their successors shall be known by the name, style and title of the.....United Presbyterian Church of ....., and shall be in connection with the General Assembly of the United Presbyterian Church of North America.

Said association or congregation, by said name, shall be constituted a corporation or body politic in law and in fact, and shall have perpetual succession, and shall be able and capable to have and use a common seal, and to do all acts and enjoy all powers and privileges allowed by law to like corporations.

They shall be capable to own and hold so much real estate and personal property as shall be necessary for their legitimate uses; provided, the clear annual income derived therefrom (exclusive of their stated or voluntary contributions) does not exceed twenty thousand dollars. And the same to mortgage or dispose of as two-thirds of the members of said congregation shall direct; provided, that said property or the proceeds of the sale of the same, shall never be alienated to any other purposes, but shall ever be kept and used for the maintenance of the worship of God, in accordance with and subject to the standards and acts as from time to time declared and authorized by the General Assembly of the United Presbyterian Church of North America.

The temporal affairs of said congregation shall be managed and conducted by a Board of Deacons or Trustees,.....in number, who shall be in full communion in said Church, and shall be elected by the members in full communion, to serve for.....years. Said Board of Deacons or Trustees shall be capable of establishing and ordaining needful Rules, Regulations and By-Laws for the management of temporal affairs of said congregation; provided, they are not repugnant to the Constitution and laws of the United States, or of this State, or of this charter.

The Gas Stock, referred to in the Minutes of the last General Assembly, we find, upon investigation, is not subject to the control of the General Assembly or their Trustees.

The McKee and Robert Nelson legacies, referred to in said Minutes, your Trustees have no official knowledge of, they never having been brought officially before them. There are several legacies, in different parts of the country, which your Trustees are endeavoring to collect. Some of them we have employed counsel to collect; for others we have furnished to ministers or friends powers of attorney to attend to the interest of our Church. Several of them, through the improper wording of the bequests, we fear, will be lost to our Church. None of them are in such condition to be definitely reported upon.

At the request of the Board of Church Extension, we executed a deed for the church property in Morrison, Tennessee.

Our President, Dr. Brown, will report to General Assembly on the mortgage for the church property in San Francisco.

The official term of Messrs. Thomas McCance, David Reed, and S. B. W. Gill, will expire on the first of July next. Hoping that you may have the guidance of God's Spirit in all your deliberations, we submit the foregoing.

By order of the Board of Trustees,

GRAHAM SCOTT, *Secretary*.

REPORT OF THE BOARD OF FOREIGN MISSIONS.

To the General Assembly of the United Presbyterian Church, to meet in Monmouth, Illinois, May 27th, 1874:

Every passing year, and in manifold ways, God is more and more opening up and calling for the evangelization of the world, and showing it alike the duty, the privilege, and the glory of His Church to be ever engaged in seeking this blessed consummation. Yet, in all the foreign missionary history of our United Presbyterian Church, seldom has there been a year of such varied experiences and results as the past; no one of more marked indications of the Divine presence and blessing; no one of greater trials, at times, to our faith; and no one that, at its close, has had more that impressively called for humbling and thanksgiving before God for the past, more for trust and good hope in God for the future, and more for renewed and entire consecration to God and to duty for the present.

In making their Fifteenth Annual Report, the Board invite the attention of the Assembly to a statement of the work done during the year, and to an earnest consideration of various matters that are deemed of great moment to this cause, as God has, in some measure, solemnly committed it to our hands.

I.—THE MISSIONS.

Throughout the year, the same fields have been occupied as hitherto, viz.: Syria, India, Egypt and China. In some of them, new and promising stations have

Digitized by Google

been opened, and in all of them it is felt that if there were only men and means for the service, far more could be done than has ever yet been even dreamed of with the limited resources at our command.

II.—MISSIONARIES.

In the good providence of God, no one of our missionaries has died. Not a single case of bereavement has occurred in the mission families. Some changes have been made, and some of the laborers have had to remain away or retire more or less permanently from the work. The Rev. James S. Barr and family have continued in this country during the year, with important benefit to their health. On September 8th and November 4th, respectively, Rev. Drs. Lansing and Barnett, with their families, reached this country from Egypt, and have remained to the present time. In the case of all these missionaries, there were painful necessities for the courses they pursued, and it is believed that already much good has resulted in the renewal of the health and strength of most of them, and in the pleadings which they have been able to make for the cause of missions. Ere long, some of them will, it is believed, promptly return to their work. On the field, Dr. Hogg, of the Egyptian Mission, has been compelled, by the severe attacks of the ophthalmia upon his children, to send three of them to reside permanently in Scotland; the Rev. J. C. Nevin and family, of the mission in China, have derived signal benefit from the commodious mission premises provided for them at Canton; and the summer visit of the members of the India Mission and their families to Dharmsala, on the Hills, of those of Syria to Bludan, on Lebanon, and of those of Egypt to Ramleh, on the Mediterranean, near Alexandria, have been of great benefit to their health and continued labors and usefulness.

III.—NEW MISSIONARIES.

On Saturday, the 18th of April, the Board were able to have the Rev. A. M. Nichol and wife go forth to join our mission in Egypt. This was done through the munificent kindness and contribution of a single member of our Church, who generously engaged to furnish the means of supporting a new laborer in that field. Such an act is truly noble. It is worthy of all praise. Are there not others in our Church who will thus undertake to have other new men sent out? Most deeply are the Board impressed with the feeling that more laborers are needed; and it is earnestly hoped this Assembly will appoint more, both men and women, who will certainly go.

IV.—FUNDS.

The balance in hand, May 1, 1873, was	$6,192 50
The whole amount received during the year	59,460 98
Total in the Treasury	$65,653 48
The whole amount disbursed	64,963 94
Leaving a balance in hand, May 1, 1874	$ 689 54

From this it will be noticed the total receipts for the year were $3,209.18 over the contributions of the preceding year.

The whole amount appropriated by the last General Assembly was $59,676 in gold, or $73,846 in currency. Thus the amount appropriated by the Assembly exceeded that contributed by the churches by $8,192.62.

It is painfully due to fact here to say, that in scarcely any year has there been such a deficiency of funds in our treasury during a large portion of the time, and such a consequent loss, in the necessity of our missionaries to borrow at enormous sacrifices. Multitudes in the churches deferred their contributions until late in the year, and thus, during much of the summer, autumn, and early winter months, there came in little or no means of meeting the pressing want. Unfortunately, also, in consequence of the panic and other causes, the Board was not able to make the arrangement proposed to effect loans in this country. Thus the year has been signally one of inconvenience and trial; and most earnestly is it hoped every minister, elder, and member of our Church will thoroughly see that, so far as his influence can go, such a state of things shall never again occur.

DEATH OF MR. THOMAS B. RICH.

In connection with the subject of funds, the Board have the painful announcement to make to the Assembly that, on the 22d of February last, Mr. Thomas B. Rich, the Treasurer, departed this life. The most grateful and honorable notice of this excellent man is due. Born and reared in the Associate Reformed Church, in the city of New York, he was, in 1844, on the recommendation of the late Rev. John T. Pressly, D. D., and others, who had long known him well, appointed Treasurer of the funds used in sending out and supporting the foreign missionaries of the Associate Reformed Church, and on the consummation of the union, in 1858, he was continued the Treasurer of the Foreign Mission Fund of the United Presbyterian Church. That trust he ever faithfully filled. He made himself the friend of every missionary. Often he advanced, from his own funds, rather than that a remittance should fail to be sent, when a missionary would be needing it. Never would he take any remuneration for his services; and even when the infirmities of eighty years were on him, he still held his place, and filled it well to the last. Most richly is the lasting gratitude of our United Presbyterian Church and its foreign missionary work due to this worthy man.

Here the Board also gratefully mention that Mr. James Buchan, a nephew of Mr. Rich, and who had long been associated with him in business, and thoroughly understood all our mission accounts, very kindly proffered his services to act as Treasurer, at least to the close of the fiscal year, or the meeting of the General Assembly; and, thankfully accepting his proffer, the Board have since had all their financial matters in his hands, and can gratefully say that during the time of his occupancy of the trust they have been managed with most marked promptness, regularity, correctness and good order.

V.—RULES AND REGULATIONS.

After much consideration, and with a view, *first*, of having a general uniformity in our missionary operations; and, *secondly*, of having the Assembly and the churches understand as fully as possible the minutiæ of our work, the Board prepared a series of Regulations in regard to Salaries, Outfits, &c., which were sent to each of our missions, and to which the attention of the Assembly is earnestly asked. They are as follows:

The Board having examined the records of the different Foreign Missionary Boards of our country, find that the following sums are paid by them for outfits, salaries, and allowances for children:

OUTFITS.—The American Board pay a married missionary, if needed, $750, a single man $425, and a female missionary $325; the Presbyterian Board, a married man $600, half gold, a single missionary $300, and a female $300; the Methodist, a married man $550—in China $600, India $350; the Baptist, $500, single missionary, male or female, $250 each; the Episcopal, a married missionary from $350 to $450, a single missionary, $150; the Reformed, (Dutch), married man $600, single $300; the Reformed Presbyterian, married missionary $400, single $200.

SALARIES.—*In India* the American Board pay $1,000; the Presbyterian $1,000 to $1,080; the Reformed, (Dutch), $1,100; the Methodist, $1,200. *In China*, the American Board, $900, and Southern China $800; the Presbyterian Board, $1,000, except in Canton $900; the Methodist, $950; the Baptist, $800 and house; the Episcopal, $1,000. *In Bulgaria and Western Asia* the American Board pay, according to size of family, from $650 to $750; Presbyterian Board, from $800 to $1,500, and no house; the Methodist, $850.

In regard to single missionaries, the American and Presbyterian Boards each pay two-thirds the salary of a married missionary; the Methodist pay in China $550, and in India $1,000; the Baptist, $800, and no house; the Episcopal, $600; the Reformed, (Dutch), $600. For an unmarried female missionary the American Board pay one-half the salary of a married man; the Presbyterian, from $280 to $600; the Methodist, to China $475, and India $750, including outfit; the Baptist, $400 to $500; the Episcopal, $450; the Reformed, (Dutch), $600; the Reformed Presbyterian, $400.

ALLOWANCES FOR CHILDREN.—The American Board allow for children from $75 to $100; Presbyterian, $100; Methodist, $100; Baptist, nothing since 1859; Episcopal, 5 per cent. on the missionary's salary, from three to seventeen years of age; Reformed, (Dutch), $100.

In view of these Rules of other Boards, and of the circumstances of our missions as far as they are known, the following are adopted as the standing rules of the Board for the United Presbyterian Church on these points:

I. OUTFITS.—For a married missionary, $500; for a single man, $300; for an unmarried female, $200. In each case these outfits will be paid in currency. No outfit shall be allowed on leaving or returning to the field.

II. SALARIES.—Missionaries with families, in India and Egypt, shall be paid $1,200 each, and in Syria and China, $1,000 each. In places where the Board have no missionary residences a fair allowance for house-rent shall be put in the annual estimate of expenses to be recommended by the mission, and subject to the approval of the Board.

Single missionaries shall receive $800 each, except in Syria and China, where the salary of each shall be $700. Each unmarried female missionary shall be paid $500 in India and Egypt, and $450 in Syria and China, including house-rent.

III. ALLOWANCES FOR CHILDREN.—Each child under ten years of age shall be allowed 5 per cent. of the salary of the missionary, and over ten years of age and under eighteen, 10 per cent.

IV. FINANCIAL REPORTS.—Each mission shall make to the Board, with its Annual Report, each year, a detailed statement of its receipts from all sources, and its expenditures, and show the surplus or deficit in its treasury.

VI.—MISSION PROPERTY.

In view of any possible change in foreign countries, and of our Church having the exclusive and permanent hold of any missionary premises or buildings that have been procured by gifts or moneys for the mission work, and the interests of the United Presbyterian Church of North America placed in jeopardy, the Board have drawn up and forwarded to the missions the formal declaration of the fact that all such properties and buildings shall be held in the name and under the control of this Board of Foreign Missions, as an incorporated body, and subject to the will of the General Assembly.

VII.—SPECIAL OBJECTS.

The Board have carefully sought to have each mission include in its estimates, each year, all the items for which appropriations shall be made by the Assembly, and which the churches shall be asked to provide for during the ensuing year. Any subsequent introduction of new or different objects leads to a diversion from the work to which we are pledged, and the great danger of a failure to have the means of carrying on the work in which we are already engaged. Most earnestly, therefore, have the Board desired and encouraged individuals, societies, Sabbath Schools and congregations to send all their contributions to the general fund, and for the objects named in these estimates.

On this important subject the Board have taken and published the following action:

The report of the Board of Foreign Missions to the General Assembly of the United Presbyterian Church, at its meeting in Philadelphia, May, 1873, directed particular attention to "Special Objects," and pointed out some of the objectionable features of this method of raising money to carry on the work of the Church in heathen lands. See page 527 of the Minutes, as follows: "During the past year, as previously, contributions have often come into the treasury for special objects,—sometimes for a special mission or missionary, or mission work,—and, as far as possible, the Board have always been anxious to carry out the wish of the donor. But there are serious difficulties connected with this course. It requires a great, many different accounts to be kept,—as constant danger of confusion arising among so many different objects,—has sometimes the appearance of unpleasant partiality and favoritism, and thus tends to discourage, or excite painful feelings among missionaries,—and, if always strictly carried out, such special gifts would have some missions over-supplied, and some entirely crippled. Most earnestly, therefore, and after much consideration, the Board would urge the Assembly, the churches, and the friends of missions, to forward their contributions to this cause to the general fund, and the Board will faithfully endeavor to distribute them, in every case, so as most to promote the great work we love in all its parts and details, as each has necessity or occasion." The General Assembly adopted the following resolutions: (See page 537 of the Minutes.) "3d. That, as all our mis-

sions have been founded on the conviction that they were needed, and shall be sustained, and as all the appropriations made by the Assembly are based on estimates from the missions, and are such as will meet the calls of each; and any thing separate or outside of this tends to divert or distract from the general work, and often produces unpleasant results; therefore, special objects or funds, shall not, ordinarily, be authorized or encouraged; that each mission be instructed to forward, in its estimates, any object, common or special, requiring funds, and the amount; and that all the churches, missionary societies, Sabbath Schools, and friends of missions, be urged to send their offerings to the general fund, that the Board may disburse them according to the appropriations of the Assembly."

The above action is now the only guide for churches, societies, individuals, and missionaries; yet, from various portions of the Church, propositions are being made to support particular parts of the work, and sustain designated individuals as missionaries. And missionaries themselves, by letters from their field of labor, and by personal appeals while in this country, have urged upon congregations, societies, and individuals, the taking up of special objects, and excited a very great interest in these objects.

The Board has a very deep and anxious concern for the success of all the missions under its care, and is rejoiced to see the Lord's people casting their money into the treasury, to be used in the good work among the heathen. But, at the present time, the Board was never more perplexed as to duty, in view of the many special objects appealing for aid. The conviction is not changed, that this method of carrying on the work, however promising and flattering at the outset, will, at the end, cause disappointment, complaining, and positive injury. This will appear from the following considerations:

1st. The expenses of the various missions are based upon annual estimates made by each mission, *and intended to cover, and include every part of the work for the current year.* If any thing is omitted or neglected, the fault is with the mission. These estimates are the basis of the appropriations made annually by the General Assembly. The aggregate makes a large sum, and it is with difficulty that the amount is collected. Often the general treasury is empty, and frequently the missionaries have to borrow money at high rates of interest. The contributions from all sources rarely exceed the appropriations, and generally fall below. And it is a noticeable fact that, when a "special object" is before the Church, the amount contributed to that object bears a striking proportion to the deficit in the general contributions. The result can easily be seen. Some part of the work must suffer. The special object has been attained, the great and more important work is crippled, disappointment ensues, complaints are made, perplexities arise. The missionaries, who themselves were the first to suggest the taking up of a special object, are often the greatest sufferers from this diversion of the funds. They fondly hoped the amount would be raised in addition to the regular contribution, but the hope too often proved only a sad delusion.

2d. The inequality, and consequently injustice, of the whole matter of "special objects," is apparent from the experience of the past, and from the unhappy results as at present existing. Take the case of an individual, (man or woman,) supported by a particular church, society, or individual. Such persons know at the outset that their support is provided for,—all the other members of the mission may, from want of funds in the general treasury, be on short allowance or real want, while they are comfortable through the partiality of churches or friends. A feeling of independence, both of the mission and the Board, is created, and naturally so; this may, and has lead to unpleasant and injurious conflicts, culminating in positive refusals to do work assigned them.

This inequality is further seen in the erection of churches, dwellings, schools, &c. Each station should be provided with such of these as may be necessary. Yet, in the past history of our missions, some devoted men and women have lived in tents for years, while, in the case of others, having no greater claim on the Church, after stirring and affecting personal appeals, commodious buildings have been secured. The charge of partiality and favoritism has followed, and the less favored missionaries have felt themselves overlooked and become discouraged.

The multiplying of accounts is a very serious objection. The treasury of the Board, and the treasurers of the various missions, must keep a separate account for each fund. These special funds are regarded as independent of all other objects or work. The amount originally asked for, or needed, may be largely exceeded; yet the balance to the credit of the fund, however large, cannot be used for any other purpose, however great the necessity. The Board has no control over it. The mission can only use it for the particular object to which it was given.

Digitized by Google

Any diversion of it, would be acting in bad faith to the donors. It is evident, then, that if the general work merges into special objects, as is now so manifest, there may be a time when a large amount of money will be locked up and practically be of no use, and in the case of the special object ceasing to exist, there would be a difficulty in properly disposing of the moneys to the credit of that object. On the other hand, if the amount needed for the special object should not be contributed, the deficiency would have to be supplied out of the general fund, or the work cease.

3d. The support of a missionary, or of a particular school or college, depends upon the life and ability of the donor or patron, or upon the continued interest and regular contributions of churches and societies. The death or misfortune of the individual would cut off the former, the lack of interest and contributions would cut off the latter. The result would necessarily be, either the support of these out of the general fund, or the recall of the hitherto favored missionary, and the closing up of the school or college.

4th. The multiplying of special objects, and the failing to support them after being undertaken, would put upon the Church a burden that might be too heavy to bear; and if encouraged, under any circumstances, they should not be taken up without a formal and certain guarantee on the part of the individual donor or patron, society or congregation, that the necessary funds would *always* be provided to support them. It is probable that this consideration has not received the attention it merits. The first impulse often leads to devotion, sacrifice and liberality, but after a time new objects present themselves, and the old are forgotton or neglected.

Is there any method by which societies, congregations and individuals may appropriate funds to particular objects? This seems to be the pressing inquiry at the present moment.

The following suggestions are made in the hope that they will meet all the special cases that can possibly arise:—

1st. The missionaries under the care of this Board shall, at the beginning of each year, make an estimate of their work for the year, and include in it all their current expenses and all the proposed *new work* for the year.

2d. That the Board shall have printed for general circulation among the churches, a detailed statement of the estimates thus furnished by the missionaries.

3d. That in no case shall a new or special object, not in the estimates, be brought before the Church in any form, or by any person.

4th. That societies, congregations and individuals may contribute to the support of individual missionaries now in the field, or that may be hereafter appointed, without designating the individual by name, likewise to the maintaining of schools, academies, colleges, &c., without designating any one in particular; also to the general work of any particular mission. The Maharajah Dhuleep Singh, contributes $2,500 annually to support two missionaries in Egypt, without designating them by name. And it is very common for individuals and congregations to designate a particular mission to which their funds are to be sent.

To give directness to contributions, the following items may be of service: The amount necessary to support a male missionary is about $1,200 in gold annually; a female missionary $500 in gold annually; a student say $100 in gold annually; a scholar say $50 in gold annually.

5th. That the entire membership of the U. P. Church be urged to consider the work in foreign lands, undertaken by the General Assembly, as *one great object;* each missionary as on an equality with every other missionary, and entitled to the same hearty sympathy and support; each station as needing all the comforts and conveniences of every other station; and the chief design of the *whole work*, the glory of God in the salvation of souls, and the extension of the Redeemer's kingdom in heathen lands.

Is there not motive enough in all this to kindle a flame of devotion, love and sacrifice that will never be extinguished?

VIII.—BOARDING SCHOOLS.

More and more each year are the Board impressed with the importance of these training places for the young. In several of the missions it is believed much of the expense of the pupils in such a school would be defrayed by the natives themselves, and in being carried through a proper course of training both in letters and in the duties of a Christian home, a great step would be taken towards securing

Digitized by Google

for both our native Christian young men and young women the safe and proper companions and partners for their subsequent lives.

The importance of the subject cannot be over-estimated. A Christian home is the basis and the nursery of a Christian Church, and never can there be proper Christian homes without Christian training.

IX.—MISSIONS.

The several missions have forwarded us full statements of their operations during the year; but as these will appear in the Annual Report of the Board, it is deemed best to lay before the Assembly only their general statistics and facts, and this will be done in regard to the several missions in the order of their establishment.

1. *Syria.*

This mission was entered on by our Church in 1845, and continues to be prosecuted in pleasant harmony and co-operation with the missionaries of the Presbyterian Church of Ireland. It has one station, Damascus, and seven out-stations, Nebk, Deir Atiyeh, Yabrud, Rasheiya, Ain esh Sha'ara, Ma'ara and Bludan. It has two missionaries, Rev. John Crawford and Rev. J. F. Patterson, M. D., with their families, 14 native helpers, 64 communicants, and 7 schools with 294 pupils in them. During the year 6 persons have professed faith in Christ, 329 volumes of the Holy Scriptures were sold, religious services, both in Arabic for the natives, and in English for the English-speaking population, were held throughout the year in Damascus, and the Sabbath School was carried on without interruption. Two young men from this mission have entered the College at Beirut, and are supported by the collections which are taken up at the mission's English service.

2. *India.*

This mission was established at Sealkote in 1856, and has now three stations, Sealkote, Gujranwalla and Gurdaspore, and one out-station, Zafferwal. In this important mission there are two large districts that contain nearly two millions of people. Both are left, in the providence of God, almost exclusively to our United Presbyterian Church, and yet we have in all this field a total of only two ordained American missionaries and one native, three females, one native probationer and twelve native teachers and helpers. There are four churches more or less completely organized, with 77 communicants in all, and an average attendance of 300 persons upon the means of grace. During the year 31 persons were added to the membership of the churches—21 by profession and 10 by certificate—and there was a decrease of 18 by deaths, removals and discipline. There were also 19 adult baptisms and 10 infant. In the various schools 1,078 pupils were reported, 693 of whom were males, and 385 females. In this mission much work has been performed, and the laborers are most oppressively burdened; Rev. Samuel Martin and wife being at Sealkote, and Rev. J. P. McKee and wife at Gujranwalla. Miss Calhoun is in charge of the city girls' school in the latter place, with an enrollment of 360 girls during the year. In all this mission, it is believed there is a great work opened up to be done among the women; and the happiest and most important results might be expected to follow, if only thorough and devoted Christian women could be engaged in it.

AN IMPORTANT PROPOSITION.

At its last meeting, the Board received a communication from the Rev. Samuel Martin, of this mission, which was felt to be of much interest and importance. It is as follows:

"Another subject to which I wish to call your attention, is a scheme for the union of all the Presbyterian missions in India. I send, by to-day's mail, the proceedings of the last convention on the subject, held at Allahabad, in November last. There is no attempt at organic union, but at the consociation or federal union, something after the nature of that proposed in America lately. The advantages of such a union will be many, specially in view of the fact that the Ritualists are making such efforts to obtain the ascendency here, and are ready to encroach upon other missions whenever opportunity offers. I have been authorized to lay

the matter before the Board, and I now do so, hoping that it will receive due consideration. We shall be glad to receive your instructions in regard to it."

After consideration, it was

Resolved, 1. That the Board incorporate in the report to the General Assembly the request of the mission in India on the subject of the confederation of all the Presbyterian missions in that country.

Resolved, 2. That, from the information we have on the subject, we recommend the General Assembly to authorize this confederation upon such terms as will not affect the ecclesiastical relations of the mission to the Church at home, or in any degree compromise her distinctive principles.

Resolved, 3. That the papers in connection with this request of the mission on confederation be laid before the General Assembly.

The case is accordingly herewith laid before the Assembly, and its earnest consideration is asked to it.

8. *Egypt.*

Though one of the latest, this is one of our most important missions. It was commenced at Cairo, in 1855, by Rev. Thomas McCague, and has gradually extended until now it has 9 regular stations and a large number of out-stations. It has 6 foreign and 2 native ordained ministers, 1 foreign and 1 native licentiate, 54 teachers, and a total of 78 laborers. It has 6 fully organized churches, with 508 communicants, and an average attendance of 650 persons on the Sabbath. It had an increase of 83 to its communion roll during the past year,—79 by profession and 4 by certificate,—and there were also 70 baptisms. The decrease of membership was 16, viz.: 13 by removal, 2 by death, and 1 by suspension.

This mission has well organized schools in each mission, besides more or less complete ones in the various stations. In the regular schools, there are 861 scholars; in the Academy or Institute at Osiout, 85; and in the theological class, 6. Most of this class will, ere long, be qualified to enter fully upon the work of the ministry among the hundreds of thousands of their countrymen.

In this mission, the people have been specially taught the duty of contributing to the support of the gospel, and to promote the cause of Christ. During the year, the sum of $2,952 in gold was given by the natives themselves, being an average, in some of the churches, of over $20 per member,—and that, when not more than one-third of the entire membership of the churches receive $150 a year, and many of them not $100.

MISSION PROPERTY IN CAIRO.

For some time past, the Government of Egypt has been desirous of securing to itself, for the improvement of the city, the valuable property which was so munificently granted to our mission some years since, under the administration of the late Viceroy, Said Pasha. After much consultation and care, negotiations for this were completed on the 14th of May last, and the property was taken by the government for £7,000 ($33,880 in gold,) and a plot of ground containing about 2,000 square metres (about 6,500 feet) in a most eligible part of the city. The deed for this property was drawn in the names of Revs. G. Lansing and A. Watson, as agents of the Mission of the United Presbyterian Church of North America, this being the only way in which it could be written, seeing that the courts of Egypt never give deeds of property except to persons. But these brethren can now sign a legal document declaring that the lot is held by them, only in trust for the Board.

In various ways, and with much personal friendship, the mission was greatly aided in the negotiations that were carried on in this important case by the very cordial and generous offices of the Hon. R. Beardsley, United States Consul-General for Egypt. Mr. L Muller, of the banking house of Todd, Rathbone & Co., rendered most noble aid; and for many years he, and the entire firm to which he belongs, have given all our missions' financial concerns the most generous and useful attention.

The mission propose to erect on the lot, and with the money secured by the above sale, much more suitable and commodious mission premises. In the meantime, the money is securely and profitably invested, and the buildings required for missionary residences, schools and religious services have been rented, the expenses of which are to be defrayed from the interest of the money derived from the above sale.

A COLLEGE IN EGYPT.

From the beginning the Board, in common with the mission, have felt the importance of having, at the earliest day, and in the most permanent and effective form, a well-trained native ministry raised up for the work in Egypt. Hence encouragement was given to the formation of the institute at Osiout, and the Theological School at Ramleh. But it is now felt that an institution on a larger scale, with suitable buildings, libraries, apparatus and professorships, and the whole properly endowed, is a matter of the utmost moment. It is believed, also, that individuals, both from this country and abroad, will generously respond to an appeal to carry out the plan, without the necessity of drawing from the regular contributions of the churches; as they are so thoroughly called for to meet the constant and imperative current expenses of the missionary work. With much care, then, the Board have issued the following paper, and respectfully ask the attention of the Assembly to the establishment of a college in Egypt on the general terms proposed. The paper is as follows:

"*Whereas*, The Missionary Association in Egypt has decided to establish a Training College and Mission Seminary at Osiout; and, *whereas*, in response to an appeal in behalf of this institution, addressed to friends in this country and Scotland, funds are being contributed for it independently of the regular contributions for ordinary missionary purposes; therefore,

"*Resolved*, 1. That the Board express its approval of the establishing of this college, with the understanding that the whole amount necessary therefor shall be contributed independently of the ordinary contributions for missionary purposes.

"*Resolved*, 2. That the Board report this action to the Assembly, for its approval of the same.

"*Resolved*, 3. That in case the Assembly shall approve of the establishing of the proposed college at Osiout, it shall direct that the Board shall have control of the funds contributed therefor, and that the title to the property shall be held in the name of the Board of Foreign Missions of the United Presbyterian Church of North America; and further, that the management of the institution shall be under the control of this Board."

RELIGIOUS READING.

A spirit of religious inquiry, and of longing for the Scriptures and other religious reading, is more and more widely developing itself throughout the land. To meet it, the mission have issued from its press at Alexandria, during the year, 880,000 pages, mostly tracts, for gratuitous distribution. The American and the British and Foreign Bible Societies have generously contributed largely to supply the country, through our missions, with the Word of God. And both of these noble institutions, together with the American Tract Society, propose to furnish still more liberally for the future, as the demand for such matter may increase.

4. *China.*

To this great mission field, the Rev. J. C. Nevin was appointed by the First General Assembly of our United Presbyterian Church, and, proceeding at once to his important work, founded the mission in Canton, where he has ever since perseveringly prosecuted his work. His report for the past year, it is thought, cannot, with justice, be condensed, and the Board, therefore, present it in full, as best describing the work and the condition of the mission.

"I beg to present to the Board my usual Annual Report for the past year. We have great reason to do so with much gratitude to the Great Giver of all good, who has been pleased to spare us in prosperity and health and comfort to its close. I can most assuredly say that of all the years I have spent in Canton, not one has been so pleasant and home-like. Our comfortable, cheerful home has been like an asylum for relief from the pressure and knocks of the heathen world without, and has been blessed to making us often feel strong in the midst of great weakness.

"Regular service has been kept up in the chapel, publicly proclaiming the gospel to all who were willing to stop and hear. A large number have thus been repeatedly brought to hear the word of life, and many from a distance and from the surrounding country have been pointed to the Saviour. I cannot help feeling sure that God will make this seed fruitful in some cases, even in the hearts of those

Digitized by Google

who have heard—while we know that the Word will, in His own time, accomplish His purpose, if it be in the hearts of others than those who have heard with their own ears and seen with their own eyes. Much serious attention has been given to the word of exhortation, and some attempts at setting it at naught have likewise been made. In several of the chapels brow-beating has been resorted to by agents (I have no doubt) of the anti-gospel movement, which I spoke of in my report last year. Their effort at imitating our methods of benevolence and plans for disseminating the gospel by stated public preaching, does not seem to satisfy their hostile feelings, or to prevoke notice on our part; and consequently pent up wrath and ill-will must occasionally break out. Even such attempts as these have failed to change the tenor of our way or to ruffle the evenness of our work. Whether, then, this spirit will grow or not, remains to be seen. The past year was one peculiarly subject to hostile demonstration on the part of the Literati, owing to the fact that it was the term for the great triennial literary examination. Over ten thousand candidates, from all parts of the Province, were gathered here, with perhaps as many more such strangers in the persons of their accompanying friends and attendants.

"One of these preaching places has been opened lately, on the same street with our chapel. We take this to be quite a compliment, especially, too, as it is the largest and best appointed place for such public work yet opened in Canton by either heathen or Christian agency. Just in proportion as the power of the gospel spreads and develops, may we expect opposition more or less bitter. So we feel encouraged by this jealousy and spirit of competition, and trust that a day of overturning is near at hand. This revolution may be peaceable, and it may be violent. Late news from the north of China tells us of a bitter hostility that has broken out into open persecution to the death against certain communities of Christians in the Shantung Province. While, on the other hand, word comes from Japan of a proposition from native sources, to settle the dispute between Christianity and Buddhism, by open discussion between the advocates of these systems—the debate to be carefully reported and printed for distribution among the masses. Our strength and hope is in God, who, we know, is preparing the way for the coming of the kingdom of our Lord and Master, and who will use and permit such means and agencies as shall most surely accomplish His will. So it is in the midst of opposition we feel encouraged, and trust that all the friends of the China Mission will see that their maintenance of the gospel here has not been without a very specific object.

"In connection with the preaching service some tracts have been distributed; but it has been more of my care to put copies of the New Testament into the hands of such as it seemed to me would likely make proper use of them. Where on all this vast sea of humanity they have drifted, I know not. But surely the eye of the Master has not lost sight of His treasure, and knows whether they shall prove to be a savor of life or a savor of death.

"Accessory to the general work I have maintained a regular morning exposition of Scripture at prayers, and a weekly Bible-class, in which explanation and examination share equally. Much comfort has been had from these exercises and fruit has been anxiously expected in the conversion of some who attend.

"One middle-aged man has given great encouragement to hope that a work of grace is going on in his heart. We had hoped to have received him to come forward. Often have we seen apparently serious impressions grow and bud, almost ready to burst into flower, when some biting frost has come from some quarter and nipped our hopes. It is hard to come out from the broad road where tens of thousands densely crowded together whirl along,—seething and foaming maelstroms being formed daily and hourly, and dragging many a halting and weak inquirer away from the truth and the life. It is perfectly astounding to witness the gravity and power which even the most stupid and silly superstitions assume and exercise, and to the eye of man, utter despair seems written over the heads of other forms hoary with centuries and venerable with use. But it is the work of the servants to sow and to water, and the prerogative of the Master to give the increase. So we labor in hope.

"Our school has been in full operation throughout the year, with its full complement of scholars on the roll of twenty-five, and a very good daily attendance. The course pursued has been the same as in previous years, and is a very hopeful feature of our work. The building has been in a wretched condition, not, however, for want of *funds*, I am thankful to say, but because of unexpected difficulty in securing a much desired addition to our lot. I wrote you some months ago of the failure to get a lot adjoining us on the north. Hope has again sprung up within

Digitized by Google

the last few days, and, by God's blessing, we may get the property adjoining us on the south. At present negotiations are pending; but we may be disappointed in our hopes, unless it be the will of the Master to put up the needed buildings for schools and chapel, and have much better facilities for our work in every way than it would be possible to secure by building just now. I have thus delayed going forward, not only because it quite accords with my own judgment, but more especially because it is in keeping with the advice of a friend who has already done much, and done it well, too, for the United Presbyterian Church, and whom we expect to help very liberally indeed in this matter. But more of this at the appropriate time. The school will be opened again for 1874, and the most made of it that may be possible.

"I have given some time to personal instruction in the schools, in addition to regular catechising and explanation of Scripture doctrine. In this connection, I have made considerable progress in the preparation of a geography and atlas for the use of the boys, and hope during the coming year to print it, in part, at least. It is a very tedious work, as any one will know who has ever attempted anything of the kind; and especially so because of the cumbrousness of the Chinese characters in expressing names, and in the economy of space. Still it is much needed and must be prosecuted, if it be but slowly, according as I may find time and strength.

"The version of the Psalms has also shared my attention. I have set out to prepare two versions of each Psalm, and a literal translation of each into the Canton vernacular. I am thus compelled to go over each one with assiduous care three times. This tends to make a slow work still more slow. It seems almost needless to say even this much by way of apology, to any who might be even now expecting that the work should have been finished and set to music into the bargain, as I feel sure no one will be able to sympathize with me except those who have labored for years over our "Revised Psalms" for the use of the United Presbyterian Church.

"I have had my teacher working for two years past on this version. I have furnished him with every help in my power to arrive at the meaning, and left him free to make the most literal versification possible, hoping he would come so near to what would be acceptable that my labors would be much lightened. The result proves, however, to be a complete failure—no better than Watts' imitation, perhaps worse, in that he has not only added and omitted, but has introduced snatches and passages from native songs and poetry. I have then to begin *de novo*—but with the advantage that the teacher has had a considerable practice in the art of poetical composition.

"In conclusion, however unsatisfactory my work as a whole may appear to you, or to the Church, or to myself, of one thing I am fully persuaded, viz.: the mission work in China is a success, and beyond all doubt deserves the most earnest prayers and hearty support of the American Church. We have had several visitors during the year—specially seeking information in regard to our work. Bishop Harris, the Commissioner of the Methodist Church, visited all their missions in China, and was greatly gratified. He also visited Canton (where they have not established a station,) but for some reason saw nothing of the work here. Dr. Newman, of the Methodist Church, and Chaplain of the U. S. Senate, has also visited all the ports, and, of course, all or nearly all the mission stations of all churches working in China. He is on a trip around the world, and by special request and appointment of President Grant, has also made it a tour of inspection in regard to the U. S. Consulates in Japan, China, India, and Russia. It has also been a fixed object with him to look into missions and gather all possible information. Finally, before leaving China, at a meeting of the Canton Missionary Association, he gave us the best words of exhortation and rebuke, as he felt we (all in China) needed it, that we have ever heard—hearty and eloquent, plain and unvarnished, they were truly welcome.

"He stated his unequivocal conviction that the 'missions in China have been *organized on a basis and with a forethought* that are truly remarkable.' We appreciate such words from such a man. We had the favor of entertaining the Dr. and his good wife, who accompanies him, at dinner in our own house, and remember them both with much kindness.

"It is scarcely necessary for me to say much about the following statement of accounts. You will notice that the funds to the credit of the Board for mission purposes have not been adequate for the year's expenses—$128.07 being yet due. The building fund has been very appreciably increased, for which we are truly thankful. The house now rented to our Baptist friends will be left vacant by April, unless some one should be sent out this Spring.

"And now I cannot write the concluding sentence without expressing a regret that it has been *my* duty to write *thirteen* consecutive annual reports in *fourteen* years.

Such duties are more pleasant when shared in by a number, than where one person should always write and always be obliged to write about himself.

"Hoping better things for the future, I subscribe myself, as ever, your obedient servant in China, J. C. NEVIN."

XI.—FRIENDS.

With this glance at the missions under our care, the Board gratefully mention various friends from whom the most gratifying aid and encouragement have come:

1. INDIVIDUALS.—First among these, the continued munificence of His Highness Dhuleep Singh must be named. Most generously he signalized his interest still in our mission by the grant again, in June last, of £1,000, which was used, as he desired, in supporting two missionaries and in carrying on the operations of the press.

Mr. John Caldwell, of this city, has rendered important service again in securing passages for our missionaries to their field of labor.

Mr. Charles Arbuthnot, of the city of Pittsburgh, has, as in former years, most liberally remembered us, contributing to the mission work and the proposed college in Egypt; and another gentleman of this State has furnished the means of supporting a new missionary and family in that field, and also made a munificent grant for the college.

A gentleman, whose name may not be given, has announced to the Board, that the business firm to which he belongs will become responsible for money that may have to be occasionally borrowed to supply the failure of contributions to come into the treasury, that thus the missionaries may not suffer, and that borrowing may be made, if it must be at all, in this country, rather than by the missionaries in their foreign fields. Most earnestly does the Board hope there will be no necessity to act on his generous proffer.

2. SOCIETIES.—The British and Foreign Bible Society, the American Bible Society, and the American Tract Society, have generously continued their grants during the year, and thus, in the different missions, our laborers have been materially aided in the great work of scattering religious truth abroad.

Female Missionary Societies, of a very efficient character, are in active operation in both the First and Second United Presbyterian Churches of Allegheny, Pa., and have provided liberally for the work in Egypt and in India. In Monmouth, Ills., York and Coila, N. Y., and various other places, the women of our Church have shown a most commendable spirit in planning and working for the evangelization and elevation of their sex, and for carrying on our mission work among the heathen.

The ladies of the Paisley Missionary Society, in Scotland, have made their usual liberal grant for the support of the Girls' School in Alexandria, Egypt.

3. BEQUESTS.—During the past year a number of important bequests have been made for this foreign work. Thus men and women who loved this cause while living, have left the means of having good, long and widely done for it after they have themselves entered into their rest. The whole sum thus realized has been $8,975.49.

4. SABBATH SCHOOLS.—In no year, probably, have as many Sabbath Schools in our Church made regular contributions to this work as during the past year. The number is happily increasing each year. Only let a little effort be made, and every Sabbath School in the United Presbyterian Church will have an active hand in carrying forward this great work. Would it not be one of our noblest honors to have it so? The Sabbath School contributions amounted to $2,282.63.

Never, too, have as many children in the families of our people been engaged in forwarding their daily, or weekly, or annual offering, to spread the gospel. Some send their birth-day gifts, many their Christmas or New Year's gifts. Will not every parent seek to have a place for this cause in the heart and prayers and gifts of his child?

XII.—RECAPITULATION.

The following summary will be found interesting. There are now under our care:

REPORT OF THE GENERAL COMMITTEE OF HOME MISSIONS.

To the General Assembly of the United Presbyterian Church, to meet at Monmouth, Ill., May 27, 1874:

The fifteenth annual meeting of the General Committee of Home Missions was held in Young America, Ill., beginning Wednesday, May 20th, 1874. Forty-eight delegates were present, all the Presbyteries being represented except Second New York, First Ohio, Oregon, San Francisco, Stamford, and Vermont. The business of the Committee was transacted with harmony and dispatch. The results of our deliberations are embodied in the following report, which, it is hoped, will be approved by the Assembly:

PART I.—THE PRESENT YEAR.

The report of the Board to the General Committee, presented the following facts:

1. *The Progress of the Work.*—The last Assembly granted aid to 191 stations, under the care of forty-eight Presbyteries. From nine of these stations no reports have been received. The reports of seventy-six others are incomplete, embracing only a portion of the year. In the stations from which reports have been received, there is a membership of 8,985, with an average attendance of 16,293. The additions to the Church have been 785 on a profession of their faith in Christ, and 649 on certificates from other congregations, while the decrease by death and removal, has been 435. In the Sabbath Schools connected with these Stations, there has been an average attendance of 8,587 scholars. These same stations have contributed to the Boards of the Church, during the year, $4,448, and for the support of their own pastors or missionaries, $47,199. These results will compare favorably with those secured by the Church in any other department of labor.

2. *Appropriations Withheld.*—All the appropriations made by the last Assembly have been paid as far as they have become due. Appropriations have been withheld in forty instances, because the conditions upon which the aid was granted have not been fulfilled. These amount to $3,797.27.

3. *Grants by the Board.*—The sum of $1,062.50 has been appropriated out of the money placed at our disposal to meet emergencies. The manner in which this has been distributed, is exhibited in the following table:

PRESBYTERY.	STATION.	TIME.	AMOUNT.
Des Moines	Chariton	1 year	$75 00
"	Corydon	1 "	50 00
"	Palo Alto	1 "	100 00
Garnett	Chetopa	6 months	200 00
"	Edgerton	6 "	62 50
"	Kalida	1 year	100 00
Kansas	Solomon's Rapids	8 months	25 00
Nebraska	Cass Centre	1 year	100 00
Oregon	Halsey	1 "	150 00
Southern Illinois	Cuba	1 "	150 00
Wabash	Camden and Con	6 months	50 00

The appropriations to Chariton, Corydon, Chetopa, and Camden were in addition to those made by the Assembly.

4. *Special Missions.*—The following points were placed under this head by the last Assembly.

Chicago Mission, Presbytery of Chicago.—The appropriation granted to this important field, was on condition of settlement. Though the congregation has been supplied, as far as practicable, a settlement has not as yet been effected, and consequently we have been compelled to withhold the appropriation. A most favorable opportunity seems to be opening up for this struggling congregation, and should they obtain an efficient pastor, and receive such aid from the Church as the exigencies of their situation imperatively demand, there is good reason to hope that in a few years it will become a self-sustaining charge.

Indianapolis, Presbytery of Indiana.—Rev. J. L. Clark has continued to labor during the year in this interesting mission. The congregation is in their new church building. The missionary states, "We have been getting on very encouragingly. Have more than doubled our numbers, and so the work grows."

Omaha, Presbytery of Nebraska.—The missionary appointed to this station by the last Assembly declined the service, and Rev. Thomas McCague, who was on the ground, was requested to take charge of the congregation until the Board could secure another laborer for the field. After several ineffectual attempts, the Board, at its meeting in December, appointed Brother McCague for the remainder of the year, and he has been laboring there, with an encouraging degree of success.

Topeka, Presbytery of Kansas.—Rev. B. L. Baldridge, who has been laboring in this place during the last year, and the first six months of the present, was, at his own request, released at our meeting in January last, and Rev. Jos. McNab was appointed to succeed him. Brother McNab has been in the field since early in February. They have a comfortable house of worship, with only a debt of $50 upon it. The missionary writes: "I am of the opinion that the present year—though figures seem to be wanting—has been one of substantial progress, and now look forward with good hope to the year to come. A few years of patient and diligent labor, will, I believe, by the blessing of God, make for us here a comfortable and self-supporting congregation."

St. Louis, Presbytery of Southern Illinois.—Nothing has been done toward the establishment of a mission in that city. The embarrassed state of our treasury, and other causes, prevented action in that direction.

Nashville, Presbytery of Tennessee.—The last Assembly appointed Rev. James McNeal to the charge of the mission established in that city for the benefit of the Freedmen, and directed the Board to appeal to the Church for a special contribution for his support, fixing the salary at $800. Brother McNeal accepted the appointment, though at a considerable personal sacrifice, and has been laboring faithfully and earnestly in that field. The appeal directed by the Assembly was made to the Church for the funds necessary to the support of the mission, and was responded to with a good degree of liberality. Owing to complications growing out of two separate funds being raised at the same time for the support of the work among the Freedmen, it was thought best to transfer the whole matter to the Freedmen's Board; which was accordingly done on the 1st of January. The Home Board received in all, for the above purpose, $784.09; $400 of this was paid to the missionary as compensation for the first six months, and the remainder paid over to the Freedmen's Board, which assumed the payment of the residue of Brother McNeal's salary.

Financial Condition of the Board.—On the 30th of April, last year, there was in the treasury, exclusive of investment funds, $2,582.78, while there were outstanding obligations amounting to $1,621.50, leaving a balance of $961.28, with which to commence paying the $8,047.41, which became due on the first of July. During the summer, autumn and early winter, funds came in only to a very limited extent, and the consequence was, that the majority of our missionaries were not paid the limited compensation promised them until months and months after it became due. On the 1st of January last, we were no less than fifteen thousand dollars in debt, and our treasury empty. We then had the gloomy prospect of closing the year with a large balance against us. Under these circumstances we felt constrained to make frequent and urgent appeals to the Church for relief, and it is gratifying to be able to state, that these applications were not made in vain. We have been enabled to pay all claims presented up to April 1st, and have a balance on hand of $2,455.32. From the 30th of April, 1873, to the 30th of April, 1874, there has been received into the treasury, independent of bequests for the investment fund, $35,281.91. During the same period there has been paid out $34,-

245.01. Encouraging as these statements are, the Church must not relax her efforts in this direction. It should not be forgotten that on the 1st of next July over $8,000 will fall due, while we have less than $3,000 to meet these claims. Past experience has shown that very little money is raised for the Board during the summer and autumn months. Cannot measures be devised by which sufficient means will be secured to enable the Board to pay the obligations falling due on the 1st of July and on the 1st of October, within a reasonable period after those dates?

There are two facts connected with the contributions of the past year, to which we wish to call attention. While the aggregate from all sources is somewhat larger than it was last year, yet the amount received from Presbyteries is $4,124.08 less. It is a cheering indication, full of hope for the future of the Home Mission work, that of the $8,338.02 received from sundry sources, no less than $1,156.17 comes from the children of the Church.

PART II.—THE COMING YEAR

The amount of money desired for the coming year was $44,950. After carefully considering the requests of Presbyteries and the relative necessities of the several missionary stations, aid was granted to the amount of $40,775, including the $3,500 placed at the disposal of the Board to meet such necessities as may arise during the year. The appropriations were limited to this amount, not because it was all that was needed, or that could be judiciously expended; but for reasons that will be sufficiently obvious, when the experience of the past and the probabilities of the future in regard to the contributions of the Church to the Home Mission work are carefully considered. Of the aid granted, $12,825 is conditional. The services of 93 missionaries were applied for by the different Presbyteries. One hundred and fifteen names were submitted for appointment, representing the full time, however, of only 108 men. It will thus be seen, that there were a few more persons ready for this service, than the Presbyteries had applied for. In one aspect this is indeed gratifying; but on the other hand, it is sad to think that the General Committee was compelled to refer even a small number of missionaries back to their own Presbyteries, because we had not the means to employ them. With this fact before it, will not the Church furnish our Board with resources adequate for the employment of all who are willing to enter the field? The names of the mission stations, and the amount of aid granted to each, the names of the missionaries and the Presbyteries to which they have been assigned, are herewith reported.

REPORT OF THE BOARD OF MISSIONS TO THE FREEDMEN.

The work of the Board of Missions to the Freedmen has been confined to narrow limits during the last year. At the earnest request of Rev. James M'Neal, who was laboring in Nashville, under the care of the Board of Home Missions, the day school was re-opened. Misses Aggie Wallace and Jennie M'Cahan were appointed to the position of teachers, and on the second Monday of October commenced the work. The schools were not large—the enrollment not exceeding 130 at any time—but were conducted with much energy and seeming profit. Through this influence the Sabbath School was increased in numbers and efficiency, and the work in the congregation very much advanced. The school will close on the last day of May.

At the meeting of the Board of Home Missions, held in January, this mission was transferred to the Freedmen's Board, which assumed the payment of the missionary and the control of the work.

Property.—The Board has experienced great difficulty in securing a title to the property in Nashville, as directed by the last Assembly. The shareholders have been very tardy in responding to correspondence on the subject. Two of the share-holders are dead, and their claims are in the hands of the administrators of their estates, and the estates to be divided between several heirs, some of whom are minors. But the work has been prosecuted so far, that we confidently expect to secure a good title to the property soon, and at a comparatively small cost to the Church.

The note held against the Presbyterian congregation of Shilo, Knoxville, Tenn., for $800, has not yet been collected. The congregation is not occupying the property, for the purchase of which this note was given, and is not able to meet the claim. It has been arranged that a decree of the court be issued for the sale of the property, and that the Board accept the proceeds of the sale as payment in full of said claim.

Normal School.—The orders of the last General Assembly on the subject of a Normal School in the South, were emphatic. The Board immediately began the work of correspondence on the subject, to ascertain, if possible, the best opening and most suitable place for the establishment of such an institution. About the first of March the Corresponding Secretary visited the South, and in company with Rev. James M'Neal, visited Chattanooga and Knoxville. The latter place we found open and anxious for such an institution. A beautiful city of about 16,000 inhabitants,

and a large colored population, but no school for the colored people except two small primary schools. The loyal sentiment of the people, the rapidly increasing population of the city, the expressed opinion of some of the most prominent members of the bar, and prominent ministers of the Presbyterian Church of the city, that a Normal training was the great present need of the colored people, and the field wholly unoccupied, soon convinced us that we had found an open and effectual door. Several sites were examined, and one selected, subject to the approval of the Board. A piece of ground on the west side of the city, containing $5\frac{88}{100}$ acres, one mile from the market square, just outside the city limits, on a beautiful elevation, commanding a magnificent view of the city and surrounding country, was selected as the most suitable site which could be obtained.

After a careful and lengthy examination of title by our Attorney, Judge George Andrews, the Board has authorized him to close the bargain for this lot on the following terms: Price $3,500. Payments, one-third cash, and the balance in two equal annual payments, with interest at the rate of 8 per cent. The deferred payments secured by mortgage on the property.

We have also secured plans for a building from A. C. Bruce, architect, Knoxville, which are herewith submitted.

The total receipts of the Board, since the last report, have been $2,155.80, including $400 received from sale of property at Vicksburg, Mississippi.

The total expenditures, including the cash payment of $1,167 on property purchased in Knoxville for a Normal School, have been $2,459.70.

This leaves a balance in treasury of $1,572.58; and the following in notes for deferred payments on property sold in Vicksburg, $2,350, bearing interest at the rate of 8 per cent; a total of cash and notes of $4,222.58.

The Board respectfully asks this Assembly for an appropriation of $20,000 for this work; and also that the Board of Church Extension be directed to refund the money paid to it by this Board, by order of the General Assembly, at its meeting held at Washington, Iowa, May, 1872.

The term of office of Revs. Wm. J. Reid, S. B. Reed and Wm. M. Coleman, as members, and of the Corresponding Secretary, expires with this year.

Rev. Wm. H. Andrew resigned his position as a member of the Board, November, 1873.

REPORT OF THE BOARD OF CHURCH EXTENSION.

The Board of Church Extension has faithfully endeavored to discharge the trust committed to it by the General Assembly. Much embarrassment has been experienced in consequence of the financial troubles of the country; for, while the need for assistance was increased, the ability to render aid was diminished by the falling off in the receipts. In two cases it became necessary to borrow money to pay appropriations over due, and for want of which the congregations were in danger of losing their property. By the blessing of God, the year closes more favorably than was anticipated. Grateful acknowledgment is due to congregations for their patience in waiting, while suffering for the appropriations made to them, and to the contributors, by whose gifts such favorable results have been attained.

RECEIPTS.

From the Treasurer's report it will be seen that the receipts, exclusive of the balance from last year, have been, for all purposes:

From Presbyteries	$13,282 43
From Societies	51 25
From Sabbath Schools	278 45
From Individuals	3,037 45
From Legacies	1,250 00
From proceeds of Sales of Churches	816 90
From Loans without interest	1,130 86
Total	$19,847 34

Digitized by Google

Compared with the last report this shows a decrease, but only $1,758.67 is in the contributions of the Presbyteries. When the character of the year through which we have passed is remembered, this is certainly very gratifying.

APPROPRIATIONS.

The appropriations have been kept within the limits fixed by the Assembly. In consequence of the amount of unpaid grants, appropriations have been made to only seventeen congregations, in fourteen Presbyteries. Each application has been carefully considered, and the appropriation has been made according to the best judgment of the Board.

The appropriations are as follows:

CONGREGATION.	PRESBYTERY.	DONATION.	LOAN.
Americus	Garnett		$1,000 00
Arkansas City	Garnett	$ 400 00	600 00

		$9,510 00	$9,800 00

NOTES.

Boston.—In accordance with the request of the Board, Dr. Blaikie has released the title to the property of the First Church, Boston, from the condition in the deed referred to in the last report. The full amount appropriated to this congregation by the Assembly has now been paid.

Dayton.—The congregation of Dayton owns a valuable property, but is feeble and unable to sustain the ordinances and remove a heavy mortgage which consumes a large part of the rent received for the basement. By the terms of the contract this income will be greatly increased after five years. A member of the Board has therefore assumed the payment of the interest for five years, on condition that the congregation will give a deed in trust, by which, in case of the failure of the congregation, the Board may sell the property, reserving a certain amount for the use of a future congregation, and in case of the success of the congregation, the Board will restore to it the title on the repayment of this and all aid previously received. The congregation has accepted the proposition, and will thus be enabled to sustain the ordinances.

Pittsburgh, 5th.—The Fifth Church, Pittsburgh, Pa., in consequence of serious internal trouble, has become unable to meet a mortgage that is upon the property. The Board has, therefore, assumed the payment of the interest, $280.00 per annum, for four years, until certain resources of the congregation become available.

Titusville.—Last year aid was given to the Titusville congregation for the purchase of a lot, and an additional appropriation was made this year, but since the appropriation was made the success of the congregation has become doubtful, and the money paid will be refunded.

The *Kansas City* Mission, for which an appropriation was made last year, has been abandoned. No money had been paid by the Board.

PROPERTY OF DISSOLVED CONGREGATIONS.

The Presbytery of Big Spring having some time since sold the property of the congregation of *Lewistown*, placed the proceeds, $780.86, in the Loan Fund, on the Board giving a note for its repayment on demand, without interest.

The Presbytery of Albany also gave to the Loan Fund $200.00, the proceeds of the sale of the *East Springfield* church.

The congregation of *Middletown*, Presbytery of Keokuk, having become unable to sustain itself, has deeded its property to the Board. The Presbytery approving, it will be sold.

The Presbytery of Wisconsin, having formally abandoned the *Waupaca* congregation, the Board has authorized the sale of the property.

The property of the Morrison congregation, Presbytery of Tennessee, has been sold, and the first payment received.

CLAIMS.

Bloomington.—The trustees of the congregation in Bloomington, Illinois, as reported in 1872, resolved to sell the property and transfer the proceeds to the Loan Fund, to be held in trust for the congregation, if it should be revived. The property has been sold, but the resolution has not been carried out. Suit will be entered to prevent the alienation of the money from the United Presbyterian Church.

Salem, Oregon.—The Board holds, as stated in the last report, the note of certain persons for $1,266 gold, given in settlement of the claims of the Church against the congregation of Salem, Oregon. The payment of this note is now refused until a certain person, who was formerly a trustee, signs the deed for the transfer of the property to the new corporation. The plea is not admitted by the Board, as there is no condition in the note, and the obligation was given in full knowledge of this man's refusal to sign the deed. The business has been placed in the hands of Rev. S. G. Irvine, and we hope for an early settlement.

LOAN FUND.

The receipts for the Loan Fund have been $7,072.95, making a total amount of $28,374.11. The payments have been $26,019.15. The Board is still more convinced of the importance of this plan of rendering aid, and recommends that liberal

support be given to it. Special acknowledgment is made of the deep interest taken in this fund by the Synod of Iowa.

RECOMMENDATIONS.

The changes in the Constitution and Regulations of the Board, which experience suggests to be desirable, have been made by the Committee on the Revision of the Constitutions of the Boards, and will, no doubt, be laid before the Assembly.

REVIEW.

The Board has, during the past year, labored under peculiar perplexities, but, looking back, is more deeply than ever convinced of the importance of this part of the work of the Church. A time of financial distress, such as we are passing through, very painfully teaches us the importance of congregations having their houses of worship free from debt. The existence of the congregation, in many cases, depends upon it. Also a number of instances are known to the Board in which pastors have been so broken down by the labor and perplexity of building, that they have been compelled to ask a release, or to rest for a time from the ministry. The work of this Board is therefore truly a part of our Home Mission work, for by it missionaries and pastors can perform more ministerial labor, and do it more efficiently.

Although laboring under the disadvantage of a supposed inferiority, the work accomplished by the Board since its organization, has proved it to be of great importance, and the results are such as to commend it to the confidence of the Church. About one-sixth of our congregations, containing one-seventh of the membership of the Church, have received aid directly from the Board, or under its authority. The contributions of these congregations to the Board, for the year 1872–3, as far as reported, amounted to nine and a half per cent. of the amount of aid they received in building their houses, and to nearly *six per cent.* of the whole amount given them by the Boards of Church Extension and Home Missions. Their contributions, for all purposes, were sixty per cent. of the whole amount received from both the above Boards, and were over one-sixth the total contributions of the whole Church. The Board therefore, with confidence, asks for this work the careful deliberation of the Assembly and the liberal contributions of the churches.

The term of office of Dr. J. S. Easton, and Messrs. George M'Cague and J. P. Hanna, as members of the Board, and of the Corresponding Secretary, expires with this year.

REPORT OF THE BOARD OF PUBLICATION.

The past year has furnished nothing of extraordinary interest in the history of this Board. We have endeavored to the best of our ability and in the most economical way to administer the trust committed to us. Our aim has been rather to complete the work already begun for putting the Board on a good financial footing, and to extend the circulation of works already issued than to increase the number of our publications. Our great work is the circulation of the Scriptures. Subordinate and auxiliary to this, is the furnishing of original or selected works for Sabbath School and other religious and theological libraries. As there is no lack of numbers and varieties of books already before the public, our chief work is to make a proper selection from which to supply the Church.

It is designed, however, as the Board is fast removing the debt incurred for the new building, to publish new works more extensively than heretofore.

The business of the Board during the past year, notwithstanding the financial panic, has been fully equal to that of any preceding year.

The Bibles, Testaments and Psalm Books published by the Board are coming, more and more, into favor, and are selling in largely increased numbers. Especially is this so of the Bibles and Testaments with the new or revised Psalms. We have these in some forty-five or fifty different sizes and styles of binding.

Digitized by Google

We have had many testimonials to the good work accomplished by the donation of books. Many Sabbath Schools and Mission Stations have been placed under United Presbyterian care and influence by timely donations of Psalm Books, that otherwise our people could, consistently, have had no connection with; and in many cases, but for these donations, no Sabbath School would have existed. Many individuals have been supplied, and weak congregations assisted, from the funds of the Board; and in almost every case we have encouraging assurance that good has been done.

We have reduced the debt on the new building from $15,500, as reported last year, to $11,000, ($1,240 being paid the day after the financial statement was made out).

Owing to a supposed depreciation in the value of our stereotype plates, it has been thought best to report them at 10 per cent. less than first cost, and one duplicate set of Bible plates not in use, and costing $1,876, has not been counted among the stock this year. This will explain the apparently small increase of assets this year over last year. Were these to be counted, as they always have been, our gain would be about $6,000.

We have still to deplore the tardiness of many of our customers, ministers and private members in the Church, in paying off their old accounts. These accounts, despite our efforts to make collections, are increasing from year to year, until now they reach the rather appalling sum of $15,665.90, an increase of over $2,000 since last year. Most of this is believed to be good some time; indeed, most of it will be paid during the year, but *some* of it has been standing from two to *seven* years, and this, too, in many cases against names that ought not to be suspected of either dishonest, or dishonorable conduct. We do not consider ourselves at liberty, at least in most cases, to appeal to the law. But what shall we do? If the Assembly can give us instructions that will assist us, we will take it as a great favor.

The Board has also to lament the small amount received as contributions from the Church. The Assembly appropriated six thousand dollars, but little over one-third of this (viz.: $2,271,) has been received.

This may be accounted for partly by the financial panic, and partly by the fact that the Board thought it best, in the midst of general distress and the urgent wants of the other Boards of the Church, not to make any special appeal for funds. But the deficiency is very largely due to the apathy and indifference of those whose duty it is to bring this matter directly before the people. We ask liberal provision for the ensuing year, and hope that through your prayers and co-operation and the Divine blessing, all such contributions will become fruitful seed, yielding an abundant harvest of good.

The Board, with great sorrow, announces that the Rev. William Fulton has been removed by death. He was a valuable member of the Board, and his death is lamented. The Rev. W. J. Robinson was elected to fill the vacancy.

The term of service of Rev. D. R. Kerr, D. D., and Messrs. W. Reed and W. Stevenson, expires with this year.

Rob't Smith, Esq., of the Union National Bank, Pittsburgh, has been elected treasurer. He will hereafter receive all funds designed for this Board.

The financial condition of the Board will appear from the accompanying statement.

By order of the Board.

S. COLLINS, *Superintendent.*

REPORT OF THE BOARD OF EDUCATION.

This Board has distributed funds during the past year, in aid of twenty-seven students who are intending the Ministry of the Gospel in our connection. They have all been recommended to us by Presbyteries of the United Presbyterian Church, as required by the General Assembly. Thirteen of them are in their literary course, and the remaining fourteen are theological students. Of the thirteen literary students, one attended Muskingum College, Ohio; one the Indiana Normal; two, Union College, Schenectady, N. Y.; one, Dartmouth College, New Hampshire; two, Central College, Ohio; two, Westminster College, Pa., and four, Monmouth College, Ill. Of the fourteen theological students, six have attended the Theological Seminary at Allegheny, Pa.; two, the one at Newburg, N. Y.; three, that at Xenia, Ohio; one, the Seminary of the Re-United Presbyterian Church at Princeton, N. J., and two, the Seminary of the Northwest, at Monmouth, Ill.

The following is a general view of the state of our finances:

MONEYS RECEIVED DURING THE YEAR ENDING MARCH 31ST, 1874:

Balance on hand, at the beginning of the year	$ 699 85
Received from Presbyteries	1,720 28
Moneys borrowed during the year	2,800 00
On bills receivable (viz.: moneys refunded by former Beneficiaries,) and interest on bills receivable	787 06
Donations	19 00
Total	$5,976 14

MONEYS EXPENDED DURING THE YEAR:		
Paid Beneficiaries.....	$3,762 50	
On bills payable, including interest.....	1,315 09	
Other expenses.....	223 20	
		5,300 79
Balance on hand.....		$675 35

This Board, in common with the other Boards of the Church, has felt the effects of the difficulties in monetary affairs, which have existed in the country during the year. The personal credit of members of the Board has had to be used in order to obtain funds wherewith to pay installments falling due to Beneficiaries. Owing to this cause, a debt amounting to $1,550.00, is at this time resting on the Board.

During the latter part of the year, money has come into our treasury from the Church more freely. A considerable amount has come to hand since the first of April. This, with the balance reported above, will enable us to pay the installments due literary students in June.

On the whole we feel encouraged, and we trust that the General Assembly will not overlook the importance of this department of the Church's work. We trust that not only will the needful appropriation of funds be made, but that whatever can be done, will be done, to secure their coming into our hands. A word from the pastors to their people, explaining the work of the Board of Education, and shewing its usefulness in helping to prepare an educated ministry for the Church, will aid us much.

The terms of membership in the Board of G. D. Henderson, J. M. Turnbull, and John Scott, expire at this time. It is the part of the Assembly to fill their places, either by their re-election or by electing others.

The report of the treasurer is also submitted to the Assembly. It has been examined and audited by the Auditing Committee of the Board, and it has been approved by the Board.

Respectfully submitted,

JOHN SCOTT, *President.*
DAVID A. WALLACE, *Sec.*
G. D. HENDERSON, *Cor. Sec.*

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

PART I.

According to the action of the last Assembly, the Board met in Philadelphia, on the 5th of June, and organized by the election of Dr. J. B. Dales, President; Rev. W. W. Barr, Secretary; and James M'Candless, Esq., Treasurer. Quarterly meetings have been held during the year and several adjourned and special meetings.

The Treasurer's Annual Report, which accompanies this, shows that there have been received during the year from individuals and congregations, $1,407.14; from interest on funds deposited, $474.24; and from legacies, $100. $2,858.12 have been expended, namely: to Beneficiaries, $500; incidental expenses, $3, and invested in United States Registered Bonds, $2,358.12.

Two aged and infirm ministers have received aid up to the time of their death, which occurred during the year. The widow and family of one of these received assistance after the death of the husband and father. Another widow and family of a deceased minister have received aid. Thus the hearts of aged servants of God have been made to rejoice, and widows and orphans have been cheered by Christian sympathy for them in their time of need.

The Treasurer's report also shows that there is a balance in the treasury at the end of the year of $138.73 and that $8,500 are invested in United States Registered Securities.

At their first meeting, the Board appointed a committee to prepare a draft of a Constitution and By-Laws. The Committee presented the following, which was adopted by the Board, and is submitted for approval by the Assembly:

Digitized by Google

CONSTITUTION.

ARTICLE I. The title of this Board shall be, "The Board of Ministerial Relief of the United Presbyterian Church of North America."

ART. II. The Board shall consist of nine members, three of whom shall be chosen annually by the General Assembly.

ART. III. The officers of the Board shall be a President, Secretary and Treasurer, all of whom shall be elected annually by ballot.

ART. IV. These officers of the Board shall be an Executive Committee, who shall act in all cases of emergency in the intervals of the meetings of the Board, and shall report their proceedings to the Board at the next meeting for approval.

ART. V. The object of this Board shall be the relief of disabled and superannuated ministers, and the widows and orphans of deceased ministers of the United Presbyterian Church.

ART. VI. This relief shall be granted only to ministers who are in good standing in the United Presbyterian Church, and to the families in said Church of ministers who were in such standing at the time of their decease, and, ordinarily, it shall not extend to children over sixteen years of age.

ART. VII. All applications for relief shall be accompanied by a certified statement, endorsed by the Presbytery to which the applicants belong, or in whose bounds they reside, stating the condition and circumstances of the applicants, and every renewal of application shall be accompanied by a similar statement, including any changes that may have occurred during the year, and no appropriations shall be made in any case unless these conditions are complied with.

ART. VIII. While the responsibility of recommending applicants rests with the Presbyteries, and shall largely govern the action of the Board, yet the Board shall reserve to itself the right to appropriate according to the merits of each case and the state of the treasury.

ART. IX. The fund of this Board shall be created by annual contributions from the churches, from endowment donations, and from legacies.

ART. X. All bequests and special donations, when not otherwise designated, shall be invested in a Permanent Fund.

ART. XI. The annual contributions and offerings from churches and individuals, and the interest from the Permanent Fund, shall form a Contingent Fund, which shall be used in carrying out the object of the Board.

BY-LAWS.

1. The stated meetings of this Board shall be held quarterly, viz: On the first Tuesday of July, October, January and April.

2. The election of the officers shall be at the first meeting after the General Assembly each year.

3. Any five members who are present at a meeting duly called, shall constitute a quorum for the transaction of business.

4. All moneys paid out by the Treasurer shall be on the order of the Board or Executive Committee, signed by the President and Secretary.

5. The following shall be the Order of Business: 1. Prayer. 2. Reading of the Minutes. 3. The Report of the Executive Committee in writing. 4. The Correspondence of the Secretary. 5. The Report of the Treasurer in writing. 6. The Reports of Committees. 7. Applications for Relief. 8. Granting of Orders. 9. Unfinished business. 10. New Business. 11. Adjournment.

If the Assembly shall approve of this Constitution, it will be seen that it will then be pledged, not only to afford relief to aged ministers, as has heretofore been done by the "Aged Ministers' Fund" of the United Presbyterian Church, but also to widows and orphans of deceased ministers. It does not seem to be necessary to present any argument to show that this extension of relief should be made.

It will also be seen that while, according to the Constitution, the Board will reserve to itself the right to decide finally in all cases of relief, yet, that the great responsibility, in each case, will be laid upon the Presbyteries. It is suggested in this connection, that the Presbyteries will need to exercise care in two directions: First, not to allow their sympathies to control them to such an extent as to cause them to make applications when there is not really need, or to an extent that is not required. Second, not to allow such cases as are really deserving to pass unnoticed because of the shrinking hesitation of those who are in need to ask as-

Digitized by Google

sistance. It should be regarded as the duty of every Presbytery, as soon as a minister ceases to labor, from age or infirmity, to inquire into the state of his temporal affairs. And in case of the decease of any minister, his Presbytery should investigate the temporal condition of his widow or family. If in any case there is thus found to be need, the Presbytery should make application to the Board, and not wait for the application to come from the necessitous themselves. By observing these suggestions, the great end sought to be attained by establishing this Board of Relief will be secured.

It is also suggested to the Assembly that the Board should be directed to take the proper legal steps in order to become an incorporated body.

The Board do not deem it to be necessary to present an argument to the Assembly or to the Church, to prove the necessity for its existence, or the importance of its work. A few extracts from letters received during the year, will constitute a stronger plea than any words we could employ. A widow, acknowledging the receipt of money after the death of her husband, said, "Your very welcome letter, containing check for —— dollars, is received. I feel truly grateful for it. I may say, as a friend, it was much needed. I have not been able to defray all the expenses connected with the sickness and death of my dear husband. I had to borrow money to bear the expenses of the funeral. The check you sent will relieve me of that debt."

An aged and infirm minister wrote the following: "I have no other prospect before me now than to go on crutches the rest of my days. Physicians here give me no encouragement to hope for relief, and I have no means of going from home to seek relief; and, perhaps, if I had, it would avail me nothing. It is a little over a quarter of a century since I was licensed. * * * While able to continue in active service, a living has been secured, and nothing over. Now, when permanently disabled, with a family to provide for, it is reasonable to look for help from some quarter. Shall that be to the Church or to the world? The Government provides for her disabled veterans. Will the Church leave hers to starve or beg? But why do I write thus, you may ask? Well, I feel gloomy to-day, while I contemplate the debts already accumulated for bread and fuel, and the immediate prospect of having to increase the debt, with no visible means of paying it."

The affecting statement which the Board have to make in connection with this extract is, that the letter from which we have quoted was not finished, and was not mailed by its author. He died soon after the above was written, and it was found among his papers and forwarded to the Board. The appeal is, in these circumstances, too strong to be resisted by any Christian heart. Who can doubt that the last days of this servant of God would have been cheered, that a weight would have been lifted from his heart, if he had had assurance that the Church would care for his family that he was leaving behind him in the world? What minister, elder, or member of the Church, can read such an extract as the above, in connection with the Apostle's words, "Whoso hath this world's goods and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in him?" and not feel that he must give a portion of his substance to the Board of Ministerial Relief?

The term of office of Messrs. J. P. Hanna, Thos. Stinson and Rev. W. W. Barr, expires at this meeting of the Assembly.

The Board would close this part of their report by presenting the following resolutions for consideration and action by the Assembly:

Resolved, 1. That the Constitution and By-Laws of the Board of Ministerial Relief, as presented in the report of the Board, be and hereby are approved.

Resolved, 2. That in order to meet the present wants of the Contingent Fund of this Board, pastors and elders shall see that its claims be laid before their congregations, and shall give their people an opportunity of contributing annually to this fund.

Resolved, 3. That in order to constitute a Permanent Fund, special contributions and legacies be invited from those in all parts of the Church who have means; the principal of which fund shall be safely invested by the Board, and the interest shall be added to the Contingent Fund.

Resolved, 4. That when the sums contributed by individuals and the churches during the year to the Contingent Fund shall exceed the demands made upon the Board for that year, the surplus shall be invested by the Board as a part of the Permanent Fund.

Resolved, 5. That the present investment of the money in the fund, as reported by the Board, be approved; and that this money shall be regarded henceforth as a part of the Permanent Fund; it being understood that the Board may, at their discretion, change the investment to any other undoubted and more profitable security.

Resolved, 6. That the Assembly recognizes it as a principle, that the aid granted by this Board is given to the beneficiaries as a *right*, and not as a matter of charity.

Resolved, 7. That the Presbyteries be enjoined to exercise all due care in making applications to the Board for aid, in order that none but the needy may be helped, while, at the same time, in view of the reluctance, through modesty and backwardness, of the sometimes really necessitous, to make their condition known, the Presbyteries should carefully inquire into the circumstances of their aged and infirm ministers, and of the families of deceased ministers, in order that applications, when found necessary, may be made to the Board in their behalf.

Resolved, 8. That the Board be directed to take the necessary legal steps to secure an act of incorporation.

Resolved, 9. That W. W. Barr, Wm. Arrott and George B. Skelton be elected to fill the place of the members whose term of office has expired.

PART II.

The Board had committed to them, by the last Assembly, the matter of a Mutual Aid Association for the ministers of the Church. After a long and careful consideration of the subject, a Constitution for such an association, prepared with great care by a committee, was adopted by the Board. It is herewith presented for consideration by the Assembly. The Board express the hope that it will receive that prayerful attention which the importance of the subject demands. It is as follows:

CONSTITUTION.

ARTICLE 1.—NAME AND OBJECT.

Sec. 1. This Association shall be known as the "MUTUAL AID ASSOCIATION" of the UNITED PRESBYTERIAN CHURCH OF NORTH AMERICA, and shall be under the direction of the "Board of Ministerial Relief" of said Church.

Sec. 2. The object of the Association shall be to provide a fund from which shall be paid, on the decease of a member, the sum of ONE THOUSAND DOLLARS, ($1,000), for the benefit of his family, if he shall have one, otherwise to be subject to the disposal of his heirs, executors, administrators or assigns.

ARTICLE 2.—MEMBERSHIP.

Sec. 1. Ministers of the United Presbyterian Church of North America, under sixty years of age, and in ordinary good health, may become members of this Association, and shall be entitled to all its benefits, by making a written application, and by paying the sum of twenty dollars, in advance, on the first day of July of each year, and shall continue to be members so long as the said amount is annually paid, and all other conditions of membership complied with.

Sec. 2. Individuals not in the ministry, by the payment of twenty dollars annually, in advance, on the first day of July, may designate the name of a minister under the age of sixty, and in ordinary good health, who shall be entitled to all the benefits of this Association, so long as the annual payment on his behalf is regularly made, and all other conditions of membership complied with.

Sec. 3. Congregations, by the payment of twenty dollars annually, in advance, on the first day of July, may secure all the benefits of this Association for the minister in charge of said congregation, or of his successor, in case of his removal or decease, subject to the conditions of Section 1st, as to age and compliance with conditions of membership.

Sec. 4. Congregations and individuals may secure all the benefits of this Association by a single payment of four hundred dollars, in advance, and shall thereby be constituted HONORARY LIFE MEMBERS of this Association, and shall have the privilege of designating the name of a minister under sixty years of age, whose annual dues shall be provided for from the income derived from said payment; and in case of the decease of said minister, or his removal or change of church relation, may designate the name of another minister, who shall be entitled to the benefits of this Association, the conditions as to age and health being complied with in all cases.

Sec. 1. Payments shall be made within sixty days after receiving written notice of the decease of a member of this Association, to his heirs, executors, adminis-

trators or assigns; *Provided*, That the annual payments of said member shall have been kept up until his death, or at least for the period of twenty-five years, by himself, or his friends, or the congregation over which he was pastor; *Provided*, also, that the sum of one thousand dollars shall only be paid after four annual payments have been received; and *Provided*, further, that for one annual payment of twenty dollars, the sum of two hundred and fifty dollars shall be paid; for two annual payments, the sum of five hundred dollars; for three annual payments, the sum of seven hundred and fifty dollars; and in all cases when the sum of four hundred dollars has been paid in advance, the full sum of one thousand dollars shall be paid.

Sec. 2. Any minister whose annual payments have not been kept up shall forfeit all claim upon the fund, for himself or for his family; *Provided*, That after five or more annual payments have been made, his family shall receive at his death the amount actually paid into the fund, without interest.

Sec. 3. In the case of an aged minister whose annual payments have been kept up by himself, or his friends, or a congregation, for twenty years or more, and having no family dependent upon him, or needing the amount payable at his death, he shall, if he becomes necessitous, and so desire, be paid a portion of the sum of one thousand dollars for his support from year to year; the Trustees of this Association taking care to reserve the sum of one hundred and fifty dollars to meet his funeral expenses.

Sec. 4. A member of this Association in good standing, having made five or more annual payments, may withdraw his membership, and receive, in lieu of all claims, the sum which he has actually paid into the fund, without interest.

A., or from any cause ceases to be recognized as a minister of said Church, he shall be entitled to receive, if applied for within one year thereafter, the sum actually paid into the funds, without interest; otherwise the claim of himself and family shall be entirely cancelled.

Sec. 6. Any one now in the ministry of the U. P. Church of N. A., who does not become a member of this Association at the time of its organization or previous to the day of , 1874, shall be required to pay the annual dues from the first day of July, 1874, to the date of his becoming a member, together with the interest on said annual payments; *Provided*, That such of the above described ministers as have given evidence of declining health during the time of their failing to become members of this Association, shall be excluded from membership therein.

ARTICLE 4.—TRUSTEES.

Sec. 1. The funds and property of this Association shall be held and managed by a Board of nine Trustees—three ministers and six laymen—all of whom shall be citizens of the United States, and members in good standing in the United Presbyterian Church of N. A. for at least five years, and not under twenty-five years of age.

Sec. 2. The General Assembly of the United Presbyterian Church of N. A. shall elect the Trustees of this Board.

Sec. 3. The Trustees, at their first annual meeting after the adoption of this Constitution, shall divide themselves into three classes: The first class to serve for one year, the second class to serve for two years, the third class to serve for three years; thus providing that three Trustees shall be elected annually.

Sec. 4. Vacancies in the Board may be filled by the remaining members, and persons elected to fill vacancies shall serve only until the next meeting of the General Assembly.

Sec. 5. The Trustees, at their first meeting after the adoption of this Constitution, and thereafter annually, shall appoint, out of their own number, a President, Vice-President, Treasurer, Corresponding and Recording Secretary, also an Executive Committee, consisting of these officers and two other members of the Board. ditaments, and any sum or sums of money, and any manner and portion of goods and chattels given, granted, or devised to them, or their successors, by any person or persons, bodies corporate or politic, agreeably to the intentions of the donors respectively, and according to the object and conditions in this instrument made and declared, and by the name, style and title aforesaid, shall be able and capable in law to sue and be sued, plead and be impleaded, in any Court or Courts, before any judge or judges, justice and justices, in all manner of suits, complaints, pleas, causes, matters, and demands whatsoever, and all and every matter and thing therein to do, in as full and effectual a manner as any person or persons, bodies corporate or politic, within this Commonwealth may or can do; *Provided*, That the clear yearly income of such estates shall not exceed the sum of $50,000.

Sec. 2. That whenever the clear yearly income of this Association shall exceed the sum of fifty thousand dollars, ($50,000,) the surplus shall be distributed among the members of this Association in such a manner as that each member in good standing shall be credited with an amount that shall bear the same proportion to the sum distributed that the total amount paid in by or for such member bears to the whole amount paid by or for all the members.

Sec. 3. It shall be lawful for said Trustees, or a majority of them, to sell and convey all or any real estate which may become vested in said corporation, to sell and transfer any personal estate of which the said corporation may become possessed, and to invest the proceeds of such sale or sales in such a manner and way as they shall consider best for the interests of said corporation; *Provided*, That said Trustees shall at no time, or under any circumstances, invest the funds of this Association in any other than first-class securities.

Sec. 4. The Trustees shall provide a Common Seal for the Association; they shall also have power to make Rules and By-Laws, not inconsistent with this Charter, or with the laws and Constitution of this Commonwealth or of the United States. They shall also submit, annually, to the General Assembly, a detailed statement of the condition of the several funds, the character of the investments, the income during the year, by bequest, or otherwise, the net income of the Association, and the amount on hand for distribution.

ARTICLE VI.

This Constitution may be altered or amended by a two-third vote of the General Assembly at any of its annual meetings; *Provided*, That such alteration or amendment does not conflict with the Constitution and laws of the United States or of this Commonwealth, or with the general provisions of this Charter, or with the interests of those sought to be benefited by this Association.

On this part of the report the following action is recommended:

Resolved, 1. That the General Assembly of the United Presbyterian Church of North America does hereby accept and adopt the foregoing Constitution, and under it does hereby organize and establish the "Mutual Aid Fund" of the United Presbyterian Church of North America.

Resolved, 2. That nine Trustees be elected at this meeting, viz: three ministers and six laymen, who shall constitute the first Board of Trustees of the "Mutual Aid Fund."

Resolved, 3. That the Trustees thus elected are hereby authorized and instructed to obtain a charter from the proper authorities creating them a body politic, with all the rights and privileges of any other corporate body in the Commonwealth of Pennsylvania, within the limits mentioned and declared in the foregoing Constitution.

Resolved, 4. That in order to give complete success to this organization, and secure to each minister's family in the event of his death the aid contemplated, it shall be the duty of all the ministers of the United Presbyterian Church, and of all who may hereafter become ministers, to become members of said "Mutual Aid Fund."

Resolved, 5. That this organization shall go into operation when two hundred or more ministers have become members by paying the sum of twenty dollars each, said payments to be made between the dates of July 1st, 1874, and October 1st, 1874; the certificates of payment to bear date of July 1st, 1874.

Resolved, 6. That in the event of a failure to secure two hundred contributing members during the period above mentioned, the Trustees may extend the time to July 1st, 1875, and if the number of two hundred shall not then have been secured, they shall, within thirty days thereafter, return to the parties contributing the amount paid by each respectively.

All of which is respectfully submitted.

By order of the Board.

REPORT ON NARRATIVE AND STATE OF RELIGION.

Your Committee regret that, owing to the illness of Brother Sands, the Chairman of this Committee, appointed by the last Assembly, and his recent departure to Europe, the preparation of this report has fallen to other hands.

The reports of forty Presbyteries have been before us. No reports have been received from the following Presbyteries, viz: Brookville, Caledonia, Cleveland, Chicago, Delaware, Detroit, Egypt, Garnett, Kansas, Mercer, Michigan, Oregon, San Francisco, Sealkote, Tennessee and Western Missouri.

It is to be much regretted that the reports of the above Presbyteries have failed to reach your Committee, as the value of this paper must largely depend on the fullness and completeness with which it presents the Church's record, and the state of religion in her bounds.

We have carefully gone over all the reports before us, and gathered such items and facts as enable us to make the following statements:

1.—HEALTH AND LABORS OF MINISTERS.

Thirty Presbyteries report in relation to the health and labors of their ministers. With but very few exceptions, it appears that our ministers have had good health, and have been uninterruptedly engaged in their great work.

2.—CHANGES IN THE MINISTRY, ORDINATIONS, INSTALLATIONS AND LICENSURES.

Most of the Presbyteries have made reports on the above topics, as had been suggested by the "outline" furnished them. But as there will be a record of these in the Appendix to the printed Minutes, it will not be necessary to give either names or dates here.

Twelve ministers have died during the year. Twenty-nine pastors have been released. Only sixteen ordinations have been reported. Thirty-four installations are mentioned by the Presbytery reporting, and fourteen licensures.

If the reports which are before us are at all full and accurate, there is much reason to lament that so few are entering the Gospel ministry. It would perhaps be well for the Assembly to notice this evil, and try, if possible, to remedy it.

3.—STUDENTS OF THEOLOGY AND PROSPECTS OF INCREASE.

Many Presbyteries report that they have no students of theology under their care; and no prospects of any. Some Presbyteries that have frequently had five or six young men in training, have but one now, or perhaps none. Only seven Presbyteries report encouragingly in regard to their prospects for students.

4.—RELEASES AND CAUSES.

Twenty-nine releases have been reported. Two or three of these from one branch of a charge, that the whole of the pastor's time might be given to the remainder of it. In only a few instances is want of support mentioned as the cause of ministers leaving their charges. We would infer from this that our ministry is better supported than during some former years. If this should prove to be a fact, it is proper that it be gratefully acknowledged. A number were compelled to give up their congregations on account of ill-health, or the infirmities of advancing years. In most cases, however, the cause is not stated.

5.—NEW ORGANIZATIONS.

Allegheny, Chillicothe, Lake and Stamford are the only Presbyteries which report new organizations. We think it is probable, that many other Presbyteries have organized new congregations, but no report of it has been made.

6.—DISSOLUTION OF CONGREGATIONS OR REMOVAL FROM OUR FELLOWSHIP.

Rehoboth, in Beaver Valley Presbytery, was dissolved February 17th, the field being occupied by Remington and Oakland congregations.

Whitinsville, in Boston Presbytery, was dissolved April 22d, and one congregation in Wisconsin. The cause in both cases being want of harmony. One congregation, in Wisconsin Presbytery, has left our fellowship.

Digitized by Google

It would thus seem that the attachment to our Church and her principles, by the ministers and people, is strong and increasing.

7.—SABBATH SCHOOLS.

We have exceedingly favorable and encouraging reports of our Sabbath Schools from almost every Presbytery reporting. In all quarters the interest in this good work of the Church is increasing. One congregation is successfully striving to get the whole congregation into the Sabbath School.

In many congregations the accessions to the Church are largely from the Sabbath School. The attendance of the scholars upon the preaching of the gospel, seems to be quite general, except in two Presbyteries—Monongahela and Philadelphia. Monongahela reports that while all attend in the country, but few attend in the city. Philadelphia reports the *one-fourth* as attending. There is surely something painfully suggestive in these statements.

8.—CONDITION AND SPIRIT OF OUR CHURCHES.

The general condition and spirit of our churches are highly favorable. Peace and harmony almost universally prevail. Many congregations have received large accessions to their numbers. Both ministers and ruling elders are "well reported of"—earnestly and faithfully engaged in their appropriate work. Cases calling for discipline are rare. Dissensions in congregations and Presbyteries are but seldom heard of. The Presbyteries make no report of any minister being suspended. All, as far as reported, are true to their profession and loyal to the doctrines of the Church. With a sound creed, an able and faithful ministry, and an earnest and united membership, we may go forward in our work hopefully and joyfully.

9.—REVIVALS, AND THE MEANS USED.

Thirteen Presbyteries report revivals in their bounds. In some of them one-half of the congregations, or more, were refreshed by an unusual descent of the Spirit. In others, only one or two have felt, in any marked degree, His reviving power.

The Means Used.—In every instance of revival reported, the means used were the same, viz: *the Word and prayer.*

Meetings for prayer were held day after day, and week after week.

The propriety of holding a *series* of meetings for religious exercises has been questioned in some quarters. Be this as it may, there can be no question as to the blessed results which follow, when God's people "continue with one accord in prayer and supplication."

One Presbytery reports, "No *extra* effort, and no extraordinary revival." This is what might be expected, for has not God said, "I will put my Spirit within you, and cause you to walk in my statutes. * * * I will yet for this be enquired of by the house of Israel to do it for them."

10.—PREVAILING ERRORS AND SINS WHICH HINDER THE WORK, AND ENDANGER THE FAITH OF MEMBERS.

Quite a number of errors and sins are referred to by the different Presbyteries. Those most frequently named are "*Covetousness*," "*Intemperance*," and "*Secret Societies.*"

Six Presbyteries name *Covetousness*, and other sins; *seven* mention *Intemperance*, along with other sins; *eleven* name *Secret Societies*, particularly the order of "Patrons of Husbandry." Sabbath Desecration and Infidelity are referred to by two or three Presbyteries.

It appears, then, from these statements from different Presbyteries, that the good work—the work of glorifying God in the conversion of sinners, and edifying of saints, is hindered among us, by Covetousness, Drunkenness, and Secret Societies, more than by any other evils; and that *the evil*, which, above all others, hinders the work, and endangers the faith of our members, is Secret Societies!

A very humiliating thought, in connection with this matter, is this: That while secret oath-bound associations are hindering God's work, and endangering the faith of his people, nearly all the pulpits and religious papers of the land are as silent as the grave on this subject. But then they were quite as silent on the subject of slavery fifteen years ago

11.—THE WOMEN'S TEMPERANCE MOVEMENT.

A number of Presbyteries have referred to the recent temperance movement, initiated and carried forward by the women of the country. This report on the state of religion would certainly be sadly defective if it should fail to make any record of this remarkable movement. Beginning, we believe, in the southern part of Ohio, in the early part of the past winter, its influence has been felt throughout the whole land. Hundreds, perhaps thousands, of liquor saloons have been closed, and many who had been engaged in the sin of selling or using strong drink have been converted. Some Presbyteries report an increasing religious interest in connection with this movement. It would seem, wherever it has taken a deep hold on any community, there has been a wonderful reformation, not only as regards drink, but a turning from other sins, such as profanity, Sabbath desecration, neglect of divine ordinances, etc.

Our people, so far as is known, have heartily joined in the movement, and many of our Presbyteries have expressed the warmest sympathy with it. Our ministers generally, we think, have declared from their pulpits their decided approbation of the self-denying labors of those noble women who have been engaged in the work.

What has been accomplished in this reform by the Christian women of our land, may be, we trust is, but the beginning, on their part, of work which shall go on, becoming broader and deeper, grappling with kindred evils, consecrated by female devotion, and vitalized by God's spirit, until drunkenness, impurity and similar evils, shall be swept from our land.

12.—CONCLUSION.

Brethren of the General Assembly, in concluding our report we would call upon you to join with us in devout thanksgiving to Almighty God, through our Lord Jesus Christ, for all the mercies vouchsafed to us as a Church during the past year.

In all departments the Church's work has been attended with a good degree of prosperity. In both the home and foreign field it has been successfully prosecuted.

Our ministry have not been led aside to "strive about words to no profit, but to the subverting of the hearers"—neither have they "shunned to declare the whole counsel of God."

Peace and good will among brethren have been enjoyed, in an unusual degree, throughout all our borders, and thus, "the name of the Lord Jesus has been magnified," and "the God of Israel glorified."

REPORT OF PERMANENT COMMITTEE ON SABBATH SCHOOLS.

The Permanent Committee on Sabbath Schools respectfully submit this their annual report:

CONTRIBUTIONS.

According to the action of the last Assembly, the Committee, at their quarterly meeting, recommended the schools, throughout the Church, to give their contributions for the ensuing quarter to a certain object named. It is known that some of the schools acted upon these recommendations. The great majority, however, seem to have chosen their own object for their contributions. Unless there shall, in the future, be a more general attention given to the recommendations of the Committee, it would probably be better to discontinue this part of the Committee's instructions. The recommendation often holds out a hope with respect to the object recommended. This hope is disappointed, and injury instead of good may result.

TRAINING OF TEACHERS.

The following resolution, contained in the report of the Committee of last year, was referred to the Permanent Committee, with instructions to report thereon to this Assembly, namely:

"*Resolved*, 8. That the special training of teachers for their work, before entering upon it, is a matter of great importance, and that this Assembly will appoint a committee to report a plan by which Presbyteries, or Sessions, may be guided in accomplishing this work systematically and efficiently."

The Committee are more and more impressed with the importance of training teachers for their work. Herein lies the great defect of the Sabbath School at the present time. In no department of trade or training, is the matter of the qualifications of the workmen so much disregarded. Yet, with the exception of teaching in the family and in the pulpit, there is no work so important as this.

To devise a plan, however, "by which Presbyteries or Sessions may be guided in accomplishing this matter systematically and efficiently," is no easy task. It seems to the Committee that, if training schools could be established by each Presbytery, and if all persons who are to be employed as teachers should be required to attend a prescribed course of study, and for a prescribed time, in them, and if they should be required to have a certificate to this effect, that thus the great end sought would be most effectively secured. It is probable, however, that but few, if any, of the Presbyteries are prepared to undertake a work of this kind and magnitude.

We are compelled, therefore, for the present, to look to pastors and Sessions for the accomplishing of this desired object. The Committee deem it a thing quite possible for almost every pastor, or Session, to establish in the congregation a training school. Into this may be admitted teachers who are already engaged in the work, together with those whom it may be judged desirable to have employed in it when they shall be qualified. A course of Biblical, doctrinal and practical instruction might be arranged by the pastor, or Session, in each case, to suit the circumstances. If any suggestion, as to the course of study, might be deemed necessary, the Committee would indicate that, in connection with Biblical lessons, the Shorter Catechism, with the Scripture proofs and explanations of the more difficult words, as published by our Board, might well be made the basis for systematic training in the great doctrines of the Scriptures. In addition to this, the pastors, or Sessions, could arrange for themselves a course of lessons in practical teaching. By adopting such a plan as this, it can not be doubted that teachers would be much better qualified for their duties than they are at present. The absolute necessities of the case should lead to its adoption at once in every case in which it is at all possible.

SEPARATION OF THE SABBATH SCHOOL FROM THE CHURCH.

The Committee cannot but express their conviction that there is a growing tendency to separate the Sabbath School from the Church. Each succeeding year brings increased evidence with it that, especially in the larger towns and cities, the gospel is but seldom preached by Christ's sent ambassadors to a large proportion of the children that attend the Sabbath School. Even the children whose parents belong to the Church, are allowed to go home from the Sabbath School, and seldom or never enter the house of God with their parents. The evil that must follow from this is incalculable. Thoughtful persons cannot but be alarmed, they are indeed alarmed, at this state of things. The habit of attending the services of the Church, so powerful in after life, is not formed in the case of these youth. They will not be likely to form it when they are grown. They do not, at the time they are most impressible, hear the word preached by those whom God has ordained to preach it. Even if they should afterwards hear it, opportunity has been lost that can never be recovered. The Sabbath School is thus practically becoming the instrument of withdrawing the most hopeful hearers, in multitudes of instances, from the influence of the preached gospel. The Assembly should issue its solemn warning, in this matter, to pastors, elders, teachers and parents. The Sabbath School and Church should be regarded as a unity. To separate them, or to allow them to become separated, is to work incalculable harm and loss. To avoid this separation let the services of the Church and Sabbath School be so arranged that the children can, without oppression, attend both; and let pastors, elders, teachers, and especially parents, use all their influence and authority in order to secure the attendance of

Digitized by Google

the children upon the exercises in both church and school. If they must be absent from either, we would say, let it be from the Sabbath School, rather than from the preached gospel. But in all ordinary cases they need be absent neither from the one nor the other.

READING MATTER FOR THE SCHOOLS.

Complaints in regard to the literature that is introduced to the schools are frequent, and we judge that, in many cases, they are well grounded. It is difficult to suggest a perfect remedy for this evil. The children will read something, and it may be assumed that they will not read such works as are often read with pleasure and profit by older persons. They must have something that is adapted to their age and taste. It is feared that the general tendency, from reading the books that are found in most of the Sabbath School libraries, is to produce a fondness for light reading. This is, of course, an evil greatly to be deprecated. But how is it to be counteracted and removed? In reply to this question it may be said, that if our ministers, and intelligent laymen, would prepare more books for the young, and have them published, good would result. This work has been left in a large measure, to the writers of story-books. When libraries are to be selected, there is often but little choice.

Good might also be accomplished, if pastors, teachers and superintendents would, when they find a really good and safe book, report the title of it to our Board of Publication, and, if approved, have it placed upon their list of suitable books. A selection might thus be made that would be, in a great measure, free from objection. A few good books, either prepared by our own ministers, or thus carefully selected, might be made to answer the demands of the schools, and these would be much better than a far larger number, prepared by incompetent persons, or selected without proper knowledge of their contents.

MISSIONARY CHARACTER.

The Committee deem it to be important to urge again, in their report, the importance of giving a missionary character to the schools. These should be made active both in doing and in giving to Christ's cause. It should be the aim of every school to gather into its fold the neglected children of the neighborhood. Officers, teachers and scholars should all be engaged in this work as they have time and opportunity. Care should also be taken to cultivate in all the children the spirit of beneficence. If this spirit be educated in them while young, they will carry it with them in after life, and good results must follow. To cultivate this spirit instruction should be given carefully and frequently, and opportunity of contributing should be afforded in every school at each session.

HELPS FOR TEACHERS AND SCHOLARS.

In order that teachers may do their work intelligently, and the scholars prepare their lessons, it is absolutely necessary that help be given them. It seems to be almost universally agreed that this assistance is best afforded by means of notes, prepared specially for the teachers, and by some simpler lessons for the scholars. It is the judgment of the Committee that such help should be given to our schools, and that it should be given by the direction of the Assembly. It is true that notes are carefully prepared by other Churches, or by individuals; but, as a matter of course, none of these contain anything pertaining to the principles, work or polity of our Church. If our children are to grow up attached to our Church, to her principles and work, they must be trained in the right direction. Hence the necessity that the help given to the Sabbath Schools should be prepared by the Church herself. It is suggested that the Permanent Committee on Sabbath Schools might be charged with this matter. The Assembly might instruct that Committee to prepare, or to secure the preparation of, notes for the teachers and helps for the scholars, and publish these in such periodical or periodicals of the Church as may admit them, or as the Committee may select.

CHANGE OF COMMITTEE.

The Committee would suggest that, as they have now served for two years in this capacity, it might be well for the Assembly to relieve them and appoint a

Digitized by Google

new Committee, the members of which would be in some other location in the Church.

The following resolutions are presented for the consideration of the Assembly:

Resolved, 1. That a Permanent Committee on Sabbath Schools be continued, and that they be directed to agree upon, and publish, prior to the beginning of each quarter of the year, suitable objects for the contributions of the children; and that the schools be requested to give special attention to these recommendations of the Committee.

Resolved, 2. That in all cases in which it is possible, pastors or Sessions be directed to establish classes in their congregations for the training of teachers; that, along with the Bible, the Shorter Catechism be used as the basis of systematic doctrinal instruction in these classes, and that special lessons be given in the art of teaching.

Resolved, 3. That as the preaching of the gospel is the great instrumentality for the conversion of children, as well as of grown persons, pastors, elders, teachers, and especially parents, should see to it that the children of the Sabbath Schools attend upon the regular services of the Church, and in all cases where parents neglect to take their children with them to the church, they should be admonished in regard to their duty in this matter by those who have the spiritual oversight of them and their children.

Resolved, 4. That the attention of our ministers and intelligent laymen be directed to the importance of preparing and publishing suitable books for the Sabbath School library; and that when any minister, or member, has become acquainted with a really good Sabbath School book, he be requested to forward the title of it to the Board of Publication, that it may be more fully examined, and, if approved, placed upon the list of publications kept by the Board for the use of the schools, and also that the Board be directed to publish, from time to time, a descriptive list of the books which they have selected, and send a copy of said list to each pastor in the Church.

Resolved, 5. That every Sabbath School should be missionary in its character—all connected with it should be engaged in efforts to bring in neglected children, and an opportunity should be afforded the scholars, at every session, to contribute of their substance for missionary work.

Resolved, 6. That it shall be the duty of the Permanent Committee on Sabbath Schools to prepare, or secure the preparation of, suitable notes for the teachers, and lesson papers for the children, and that they be directed to publish them in such periodical or periodicals of the Church as may be willing to admit them, or as the Committee may deem best adopted to the purpose.

Resolved, 7. That be the Permanent Committee for the ensuing year.

Respectfully submitted by the Committee,

W. W. BARR, *Chairman.*

REPORT ON THEOLOGICAL SEMINARIES.

The Committee on Theological Seminaries, appointed by the last General Assembly of the United Presbyterian Church, held a meeting on the 5th and 7th of August, in the city of Pittsburgh. The following members were present, namely: Drs. Wilson, Dales, Kerr, Harper, Clark, Bruce, Young and Cooper, and Prof. Stewart. A letter was read from Dr. Clokey expressive of his views. A letter from Dr. Scott was announced, and its purport intimated by Dr. Young. After a prayerful and deliberate consideration of the subjects referred to them, the Committee, with a great degree of unanimity, adopted the following resolutions, to be submitted to the next General Assembly:

ON TERM OF STUDY.

Resolved, 1. That the term of study prior to licensure in our Seminaries be three years, of seven months each, beginning on the first Wednesday of October.

2. That for the benefit of licentiates who have gone through the aforesaid term, there shall be an advanced course of three months, beginning on the first Wednesday of October.

3. That in view of the existing arrangements of students, the ensuing session shall be limited to six months.

ON SUBJECTS OF STUDY AND TEXT BOOKS.

Systematic Theology.

Resolved, 1. That it is inexpedient to designate any special text-book in the department of Systematic Theology, aside from the Scriptures and our subordinate standards, to which, of course, constant reference should be had; and that it is wise to allow in the method of instruction a wide latitude for the individual tastes and preferences of the Professors.

2. That the entire system of Theology be divided into three sections, which shall be studied in their order, in as many sessions, so as to complete, in three years, the entire regular course, and that the same section be studied each year in all the Seminaries, the first section to close with the topic of the divine decrees, the second with that of the offices of Christ, the third to end with the close of the commonly recognized system.

3. That, whereas, it is ascertained that in three of the Seminaries the second of the aforesaid sections would, according to present arrangements, form the subject of instruction during the next session, therefore that section shall be the subject of tuition in all the Seminaries during the ensuing regular session.

Church Government and History.

Resolved, 1. That the attention of the students during the first session be occupied with the history of the Old Testament Church; during the second the organization of the New Testament Church and its history to the Reformation; and during the third, the Reformation and the history following to the present time.

2. That the Bible, with Kurtz, or such other works as may be considered useful in different parts of the course, be used as text-books.

Biblical Criticism and Hermeneutics.

Resolved, 1. That as far as possible the Greek Testament shall be read over in the course of three years—the Gospels forming the section for the first year; the Acts, with the epistles to the Romans and the Corinthians for the second year; and thence to the close of the New Testament, for the third year; and that, in addition, certain portions be selected, each session, for particular exegetical examination.

2. That in view of present arrangements in the Seminaries, the second of the foregoing sections shall form the subject of study for the ensuing session.

3. That the reading of the Hebrew Scriptures shall be in the following order of sections, namely—the historical books in the first session; the books of Job, Psalms, Proverbs, Ecclesiastes and the Song of Solomon in the second, and the remaining books in the third session—the Professors to exercise their discretion in selecting from time to time portions within the divisions just specified, and that the first section furnish the subject of study during the ensuing session.

4. That in the department of Biblical Criticism and Hermeneutics, the Professors shall, by lectures or otherwise, labor to familiarize the students under their care with the great questions claiming consideration in connection with these subjects.

Pastoral Theology.

Resolved, That in the department of Pastoral Theology the course shall be divided into three parts, one for each session, in the following order, namely—for the first year the Directory for Church Government; for the second year Homiletics; it being understood, however, that each student shall have exercises in the composition and delivery of sermons, in reading and public speaking, through the whole course of the Seminary; and for the third, the Directory for Worship and the pastoral work generally.

Advanced Course.

Resolved, That the licentiates shall be required to give special attention to present forms of skepticism and unbelief, church discipline, exercises in sacred

rhetoric, and whatever else may be needed to complete their seminary training for the work of the ministry in both the home and foreign fields.

ADDITIONAL RESOLUTIONS.

Resolved, 1st. That the arrangements just made in regard to study in the departments of Church History, Church Government and Pastoral Theology be not carried into effect until the session beginning October, 1874, as the course now in progress in those departments could not be satisfactorily completed before that time.

Resolved, 2d. That the Committee take the liberty of expressing it as their unanimous opinion that the best interests of students require their uninterrupted attendance during the three sessions previous to licensure, and earnestly entreat Presbyteries to act accordingly. They also express the judgment that it is much to be desired that Presbyteries seek to promote the interests of students by a careful oversight of their studies, and that students should prosecute their studies on all subjects of their course in general reading, and especially in the reading of the original Scriptures during the vacations.

Resolved, 3. That a committee, consisting of Drs. Kerr and Cooper, be appointed to prepare a report in proper form for the next General Assembly, embracing the action of this Committee, and to publish, in the periodicals of the Church, so much of this action as immediately concerns the students and bears on the subjects of study for the approaching session.

The undersigned, as directed in the last resolution, submit to the Assembly the action of the Committee, as embodied in the above resolutions.

J. T. COOPER,
DAVID R. KERR.

REPORT OF THE SPECIAL COMMITTEE ON BOARD OF PUBLICATION.

A meeting of the Committee was arranged for the 14th inst. Only one member was present. The information derived by the Committee was cheerfully furnished by the Superintendent, Rev. S. Collins, and the Committee was greatly aided by Messrs. Gormly and McCance, members of the Board.

REAL ESTATE ON NINTH STREET, PITTSBURGH.

The building is commodious, well arranged; seems to be well built, of brick, handsome iron front, four stories in height, and in a good business locality. The original cost of erection was $48,105. There is an encumbrance of $11,000. The property is supposed to be worth, at the present time, $60,000. The revenue from rents, during the past year, was $4,025. The title is in the name of the Board of Publication of the United Presbyterian Church of North America. Your Committee recommends the payment of mortgages at the earliest moment.

STOCK ON HAND, BOOKS, PAPER, &C.

The inventory was not completed, but will be furnished to the General Assembly. As far as could be examined, the stock seemed to be in good condition. It is recommended that all future inventories shall be taken at the actual cost, or present cash value.

STEREOTYPE PLATES.

These are estimated as being worth about $21,000. A portion of these are in Philadelphia. No estimate could be made of their real value. A large sum of money is invested in these, and it is earnestly recommended that a correct estimate be furnished to the next General Assembly.

BOOK ACCOUNTS DUE TO THE BOARD.

These number over 700, aggregating in amount about $16,000. Some of recent date, others extending over a period of years, some of long standing. The greater

portion of these are considered good. There has been no classification, showing the good, bad, and doubtful. This department of business needs a thorough revision, and the enforcement of new regulations as to credits.

MANNER OF CONDUCTING THE GENERAL BUSINESS.

The Board does not seem to have taken the responsibility, during some years past, of having the business systematized. The plan adopted, when the Board was in its infancy, has been continued from year to year. There is an entire absence of checks upon the business, and an examination of the books, up to March last, shows a very unsatisfactory state of affairs. The necessity of giving particulars has been partly avoided by the action of the Board, at its meeting held January 26, 1874, which, if strictly adhered to, will remedy former defects, and be the means of putting the business affairs of the Board in such a condition as to be easily understood. The employment of a bookkeeper, who entered upon his duties in March last, is specially commended. It is due to the Superintendent, to mention that the work devolved upon him was greater than one man could properly attend to, and that his duties have been as faithfully discharged as could be, under the circumstances.

By some oversight, or misunderstanding, the Board was without a Treasurer during the past year, and the office was filled by the Superintendent. The Board has elected a new Treasurer, and is making arrangements for securing a proper disposition of the funds.

It is earnestly recommended that the General Assembly advise the Board that it is responsible for the management of the affairs and business of the Board, and that there should be no hesitation in assuming this responsibility at the earliest moment.

The following action is recommended:

1st. That the Board shall allow a discount on all purchases for cash.

2d. That a discount shall only be allowed on sales to Churches, Sabbath Schools and ministers in connection with the United Presbyterian Church, and that all other sales shall be at retail prices.

3d. That the Board be instructed to add to its By-Laws the following articles:

A. *A Competent Bookkeeper*

Shall be appointed, whose duties shall be to keep the books and accounts of the Board, make payments to the Treasurer at least once a week, receive and acknowledge receipts of money, correspond with persons indebted to the Board, and assist in making sales, and shall give security for a faithful performance of duty.

B. *A Business Committee.*

1st. This Committee shall consist of three members, besides the Superintendent and Treasurer, and three shall be a quorum.

2d. The Committee shall meet at least twice a month, and shall keep full minutes of all its proceedings, which shall be read to the Board at its next meeting.

3d. It shall order the Treasurer to pay such bills as may have been reported correct by the Auditing Committee.

4th. This Committee shall have supervision of the business, the book-store and the property of the Board.

5th. It shall determine all questions relating to the paper, the style of binding and the quantity of the publications to be issued, and shall fix the prices of said publications.

6th. It shall be its duty to see that matter ordered by the Board to be published, is put to press, and issued with all practicable dispatch.

7th. It shall decide upon the propriety of executing all credit orders, making all purchases and contracts, and shall advise generally with the Superintendent on all matters connected with the business operations of the Board.

8th. It shall cause to be prepared, yearly, a fair balance sheet, made up to the first day of May, exhibiting fully the assets, resources, and liabilities of the Board, and shall present the same to the May meeting of the Board.

9th. It shall, through the Superintendent, engage all clerks and other employees in the book-store, and fix their salaries.

C. *Auditing Committee.*

1st. This Committee shall consist of three members, and shall meet at least once a month. It shall keep accurate minutes of its proceedings, which shall be reported to the Business Committee, at its next meeting.

2d. It shall examine and correct all bills and accounts due by the Board, and if found correct, shall recommend them to the Business Committee for payment.

3d. It shall oversee and direct the manner of keeping the accounts of the Board, and shall audit the Treasurer's annual account.

D. *Publishing Committee.*

1st. This Committee shall consist of three members, besides the *ex-officio* members, and three shall be a quorum.

2d. It shall meet at least once every month, and oftener, when called by the Editorial Secretary, and shall keep, in a suitable book, full minutes of its proceedings, to be read at the next meeting of the Board.

3d. On any matter laid before the Committee, by the Editorial Secretary, with his recommendation of it as suitable for publication, no final vote shall be taken within two weeks, unless a vote is agreed to by all the members present.

4th. It shall be the right of each member to have full opportunity to examine such matter before the final vote shall be taken.

5th. All criticisms, suggestions, and modifications proposed by any member, respecting any matter under consideration, shall be submitted to the Committee before the final vote, and, if either the Committee, or the Editorial Secretary, so desire, shall be presented in writing.

6th. No matter shall be recommended to the Board for publication, save by a vote of a majority of the entire Committee.

7th. Any matter submitted by the Editorial Secretary, with his decided disapproval, may be, by an immediate vote, rejected without further examination.

8th. This Committee shall determine the amount of copy-right to be paid for all works purchased by the Board.

E. *Editorial Secretary.*

1st. It shall be the duty of the Editorial Secretary to edit any periodicals authorized to be published by the Board.

2d. He shall receive all matter offered for publication, and shall submit it, with his judgment thereon, to the Publishing Committee.

3d. He shall conduct the correspondence with authors, and fix the price of copy-right, subject to the approval of the Publishing Committee. He shall prepare works for the press, and be responsible for the accuracy of the works published.

4th. He shall furnish the Board with such materials for the annual report to the General Assembly, as may properly belong to his department.

5th. He shall be *ex-officio* a member of each of the permanent committees, except the Auditing Committee.

F. *Business Superintendent.*

1st. This officer shall be under the more immediate direction of the Business Committee, and, under its supervision, shall take charge of the Board's buildings, keeping it, and the books, sheets, stereotype plates, and other property, in good order, and shall keep on hand such a stock of sheets and bound publications as that Committee may direct. He shall also procure and take charge of all policies of insurance on the property of the Board, and of all certificates of copy-rights on its publications.

2d. He shall make, subject to the approval of the same Committee, all contracts for printing, binding, engraving, stereotyping, and advertising. He shall also make all purchases of material used in the business, and give all orders for work, or materials, on behalf of the Board.

3d. He shall collect and lay before the Auditing Committee, at its monthly meeting, all bills due by the Board.

4th. He shall take charge of the sales, and use all practicable means to extend them. He shall receive all orders for books, and shall conduct the correspondence with booksellers, and other business correspondents.

5th. He shall report, monthly, to the Business Committee, the amount of sales by the store.

G. *Officers Combined.*

The duties of Editorial Secretary and Business Superintendent may be performed by one person, until such time as the Board may think it prudent to make a separation.

H. *Annual Report.*

The Secretary of the Board shall prepare the Annual Report for presentation to the General Assembly.

In explanation of the action now proposed to be taken by the General Assembly it may be stated:

1st. That the Board does not make any distinction between purchasers who pay cash and those who buy on credit; an inducement should be offered to cash buyers, and an effort made to largely increase the cash sales.

2d. That the Board should obtain the regular retail price for small sales, and from persons not in connection with the United Presbyterian Church. The rule in operation is to take off the discount to all purchasers.

3d. That the office of book-keeper is a necessity, and should be made permanent.

4th. That a Business Committee, Auditing Committee and Publishing Committee, are essential to a proper management of the business, and are required to secure division of responsibility, and the proper checks in conducting the operations of the Board.

5th. That while the duties of Editorial Secretary and Business Superintendent are now discharged by one person, under the title of Superintendent, the time is coming, when the operations of the Board will require a division of labor. The amendments suggested, clearly define the duties of these officers.

6th. It is believed that the action now recommended, will enable the Board to conduct its business in a manner that will be satisfactory to itself, and that will inspire confidence throughout the entire Church.

The amendments providing for the Committees, and prescribing the duties of Editorial Secretary and Business Superintendent, have been taken from the By-Laws of one of the best managed Publishing Boards in this country, and are the results of many years practical experience.

Respectfully submitted,

WM. GETTY.

The report of the Committee to revise the rules of the Board and General Committee of Home Missions was at the same time taken from the docket and adopted. It is as follows:

REPORT ON THE REGULATIONS OF THE HOME MISSION BOARD.

The Committee appointed by the last Assembly to revise the Regulations of the Board of Home Missions would report that they have attended to the duty assigned them, and they see no reason to recommend any change.

These regulations, as reported to the last Assembly, are as follows:

I. REGULATIONS FOR PRESBYTERIES.

1. Each Presbytery shall appoint, annually, one delegate to represent it in the General Committee of Home Missions. If it be possible to avoid it, Presbyteries shall not appoint as delegates persons receiving or expecting aid from the Home Mission Fund.

2. Presbyteries shall report annually, not later than the 20th of April, to the Corresponding Secretary of the Board of Home Missions:

(*a.*) The names of Mission stations for which aid is needed, and the amount which, in the judgment of the Presbytery, should be granted to each one.

(*b.*) The number of missionaries whose services they desire for the next year.

(*c.*) The names of all unsettled ministers and probationers connected with the Presbytery, who are suitable and willing to receive appointments.

(*d.*) Answers to any questions which the Assembly may authorize to be addressed to them.

(*e.*) The names of delegates to the General Committee.

3. In making recommendations for aid, Presbyteries shall observe the following rules:

(*a.*) No station shall be recommended in which the contributions of the people are not in reasonable proportion to their ability, nor shall any amount be asked beyond what, in the judgment of the Presbytery, is really necessary.

(*b.*) Whenever practicable mission stations and congregations shall be grouped together in convenient pastoral charges, and no station shall be recommended for aid which can be conveniently united with a neighboring station or congregation in one charge, for which no help would be necessary.

4. No station or congregation, not contributing to the Boards of the Church, or which obtaining aid from the Board of *Church Extension* refuses the required security, shall receive aid.

5. Presbyteries shall assign the missionaries appointed to them to different stations as they may judge best, and shall be under obligations to keep them employed, or otherwise to pay them at the regular per diem.

6. Leave to supply themselves shall not be granted to stations and vacancies when such permission would leave without employment missionaries assigned to the Presbytery, and willing to fulfill appointments.

7. Presbyteries shall not be under obligation to find employment for men not appointed to labor in their bounds, or merely referred back to them.

8. When a missionary is settled by any Presbytery, who has unfulfilled missionary appointments outside its bounds, that Presbytery shall supply his place out of the appointments made for it, if there by any.

9. In case any missionary shall fail to fulfill his appointments, without giving satisfactory reasons, the Presbytery concerned shall report the facts to his Presbytery.

10. Each Presbytery shall nominate, annually, to the General Assembly, one of the ministers connected with it, for appointment as Superintendent of Missions for the Presbytery. It shall be his duty to superintend the mission work in his Presbytery; to obtain a quarterly report from stations receiving aid, and from missionaries laboring in the Presbytery; to make a quarterly report, in the form approved by the Assembly, to the Corresponding Secretary of the Board of Home Missions; to receive from the Treasurer of the Board, receipt for, and distribute the money appropriated to aid congregations and stations, and in general to act as the organ of communication between the Board and the Presbytery, and perform such duties as the Assembly may direct.

II. REGULATIONS FOR THE GENERAL COMMITTEE.

1. The General Committee of Home Missions shall meet annually, at or near the the place appointed for the meeting of the Assembly, seven working days before the session of the Assembly begins. A majority of delegates, duly appointed by Presbyteries, shall be a quorum.

2. The General Committee when assembled, shall be called to order by the Corresponding Secretary of the Board of Home Missions, who shall be, ex-officio, permanent Secretary of the General Committee and shall preside until an organization is effected. He shall call the roll and if a quorum be found present, the organization shall be completed by the election of a Chairman and an Assistant Secretary.

3. The business of the General Committee may be taken up in the following order:

(*a.*) Consideration of the Annual Report of the Board, so far as necessary.

(*b.*) Appropriation of money.

(*c.*) Distribution of men.

(*d.*) Miscellaneous business.

4. On the second day of the meeting two committees shall be appointed, the members of which shall be nominated by the Chairman, viz:

(*a.*) A committee on Special Missions.

(*b.*) A committee on Resolutions and Recommendations to the Assembly.

5. In the appropriation of money the General Committee shall keep in view the interests of the whole field and the relative importance and necessities of the different parts. The following order of procedure may be observed:

Digitized by Google

(*a.*) Fix the maximum amount to be appropriated.

(*b.*) Take up the application of Presbyteries in the order in which they stand on the Secretary's record of reports.

(*c.*) As each Presbytery is taken up hear the delegate from that Presbytery, taking care to ascertain that the rules relating to recommendations for aid have been observed, and then take action on each separate application.

(*d.*) When the list has been gone through, the appropriations may be revised, if it is found necessary.

6. In the distribution of men, also, the General Committee shall keep in view the interests of the whole field, and the relative claims of different parts. Appointments shall not be made for less than three months, except in the case of probationers expecting to return to the Theological Seminary. Care shall be taken that the appointments of a missionary be not unnecessarily scattered, and his reasonable wishes, if known, shall be regarded so far as the circumstances of the case will permit. The following order of proceeding may be observed:

(*a.*) Take up the names of missionaries separately, in the order in which they are entered on the Secretary's book as reported by Presbyteries.

(*b.*) The delegate from the Presbytery reporting the name may be heard.

(*c.*) Applications for his services may be received. If there are several, they shall be noted by the Secretary or his assistant in the order in which they are recognized and announced by the Chairman.

(*d.*) Hear statement of claims from the different Presbyteries in order as noted, and any other remarks.

(*e.*) The vote shall then be taken. The following order in taking the vote is recommended where there are several applications: 1. Let the request of competing Presbyteries be arranged and voted on in order as follows: Those covering the whole year; those for more than one quarter; those for the several quarters in order. 2. If for any of these periods there are competing requests, let the vote in favor of each competing Presbytery be taken by raising the hand, or by rising, and let the highest vote decide.

7. Under the head of miscellaneous business, the General Committee shall receive and act upon the reports of committees, and take such action as may be thought proper on any matter relating to the Home Mission work.

8. When all business is thus transacted, a full report of the proceedings shall be prepared. This report shall be signed by all the officers, and shall be presented to the Assembly as soon as possible after the opening of its sessions, for revision and final adoption. If possible the whole report shall be printed and copies distributed among the members of the Assembly, before it comes up for action.

III. REGULATIONS FOR THE BOARD.

1. The Board of Home Missions shall meet on the second Monday of every month. At the first meeting after the adjournment of the General Assembly in each year, they shall elect from their own number a President and a Recording Secretary to serve one year. They shall also elect a Treasurer, at the same time and for the same term, and shall require from him such security as may be judged necessary.

2. It shall be the duty of the Board to carry out the measures adopted by the General Assembly, from year to year; to take general

supervision and control of the work; to meet emergencies arising during the year; and to make safe and proper investment of all funds intended by the donors or ordered by the General Assembly to be invested.

3. The Board is forbidden, except in case of extreme necessity, to grant appropriations of money to any station whose application for the current year has been considered and rejected by the General Committee or the Assembly.

4. Near the close of each quarter, the Corresponding Secretary shall forward to the Superintendents of Missions, blanks in the form approved by the General Assembly, for quarterly reports. When the reports are received, he shall number them in the order of date of the application, and shall draw orders on the Treasurer numbered in the same order, for the amount due to each Presbytery. In determining the amount due, those stations only shall be counted which are reported by the Superintendent of Missions as having fulfilled the conditions of the grant.

5. The Treasurer shall pay the orders drawn by the Corresponding Secretary in the order of their number. He shall pay the amount due to each Presbytery to the Superintendent of Missions for that Presbytery. He shall not pay out any of the funds in his hands without an order from the Corresponding Secretary, or from the President and Recording Secretary of the Board.

6. As a general rule no money shall be paid upon any appropriation to which unfulfilled conditions are attached, without the authority of the Board. The Board is required to exercise great caution in removing or changing the conditions attached to grants of money, and shall not do so in any case unless upon the formal request of the proper Presbytery, accompanied by a statement of reasons, entirely satisfactory to the Board.

7. Before the meeting of the General Committee of Home Missions in each year a full report shall be prepared and adopted by the Board, detailing its operations during the year; the conditions, prospects, and necessities of the work entrusted to its care, and the request of Presbyteries for men and money for the ensuing year; together with such recommendations as may be thought proper. This report shall be printed, laid before the General Committee of Home Missions on the first day of its meeting, and also before the Assembly.

8. It shall be the duty of the Corresponding Secretary, before each meeting of the General Committee, to make out a roll of its members from the official reports received by him from Presbyteries.

9. The Board shall see that the accounts of the Treasurer are properly audited at the close of each year, and that this is properly certified upon his annual report.

IV. MISCELLANEOUS REGULATIONS.

1. All contributions for Home Missions should be forwarded through the Financial Agent of the Presbytery to the Treasurer, and the Financial Agent shall forward to the Treasurer at least once per quarter.

2. Ministers engaged in secular employment shall not receive aid from the Home Mission funds.

3. Missionaries assigned to any Presbytery shall be for the time subject to the control of that Presbytery and shall not leave its bounds without permission. In case of inability to fulfill appointments it shall be their duty to notify the Superintendent of Missions.

4. Missionaries are earnestly exhorted to the performance of pastoral duty in the stations to which they may be sent. They shall make a re-

port of their labors at the end of each quarter to the Superintendent of Missions of the Presbytery, stating the time spent at each place; what amount of pastoral work has been done; whether they have been fully paid so far as it was the duty of stations to pay them, and any other facts of importance.

We would recommend the following:

Resolved, That these regulations be adopted for the government of the work of the Board of Home Missions.

The report of the Committee on the Board of Ministerial Relief was taken from the docket and adopted. It is as follows:

REPORT ON THE BOARD OF MINISTERIAL RELIEF.

The report of the Board shows a growing appreciation of the importance of its work. The claims of those, who have worn themselves out in faithful labors in the ministry, and of surviving, dependent relatives of faithful servants deceased, need only to be mentioned to awaken the sympathies and call forth the liberalities of our people. It is encouraging to learn that while there has been an increased expenditure, increased contributions have more than met it. More than twenty-one hundred dollars came into the treasury, of which over six hundred was applied in the direction intended. It is believed by your Committee that there are many more cases requiring aid, which the Church should not only make provision for, but search out and supply. Being but recently established, there may be ignorance of the existence of the Board, of its regulations, of the class of persons whose help is contemplated and the method of obtaining it. Besides, there is often a hesitancy on the part of those whose lives have been throughout nobly self-sacrificing to make application for their just share of that provision which the Church makes as a reward to the faithful rather than a gift to the indigent. The Church owes it to herself to bring to the door of her needy disabled servants and those dependent on them for support, this partial payment of the debt she owes them. As the surplus of the Contingent Fund is invested as a part of the Permanent Fund, it will not be available for the coming year. There is, therefore, a necessity for further, and, as a greater number of deserving ones are discovered and benefitted, for enlarged and more general contributions.

The Board was directed by the last Assembly to take legal steps to secure an act of incorporation, and a charter is transmitted to the Assembly for acceptance.

The following resolutions are presented:

1. *Resolved*, That Presbyteries be instructed to inquire into the condition and circumstances of disabled ministers and families of deceased ministers within their bounds, lest they be kept back by diffidence or lack of information or false notions of pride and propriety or by any other cause from seeking from this Board that which is their due.

2. That pastors and sessions of all our congregations be instructed and urged to give the congregations under their care an opportunity of contributing to meet the wants of this fund for the coming year.

3. That the charter accompanying the report of the Board be accepted, and the blank form of application submitted to the Assembly be approved.

4. That Messrs. Henry Harrison, James McCandless, James McCartney, and Rev. S. S. White, whose term of office has expired, be re-

Digitized by Google

elected for three years, and Mr. Thomas Stinson be elected to fill the unexpired term of William Arrott, who has resigned.

5. That W. W. Barr, D.D., be elected Corresponding Secretary for a term of four years.

The Committees on the Boards were instructed to nominate persons to fill any vacancies, which may exist in the Boards.

MONDAY.

9 o'clock A. M.

The Assembly met and was opened with prayer by the Moderator.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

Resumed the consideration of the report of the Committee on the Board of Home Missions, which was further amended and adopted. It is as follows:

REPORT ON THE BOARD OF HOME MISSIONS.

The Committee on the Board of Home Missions to which were referred the report of the Board of Home Missions and that of the General Committee would respectfully report that the operations of the Board during the past year have been conducted with efficiency and

Digitized by Google

encouraging success. It is also a gratifying and encouraging fact, that notwithstanding the disasters which have impaired the resources of certain sections of the country and the general financial pressure which has prevailed, the contributions of the churches to this Board have been such as to enable it to meet the claims of missionaries with more than usual promptitude. Still in view of the extended and continually widening field of labor to be occupied and the great importance of work, and in view of the fact that a considerable number of laborers were unemployed during the past year and a still larger number left without appointments for the coming year for lack of funds, it is apparent that the Church has not come up to the measure of her duty in her contributions to this Board. It is deserving of serious consideration, that while most, if not all of the other Boards of the Church are each year increasing their expenditures, and thus enlarging their usefulness, the amount which the General Committee has felt authorized, from the experience of the past, to apportion among the congregations and missionary stations asking aid has remained nearly the same for a number of years. This want of funds not only serves to cripple the operations of the Board, but the fact that so many willing and efficient laborers are left without employment by the Church, is the occasion in many instances of serious inconvenience or actual suffering to them and to their families, and cannot fail to exert an injurious influence in discouraging young men from entering upon the work of the ministry. Means should therefore be adopted to awaken a deeper interest on the part of the Church in the operations of this Board and to secure for it more liberal contributions. Your Committee would recommend to the Assembly for adoption the following resolutions:

1. That we recognize with gratitude the divine goodness and grace as manifested in the preservation of the lives of our missionaries in the home field during the past year, and in the success which has attended their labors.

2. That the action of the Board of Home Missions during the past year as embodied in its report to this Assembly be approved.

3. That the recommendations of the General Committee in reference to the distribution of men and money among the different Presbyteries, and also in regard to special missions be approved.

4. That in adopting this report the Assembly directs all missionaries to fulfill their appointments unless they can make arrangements satisfactory to all parties concerned to be released, and until the Presbyteries in whose bounds they propose to labor shall furnish acceptable substitutes.

5. That the resolutions reported by the General Committee to this Assembly be adopted.

6. That a Committee of three be appointed by this Assembly to bring the claims of Home Missions for prompt and liberal contributions before the Church.

7. That those ministers whose names have been before the General Committee for appointments but who have failed to receive them be referred to the Board of Home Missions for employment, so far as this may be practicable, and as the contributions of the Church may warrant.

8. That Revs. William J. Robinson, James Kelso and G. M. Reed, Esq., whose term of service expires at this meeting be re-elected.

Took up the report of the Committee on Sabbath Schools, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON SABBATH SCHOOLS.

The only paper before us is the report of the Permanent Committee on Sabbath Schools, which is full of interesting facts and important suggestions, to some of which as main points your Committee would call attention in the following resolutions:

1. That, in view of the importance of the lesson paper system and the necessity for the utmost care in the preparation of these papers, Rev. James Brown, D.D., be appointed to prepare the notes and lesson papers for the first quarter, beginning with July, Rev. J. T. Cooper D.D., for the second quarter, Rev. J. D. Gibson for the third quarter, Rev. R. A. McAyeal for the fourth quarter, and Rev. J. P. Lytle for the first quarter of the next year, and that the Permanent Committee be authorized to fill any vacancies in these appointments.

2. That the papers thus prepared be published by the Permanent Committee as heretofore and also in sheet form and be sold at a price simply to cover the expense of their preparation and publication.

3. That all our people are earnestly urged to use the International uniform lesson series, and to employ the papers published by the Assembly's Committee.

4. That in addition to these lessons, we earnestly urge and recommend the study of the catechisms of the Church in all our schools, and further that the Bible be read, as a regular exercise, in all the classes.

5. That, in order that all children may receive the full benefit of the system of lessons, it is of great importance that Sabbath Schools be kept open for the whole year.

6. That the special attention of sessions be called to that part of the Directory for Worship concerning the oversight of Sabbath Schools, appointment of officers, &c.

7. That the Permanent Committee be and hereby is directed to inquire into the feasibility of publishing a first-class weekly Sabbath School paper, and if the way be clear take measures to secure such a desirable object at the earliest possible day, provided that no expense be involved for the Assembly.

8. That all Sabbath School-workers should carefully guard against the use of worldly excitements and appliances to gather or interest children, but rather prepare and illustrate and so attract by earnestness, kindness, and diligence in Christian work.

9. That each Synod under the care of this Assembly be directed to spend at least one session each year in conference on this subject.

10. That the thanks of this Assembly and of the whole Church are due and hereby tendered to the Permanent Committee for their labors during the past three years, and we are especially gratified with their action in calling the recent Sabbath School Convention at Wooster, which it is hoped will be productive of much good.

11. That Revs. R. B. Ewing, J. S. Sands, A. H. Calvert, and Messrs. William Reed and Thomas H. Rabe, constitute the Permanent Committee on Sabbath Schools for the coming year.

The Committee on the Board of Home Missions presented the following report on Sustentation, which was adopted:

REPORT ON SUSTENTATION.

The Committee on the Board of Home Missions to which were referred a report on Sustentation, with accompanying papers, would respectfully report. That having examined these papers your Committee are of the opinion that action at the present time, on the matter to which they relate is inexpedient. They are, therefore, returned with the following resolution, proposed for adoption:

Resolved, That further action on these papers by this Assembly is not advisable.

The Treasurer of the Assembly reported a donation for the benefit of the Mission to the Jews, and the matter was referred to the Committee on Finance.

The Committee on Bills and Overtures presented a report relating to the election of Deaconesses. The consideration of the motion to adopt this report was under the rules of the Assembly (see Rule of Order 56) postponed until to-morrow.

Proceeded to the order of the day, when the Committee on the Board of Church Extension presented a report, which was amended and adopted. It is as follows:

REPORT ON THE BOARD OF CHURCH EXTENSION.

The fact that the printed report of the Board of Church Extension, the only document referred to us, is in the hands of the members of the General Assembly, happily renders superfluous any summary on our part

Digitized by Google

of the transactions of the Board during the year which has just closed. Instead of presenting such a synopsis, we shall confine ourselves chiefly to the consideration of certain questions which the Board proposes and certain measures which it recommends to the Assembly.

Before entering upon this, however, we reckon it right to observe that the operations of the Board appear to have been characterized by great discretion and thorough fidelity to the weighty interests committed to its trust. We deem it, also, almost impossible for any one to read attentively the report just submitted by the Board and fail to be impressed with the importance of the work which this Board is engaged in prosecuting. Indeed, so obvious in itself is the utility of such a plan of operation, a plan at once aggressive and conservative, and so far has our Church advanced on this line and tested it, that we count it needless to discuss, as if it were still an open question, the value of this agency. It is gratifying to know that the Church at large has been learning to appreciate the work of Church Extension, evidence to this effect being furnished by the steady, if slow, increase in contributions for this object which has taken place in successive years. And yet, with regret it must be added that while the receipts of the Board for the past year have exceeded those of any previous year, seven Presbyteries, as appears from the Treasurer's report, have forwarded no contributions for this enterprise, and many others are credited with merely nominal amounts.

The Board asks instructions in regard to the interests of our congregation in Indianapolis. A church building has been begun by the congregation, but the means to finish it are not forthcoming, while it is felt that the prospect, at least, of a completion of this undertaking at an early day, is, humanly speaking, essential to the success of the congregation; and in these circumstances the Board is appealed to for help. An advance of not less than $5,000, it is calculated, would be required to complete the church building. As the Assembly has appointed a missionary to this place for the year and appropriated $1,000 for his support, the most judicious course may be to leave it to the discretion of the Board to grant the necessary aid or not according to the prospects of success which, in the progress of the year, may be afforded.

The Board asks instructions from the Assembly in relation to the embarrassments of Port Huron congregation. As Port Huron is a place geographically important, being one of the chief points of entry into the States from Canada, and as our congregation there is reported to be in a growing condition, and may, it is thought, by some help at this juncture, be relieved of its pecuniary difficulties, we consider it wise to grant, if possible, the relief needed.

The Board requests the election of some person as its recognized Solicitor, and the request seems to us reasonable and wise; for it is of great importance, surely, that a lawyer in whom confidence can be reposed should examine abstracts of titles and the character of securities received for moneys loaned or advanced. A parsimonious policy in this respect might prove an expensive one.

The recommendations, three in number, which the Board makes to the Assembly seem to us worthy to be favorably entertained. The enlarging experience of the Board suggests the adoption of some such measures, which, from a desire to be brief, we do not quote from the report of the Board. In view of all the facts before us we propose to the Assembly the following resolutions for adoption, viz.:

1. That the action of the Board as exhibited in its report be approved.
2. That the Board be instructed to afford the aid needed to com-

plete the church building begun by our people in Indianapolis, if, in its judgment, the prospects of the congregation during the year warrant such a step.

3. That for the relief of Port Huron congregation the Board be instructed to assume the payment, for not more than five years, of the interest which the debt resting upon that congregation involves.

4. That the Board be instructed to secure the services of a competent solicitor.

5. That the thanks of the Assembly are due, and are hereby given to Attorneys Brown and Lambie for their valuable professional services so generously rendered to the Board.

6. That the Board be authorized to accept contributions subject to annuity according to the plan proposed in its report.

7. That the Board be authorized to keep as a distinct loan fund any contribution of $5,000 or upwards from one person, family, or congregation; the donor having the privilege of determining the name of the fund so created.

8. That the Board be authorized to receive temporary loans without interest in order to meet particular emergencies which may arise.

9. That the sum of $30,000 be appropriated to carry on the work of the Board for the present year.

10. That all the congregations of our church in America be most earnestly urged to remember in their benefactions the claims which the work of Church Extension has upon them and furnish to the Board at as early a date as possible in each fiscal year the means of carrying on its operations efficiently.

11. That the vacancies occurring in the Board by expiration of term of office be filled by the names of Rev. D. M. B. McLean, Rev. A. H. Elder, and Mr. Samuel Dyer, and that Mr. Anthony Lewis be elected in the room of Mr. George McCague, who, owing to the infirmities of age, has, after a long and honorable term of service, felt it his duty to resign.

The report of the Special Committee on amendments to the Constitution of the Board of Home Missions was made the order of the day for to-morrow morning immediately after the presentation of papers.

The report of the Committee on Narrative and State of Religion was taken from the docket, amended and adopted. It is as follows:

REPORT ON NARRATIVE AND STATE OF RELIGION.

Having examined the report of the Permanent Committee, we find that it contains much valuable information which ought to be preserved in the Records of the Church. The first thing presented in the report is the painful fact that during the past year fourteen of our most earnest and faithful ministers have been called, in the Providence of God, from the labors and trials of the earthly, to enter into the glory of the Heavenly state. Your Committee is of the opinion that a permanent record of the life and labors of these men—some of whom had long occupied prominent positions in the Church—should be preserved in the minutes of the Assembly. From the report placed in our hands, it would appear that the general spirit of our congregation is good.

No special or remarkable revivals are reported, yet we have encouraging evidence of the blessing of God accompanying the diligent and faith-

ful use of the ordinary means of grace. It is suggested by the Permanent Committee that it might be well for the Assembly to recommend and urge upon our Presbyteries the propriety of holding special and protracted services of prayer and preaching in all our congregations, not only during the Week of Prayer, but at such other times as may be convenient. In the judgment of your Committee the suggestion is a good one, and should recommend itself to all our congregations, settled and vacant.

In view of the fact that our contributions to the cause of the Master fall far short of what they should be, and inasmuch as it appears from the reports of Presbyteries that no uniform plan for collecting the different funds of the Church has been adopted by our congregations generally, your Committee full endorse the suggestion of the Permanent Committee and make provision for the adoption of a plan to meet this deficiency. Your Committee, would, therefore, recommend for adoption the following resolutions:

1. That the report of the Permanent Committee on Narrative and State of Religion be adopted and published in the minutes of the Assembly and papers of the Church.

2. That we humbly recognize the hand of Our Divine Father in that severe chastisement which has taken from us so many of our faithful laborers in the ministry, and earnestly impore his grace that we may profit by this affliction, and, also, by the shining example which these beloved brethren have left us.

3. That a brief record of deceased ministers be preserved in the minutes of the Assembly in suitable tabular form.

4. That we recommend, as a means of awakening greater interest in our congregations, the holding of special services of prayer and preaching throughout the year at such times as may suit the convenience of our people, and that in these services the lay element of the Church be utilized as far as possible.

5. That we recommend Presbyteries to urge upon our congregations the adoption of the "Envelope" or "Bellefonte System" for taking contributions for the support of the Gospel and the Boards of the Church.

6. That resolutions second and third of last year's report on Narrative and State of Religion be adopted by this Assembly.

7. That Revs. R. A. Browne, D.D., E. T. Jeffers, D.D., J. D. Glenn and Elders Prof. W. N. Eakin and James Brewster, be appointed the Permanent Committee for the ensuing year.

REPORT ON THE MEMORIAL FROM THE PRESBYTERY OF ARGYLE.

While recognizing the evil complained of, we see no way of providing against it effectively. As a possible partial remedy we recommend the following:

Resolved, That a Committee be appointed to address, through the Church papers, a pastoral letter to the congregations in the East, re-

minding all that contemplate removal to the West, of the importance and duty of informing themselves of the location of our Western churches and Mission stations; and exhorting pastors to call the attention of those about leaving their bounds to the obligation they are under of providing for the spiritual good no less than for the temporal welfare of themselves and their families.

Believing that all danger to the Church and inconvenience to those called to serve the Church as members of these Boards can be avoided without this modification, therefore,

Resolved, 1. That no such change be made in the constitution of the Church Boards.

2. That hereafter, there be added to the Standing Committees of the Assembly, a Committee on Nominations which shall nominate to the Assembly persons to fill the vacancies occurring in all the Boards each year.

REPORT ON THE BOARD OF EDUCATION.

The report of this Board is so full and complete as to leave nothing for your Committee to do except to call the attention of the Assembly to the various points which it contains.

We find the total receipts from all sources $10,457.38; expenditures, $9,484.50; leaving a balance in the treasury at the end of the year, April 30th, of $972.86; that there haye been more liberal contributions during the past year than for some previous years, but there is still a debt of $2,375 resting upon the Board and drawing interest. The Board deprecate this state of things and suggest as a remedy either increased liberality in contributions or curtailment of expenditure.

In pursuance of the latter plan the Board further suggest the propriety of withholding aid from literary students, at least to the junior year (in college). The Board also calls special attention to two of the objects for which the Board was created, as stated in its constitution, viz.: "To cherish and diffuse an educational spirit throughout the Church" and "to co-operate with the Presbyteries, the Synods and the Assembly in the establishment of institutions of learning."

Some action, tending to the promotion of these objects and enabling the Board more efficiently to carry out these aims, is desired.

The Board further directs attention to the growing evil of allowing students to pursue their theological studies at home under the direction of the Presbyteries, and with, it is feared, in some cases, a superficial training, licensing them to preach the unsearchable riches of Christ; therefore,

Resolved, 1. That this Assembly direct Presbyteries to raise the sum of $5,000 for the Board during the current year.

2. That only students who are actually pursuing their studies in theology at one of our seminaries, shall, for the present, receive aid from this Board, except those literary students who have hitherto been receiving aid.

3. That in the judgment of this Assembly the following should be the educational policy of our Church:

(*a.*) So to equip and endow her existing colleges as to fit them for doing their work as efficiently as possible.

(*b*) Not to establish any additional colleges until this work has been fully accomplished, and until the Church is able and willing to make the new enterprise successful.

(*c*) To make all its institutions thoroughly Christian in both form and fact.

4. That this Assembly elect Prof. E. F. Reid as a member of the Board for the remainder of the time for which Dr. Young was elected.

5. That D. A. Wallace, D.D., James H. Martin, Esq., and Rev. D. M. Ure, whose terms of office now expire, be re-elected, and Rev. W. T. Campbell be elected to fill a vacancy caused by the election of Rev. G. D. Henderson, to be Corresponding Secretary.

WHEREAS, The influence of periodical literature is at least equal to that of books and tracts which we now publish, therefore,

REPORT ON THE BOARD OF PUBLICATION.

The report of the Board shows that the business of our publication house has been conducted with efficiency during the year.

The Board has provided a model assortment of Bibles, Testaments and Psalm Books, and to an already extended catalogue of religious literature, they have recently added "Boston's Four-Fold State," "Anderson on Faith," and "Romaine on Faith." The financial summary shows a net gain of three thousand six hundred and nineteen dollars and forty-seven cents, with a cash balance of three thousand four hundred and eleven dollars and thirty-two cents. They have increased their assets and decreased their liabilities, and exhibit other evidences of financial soundness and prosperity truly cheering in view of the panic which has so seriously affected every part of the work of the Church. The aggregate indebtedness to the Board of $15,665 has only been reduced three thousand dollars during the year, a large proportion, however, of the unpaid balance is made up from sales during the present year.

We recommend the following action:

1. That the Board be urged to pursue the same prudent policy recommended by the Assembly of last year in making collections of outstanding debt.

2. That we commend the wise and prudent action of the Board in republishing "Boston's Four-Fold State," "Anderson on Faith," and "Romaine on Faith," and express the hope that they may increase their catalogues of religious books by adding more of the same character.

3. That five thousand dollars be appropriated to this Board, and that one-half of the contributions be placed at the disposal of the Board to be used in supplying mission fields and Sabbath Schools with religious literature.

4. That Rev. W. R. McKee, Thomas McCance, Esq. and R. E. Stewart, Esq., be elected members of the Board, and that Rev. S. H. Graham be elected to fill the vacancy occasioned by the resignation of Dr. J. G. Brown.

The Committee on the Board of Publication presented the following report with reference to the preservation of old documents, which was adopted:

REPORT ON THE PRESERVATION OF RECORDS, ETC.

With reference to the report on the Preservation of Records, referred to your Committee, it is recommended that this Assembly appoint Revs. J. C. Boyd, H. H. Hervey, J. B. Dales, D.D., J. P. Resumed the consideration of the report of the Committee on the Board of Freedmen's Missions, which was adopted. It is as follows:

REPORT ON THE BOARD OF FREEDMEN'S MISSIONS.

The Committee on the Freedmen's Missions respectfully report: That we believe no part of the Church's work to be more important than that committed to the Board of the Freedmen's Missions, that none deserves, and that none, in our opinion, will receive a more cordial and liberal support when properly presented to the Church at large. Not to mention the fact that consistency, as well as duty, requires the United Presbyterian Church to put forth vigorous efforts for the social and spiritual elevation of the freedmen; there are not only indications of duty but grounds of encouragement in the fact that there is a manifest willingness on the part of many in the Church to sustain this cause, and that we have reason to expect the sympathy and co-operation of our brethren of the Associate Reformed Synod of the South in this work.

We recommend the adoption of the following resolutions:

1. That the Board of Freedmen's Missions be directed to proceed immediately to erect the necessary buildings for a mission training school among the freedmen, and to open said school as soon as possible.

2. That this Assembly do most cordially invite and will most gratefully receive the sympathy and co-operation of our brethren of the Associate Reformed Synod of the South in this work.

3. That an appropriation of fifteen thousand dollars be given to this Board during the coming year.

4. That Rev. J. S. Sands and H. J. Murdoch be re-elected as members of the Board, and Peter Dick be elected in place of John Dean and Rev. W. G. Morehead in place of W. H. Andrew and Dr. J. T. Cooper in place of J. W. Witherspoon, elected Corresponding Secretary.

The Committee on Temperance, appointed by the last Assembly, were called on for a report, but they did not respond.

Proceeded to the order of the day, viz.: The consideration of the report of the Committee on the Board of Foreign Missions, which was amended and adopted. It is as follows:

REPORT ON THE BOARD OF FOREIGN MISSIONS.

Your Committee have examined the report of the Board and accompanying papers, and find cause for gratitude to God in the prosperity of our missions.

I. The Egyptian Mission—While this mission has been greatly blessed, difficulties have arisen between the mission and the Board, which, however, unpleasant, are not of a nature so serious as to shake the confidence of the Church, either in the Board or the missionaries. Your Committee do not deem it best to enter into the details of these difficulties, and recommend the following resolutions:

1. That Rev. S. C. Ewing having recalled his conditional resignation, his relation to the mission continue as heretofore.

2. That the Assembly approve the action of the Board taken last July, regarding the salaries of the missionaries in Alexandria and Cairo stations, viz.: $1,400 to male missionaries with families, and $550 to female missionaries, and that the salaries of the missionaries in this station and in all the missions of the foreign field be the same as last year.

3. While a liberal support is due to our missionaries, and while no change should be made in their expenditures without consulting them, yet it is the province of the Board, as the agent of the Assembly, to determine the amount of the salaries and other expenses, as also to have a general control of their work, subject, of course, to the approval of the Assembly.

4. That the Missionary Association do not expend more in the Cairo buildings than the amount of funds already at their disposal; and that the plans and specifications be left to the judgment of the Association, and that they be directed to proceed with the building as speedily as possible.

5. That while funds entrusted to the mission must not be diverted from the purpose for which they were intended, yet, it should be left to the

judgment of the Missionary Association to determine in what securities they shall be invested.

6. In view of the action thus taken, the Assembly deems it unnecessary that any Commission be appointed as requested by the Missionary Association in Egypt, in the hope that the action had will terminate all difficulties.

7. That the Assembly regards with special satisfaction and with gratitude to God, the fact that the Book of Psalms, in a metrical version which those competent to iudge pronounce very faithful, and in other respects meritorious, has at length, chiefly through the labors of missionaries of the Reformed Presbyterian Church and of our own, been provided for the vast Arabic-speaking population of the world in their own tongue.

8. Inasmuch as the difficulties on account of which all the members of the Board, except one, have either resigned or declined re-election, have not in the least weakened the confidence of the Church in these members, that the resignations of Mr. Thomas Stinson and Revs. Barr, D.D., Church, Jackson, and Wilson be not accepted; that Messrs. Huey and Alexander, whose terms of office have expired, be re-elected, and that Rev. S. G. Fitzgerald be elected in the place of Dr. Dales, who, as Corresponding Secretary, is already a member of the Board *ex-officio.*

II. With regard to our other missions,

Resolved, That one female missionary be sent to Syria; that two female missionaries and one additional male missionary be sent to India; that Rev. Andrew Gordon be sent back to India at as early a day as practicable, and that one mission family and a female missionary be sent to China during the year.

III. With reference to the whole work, we recommend the following resolutions:

1. That thanks be given to God for the rich favors of his providence and grace so generally shown us as a Church in carrying on the missionary work—that fervent prayer be offered that the Holy Spirit may more and more accompany the word preached among the heathen and taught in the various schools,—that Christians may be stirred up to still greater interest in this cause, and to make more systematic and earnest efforts on its behalf; and that no roots of bitterness may be suffered to spring up or difficulties arise whereby in any way the work of God may be hindered or his cause reproached.

2. That the gratitude of the Church is due and our thanks are hereby tendered David Stuart, Esq., of Liverpool, John Caldwell, Esq., of Philadelphia, to the American Bible Society, American Tract Society, British and Foreign Bible Society, the Paisley Ladies' Missionary Society, and the Turkish Mission Aid Society, in Great Britain, for favors conferred; and to His Highness Dhuleep Singh for his annual gift of £500 for the printing operations and £500 for the support of missionaries in Egypt.

3. That the following appropriations be made for the missionary work of the ensuing year: Egypt, $35,000; Syria, $4,200; India, $14,400; China, $16,000; outfits, traveling expenses, and salaries of new and returning missionaries $10,000, and miscellaneous, $1,000; total, $66,200 in currency.

4. That the Presbyteries be directed to take measures to have their congregations make contributions from the beginning of the year, in order that the Board may be able to meet these appropriations, and to make its monthly remittances to the missions.

5. That three thousand copies of the annual report be published—

Digitized by Google

that every congregation be urged to procure some of these reports and have them circulated from house to house, and that pastors and elders be urged to have all their people obtain the information contained in them in reference to our foreign work.

6. That, as in all our missions, the Board is urging the missionaries to encourage and carry on, as far as may be possible, and in the best ways practicable, the work of educating and evangelizing heathen women, the Assembly urge the women in all our churches to make individual contributions for this purpose, or organize and carry on societies for it that the Board may have in its general fund the means of more and more thoroughly and usefully performing this in common with the other parts of our great work, and we rejoice to know that quite a number of our churches have formed such societies with gratifying results.

7. That the Assembly approve of the action of the Board in acceding to the proposition of the Committee on Foreign Missions of the Associate Reformed Synod of the South to co-operate with us in carrying on the mission work in Egypt,—that it accept also from the Committee the offer of a missionary to be under the direction of our mission, and be supported by funds which that Synod will regularly furnish,—and that it express its earnest desires for the happiest results to follow this pleasant uniting and working of the two churches in the foreign missionary field.

8. That $300 be granted to Mr. William Getty in acknowledgment of his services as Treasurer during the past year.

Dr. J. B. Dales tendered his resignation as Corresponding Secretary of the Board of Foreign Missions; which was referred to the Committee on the Board of Foreign Missions.

The Committee on Statistics presented the following report, which was adopted.

REPORT ON STATISTICS.

Your Committee on Statistics would respectfully report that we have had before us: First—The report of the Second Clerk and accompanying statistical tables. Second—The anomaly arising from the adoption, by the last Assembly, of two distinct forms of the Constitution for the Board of Ministerial Relief.

I. In reference to the report of the Second Clerk and the Statistics connected therewith, your Committee find that statistical tables have been received from all the Presbyteries, and that, generally speaking, they have been prepared with unusual care and accuracy, and forwarded to the Clerk in good time. There are, however, some exceptions. A very few of the tables have been sent in so defaced by blots and scratches and corrections, and so incorrect in the footings and totals, that the mildest thing we can say is, the Clerks who made them up ought to be ashamed. The reports of four Presbyteries, namely, Albany, Second New York, Vermont, and Wabash, were not received until after the Assembly had convened, and for this reason no analysis of the statistics could be prepared for presentation early in the sessions.

In this connection, we recommend the adoption of the following resolutions:

1. That the Clerks of Presbyteries, with the exceptions above referred to, have merited the thanks of this Assembly for their co-operation with the Second Clerk in his efforts to secure full and accurate statistics in time to be presented at the opening of the Assembly.

Digitized by Google

2. That in view of the great increase of labor occasioned during the sittings of the Assembly by the failure of the Presbyteries of Albany, Second New York, Vermont, and Wabash to have their statistics forwarded in due time and in view, also, of the inconvenience suffered by the Assembly because of the impossibility of having, early in its sessions, a summary of the statistics, the Presbyteries named be instructed to call their Clerks to account for delinquency in the matter, and to see that hereafter returns be made more promptly.

II. In reference to the Constitution of the Board of Ministerial Relief, your Committee would recommend the adoption of the following resolutions:

1. That, inasmuch as the Constitution of the Board of Ministerial Relief, as published in vol. 4, page 76 of the Minutes, is unnecessary because of the adoption of another, uniform with the Constitutions of the other Boards, it be and hereby is repealed.

2. That to complete section 4 (entitled "Regulations") of the Constitution of the Board of Ministerial Relief, the following rules be inserted (see articles VI to XI, inclusive, page 76 of Minutes, vol. 4).

3. That section 3 of the By-Laws of this Board be stricken out, inasmuch as there is a general provision in regard to the number constituting a quorum of any Board.

III. Your Committee desire further to call the attention of the Assembly to the desirableness, and indeed the necessity, for some convenient manual of information in regard to our Boards, Theological Seminaries, Colleges, and other subjects of interest in regard to our Church organization and work. We recommend the adoption of the following resolutions:

1. That the Clerks of the Assembly be instructed to prepare for publication a manual containing, in proper order, the Charters, Constitutions, and Regulations of the Boards, the names, locations, faculties, &c., of our Theological Seminaries and Colleges; the Rules of Order of the Assembly, and such other items of interest as they may judge advisable.

2. That the Board of Publication be instructed to publish and keep for sale, at the lowest possible rates, the hand book referred to above.

The Committee on the Judiciary presented the following report, which was adopted:

REPORT ON THE PAPER FROM THE FIRST PRESBYTERY OF NEW YORK.

This Presbytery reports the licensure of two young men, at the end of the second year of their theological course, and although not so stated, yet it it appears that this report is made in accordance with a resolution adopted by the Assembly of 1873, as follows: "*Resolved,* That Presbyteries be required to report to each General Assembly the names of persons licensed during the year, and to give account in each case of the number of sessions spent at the Theological Seminary, and the training given by the Presbytery itself." And it seems that this is the only Presbytery which has complied with the aforesaid resolution.

Our Book of Government and Discipline says that "in ordinary cases, no student of theology shall be admitted to trials for license until he has completed a course of theological study of three full years, after the time of his admission by the Presbytery." And it does not appear that there was anything extraordinary in the case of these young men, demanding their licensure before the completion of their theological course. It is true that this Presbytery has done only what other Presbyteries have

done. But it is believed that neither the Church at large, nor the young men themselves are benefitted by their entering the ministry prematurely; and the wholesome rules and regulations of the Church on this subject, as well as on every other, ought to be respected by her judicatories. Either there should be no law on this subject, or this law ought to be obeyed. And we believe that the Assembly should endeavor to secure uniformity in the execution of this law on the part of the Presbyteries under her jurisdiction. The following resolutions are therefore proposed for adoption:

1. That the action of the First Presbytery of New York in licensing students of theology before the the completion of their studies, is disapproved by this Assembly.

2. That Presbyteries be reminded of the action of the Assembly of 1873 above referred to.

The Special Committee on Theological Seminaries presented a report. Before this report was disposed of, the hour of adjournment arrived, when the Assembly adjourned after prayer by Rev. D. S. McHenry.

7:30 o'clock P. M.

The Assembly met and was opened with prayer by Rev. J. C. Telford.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The Committee on the Board of Foreign Missions reported a resolution, recommending that the resignation of Dr. J. B. Dales as Corresponding Secretary of the Board of Foreign Missions be not accepted, and the report was unanimously adopted.

The Committee on Finance presented the following report on the paper from the Westmoreland Presbytery, which was adopted:

REPORT ON THE MEMORIAL FROM THE PRESBYTERY OF WESTMORELAND.

Your Committee respectfully present the following report: That they have examined the memorial of A. Lewis sent up to the Assembly by the Presbytery of Westmoreland, wherein attention is directed to the unsatisfactory working of the methods commonly in use throughout the Church for the raising of the necessary funds for the support of the ministry of the Church and the prosecution of its work, and asking an examination of the weekly system, or as it has been called, the Gospel plan for taking contributions, and if approved, that arrangements be made for the introduction of said plan into the congregations of the Church.

Your Committee find that the plan referred to in said memorial is substantially the same as that which this Assembly has recommended for adoption, as set forth in resolution 5 of the report of the Committee on Narrative and State of Religion, and your Committee, while appreciating the just terms in which the evils complained of in said memorial, are set forth and the clearness with which the plan suggested for the remedy thereof is illustrated, would propose the following resolution:

Resolved, That no further action on the subject matter of the above-mentioned memorial is necessary on the part of this Assembly.

The Special Committee on Temperance presented the following report, which was adopted:

REPORT ON TEMPERANCE.

Your Committee feel that the time has gone by for unmeaning words upon this all absorbing and vital question.

The duty of every lover of our common Master and of every vindicator of our standard of faith (which is emphatically a gospel of temperance) is made plain.

It therefore becomes us, while we thank God for what by His grace He hath enabled us to accomplish toward the overthrow of this terrible evil of intemperance and to unite all our energies in the great conflict that is yet before us for its total and final eradication.

As we were the first, or among the first, to wage war in this present movement, let us, by the help of the Divine Spirit, be the last to waver or to give it up.

In order that there may be no misunderstanding of the position of our Church upon this question, your Committee respectfully request the adoption of the following resolutions:

1. That it is inconsistent with membership in the Church of Christ to use or be engaged in the manufacture or sale of intoxicating liquors as a beverage.

2. That it is the duty of the friends of God and humanity to combine their efforts for the suppression of intemperance and its removal from the Church and country.

3. That in the prosecution of this work it is important to keep in view the great fact that there can be no true plan of reformation which ignores the necessity of the regenerating grace of God.

4. That we send our cordial greetings to the National Temperance Convention now in session in Chicago.

Resumed the consideration of unfinished business, viz.: The report of the Special Committee on Theological Seminaries. The first part of this report was referred to the next Assembly; the second part was adopted. The report is as follows:

REPORT ON THEOLOGICAL SEMINARIES.

The Committee on Theological Seminaries respectfully recommend the adoption of the following resolutions:

I. In respect to the memorial from the Seminary at Xenia.

That hereafter the Seminary session begin on the first Wednesday of September, and continue seven months.

II. In respect to the transfer of the Seminaries to the control of the General Assembly.

WHEREAS, Six out of the eight Synods of the Church have approved of the transfer of the Seminaries to the control of the General Assembly, according to the terms of the Enabling Act of 1870 and 1871;

And, whereas, the interests of theological education in the United Presbyterian Church requires such transfer, therefore,

1. *Resolved,* That the "Enabling Act" be recognized as still in force.

2. That a Committee of three be appointed by this Assembly to bring the whole subject before the Synods that have not yet approved this measure, and in case they act favorably, to report to the next Assembly statutes for the government of the Seminaries, and a plan for completing the transfer.

REPORT ON PRESBYTERIAN CONFEDERATION.

The report of the Committee on Bills and Overtures on the report of the Committee appointed to meet with the Committees of other Presbyterian Churches to confer on the subject of Confederation, is as follows:

1. *Resolved,* That the action of the Committee be cordially endorsed.

2. That the Assembly expresses its gratitude to the Savior for the harmony He has given to the deliberations of these Committees, and its conviction that this agreement in a statement of revealed truth so full as that contained in the propositions adopted, is a precursor of a closer union among the churches holding the great doctrines of the Bible.

The following paper, presented by Dr. James Harper, was adopted in connection with the foregoing report:

PAPER ON PRESBYTERIAN CONFEDERATION.

WHEREAS, Several churches adhering to Presbyterian polity and Calvinistic doctrine are, on conscientious grounds, opposed to the use of uninspired hymns in the worship of God; and, whereas, the inspired Book of Psalms has been acknowledged by every branch of the Church of Christ, at least by every Presbyterian one, to contain matter suitable for praise in the service of song; and, whereas, the exclusive use of the hymns embraced in this sacred collection by the proposed Confederation

in its meetings would not only evince a generous regard for the cherished convictions of many Presbyterians, but also, it is believed, tend to prove and promote the unity of the Church of Christ; therefore,

Resolved, That this Assembly respectfully, but earnestly, asks that in the particular referred to, the "Consensus of the Reformed Churches" be respected by the Confederation in its devotional exercises, and that a specific guarantee to this effect be incorporated in the Constitution which may be adopted.

Resolved, Further, that our Committee be directed to urge this matter by letter, or otherwise, in the Convention about to be held in London.

That we have performed the duty assigned us with as much care as time and circumstances would permit, and that we do not find any thing in any of the records requiring the action of the Assembly, that the business has been transacted in an orderly manner, and especially do we take pleasure in commending the neatness and accuracy with which the Minutes of the Synod of Kansas are kept.

We submit for adoption the following resolution, viz.:

Resolved, That the records of the Assembly for 1874, together with the minutes of the different Synods named in the report, be approved.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

Your Trustees respectfully report: That since your last meeting they have attended to several items of business in which legacies left or intended to be left to the United Presbyterian Church, but which through inaccuracy in writing wills and the intricacies of the law, have become subjects of litigation, but none of which we deem of sufficient importance to take up the time or attention of the General Assembly.

At our annual meeting the following officers were elected until July, 1875:

REV. W. H. ANDREW, *President.*
REV. R. B. EWING, *Vice President.*
GRAHAM SCOTT, *Rec. Sec.*
S. B. W. GILL, *Cor. Sec.*
JAMES MCCANDLESS, *Treasurer.*

George McCague, on account of the infirmities of age and a defective sense of hearing, tendered his resignation as a member of our Board, which was accepted. Also, the term for which James McCandless, David Reed, and Graham Scott were elected, will expire on July 1st, 1875. You will please fill these vacancies.

In conjunction with Rev. S. Collins, Superintendent of the United Presbyterian Book Rooms, we had some blank Church or Congregational Charters printed which can be had at the Rooms.

We appointed a Committee of our number to audit the accounts of James McCandless, Treasurer, who report having examined his accounts and vouchers, and found the same correct, as stated on his books.

That peace and prosperity may be found in all your borders and harmony in all counsels, is the wish and prayer of your Trustees.

By order of the Board.

GRAHAM SCOTT, *Secretary.*

REPORT OF THE BOARD OF FOREIGN MISSIONS.

In making their Sixteenth Annual Report, the Board of Foreign Missions gratefully recognizes the goodness of God. Not a member of the missions, nor of the Board, has fallen by death, or been permanently laid aside. Several of the fields of labor have been thoroughly reinforced. In no way has there been as much financial difficulty as in some former years; and in no one of the missions have there failed to be precious fruits of labor, while some of them have been blessed with more numerous conversions, baptisms and accessions to the Church than in any single previous year. For all these and like favors, thanks are devoutly due to God.

More particularly, the following statements are submitted for the information of the Assembly and of the churches:

FUNDS.

The whole amount appropriated by the last Assembly for all purposes was $61,200 in gold, or $73,440 in currency. The balance in the Treasury, May 1st, 1874, was

Digitized by Google

$689.54. The amount received during the year ending April 30th, 1875, from all sources was $67,467.30. The whole amount expended was $52,529.30, leaving a balance April 30th, of $14,938. A large proportion of the receipts, including two important bequests, came into the Treasury during the last of April. At the first meeting in this month (May), orders were drawn on the Treasury for $12,050 of this balance. It is most desirable that contributions should be made earlier in the year.

TREASURER.

Mr. Samuel C. Huey, who was appointed by the last Assembly, Treasurer, felt constrained, after much consideration, to decline the position. Mr. James Buchan, the acting successor of the late Mr. Thomas B. Rich, of New York, generously continued to serve the Board until about the first of July, when Mr. William Getty, of this city, was prevailed upon to accept the office, and has ever since efficiently transacted the business. The Board gratefully acknowledge the services which Mr. Buchan so kindly and successfully, and without remuneration, rendered the Board and all our missions in discharging the duties of this Treasurpship.

THE WORK.

The following were the general statistics of the work on the first of the current year: Four missions, Syria, India, Egypt ond China; 33 statious; 15 foreign and 3 native ordained missionaries; 21 female missionaries and assistants; 92 teachers and helpers; 785 communicants; increase during the year, 212; scholars in the schools, 2,591; contributions by native converts in Egypt, $3,106; volumes sold in Egypt, 10,176.

NEW MISSIONARIES.

During the year much has happily been done towards reinforcing the missions. On the 26th of September, Rev. T. L. Scott and wife and Miss Elizabeth G. Gordon sailed for India, and Miss Maggie G. Lockhart for Egypt. On the 10th of February, Revs. John Giffen and J. R. Alexander departed for the Egyptian mission. All these parties have safely reached their fields, and have thoroughly engaged in preparing for their work.

RETURNING MISSIONARIES.

In September last, Rev. Dr. and Mrs. Lansing, after having visited many of the churches in this country, and sought the renewing of their health, set out for their work again in Cairo. The Rev. James S. Barr has intimated to the Board that he will re-embark, with his wife and a portion of his family, early in the ensuing autumn for the mission in India. The Rev. Dr. Barnett informs the Board that the enfeebled condition of his family from their sojourn in the mission field, renders it improbable that he will be able to resume the foreign work.

The Rev. Andrew Gordon, who has been several years in this country, has proffered his services for the mission in India again. The Board have anxiously considered it. But while not unmindful of some things that might be urged in favor of his return, yet in view of all the circumstances of his case, it has been thought best to refer his application to the General Assembly.

AN ALLY.

After much consultation, the Associate Reformed Synod of the South has entered into an active co-operation with our Church in carrying on the mission work in Egypt. On the 10th of February, Miss Mary E. Galloway went forth as the first foreign missionary from this Church, to take her place with ours, and will labor under the direction of our Board. In every respect she will be as one of our missionaries, only that she will be considered the missionary of the Associate Reformed Synod, and be supported from its Treasury. The Board have watched this movement with great interest, and hail it, as they trust the Assembly and the whole Church will, as eminently a token for good—that thus brethren, North and South, and so thoroughly of a common faith and worship, may be happily engaged with each other in the one great work.

WORK AMONG WOMEN.

A deeper interest is awakened and more work is done every year in this important direction. In India the girl's schools, which are large, are in some measure important means of obtaining access to the homes of the native women, and our female missionaries are more and more endeavoring to use them thoroughly for that purpose. In Egypt, besides the ordinary schools for girls which are at all the stations, boarding schools for girls have been specially opened at Cairo and Osiout. In almost all the Missions, also, the wives of the missionaries and the female missionaries spend portions of their time in visiting the native women from house to house, reading the Scriptures, holding religious meetings with them, teaching them to read, and laboring to have them become evangelized and raised to the position which women ought to occupy.

The Board gratefully mention that there are now nine devoted unmarried Christian women from this country employed in our Foreign Missionary work, and there is a prospect of more early joining them. Throughout our churches, also, the interest in this form of Christian effort is increasing, and more and more fervent prayer is offered, and generous liberality is shown on its behalf.

MISSION PROPERTY.

At Canton, through the munificent contributions of the Sabbath Schools of our churches mainly, two commodious dwellings for missionary residences have been erected, one of which is occupied by the Rev. J. C. Nevin, and the other waits a missionary, who ought to be sent at once to reinforce this mission. At Bludan, Syria, four hundred dollars have been allowed for improving and putting in proper order the premises which are so much used during the warm season by our missionaries both from Syria and Egypt. In Cairo the mission have been authorized by the Board to go forward in the erection of suitable mission buildings; *provided* that the work is completed from the funds obtained from the sale of the former mission premises, and there be no call on the Board or the churches in this country for further funds for it. For the College building in Osiout the Board are happy to say, that all the money appropriated by the last Assembly has been forwarded. All these expenditures for mission property tend to the usefulness and permanency of the missions.

AN ARABIC PSALM BOOK.

The want of a suitable metrical version of the psalms in the Arabic language has long been deeply felt. At length after much labor, such a version has been prepared, and an application having been made to the Board for $400, to defray the expense of publishing an edition large enough to supply the present Arabic speaking worshippers in the East, it was immediately granted. This sum the Board have great pleasure in saying has been since generously voted to it for this purpose by the Board of Publication of our Church, and thus the work of clothing, for the first time, the entire Book of Psalms in an Arabic metrical version for use in the worship of God will be completed at an early day—a work which cannot but be regarded as a special honor to the Reformed and United Presbyterian Churches, whose missionaries have conjointly, and at length so successfully, it is believed, accomplished it.

HELPERS IN THE WORK.

The Board gratefully record the fact that many friends have liberally aided in carrying on the work during the past year.

His Highness Dhuleep Singh signalized the anniversary of his marriage again last June, with the munificent gift, as usual, to the mission in Egypt, of £500 for the printing operations, and £500 for the support of missionaries in that land.

Various friends outside of our own Church have shown their interest in the work of our missions by generous contributions. David Stuart, Esq., of Liverpool, has even more than ever the past year aided in the care of our missionaries. Mr. John Caldwell, also, of this city, has rendered us great service in securing passages for all our missionaries at reduced rates.

The American Bible Society and the American Tract Society in this country, and the British and Foreign Bible Society with the Paisley's Ladies' Missionary Society, and the Turkish Mission Aid Society in Great Britain, have generously furnished grants of books or monies that have been of the most important service.

In various parts of our own country, also, the Christian women have most happily shown during the year how much can be done by a little concerted effort. Touched with a deep sense of the needs of their sex in heathen lands, the ladies of the First and Second Churches, Allegheny, Pa., Monmouth and vicinity, Illinois, York, N. Y., Mercer, Pa., St. Clairsville, O., and other places, have formed efficient societies, and have liberally contributed to our funds with reference more particularly to work being being done, as far as practicable, for the evangelization of heathen women. This the Board would urge the Assembly and the whole Church to encourage. The contributions from missionary societies amounted to $2,836.98.

THE SABBATH SCHOOL AND CHILDREN.

A large number of Sabbath Schools have been engaged in making contributions to our Foreign Missions. In many instances, also, parents have instructed their children in regard to the condition of the heathen, and the privilege and duty of having the Gospel sent to them. Many of the young in our churches have felt this state of things, and have devised and liberally furnished means in various ways and amounts for carrying on the work. Who can doubt that from the young thus instructed and trained may yet come the real and enlarged benefactors and workers of the Church? One hundred and fifteen contributions, amounting to $2,500.05, came in from over one hundred Sabbath Schools.

LEGACIES.

It is specially gratifying that, during the past year, numerous bequests have come into the Treasury. More and more a noble disposition has been manifested thus by Christian men and women to make Christ one of their heirs. May this spirit widely spread! The Board only suggest that the making of a will with a bequest be promptly and correctly done, lest a sudden death, or some mistake, or oversight in the drawing of it, may have it proved null and void. The whole amount received from legacies was $17,327.75.

MISSIONS.

The Board are able to give here only an abstract of the different missions. The full statement will appear in the annual report that will be issued in pamphlet form, and which ought to find its way into every family, and be carefully read by every member of our United Presbyterian Church.

SYRIA.

The headquarters of this mission are at Damascus. With it are the following nine stations: Nebk, Deir Atiyeh, Yabrud, Rasheiya, Ain-esh-shaara, Bludan, Kulat Jendal, Arny and Maara. For all these, the only missionaries from our Church are Revs. John Crawford and J. F. Patterson, M. D., and their wives. Most happily, however, this mission is carried on still in the cordial co-operation of the Presbyterian Church in Ireland with us in it. The following statistics for the year ending December 31st, show that this oldest and to many very dear mission of our Church has 10 stations, or points of labor; 2 missionaries, one of whom is a physician, and two assistants; 16 other teachers and helpers; 75 communicants, (an increase of 12 on profession); 195 average attendance upon the Sabbath services; 10 infant baptisms; 80 scholars in the Sabbath School, and 354 in the day and boarding schools. Steadily this mission pursues its work, and though Moslemism is manifesting its old hatred and threatening opposition to Christianity, yet God is on the side of His servants and His truth shall prevail.

This mission makes an earnest appeal for at least one female missionary to take charge of the girls' schools and of the work among the women, and as there is no one for this work in that mission, the Board recommend the appointment desired, believing that great good will result from it.

INDIA.

This mission has five stations, viz.: Gujranwalla, Ihelum, Sealkote, Zafferwal and Goordaspore. It has now four American* and one native ordained ministers and their wives, two female missionaries, 11 other teachers and helpers, 114 com-

municants, 572 of average attendance, and 1,067 pupils in the schools. During the year ending on December 31st, 50 persons were added to the membership of the native churches of the mission—42 of whom were on the profession of their faith. In the same time the mission baptized 66 persons—39 of whom were adult-professing believers, and 27 were infants.

This mission has steadily carried forward its work of preaching the Gospel, as far as possible, at all the stations, and in itinerating through the two large districts which it occupies of over two millions of souls. It has had thorough Scripture instruction given in the schools. It has had much good work done among the native women; and as it is expected, another devoted female missionary will be early sent to this field, more of this important work still will be carried on, and it is not doubted with the happiest results.

EGYPT.

The mission in Egypt dates from 1855. It has now eight principal stations, viz.: Alexandria, Cairo, Monsura, Sinoris, Osiout, Moteah, Nakayleh and Koos, with nine outstations, viz.: Medinet, Suft, Roda, Mellowa, Jawally, Bagoor, Badari, Tahta and Luxor,—making seventeen established places in all, besides several others where more or less of mission work is done. During the year closing with December last, this mission had six foreign and two native ordained ministers, one physician and one printer, who is also a licentiate and teacher, 13 foreign female missionaries and assistants, and 65 other teachers and helpers—making a total of 88 laborers. The whole number of communicants is 596; of whom 150 were added during the year—104 being on the profession of their faith. The average attendance on public worship was 986. The whole number of baptisms was 82. In all the stations but Suft and Roda there are schools in full operation with 1,170 scholars in them. In the Sabbath Schools there are 733, in the Academy 100, in the Theological Seminary 12, in the day schools, 642; of the whole number of pupils, 642 are males and 528 females. The voluntary contributions of the native churches amounted to $3,106, and the tuition fees to $567,—making thus nearly $4,000 paid by the people in the interest of the churches and schools. The number of volumes of books sold was 10,176, and the cash realized from them was $2,541.

Since the first of January this mission has been strengthened by the addition of two foreign missionaries, and one female missionary; and the Board cannot but congratulate the Assembly and the mission upon the success that has attended the effort to raise up a native ministry in the fact that on the 26th of March last, eight young men, who had been trained in the Collegiate and Theological School, were licensed, after extended and careful examination to preach the everlasting Gospel,—four having completed the entire course, and four to return another session.

THE COLLEGE AT OSIOUT.

This Institution has continued to answer well its purpose. Dr. David R. Johnston has been chosen President, and will devote himself thoroughly to it. Its great need is a suitable building, apparatus, library, &c.; and the Board cannot but hope that an Institution that is so much called for, and that has been so rich and promising in its first fruits, will not appeal in vain for the aid required.

DIFFICULTIES.

In closing this part of their report, the Board are constrained to say that while the mission in Egypt has been specially successful in its general operations during the year, and more and more widely and encouragingly has had its great work open up, yet it must also be stated that serious difficulties have arisen between it and the Board: Chiefly, it is believed, from misunderstandings in regard to salaries and allowances for children. About eighteen months since, the Board, after consulting with the other Boards of Foreign Missions in this country prepared a schedule of the salaries, outfits, allowances, &c.,—which, in the average, was believed to be in excess of what other Boards are paying. This schedule was approved by the General Assembly, and it was thought would be satisfactory to all our missionaries. The mission in Egypt, however, objected, and made out their estimates for 1874 on a basis fixed by themselves. The Board did not act on these estimates last year until its April meeting, and then, from all the light it had, concluded to abide by the new schedule. The result of this action did not reach Egypt in time to enable

the mission to communicate with the Board previous to the meeting of the General Assembly. On the morning after the Assembly adjourned, a telegram was received, addressed to the Moderator and signed by Rev. S. C. Ewing, requesting the Assembly to accept the resignation of himself, Rev. D. Strang, and Miss Campbell, unless the estimates for salaries and house rent were allowed. This telegram went to the Moderator, and was sent by him to the Board to take such action as the case seemed to require. The Board, not believing that the Church would justify it in granting the demand of the telegram, accepted Mr. Ewing's resignation, and informed Mr. Strang and Miss Campbell that their resignations would also be accepted if they were not satisfied with a change of salaries which was made by the Board, after it had received additional information from some of the brethren in Egypt. Mr. Ewing did not return to this country, and Mr. Strang and Miss Campbell remained though not strictly in accordance with the arrangements proposed by the Board. In this course these missionaries, it is proper to state, were sustained by their brethren in the field. The whole matter has been the subject of lengthy correspondence. Efforts have been made by both parties to reconcile and harmonize the difficulties. But the action of the Board has not been satisfactory to the mission. When the estimates for 1875 were received, they were found to be based again upon a scale fixed by the missionaries themselves. The Board then deemed it best to submit this estimate, with those of all the missions in detail, to the General Assembly, and so informed the brethren in Egypt. Recent action, however, on their part, shows continued dissatisfaction, and that they have taken steps to submit the whole matter to the General Assembly. In this the Board heartily joins, at the same time regretting that such a course should seem necessary. All the papers and correspondence therefore are herewith transmitted to the Assembly for a complete and thorough investigation of the difficulties from their first inception.

The Board has always been disposed to yield much to the missionaries in the field—in some cases perhaps too much. It was thought, however, that there was a limit beyond which it could not go, and it will be a great relief to have the General Assembly pass upon its action in this case, and give direction as to the control of the great matters committed to its care, trusting that any action that may be taken will result in the continuation and increase of the good work in Egypt.

CHINA.

In this important mission, it pains the Board to have to report that Rev. J. C. Nevin is still the lone laborer. During the year, though in every application the Board has made to young men to go to the foreign work, this field has been set forward as one of the most needy and important, yet no one has been finally able to go; and still, as so often and long before, our missionary has to make in his report again, most earnest appeals for reinforcement. Unhappily, also, a portion of the year he was himself in feeble health; but he has steadfastly held his post, and, as far as possible, had the work carried on, teaching in the schools, preaching and expounding the Scriptures, and writing and translating works that shall render the mission more and more efficient and useful. And while we have not statistics either of the schools or of a church, yet the seed is steadily sowing, and it is hoped the good time is coming when there shall be a blessed and glorious reaping.

In the midst of all that has been so long discouraging in regard to new laborers for this field, the Board are happy to say that arrangements are making to send out a female missionary at an early day, and it is recommended that the Assembly will continue the direction to the Board to send the needful reinforcements, and that all will join in the prayer, and in the effort to secure the laborers whom God will own and bless in the work of bringing China to Christ, and the great salvation to millions perishing there.

CONCLUSION.

In bringing the report to a close, the Board desire to say that while some painful things have occurred, and in some instances there have been failures to forward the reinforcements that were desired; yet, upon the whole, there has not been any year probably when as much has been accomplished in our foreign work as the past one. Five new missionaries have been sent to the field, and three former ones have been returned to it. In one mission eight well trained and furnished native men have been licensed by the Presbytery to preach the Gospel. In the three missions from which full accounts have come, larger accessions have been made to the native churches than usual. In one of the missions two girls' boarding schools have been

opened. In all the schools the Scriptures have been systematically read and studied with the clearest indications of its being with good effect. In the churches also at home and among numerous friends outside, there have been manifested a cheering liberality and a prompt and willing spirit to respond to our calls for aid in this great and holy cause. The individual donations during the year amounted to $6,302 12.

While, then, almost everything of the past bids us all thank God and take courage, let it be felt now, as never before, there is a call to go forward,—forward to the work of sending the Gospel to the destitute—forward in seeking to evangelize and bless the world.

THE BOARD.

Mr. Thomas Stinson, who has been from the beginning one of the most active members of the Board, has resigned his place in it in consequence of the complications of the mission in Egypt. The term of service of S. C. Huey, John Alexander, and J. B. Dales, expires at this meeting of the General Assembly, and they decline a re-election for the same cause. For the same reason and also in order that the Assembly may be entirely free to act without reference to the present Board, Revs. W. W. Barr, F. Church, W. C. Jackson and J. C. Wilson tender their resignations also to the Assembly—these being all the remaining members of the Board, except Mr. William Getty, who, while concurring fully in all the past action of the Board in regard to the Egyptian Mission, yet does not consider it his duty to resign at the present juncture.

RECOMMENDATIONS.

The Board respectfully recommend the following action especially to the attention of the General Assembly:

1. That thanks be given to God for the rich favors of his providence and grace so generally shown us as a Church in carrying on the missionary work—that fervent prayer be offered that the Holy Spirit may more and more accompany the word preached among the heathen and taught in the various schools,—that Christians may be stirred up to still greater interest in this cause, and to make more systematic and earnest efforts on its behalf; and that no roots of bitterness may be suffered to spring up or difficulties arise whereby in any way the work of God may be hindered or his cause reproached.

2. That the gratitude of the Assembly be expressed by name to the several societies and individuals whose liberal and timely help is particularly mentioned in the report.

3. That three thousand copies of the annual report in full be published—that every congregation be urged to procure some of these reports, and have them circulated from house to house—and that pastors and elders be urged to have all their people obtain the information contained in them in reference to our foreign work.

4. That the Assembly instruct the Board to seek, and, if possible, send out one mission family, and at least one female missionary to China, one female missionary to India, and one to Syria.

5. That with the appropriations which should be made to meet the amounts that may be fixed upon from the estimates of the several missions, the Assembly will also appropriate $5,000 for outfits, traveling expenses, &c., of new and returning missionaries—and that all the churches be urged to make contributions as early as possible in the year to meet these appropriations and to enable the Board to make its monthly remittances to the missions.

6. That, as in all our missions, the Board is urging the missionaries to encourage and carry on, as far as may be possible, and in the best ways practicable, the work of educating and evangelizing heathen women, the Assembly urge the women in all our churches to make individual contributions for this purpose, or organize and carry on societies for it that the Board may have in its general fund the means of more and more thoroughly and usefully performing this in common with the other parts of our great work.

7. That in view of the large amount of money the mission in Egypt have in hand for erecting a new missionary building in Cairo, and of the difficulty of raising, in the churches here at home, monies beyond the increasing calls of each year for current expenses, the Assembly approve the action of the Board in directing the mission to build within the limits of the sum they have, and thus not incur a debt and be under the necessity of calling upon the churches at home for additional grants.

8. That the Assembly approve of the action of the Board in acceding to the proposition of the committee of Foreign Missions of the Associate Reformed Synod to co-operate with us in carrying on the mission work in Egypt—that it accept also from the committee the offer of a missionary to be under the direction of our mission, and be supported by funds which that Synod will regularly furnish—and that it express its earnest desires for the happiest results to follow this pleasant uniting and working of the two churches in the Foreign Missionary field.

Respectfully submitted,

W. W. BARR, *President.*
J. B. DALES, *Cor. Sec.*

REPORT OF THE BOARD AND OF THE GENERAL COMMITTEE OF HOME MISSIONS.

In accordance with the directions of the General Assembly, we desire to present the following Report. In the good providence of God, the great work of extending the kingdom of Christ in our own land has been carried on through another year with an encouraging degree of success.

I.—REPORT OF THE BOARD.

The subjoined statements taken from our report to the General Committee will exhibit to some extent what has been accomplished during the year now drawing to a close.

Aid was granted by the last Assembly to 203 Stations, under the care of forty-eight Presbyteries. From ten of these Stations no reports have been received. The reports of eighty-five are incomplete, embracing only a portion of the year. In the Stations from which reports have been received, there is a membership of 9,391, with an average attendance of 17,641. The additions to the Church have been 633 on profession, and 767 on certificate, while the decrease by death and removal has been 525. In the Sabbath Schools connected with these Stations, there has been an average attendance of 8,715 scholars. These same Stations have contributed to the Boards of the Church during the year $4,236, and for the support of their own Pastors or Missionaries $49,630. The number of Church Edifices reported is 134. One hundred and twenty-nine Missionaries have been employed during the whole or a part of the year. All the appropriations, as far as they became due, have been paid. The sum of $4,402.85 was withheld, inasmuch as the conditions upon which the aid was granted, had not been fulfilled. Of the money placed at the disposal of the Board to meet emergencies, the sum of $3,499 was appropriated.

In regard to the Stations placed by the last Assembly under the head of Special Missions, we can only give brief statments:

Boonsboro, Presbytery of Cedar Rapids.—The arrangments contemplated with reference to this place do not seem to have been carried out.

Vinton, Presbytery of Cedar Rapids.—Rev. P. H. Drennen has labored there in accordance with his appointment, faithfully and diligently. The results have not been adequate to the efforts put forth. He writes, "the prospect with us is not encouraging."

Indianapolis, Presbytery of Indiana.—Rev. J. P. Robb, appointed to this field, has been at his post since the beginning of the year, and has labored earnestly and perseveringly. He writes, that the prospect, though for a time discouraging, has been more cheering for some months past.

Topeka, Presbytery of Kansas.— The Missionary assigned to this Station became discouraged, and the Board felt constrained to release him at the end of the first quarter. The services of Rev. J. H. Cooper were secured about the close of the second quarter. So acceptable and successful have been his labors that it is the desire of the congregation and of the Presbytery that he be reappointed for the coming year.

Kansas City, Presbytery of Western Missouri.—Rev. D. M. McClellan was appointed to this place for six months. About the close of the first quarter, at the solicitation of the congregation, he consented to remain with them, and was installed as Pastor of that important misson.

Red Oak, Presbytery of Nebraska.—According to appointment, Rev. J. S. Turnbull has has been laboring in this field, with brightening prospects of success.

Omaha, Presbytery of Nebraska.—Rev. Thos. McCague, assigned to this Station, has been laboring with his accustomed zeal during the year.

Chicago, Presbytery of Chicago.— This congregatian secured the valuable services of Rev. J. W. Bain, who was installed as their Pastor early in the year, and he has been laboring there with an encouraging degree of success.

Evans, Colorado, Presbytery of Neosho.—Rev. S. B. Reed, appointed to this Station, entered upon his work early in the year. As a result of his efforts, a congregation with forty-five members, has been organized, and there is every reason to hope, that under the care of this faithful brother, it will ere long be self-sustaining, and become a centre of important influences in that widely extended and growing field. Rev. W. H. McCreery, who had been released from his appointment to Oregon, went out to Colorado, with the approval of the Board, and has been doing good service in two unorganized Stations.

San Jose, Presbytery of San Francisco.—A congregation, numbering forty-two members, has been organized at this Station, which has enjoyed the services of Rev. Alexander Calhoun.

Warfield, Kentucky, Presbytery of Chillicothe.—Rev. N. R. Kirkpatrick is the Missionary in charge of this Station. He writes: "As yet we have no organization. We have had services regularly every Sabbath; generally two services in addition to the Sabbath School; nearly all the families in the village attend our public service, and with one or two exceptions, all are represented in our Sabbath School. Our congregation ranges from forty to seventy-five. In the Sabbath School we have forty-five scholars enrolled. It is a wide, destitute field."

At the beginning of the year we had in the treasury, exclusive of investment funds, $2,455.32. This, with what came in subsequently, enabled us to pay all orders within sixty or ninety days after they became due. The contributions during the year have been, from Presbyteries, $27,062.20, from Sabbath Schools, $1,273.49, from miscellaneous sources, $5,523.22; in all $33,858.91. Of this, $2,112.70 were the proceeds of legacies for the investment fund, so that $31,746.21 was all that was available to meet the obligations of the Board. This, with the balance on hand, enabled us to pay claims to the amount of $34,346.10. While we have been able this year to meet the demands upon us more promptly than in any former year, yet our financial condition is not quite so encouraging as it was at the beginning of the year. In view of the condition of the country it is not at all surprising that our income this year should fall $1,423 below what it was the year preceding. We began the year with a balance of $2,455.32. When it closed on the 30th of last April we had on hand only $239.52, with unpaid claims to the amount of $122. This should receive the attention of the Assembly inasmuch as about $9,000 will become due on the first of July, and unless some special effort is made, we will not have the means to meet our obligations for several months afterwards. There is one matter brought out by our Treasurer's report full of promise for the future; that is, the growing interest of the children of the church in the Home Mission work. In the contributions of the Sabbath Schools there is a gain of $117.32 over those of the previous year.

The term of service of the following members of the Board will expire with this meeting of the Assembly, viz.: Rev. James Kelso, Rev. W. J Robinson, and G. M. Reed, Esq.

II.—REPORT OF THE GENERAL COMMITT .

The Sixteenth Annual Meeting of the General Committee of Home Missions was held at Mansfield, O., beginning Wednesday, May 19th, 1875. Forty-nine delegates were present—all the Presbyteries being represented except Minnesota, Oregon, San Francisco, Stamford and Vermont. The Committee was organized by the election of Rev. J. T. Brownlee, Chairman, and Rev. W. S. Owens, Assistant Secretary. Harmony and dispatch characterized our deliberations. The results herewith presented it is hoped will meet the approbation of the Assembly.

The amount of money desired for the coming year was $51,500. After carefully considering the requests of the Presbyteries and relative importance and necessities of the several Missionary Stations, aid was granted to the amount of $42,465, including $5,000 placed at the disposal of the Board to meet emergencies that may arise during the year. The appropriations were limited to this amount, not because it was all that was really required, or that could be judiciously expended in this service, but for reasons that are at once obvious when the experience of the past and the probabilities of the future, as well as the financial condition of the country are properly considered.

The different Presbyteries applied for the services of eighty-four Missionaries. One hundred and ten men were reported for appointment for the whole or part of the year,—representing the full time of one hundred and four men. It will thus be seen that there is a large number of men able and willing to serve the Church, who can be employed only a part of the year, while several are left, so far as the Board is concerned, without employment altogether. Nearly all of these brethren might be effectively employed in the great mission fields of the West had we the means to sustain them. The manner in which the means and men at our disposal have been distributed will appear from the following tables:

REPORT OF THE BOARD OF FREEDMEN'S MISSIONS.

The Board of Freedmen's Missions respectfully submit to the General Assembly the following report:

At the beginning of the ecclesiastical year, Rev. J. P. Wright was elected missionary, to labor at Nashville, Tennessee, and at the 1st of September, he took charge of the work. Rev. S. F. Thompson had the oversight of the field till that time.

On the 15th of September the school was opened, under the supervision of Brother Wright, with Misses Jennie McCahan and Lizzie Wright as teachers. During the year the school had an enrollment of one hundred and thirty-four. A small tuition fee was charged, of fifty and twenty-five cents per month, according to grade; but, owing to hard times, was largely abandoned during the last months.

The attendance on public worship was not large, but constant and encouraging, and the Sabbath School (enrollment over one hundred) was kept up during the year. During the latter part of the winter Mr. James Given, a ruling elder in the congregation since its organization, died; a loss to the little flock not easily repaired.

At the July meeting of the Board, John Dean, Esq., Treasurer, resigned, and H. J. Murdoch, Esq., was elected Treasurer. The vacancy thus occurring in the Board is not yet filled. By reference to the Treasurer's report it will be seen that the receipts have been, exclusive of balance from last year:

From Presbyteries	$4,553	17
" Individuals, Congregations, Sabbath Schools, etc	906	16
" Tuition and Sundry Sources, per Rev. J. P. Wright, Nashville	252	55
" Sale of Property in Vicksburg	401	74
	$6,110	62

A note for $400, on sale of property at Vicksburg, due July 1st, was collected by our agent and deposited in the Freedmen's Savings Bank, and a draft for the same forwarded to the Board. While the draft was *in transitu* the Freedmen's Bank, Washington, D. C., suspended, and the branch banks closed with it, and our draft was returned, protested. It is now in the hands of the Commissioners appointed to settle up the affairs of the bank, and we will receive the per cent. which the bank will be able to pay on its liabilities, which we are informed, will not be less than fifty per cent.

The second payment on property bought in Knoxville, Tennessee, which was due March 31st, has, by arrangement, been withheld, negotiating the payment of the entire claim, the Board to receive reasonable discount on advanced payment. The whole claim, including interest, is $2,500. This arrangement we expect to have completed in a few weeks. There is no other claim against the Board.

The Treasury has at present, Cash	$5,748 71
Notes for Property sold in Vicksburg	1,400 00
There is due from the Board of Church Extension	2,667 50
" " " " " Home Missions	300 00
Making a total available assets over liabilities, not including property, of	$7,616 21

PROPERTY.

The deed for the school property in Nashville has been prepared by the chairman of the trustees of the shareholders, and signed by two, and forwarded to the third for his signature, and, when returned, it will cost the Board $350 for shares not released. The old school property in Knoxville, Tenn., has not yet been sold. The decree for its sale has not yet been returned by the Chancery Court. A bequest, referred to in a former report, valued at $4,000, payable at the death of a party named in the will, may also be mentioned here.

NORMAL SCHOOL.

The Synod of Illinois, at its last meeting, passed a resolution requesting the Board to prepare an accurate statement of the amount necessary to carry on the work for a year, when the buildings are prepared, &c. We have the pleasure of presenting the following, prepared by our Missionary, Rev. J. P. Wright, as an approximately correct estimate:

"The Baptist Institute, Nashville, enrolls from one to two hundred students annually, has about sixty boarders, assists personally (less or more) about twenty, employs five teachers—two ministers and three female assistants—runs its own boarding departments, &c., &c., and the whole annual cost to their Board is less than five thousand dollars. Central Tennessee College, Methodist, has seven teachers—three male and four female—a total enrollment last year of two hundred and sixty-two scholars, sixty-six boarders, &c., and the whole cost for the year to their Board was about four thousand dollars. These institutions are to the churches to which they belong just about what our proposed one at Knoxville ought to be to the United Presbyterian Church, and really, as far as I have data from which to form a judgment in the case, cost them as much, if not more, here, than ours need cost us there. They are really theological training schools, and are literary only so far as seems yet indispensible to their real success in the work at which they are mainly aiming—raising up of the freedmen themselves able and wise preachers and other Christian teachers. This, brethren, is just what every Church now seeking or that would successfully seek the Christianization and true elevation of these people must have. Every day's observation and experience in this work more and more confirms the conviction that to attempt to dispense with such a training school is just to kill the whole work."

This estimate being correct, it will be seen that the outlay, after the work is fairly inaugurated, will be but small. The Board feels encouraged, from the manifest willingness of the Church to sustain this work, from the amount contributed this year, notwithstanding the discouraging action taken by some Presbyteries and Synods last fall. With the above showing, and the very low rates at which building is being done in Knoxville this season, (at least twenty-five per cent. less than in Pittsburgh), we feel that the time has come, and the way is open, to proceed without delay to erect the necessary buildings and open the school. Some correspondence has been had with some of the Ministers of the Associate Reformed Church South, in which it was suggested that probably their Church and ours could co-operate in this work. The suggestions were very fraternally received. Dr. J. I. Bonner, of the Female Seminary, Due West, S. C., writes as follows: "I am sure our Synod would not only throw no obstacle in the way, but would be glad to help you on. There is felt in our Church, a need for more effort among the colored people, for their elevation and salvation, than we are putting forth. The States have undertaken to do something for their education, but, as a matter of fact, but little is accomplished; one reason of this is the want of proper teachers. But the Church, as such, is bound to look after their moral culture, their spiritual and higher interests, and but little

can be done in this department without educated colored preachers. They prefer instructors of their own color. These colored preachers have to be educated and trained by the Church, North or South, or both co-operating."

We present this thought as one, in our judgment, very important, and request its careful consideration.

Our missionary, after extended and careful inquiry into the condition of the freedmen, most heartily concurs in the above opinion, and writes thus: "These people are in a condition very peculiar indeed—ignorant and degraded, wild and foolish in their religious notions, absurd and ridiculous in their religious performances. Still they not only are religious, but the large body of them have a form and a name of Christianity. The colored population of Nashville and Edgefield is about 9,000. Out of this population the different African Churches report a membership of 6,493, (and, with good reason, this is believed to be the condition of affairs all over the State). This shows to my mind, conclusively, that there is a very limited element outside of their now existing organizations, on which an outside power can come in and operate, in hope of gathering it up into a distinct and different connection. In one word, those facts show me, conclusively, that if we (outsiders and foreigners in two senses) will come in and help to lift up these masses, we must, for the present and a good long future, be content to take hold of them just where they are, and operate on them, even remaining substantially and formally in the Church connections in which we mainly, yea, almost entirely, find them: that is, we must be content to educate, instruct, develop, lift up, as best we can, both intellectually, morally and religiously, these great masses."

With confidence, we ask the careful attention of this Assembly, to this department of Christian work, and also an appropriation of $15,000, to push the work immediately in view, to a speedy completion.

After a most careful review of the condition and wants of this mission, in the light of the opinions above expressed, and the experience of all other churches engaged in this good work, the Board unanimously and earnestly recommend that the Church would either establish the Normal School, and place this mission on a permanent basis, or abandon it altogether.

The term of office of Rev. John S. Sands and H. J. Murdoch, Esq., expires with this meeting. Rev. W. H. Andrew, elected by the last Assembly, has not met with the Board during the year, and J. W. Witherspoon, Corresponding Secretary, according to the charter, is only *ex-officio* a member of the Board. We ask the Assembly to fill these vacancies.

By order of the Board.

R. B. EWING, *President.*
J. W. WITHERSPOON, *Cor. Secretary.*

Pittsburgh, Pa., May 17th, 1875.

REPORT OF THE BOARD OF CHURCH EXTENSION.

The Board of Church Extension respectfully submits to the General Assembly the following report of the work committed to it:

As in the preceding year much embarrassment has been experienced in consequence of the financial condition of the country. Congregations have been pressed by creditors, and, in some instances, their property has been saved only by the prompt interposition of the Board. With the very limited means at command, it has not been possible to meet the many urgent calls for help, or even to pay appropriations in the order in which they were granted, but every effort has been made to give the greatest possible relief.

The receipts, exclusive of balance from last year, have been:

For the General Fund, from Presbyteries		$ 8,554 31
For the Loan Fund, from Presbyteries	$ 971 37	
From Congregations	650 00	
From Sabbath Schools and Society	83 00	
From individuals	1,732 03	
From Legacy	100 00	
From Proceeds of Property	3,189 70	
		$ 6,726 10
For special objects, chiefly by Sabbath Schools and individuals		1,578 16
Total		$16,858 57

Of this amount, $6,240 were received during the month of April. In consequence of this the account closes with a large balance in the Treasury, which was empty a few days before, and will soon be empty again. Early contributions and frequent remittances would save much inconvenience and loss.

It will be seen that the receipts fall far below the amount asked for by the General Assembly. After making all due allowance for the peculiar circumstances of the past year, it is evident that very many do not yet appreciate the importance of the work. To establish it in its proper place in the hearts of the people requires the full support of the Assembly and of pastors and sessions.

PROGRESS OF THE WORK.

Very gratifying evidence has been given of the good accomplished by the aid rendered. In the warmest terms congregations and pastors have expressed their obligation to the Church, and report that the entrance to the their new sanctuary, or the removal of debt, was followed by the most happy spiritual blessings. In some cases the aid given has not only saved the building from sale, but apparently the congregation itself from failure.

Grants not called for.—The congregation of Pleasant Ridge, in the Presbytery of Des Moines, by great exertion, succeeded in completing its house without the aid granted; and the congregation of Keokuk has not called for the loan promised.

Big Creek.—The congregation of Big Creek, in the Presbytery of Neosho, has withdrawn from the United Presbyterian Church. Instructions have been given for the foreclosure of the mortgage.

Indianapolis.—The church at Indianapolis remains unfinished. To complete it, by the erection of the main building, would require about $5,500. The congregation was already exerting itself to its utmost ability, and the regulations of the Board would not permit it to assume the whole work, even if the necessities of other congregations had not been too great to allow it.

The property is a valuable one, and is held in fee simple by the Board. The unexpected foreclosure of a mortgage required the Board to advance $350. The proceeds of the old property, available after a few months, will meet this, and all indebtedness, and leave a balance of about $500 to the credit of the new property. The Board has given $1,000 to the present building. In view of the peculiar circumstances of this congregation and the importance of the issue involved, the Assembly is asked to give instructions.

Omaha.—In consequence of the necessity of giving immediate aid to other congregations, no progress has been made in paying for the Omaha property beyond the payment of certain special contributions. It was judged better not to press the sale of the unused lot at the present time.

Port Huron.—The congregation of Port Huron is laboring under an oppressive debt. The Board has given aid, but the burden is still too great for the small congregation, and, unless removed, must crush it. The congregation is the only Presbyterian one in the community, and is in a good condition. With this debt removed it would soon be strong and influential. The field in itself, and in its relation to the future growth of our Church in the Northwest, is a very important one. The Board therefore asks instructions.

APPROPRIATIONS.

Experience has shown the necessity of a very strict adherence to the regulations adopted by the Assembly in making appropriations. In some cases this may cause delay, but it is found that the interests of congregations as well as of the Church at large, are advanced by this course. Each application has been carefully considered, and the appropriation has been made as small as possible.

The appropriations amount to $8,200, and are as follows:

CONGREGATION.	PRESBYTERY.	DONATION.	LOAN.
Bellaire	Wheeling	$ 550 00	.....
Keota	Keokuk	.....	$1,000 00

PROPERTY OF DISSOLVED CONGREGATIONS.

The property in Middletown, Iowa, has been sold, and the proceeds placed in the Loan Fund. The property in Waupaca, Wis., has not yet been sold.

The Board can take measures for the sale of the property of congregations dissolved or alienated only when it has a direct claim. Much trouble and loss would be avoided if Presbyteries would give careful attention to the title in all new purchases of property.

CLAIMS.

Bloomington.—The claim against the property in Bloomington, Ill., has been amicably adjusted, the Board receiving $1,285. This avoided all the costs and contingencies of the suit entered.

Salem, Oregon.—Much difficulty attended the collection of the note held for the claim against the congregation in Salem, Oregon; but at length, as the issue of a civil process was uncertain, the note was surrendered on the payment of $1,200 coin.

THE LOAN FUND.

The receipts for the Loan Fund have been $6,726.10. To this the Board has added the balance from last year, $2,485.52—making an increase in the fund of $9,211.62. The total amount of the fund is $37,585.73. Loans from this fund have begun to mature, but in the peculiar circumstances of this year, the Board has been under the necessity of granting an extension of time.

It has been ascertained that, in some instances, congregations indebted to the Board have allowed other debts to be formed, or to increase. While this may not impair the mortgage, it is in violation of the spirit of the grant made; and as it weakens the ability of the congregation to repay its loan, may in the end make it necessary to foreclose the mortgage. It is therefore recommended that all congregations indebted to the Board be required to make an annual report of their financial condition to the Presbytery, and in case the report should show an increase of debt, that the Presbytery notify the Board immediately.

PARSONAGES.

During the year an application was received for aid to a parsonage, and inquiries on the subject have been received from other places. The Board, after a careful consideration of the Constitution and Regulations, decided that no authority was given to appropriate money for this purpose. The receipts are not equal to the present work, and therefore, if the Assembly should judge it desirable to provide for parsonages also, a separate and special fund should be authorized.

ATTORNEYS.

The Board is under great obligatinns to Attorneys Brown and Lambie, of Pittsburgh, Pa., for their valuable professional services, frequently and freely rendered. With great promptness, and the highest faithfulness, they have given counsel and and prepared all legal papers required. In view of the large interests involved—interests that are becoming larger every year—the Board asks the Assembly to elect a solicitor, or to authorize the Board to make such election.

RECOMMENDATIONS.

The regulations adopted by the last Assembly work satisfactorily, and sufficiently protect the interests of the Church. With the view of increasing contributions and enlarging the work, the following recommendations are submitted for consideration:

1. That the Board be authorized to accept contributions, subject to such annuity and payable in such manner as may be agreed upon; such contributions to be securely invested, and the annuity never to exceed the annual interest received. There may be persons who wish to devote their money to religious uses, but who may desire the income from it during life. This would afford them an opportunity of doing so, and avoid all uncertainties concerning bequests.
2. That the Board be authorized to keep any contribution of $5,000, or upward, from one person, or family, or church, as a separate loan fund, bearing such name as the donor may designate; the investment and work accomplished by it, to be reported annually.
3. That the Board be authorized to receive temporary loans, without interest, to be repaid on such notice as may be agreed upon. The season of building is the time in which there is the greatest scarcity of funds, and by such means the Board would, in some cases, be able to give relief to congregations.

REVIEW.

It is now five years since the present plans were adopted, and a summary of the work may be useful.

The receipts of the Board have shown an increase over the contributions reported for this purpose, during former years. The burden of the work is more equally distributed by the prohibition of special agents. The contributions made are more fully secured against loss or perversion. The Church has more definite information of the work, and, therefore, more interest in it. Also, more attention has been awakened to the tenure of church property.

Aid has been given to seventy-eight congregations, to the amount of $90,600. Some of these are new organizations, in important fields; some are older, but had never possessed a church, or were oppressed, in some instances, to the point of failure, by a too heavy burden of debt. These congregations have a membership of about 6,000, and already contribute, for all purposes, in sustaining the Gospel, over $70,000 a year.

A loan fund of $37,585 has been secured. There are bonds and mortgages in the possession of the Board, amounting to $71,660, and deeds securing property, estimated at $105,000, making a total of $176,660. The Board has also received from the proceeds of the property of congregations dissolved, or alienated from us, $3,959, not including property not yet sold, or $1,059 more than all the expenses of the Board.

These results may encourage the Assembly to give mature consideration to the work, and to take such measures as may be found best for its enlargement. Our missionaries earnestly appeal to us to come to their help, and secure them churches, before the fruits of their labors are scattered and lost.

VACANCIES.

The term of office of Rev. R. B. Ewing, Rev. T. H. Hanna, and Mr. Samuel Dyer, expires with this year. Mr. George McCague, a member of the Board since its organization, always prompt in attendance, prudent in his counsel, and liberal in his contributions, has resigned on account of increasing infirmities, and his resignation has been accepted.

REPORT OF THE BOARD OF PUBLICATION.

In this, our Annual Report, we would mention the goodness of God in preserving, our property from loss by fire and flood, so destructive in portions of our city and and from theft and robbery, so rife in our own and other parts of the country.

Our work has been prosecuted in the usual way and with the usual results. Special attention has been given, as heretofore, to the circulation of the Scriptures in convenient and attractive, yet economical forms. We take pleasure, and feel some degree of pride, in exhibiting to the Assembly and the public what we consider a model assortment of Bibles, Testaments and Psalm Books, besides a fair catalogue of choice religious and Sabbath school books, catechisms, etc.

In the latter department we have added during the year, Boston's Four-Fold State, Anderson on Faith and Romaine on Faith. We have also purchased a set of stereotype plates of that excellent system of instruction, Fisher's Catechism.

The whole number of books, besides smaller Catechisms, &c., issued during the year, is 51,200 copies.

It is, perhaps, unnecessary at this time to offer arguments or refer to facts demonstrating the importance, and even the vital necessity of this part of the Church's work. The press, next to the pulpit, is the power of the day in accomplishing good. Directly or indirectly, it enters into all the educating processes of the family, the State and the Church. It modifies and shapes the opinions and practices, the business and recreations of all classes and in all departments of society. Art, science, politics, religion, truth and error, every form of vice, old or new, employ, with powerful effect, the press to familiarize the public mind with their respective objects and principles. And it surely does not, and cannot, need proof that the Church, and our branch of it, should vigorously employ this mighty influence in harmony with the teachings of our standards and the voice of the pulpit.

The following statement shows the financial condition of the Board:

By comparison with the report of last year, it will be seen that our capital stock has increasd $3,619.47. This is in addition to $840 of old book accounts closed as worthless, making the gain on the year's business $4,459.

It is our painful duty to report, that notwithstanding diligent efforts to collect old debts due, a large proportion still remains unpaid. In many cases we have good promises; in some, no response; from others, we have the plea of inability; in a few instances, our requests for payment have been met with angry refusals. It is hoped that, by patient importunity, most of these last will be overcome.

The aggregate indebtedness to the Board by ministers, Sabbath Schools, congregations, booksellers, &c., has been reduced from $15,665 last year to $12,685 this year or nearly $3,000. This, however, is rather an index of the decrease of sales on credit, than of claims collected. Of the amount on our books, $2,658 have been due from one to eight years.

Our present plan of operation was adopted when our means were very small. These having largely and very gratifyingly increased, would it not be well for the Assembly to consider the question of enlarging our sphere and plan as our means enlarge. This may be practicable without materially increasing our expense.

We would ask liberal appropriations for the coming year; and if the Assembly will say what proportion of the Church's contribution shall be used for the assistance of Mission Churches and Sabbath Schools, it will very much assist us in determining what to do in many cases. We suggest one-half of the general receipts be so used.

The term of service of Rev. W. J. Robinson and Messrs. Thomas McCance and W. M. Gormly expires at the present meeting of Assembly.

Respectfully submitted by order of the Board.

S. COLLINS, *Superintendent.*

REPORT OF THE BOARD OF EDUCATION.

The number of students who have received aid from the funds of the Church, through this Board, during the past year, is twenty-eight, of whom thirteen are students of theology. They are under the jurisdiction of various Presbyteries, as usual, and have attended the various institutions of learning—literary and theological.

Digitized by Google

Referring the Assembly to the statement of our Treasurer, which accompanies this report, for details, we present here the following general statement concerning our funds:

Received during the year, closing April 30th, 1875:

From Presbyteries	$ 4,223 81
" Loans	4,625 00
" Individuals, Legacies, Beneficiaries, and interest	933 22
Total Receipts	$ 9,782 03
Add Balance reported beginning of last year	675 35
Total	$10,457 38

Our Expenditures during the same time have been:

Payments to Beneficiaries	$ 5,225 84
Meeting Bills Payable	3,800 00
Officers' Salaries, Contingent Expenses, and Interest	458 68
Total Expenditures	$ 9,484 52
Leaving a balance at the end of the year, April 30, of	972 86

The number of our beneficiaries the year ending March 31st, 1874, was twenty-seven, to whom we paid, as will be seen by referring to our last year's report, $3,762.50; while during the past year with a list of twenty-eight beneficiaries, we have paid $5,225.84, which is $1,463.34 more than the previous year, with only one additional beneficiary.

The explanation is as follows: A number of students of theology had not received the installment for March, 1874, when the report for the year then ending was prepared, as they had left the Seminaries which they had attended, and their localities had not yet been ascertained. The payment of the March installment for 1874 to these persons is, therefore, included in the expenditures for the year ending April 30th, 1875.

The Presbyteries have contributed more liberally to the funds of this Board, the past year, than for some previous years. This is, so far, encouraging; still an indebtedness of $2,375 rests upon the Board, which it is most desirable to have removed, for various reasons: First—It is consuming the Church's funds by the necessary payment of interest. Second—It must at length be paid, either by the Church, or by the members of the Board, who have become responsible for it. Better far to do it promptly. Third—It is unpleasant for the members of the Board to have the weight of this responsibility resting on them, and they are unwilling to continue under it.

We can only think of two ways by which the extinction of this debt can be effected: One is by increased liberality in contributions; the other, by curtailing our expenditure. As it is necessary that something be done, we would suggest curtailment in one direction: Would it not be well to withhold aid from literary students—at least till they enter the Junior year in College? Besides economy in the use of funds, we offer these reasons: First—It would probably be better for the young men themselves. If aid be given from the very beginning of the course, is there not danger of their acquiring the habit of depending too much on aid, to the neglect of forming the habit, needful to make anyone efficiently useful, of exercising their own energies, and depending on their own resources? Second—Though a young man may sincerely intend the ministry when entering on his preparatory course, he is more likly to change his intention than at a later stage; and, Third—Though he may seem to have good talents, yet his mental capacity, and especially his adaptation to the ministry, have yet to be proved. When a student has advanced to the latter part of his literary course, a much more correct judgment can be formed in these respects.

This measure may, we think, be adopted without serious injury to the cause of ministerial education—perhaps with advantage to it. But should it fail to enable us to gain the desired object, and should further curtailment become necessary, and should an obstacle thus be put in the way of young men coming forward to the ministry, while we shall deeply regret the existence of such a necessity, we wish it to be considered that it is a necessity which this Board cannot control. The Church is able to control, and prevent or remove it. With the Church we leave the responsibility.

Among the objects for which this Board was created are these, as stated in the Constitution: "To cherish and diffuse an educational spirit throughout the Church,"

Digitized by Google

and "To co-operate with the Presbyteries, the Synods and the Assembly; in the establishment of institutions of learning." A word, then, in relation to these objects cannot be out of place:

Evangelical religion always promotes intelligence among the people, and makes them the friends of education. This we think unnecessary to prove, as almost all Evangelical Protestants will admit it. Presbyterianism, especially, has never flourished without the common school and the higher schools; the college and the school of theology flourishing also. We expect our people to be the friends of learning, as a matter of course, just as we expect them to be the friends of sound doctrine, and of Scriptural Church order. We expect them to give their children all the benefit of our common schools, but have we not a right to expect them also to be active in founding and encouraging the high school, the academy and the college? If religion, as held by us, is to prosper, these institutions, as subordinate to it, must exist and prosper. The promotion of learning is not foreign to the objects we have in view in our profession of religion, but strictly in harmony with them, and, indeed, essential to their being realized. Might not the Assembly, then, take action directing and urging our people to show themselves the friends of higher, as well as common education?

It is not so easy to point out a practical way in which they might show their interest in this matter. But why could not Presbyteries and Synods take action looking to the establishing of high schools and academies in their bounds, and guiding the people to act in concert in sustaining them? Such schools would give the opportunity to any who wished a better education than could be obtained in the common school; would, doubtless, often bring to light abilities which would otherwise have remained dormant, and would also give good opportunities to judge whether young men possessed gifts suitable to the Gospel ministry. Might not the Assembly call the attention of Presbyteries and Synods to this matter?

A leading object in extending pecuniary aid to students of theology, as we understand it, is to enable them to attend and enjoy the benefit of our Theological Seminaries. We observe, with regret, a practice, which seems to be on the increase in some parts of the Church, of allowing students to pursue their theological studies at home, under the direction of their Presbyteries. In some instances credit for one session of the theological course is allowed for the attention paid to theological study during a summer's vacation, without any preceptor, and after only a very general examination. In some instances, too, it seems, credit is given for such attention as the student could give while engaged in other pursuits. Surely, their theological training, under such circumstances, must be superficial.

None of these, it is true are beneficiaries of this Board. But would it not be much better for them to become such, and enjoy the advantages which our Seminaries afford?

We need not say to the Assembly that the present is no time to allow men to enter the ministry with superficial theological training, or with such low views of ministerial responsibility as is implied in their being willing to enter on the work without the best ministerial training which the Church can furnish.

Would it not be well, then, for the Assembly to direct the Presbyteries to take such action as will require their students of theology, unless in very special cases, to pursue their studies in theology at one of our seminaries?

As Dr. Alexander Young removed from Monmouth last summer, Prof. E. F. Reid was appointed to fill his place till the meeting of the Assembly. We recommend his election for the remaining part of the time for which Dr. Young was elected.

The time for which D. A. Wallace, D.D., James H. Martin, Esq., and Rev. D. M. Ure were elected ends at this meeting of the Assembly. It is the province of the Assembly to fill their places, by re-election or otherwise.

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

To the General Assembly to meet in Wooster, Ohio, on the fourth Wednesday of May, 1875, the Board of Ministerial Relief respectfully submit this their second annual report:

As required by the Constitution, the Board has held regular quarterly meetings during the year. But little business was transacted at these meetings.

Digitized by Google

The Treasurer's report, which has been audited and found correct, shows, that the sum of $2,184.61, has been received during the year from collections from the churches, from individual contributions, and from interest on investments.

Expenditures have been, for beneficiaries, $600, and for incidental expenses, $9.75.

One disabled minister, and three families of ministers, disabled or deceased, have received aid during the year. These were recommended by four different Presbyteries, and the rules of the Board relating to grants were in each case observed. It is believed that the aid thus given has been thankfully received, and the Church has her reward in the gratitude of the needy whose wants have been supplied, and we know that she will have her reward from him who has said: "Inasmuch as ye have have done it unto one of the least of these, my brethren, ye have done unto me."

It will be seen from the above that the demands upon the treasury for the year have not been very large, and that the current receipts have more than met these demands. It is not doubted, however, that as this Board and its workings become better known to the entire Church, the draft upon the treasury from year to year will be much larger than at present. The Board, therefore, trusts that the Assembly will take such action as will, if possible, secure a collection for the year, from all the congregations throughout the Church.

Since it is believed that there may be really needy and deserving cases in the bounds of the Church that have not been brought to the attention of the Board, we would ask the Assembly to call the attention of Presbyteries again to this matter, and to direct that they shall carefully inquire into the circumstances of disabled ministers, or of the families of deceased ministers within their bounds, that every deserving case may receive due attention. The Lord has put it into the hearts of the people to contribute for this good cause, and it would be sad if any who need and deserve their beneficence should, through their own backwardness, or the inattention of Presbyteries, be overlooked.

As the Presbyteries have not yet become familiar with the regulations of the Board as fixed by the Assembly in relation to the conditions upon which grants are made to beneficiaries, the Board have prepared a blank form of application for their guidance in this matter. This form is herewith submitted to the Assembly, and if approved, it will, in future, be sent to the Presbyteries making application that it may be, by them, filled up and submitted to the Board.

An act of incorporation has been secured as directed by the Assembly. This charter is herewith transmitted for examination, and, if necessary, for acceptance by the Assembly.

At the meeting of the Board held on the 10th of May, Mr. Wm. Arrott offered his resignation as a member. It was accepted, and Mr. Thomas Stinson was elected to fill his place.

According to the "General Constitution" of the Boards adopted by the last Assembly, a Corresponding Secretary for each Board is to be elected for a term of four years by the Assembly. This requirement was overlooked in the case of this Board by the last Assembly. The Secretary elected by the Board has been performing the duties of Corresponding Secretary for the year. As, however, he is not authorized to do this, the Assembly should elect one to this office according to the Constitution.

The term of office of Messrs. Henry Harrison, James McCandless and James Brown, expires with this meeting of the Assembly.

Respectfully submitted. W. W. BARR, *Secretary.*

REPORT OF THE COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

In response to blanks sent out according to direction of last Assembly (a copy of which is herewith presented), your Committee received returns from forty-two of the fifty-two Presbyteries in this country, embracing nearly six hundred congregations. Many of them, however, were incomplete, owing to the failure of congregations to report in time to their Presbyteries.

On this account, the report of your Committee will present a very inadequate view of the state of the church and its progress during the past year. From the data in our hands we glean the following:

NARRATIVE.

1. *Death of Ministers.*—The past year, like the one preceding, has made sad inroads by death upon the ranks of our ministers. The following is the list of those whose names will no more appear upon our rolls, and the reading of which now for the last time makes our hearts sad: John McMaster, D. D., Moses Arnot, G. M. Hall, Jos. H. Pressly, D. D., Michael Harshaw, David Currie, G. C. Brown, D. W. French, D. D., J. M. Donaldson, W. R. Erskine, J. H. Peacock, J. E. Richey, A. P. Taggart, R. Gailey—fourteen in all—good men and true, "who, having served their generation according to the will of God, fell asleep and were gathered to their fathers." Some of them were veterans, who having served the full term usually allotted to the servants of Christ, had been retired from active service, and have now been honorably discharged by the great Captain of our Salvation, and, as we confidently trust, admitted by him to the enjoyment of their everlasting rest and reward. Others were in the prime of life or vigor of youth, cut down in the midst of their usefulness, at a time when it would seem to us they could but illy be spared by the church. But he "whose they are and whom they served" thought otherwise, and in love to them—it may be in judgment, certainly in the way of warning to us who remain—he has called them home, and left us weak and sorrowing. In one Presbytery alone—that of Southern Illinois—which had been sorely bereaved before, three more of their number have been removed this year by death. Truly, the hand of the Lord has been heavy upon that Presbytery, and, while the whole body suffers in the loss, that part of it which has been so sorely stricken, has special claim upon the sympathy of the rest. Whilst, therefore, in regard to these beloved brethren who have gone before, we can say, "Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, for they rest from their labors; and their works do follow them." In reference to ourselves, we are called upon to gird up the loins of our minds, and, over their fallen forms and in presence of their shining examples, to consecrate ourselves anew to the Lord's work, and to cry more earnestly "to the Lord of the harvest to send forth laborers into his harvest."

2. *Ordinations and Licensures.*—It is matter of devout thankfulness that the ranks thus so sadly depleted have been more than filled up in number by the ordination of fifteen to the gospel ministry, and the sending out of twenty-six as probationers for that work—thus giving assurance that the Lord is answering the prayer of his people, and remembering his promise to "give them pastors after his own heart."

3. *Releases and Installations.*—While, also, there have been but twenty-six releases, there have been, on the other hand, forty-five installations of pastors—a most encouraging feature in the history of the past year, as indicating a reaction from what has appeared for some time to be a growing evil in the church.

4. *New Organizations.*—While there have been five congregations disorganized, there have been eleven new ones organized, and the same number of new mission stations established.

5. *Additions.*—The additions to the membership of the church are in excess of the decrease by about eleven hundred, of which nearly four hundred have been by adult baptism, showing a gradual but steady growth and increase from the world as well as from the children of the church.

6. *Contributions.*—In reference to the amount contributed for the support of ordinances and the spread of the gospel, the statistics, so far as received, indicate, even in those regions which have suffered so severely from the grasshoppers and other insects, a liberality which bears a favorable comparison with former years. Owing to the incompleteness of the reports on this subject, we are unable to give any more definite statement.

But even from this brief and imperfect narrative, and assuming that those Presbyteries which have not reported have done as well as those which have, we have certainly sufficient reason, at least, to "thank our God and take courage."

STATE OF RELIGION.

The reports on this subject, though in many instances vague and unsatisfactory, present matter for mingled humiliation and thanksgiving. In response to the question, "What is the general spirit of the congregations?" the almost uniform report has been favorable. While some congregations are listless and inactive—in some cases weakened by internal divisions and dissensions—for the most part harmony and brotherly love appear to prevail, and God's people are found generally striving together with one heart and one mind for the faith of the gospel. But few cases of discipline are reported, and scarcely any which have come up as in past years by appeal to the higher courts. Nor does this arise, as we have reason to believe, from any indifference to the truth or any disposition to lower the standard of purity and morality in the church. Perhaps there never has been a time, in the history of our beloved Zion, when there has been a more entire unity and harmony of sentiment and feeling among the ministry and membership, and a disposition earnestly and faithfully to maintain all the principles of our profession.

Attention has been called largely, during the past year, to what may be considered as a distinctive feature of our branch of the church—the preaching and exhibition through the pulpit and the press of the great and important doctrines of grace. These, we have reason to believe, have been presented in most, if not all, our congregations with a fullness and a clearness not excelled in any other branch of the church, or even in our own in former years. As a consequence God seems to have blessed the labors of his servants for the conversion of sinners and the sanctification of believers. Although no special revivals of religion are reported, yet in some places a more than usual interest has been awakened, and from all, or nearly all the Presbyteries, we receive the cheering report, that by the blessing of God attending the diligent and faithful use of the ordinary means of grace, the Lord's work is progressing quietly and without observation, but steadily and surely progressing. Nearly all report the moral influence of their Presbyteries as growing.

Attention is called by some to the employment of special and continuous services of prayer and preaching, not only during the Week of Prayer, but also at other times, with gratifying results. It is suggested, as worthy of your consideration, whether it would not be well for the Assembly to recommend to and urge upon Presbyteries the propriety of holding such services in all their congregations, both settled and vacant, at such times as might suit the circumstances of each. To this end pastors and stated supplies might be appointed to assist each other, and also to endeavor to utilize the lay element of the church more largely in the work of evangelization in their respective fields.

It is believed that this would be attended with better results than the observance of but one season of prayer and effort by all at the same time—like the Week of Prayer—which is in danger of degenerating into a mere form like the observance of Lent, or any other stated time not authorized by Scripture appointment.

It is gratifying to know that, in the large majority of congregations, prayer meetings and Sabbath Schools are maintained with a good degree of regularity and efficiency. On the other hand, however, we are pained to learn that in many of the Presbyteries there are congregations—in some two, and in some more—which have neither prayer meetings nor Sabbath Schools. Surely this ought not so to be. Let these agencies be employed, not in the way of superseding, but rather of supplementing and assisting the performance of the duties of family and personal religion; and certainly God will bless them, as he has done, when thus employed for the accomplishment of great good both to young and old.

In regard to the errors and sins which act as hindrances to the Lord's work, besides those which are common to all places and times of the Church, such as worldliness, unbelief, formality, and the like, special mention is made in very many instances of the evil influence of secret societies, intemperance, and Sabbath desecration, not so much among our own membership as in the world around and among surrounding churches.

It is gratifying to learn that, while intemperance and Sabbath profanation prevail to an alarming extent, yet among our own members there is a very general regard manifested for the sanctity of the Lord's day, and a growing influence in favor of temperance, even to the extent of total abstinence. In reference to the latter, there has been marked progress, largely as the result of the woman's movement, and in spite

of the fact that in some places the zeal of many has seemed to slacken and the interest to abate. In view of the number and power of these evils and the hosts of infidelity and popery which are combining on all sides against the Lord's cause, we have need to cry with Jehoshaphat of old, "Oh, our God, wilt thou not judge them? for we have no might against this great company that cometh against us, neither know we what to do; but our eyes are upon thee." Would it not be well for the Assembly to appoint a day and call the people to fasting and prayer, as did that pious king, that they might cry mightily to the Lord? Who knoweth but he will return and leave a blessing behind him?

There is but one other subject to which attention is directed in these reports, and that is: The best means, or those found most efficient, in raising money for the support and spread of the Gospel—in other words, the state of religion as regards the grace of liberality. The Apostle enjoins upon the Corinthians, and so upon the Church in all ages, "As ye abound in everything, in faith and utterance and knowledge, and in all diligence, and in your love to us, see that ye abound in this grace also." It is impossible, from bare statistics of amounts contributed, or the average per member, to arrive at a correct or even approximate estimate of the condition of the Church in this respect; for the reason that these do not give us any information respecting that which the Scriptures assign as the standard of comparison, viz., the measure of prosperity which the Lord has granted to his people during the past year; or, in other words, the extent of their ability which varies widely in different localities. It is a hopeful symptom that notwithstanding the financial embarrassment which is still pressing upon the business of the country, more or less affecting all classes, and the famine almost amounting to starvation which has prevailed in some localities, yet the operations of the Church, both at home and abroad, have been carried on by her various Boards with fewer appeals for relief from embarrassments than in former years.

Still, it must be admitted, that while we have less reason to complain than perhaps some other churches, yet our people are far from "having attained or being already perfect" in this respect. It might be worth while to inquire what is needed to promote the growth and increase of this grace in the Church. Without doubt the great need is a baptism of the Spirit, shedding abroad the love of Christ in his people's hearts, and thereby constraining them to a more entire and unreserved consecration of their all to his service. For this we should seek with earnest, believing, importunate prayer. But, from the reports of Presbyteries, it is safe to infer that one great reason of the slow progress in this grace is the absence of any systematic and regular employment of giving as a divinely appointed means of grace and ordinance of worship. Nearly all the Presbyteries report the same old plan of raising funds for religious purposes, by yearly subscriptions, pew rents and occasional collections. In one report we have this homely but expressive figure—"Constant pumping and the suction very imperfect." A few, indeed, report that the card and envelope system with weekly or monthly stated collections, has been found to work well. But the most are content year after year to go on in a kind of hap-hazard way, without any system at all. Without venturing to propose any particular plan, we would suggest whether some system might not be prepared for and adopted by all the Presbyteries, which would serve to direct the congregations in making their contributions to the various funds with some degree of promptness and regularity. Surely if intelligent, conscientious giving to the Lord, according as he hath prospered them, were regarded by the people in the same light as the preaching and reading of the word, family worship, secret prayer, or any other of the means of grace, to be observed with the same regularity and system as a part of religious worship, we might expect, by the blessing of God attending his own ordinance, to witness a great improvement in this respect.

And here we may be pardoned for offering a suggestion which comes to us from one of the Presbyteries—whether the plan of apportioning a certain amount to be raised by each congregation, according to its membership, is not calculated to mislead the people in regard to the true standard of duty, and to limit their liberality to the lowest amount that is absolutely required, instead of urging them to aim at reaching the true standard of giving which the Scriptures represent as the measure of responsibility. "If there be first a willing mind, it is accepted according to what a man hath and not according to what he hath not." "Let every one lay by him in store as the Lord hath prospered him." "She hath done what she could."

Oh, if the people of God could be brought in any any way to realize their obligation "to Him who died for them and rose again," and under the constraining influence of His love to feel like the primitive Christians, that nothing they have is their own—"to have all things common" in the sense of holding all their posses-

sions subject to the claims of His cause; if "they would bring all their tithes into the storehouse"—not one tithe, or two tithes, but all the tithes—"that there may be meat enough in His house"—until they would need to be restrained from, rather than urged to, giving more; might we not expect that God, according to His promise, "will open the windows of Heaven and pour out the blessing" which is now restrained, and "so make all grace to abound toward us that, in always having all sufficiency in all things, we might abound to every good work, being enriched in everything to all bountifulness which causeth thanksgiving to God."

And "may he that ministereth seed to the sower both minister bread for his people's food and multiply their seed sown and increase the fruits of their righteousness." Amen.

Respectfully submitted on behalf of the Committee.

REPORT OF THE PERMANENT COMMITTEE ON SABBATH SCHOOLS.

In presenting this their annual report to the General Assembly, the Committee desire, first of all, to express their gratitude to God that he has in his kind providence raised up the Sabbath School as an instrumentality in the Church for the religious training of her children, and for gathering in and instructing children of the world who have none to care for their souls. They would also give thanks to God for his favor to the schools of our Church during the past year, and for the good that has been done through their instrumentality.

NOTES AND LESSON PAPERS.

The last Assembly made it the duty of the Permanent Committee "to prepare, or secure the preparation of suitable notes for the teachers, and lesson papers for the children, and to publish them in such periodical, or periodicals of the Church, as might be willing to admit them, or as the Committee might deem best adapted to the purpose." This direction of the Assembly the Committee have endeavored faithfully to execute. Unable themselves to undertake the preparation of notes and lesson papers, they secured the services of brethren in the ministry in different parts of the Church, whom they deemed competent to the work. The Rev. Dr. D. A. Wallace, of the Presbytery of Monmouth, the Rev. D. S. Littell, of the Presbytery of Chartiers, the Rev. J. A. Williamson, of the Presbytery of Albany, and the Rev. Dr. Alexander Young, of the Presbytery of Monmouth, have prepared the notes and papers for the successive quarters of the year beginning with July, 1874. The work done by them has differed somewhat in style and form, but we think it has been generally satisfactory wherever it has been used, and that upon the whole it has afforded as much substantial aid to teachers and scholars, as any similar help that has been published during the year in our country. A devoted and intelligent pastor writing in relation to the notes and papers of the present quarter, says: "I feel pretty sure our sheets will bear favorable comparison with any in the land. They are proving a great comfort and blessing here, and I have no doubt elsewhere also."

These notes and papers have been published in the *Repository and Worker* during the year—the Committee deeming this periodical better adapted to the purpose than the papers of the Church. The publishers of the *Repository* issued the lesson leaves separately to such schools as desired them, and they also expressed their willingness to publish the notes separately, and at a reasonable cost, provided there was a demand for them in separate form. Such demand has not been made to any considerable extent, and accordingly the notes have been issued only in the *Repository* up to this time. The present publisher is willing to issue them in separate form should the Church desire him to do so.

From the best information the Committee have, they entertain the opinion that probably not more that one-half of the officers and teachers in the schools throughout the Church have taken these notes and papers during the year. From this we infer that probably not a few teachers are without any special assistance in preparing for their work on the Sabbath; and that possibly not a few others are assisted by publications from sources outside of our own Church. It is our judgment that every teacher should have the advantage of the special help that is now given by means of notes and lesson papers; and that in every case pastors and sessions should see

Digitized by Google

that this help is used. If in any case the teachers cannot procure this assistance for themselves, the congregations should at least share the expense with them.

As to helps from sources outside of our Church, the Committee would say, that while some of these are known to be valuable and comparatively safe, yet others inculcate doctrines contrary to those received by us, and none of them contain anything that will instruct the children and youth in the distinctive principles and polity of our Church. We cannot but regard this as a matter of importance, and one to which the Assembly should give special attention. If we are to maintain our place as a Church, it is vitally important that our youth should be made familiar with our principles and work. Let them be taught for a few years by means of helps that either oppose our principles, or ignore them, and their attachment to the Church will be weakened. The result cannot but be alienation, disintegration, and ultimate extinction of existence. If therefore, the assistance now given to our teachers and scholars is not what it should be, let the Assembly take immediate steps for its improvement, and let it be made such that none can question its value or excellence.

THE INTERNATIONAL LESSONS.

It is assumed that nearly all of our schools are using the International Series of Sabbath School Lessons. If any of them are not using these, the Committee, from their experience and observation would most earnestly advise their introduction at the earliest possible day. The objections to their use are few, and most of these usually give way when a fair trial has been made. The advantages arising from their use are great, and far outweigh the objections. The mind of the whole Christian people of this and other lands is being turned to these lessons, and the best talent of the churches is given to their elucidation. There is now being given to the Church an opportunity for the intelligent and systematic study of the Bible such as she has probably never enjoyed at any period in her history. The pastors, congregations, and Sabbath Schools that fail to take advantage of this will stand in their own light, and will suffer as the result. If the whole Church shall take hold of these lessons, and use them as she should, we do not hesitate to predict that the present rising generation will become more intelligent in the Scriptures than any one that has preceded it. The design is to go through the entire Bible by means of judiciously selected lessons. The parts thus omitted can readily be adverted to and explained in connection with the selections, and thus when the series shall be completed, those who have gone carefully through it may have an intelligent view of the teachings of the Scriptures both of the Old and New Testaments. Such a result is surely devoutly to be wished and prayed for.

PROPER USE OF THESE LESSONS.

Just here it may not be out of place for the Committee to proffer a little advice as to the ways in which these lessons should be used. It has been already indicated that the Assembly should see to it that the best possible notes upon the lessons are prepared and put within the reach of the Church. When this is done, the teachers should make the most diligent use of these notes, and all other helps at their command, that they may be thoroughly prepared for their work. It is our conviction also that it will be of incalculable service if pastors will take up and explain the lessons before they are taught in the schools. This they can do either in classes formed especially for their teachers' benefit, or else as a part of their regular exposition of the Word in their pulpits.

It is a matter to be regretted that many of our schools are closed during the winter season. Most of these, it is presumed, will lose in a large measure the advantages of the International Lessons. In these circumstances we would earnestly advise that no school be closed for any part of the year, unless the necessity for closing be absolute. If there are cases in which schools must be discontinued for a time, we would earnestly ask, would it not be well for the pastors or supplies in such instances to take up on each Sabbath the lesson for that day, and make it the subject of his expository discourse, and accompany this with the advice to parents to carry the instructions home with them, and teach the lesson diligently in their families? By this means the connection in the lessons might not be broken, and the Sabbath School work might be virtually continued, although the schools were closed for a time.

We would also in this connection advise that pastors would in all cases endeavor to have their entire congregations study these lessons together in the Church, or if this be not practicable, then in their homes. We judge that it will be of unspeak-

Digitized by Google

able advantage if the pulpit, the congregation, the Sabbath School, and the family can be made a unit in this great and good work of studying together the Word of God.

GROWING IMPORTANCE OF THE SABBATH SCHOOL.

We need hardly say to the Assembly that it is our decided conviction that the Sabbath School work is advancing in its importance from year to year. God in his providence has given this work to His Church. It cannot, without guilt, be ignored, neglected, or undervalued. The Church is under solemn obligation to guide wisely and control this work, and to use it in such a way as best to promote the glory of God in the advancement of his cause. She must see that the School is kept in its subordinate place, and as an essential and vital part of the congregation. If she shall allow it to become separate and independent, it will prove a curse rather than a blessing. She must provide for it properly qualified teachers, furnish them with all necessary assistance for their work, and give the school its necessary material aid. Pastors and elders must be foremost with their countenance and active assistance. The youth of their churches must not be permitted to grow up strangers to them. They must get that hold upon them which the Sabbath School so well enables them to get; and they must bind them to themselves by its strong and loving bonds. The pulpit must keep this work before the people, and press its importance and obligations upon them. It specially must instruct parents as to their duties in relation to the school, and solemnly warn them not to shift their responsibilities to its shoulders. Pastors must come to see that a large part of their work lies in the Sabbath School. They may not in all, or in many cases superintend their schools. But their presence must be in them. They must see that their services of worship, while animated, are yet as solemn, and earnest and devoted as those of the sanctuary. There must not be one religious atmosphere in the school room, and another in the church. One spirit must pervade both. Pastors alone can secure and promote this. Their office is distinctively to feed the flock, to instruct, to oversee, to guide it. They are to preach the Word. This they must do to all who come under their influence—to the family, from house to house, to the Sabbath School, and the congregation.

CONVENTION.

Judging that it might give an impetus to the Sabbath School work throughout the Church, if a number of the brethren could be gotten together for conference, the Committee assumed the responsibility of calling a Convention to meet in Wooster, just preceding the meeting of the Assembly. At the time of preparing this report we cannot with any certainty predict the result of this movement. There seems to be considerable interest taken in the matter, and it is hoped that the good influence of the Convention will be felt throughout the entire Church.

THE COMMITTEE FOR NEXT YEAR.

As the present Committee have served for a period of three years, and as their work is one of considerable labor and responsibility, they would again respectfully ask the Assembly to relieve them, and appoint another committee, the members of which shall be in some other locality in the Church.

Respectfully submitted by the Committee, W. W. BARR, *Chairman.*

REPORT OF COMMITTEE ON TRANSFER OF SEMINARIES.

The Committee appointed by the last Assembly "to tender to the respective Synods the provisions of the Enabling Act of 1870, and request favorable action in reference to the transfer of the Theological Seminaries to the care of the General Assembly," respectfully report as follows:

1. The Synod of New York adopted the following resolution:

"That in view of all the circumstances surrounding the Seminary at Newburgh, we deem it inexpedient at the present time to make any change in the control of the Seminary."

2. The Synod of Pittsburgh adopted the following paper:

"WHEREAS, The General Assembly, at its meeting in Pittsburgh, in 1870, adopted

what is known as the 'Enabling Act,' by which any Synod or Synods having the control and management of a Theological Seminary may transfer the same to the General Assembly;

AND WHEREAS, Some of our Synods have already authorized such transfer; therefore,

Resolved, 1st. That the Synod of Pittsburgh, accepting the first part of said Enabling Act, as correctly defining the relation of the General Assembly to the Seminaries, does hereby agree (the First Synod of the West and the Synod of Ohio concurring) to transfer the entire control and management of the Theological Seminary, located at Allegheny, to the General Assembly of the United Presbyterian Church, according to the conditions specified in the latter part of said act; and also to recommend its consolidation with other Seminaries.

Resolved, 2d. That the Principal Clerk of Synod be directed to give notice of this our action in the transfer, to the Principal Clerk of the General Assembly; and also to the Board of Directors of the Seminary."

3. The First Synod of the West resolved:

"That this Synod approves of the transfer of the Seminary to the care of the General Assembly, and—the Synods of Pittsburgh and Ohio approving—that the Board of Directors be instructed to prepare and submit to the Synods having control, a formal act of transfer."

4. The Synod of Ohio. By an oversight, the subject was not brought before this Synod, and, therefore, no action was taken.

5. The Second Synod adopted the following:

"*Resolved*, 2d. That this Synod respond favorably to the proposal of the General Assembly relative to the transfer of the Theological Seminary to the care of the Assembly, according to the 'Enabling Act' of 1870."

6. The Synod of Illinois adopted the following resolution:

"*Resolved*, That we are in favor of the transfer of all the Theological Seminaries to the care and control of the General Assembly."

7. The Synod of Iowa adopted the following in regard to the question of *transfer*:

"That this Synod believes that all our Seminaries should be under the control of the General Assembly, and whilst we would not make the transfer of the consolidated Seminary to the care of the Assembly, a condition of this arrangement," (that is, the arrangement of this consolidation of the two Seminaries,) "yet we cannot but express earnest hope that our brethren of the other Synods concerned will concur with us in this view, and such transfer be made as early as possible."

8. The Synod of Kansas adopted the following paper:

"WHEREAS, The General Assembly did, in 1870, adopt an enabling act, by which our Theological Seminaries may be transferred to the General Assembly; and, whereas, the General Assembly did also, at its meeting in 1874, appoint a committee to tender to the respective Synods, at their approaching meetings, the provisions of the enabling act of 1870, and request favorable action in reference to the transfer of Theological Seminaries to the care of the General Assembly; therefore,

Resolved, That we accept the provisions of said enabling act."

All of which is respectfully submitted.

REPORT ON PRESBYTERIAN CONFEDERATION.

The Committee appointed to meet with committees of other Presbyterian Churches, and confer on the subject of Confederation, respectfully report:

That a meeting was held in the city of New York, December 3d, 1874. Committees were present from the Assembly of the Presbyterian Church, the Synod of the Reformed Presbyterian Church, the General Synod of the Reformed Presbyterian Church, the Synod of the (late Dutch) Reformed Church, the Calvinistic Methodist Church, the United Presbyterian Church of North America and the Presbyterian Church of Canada.

The conference was very frank and fraternal. Special care was taken not to interfere with any thing distinctive of the different bodies represented, and to make the Confederation, if formed, such as would in no way disturb their separate organization, order and testimony. With this view, after a protracted conference, the following propositions were adopted with remarkable unanimity:

1. In the opinion of the churches represented at this meeting, it is desirable to form a confederation of the Reformed Churches holding to the Presbyterian system, in

Digitized by Google

order to manifest the substantial unity of these churches, and to combine them in the accomplishment of the great work committed to them by the Head of the Church.

2. While furnishing to the Presbyterian Churches a means of entering into closer fellowship with one another, this confederation is not meant to separate them in any way from other churches which hold by Christ, the Head, with which churches it will always be ready to co-operate.

3. This confederation does not propose to form or adopt a new confession of faith, but will require every church proposing to join to submit its creed, and will admit only the churches whose creed is in conformity with the consensus of the Reformed Churches.

4. It shall not interfere with the internal order and discipline of any church.

5. It shall hold, from time to time, a General Council, composed of representatives of all the churches constituting the confederation.

6. The representatives to this Council shall always consist of an equal number of ministers and elders.

7. The General Council shall take only such subjects as have been submitted to the church by her great Head.

8. The General Council shall seek to guide public sentiment aright in various countries, by papers read, by addresses delivered, by information collected for publication, by the exposition of sound scriptual principles and defense of the truth.

9. The decisions come to by this Council shall be laid before the several churches, and be entitled to receive from them a respectful, a prayerful and careful consideration.

10. It will labor to promote the peace and harmony of the churches.

11. It will ever rejoice to support weak and struggling churches which have to carry on their operations amid infidel and anti-Christian opposition.

12. It will defend, by all lawful means, those who in any country are persecuted for conscience' sake.

13. It will serve to procure for the churches that freedom of government and of action which Christ has given to such as their alienable privilege.

14. It will employ all moral means to distribute the mission work of the churches on the foreign field, so as to prevent missionary enterprises from interfering with or hindering each other; that missionaries be sent to every nation, and our Lord's command be fulfilled by the gospel being preached to every creature.

15. It will encourage the churches to combine efforts to provide for the religious wants of great cities and other destitute portions of the home field.

16. It will press upon all the churches the imperative duty of securing the adequate instruction of the young in Scriptures of the Old and New Testaments.

17. It will make every effort to protect the Sabbath as a Divine Institution, fitted to convey so many blessings, temporal and spiritual.

18. It will endeavor to combine the churches in their efforts to suppress intemperance and the other great prevailing vices of the age, and generally to promote the moral improvement and elevation of mankind.

19. It will aim to foster among Christians systematic beneficence for the furtherance of Christian objects.

20. It will make systematic efforts to meet prevailing forms of infidelity all over the world.

21. It will seek to combine the Protestant churches in opposing the errors and inroads of Romanism.

22. In order to organize a federation, a committee shall be appointed to correspond with the committees of the British churches, and with other churches throughout the world holding to the Presbyterian system. This committee, in correspondence with the committee of the British churches, shall call a preparatory meeting of the committee of all the churches joining in this confederation, to be held in London or elsewhere in 1875.

This preparatory meeting is expected to agree upon and circulate in proof a constitution of the confederation to be held, if possible, in 1876. This preparatory meeting shall agree upon a provisional plan of representation—that is, upon the number of deputies to be sent by each church to the first general convention.

In accordance with the twenty-second proposition, a Committee was appointed to correspond with committees of foreign Presbyterian churches in regard to the proposed meeting in London this year, and to prepare a draft of a Constitution to be submitted for adoption at that meeting. Dr. John B. Dales was nominated by our Committee to act on this Joint Committee of Correspondence; and Drs. J. T. Cooper nd Alexander Young were nominated to represent us in the London Conference—ither one who might find it most convenient to attend, or both if they could go.

The Joint Committee of Correspondence has arranged to have the Conference in London meet on the 21st of July of this year. This Joint Committee has also agreed, at a meeting in New York, April 20th, upon a draft of a Constitution to be laid before the London Conference, which is herewith submitted as serving to show more fully the nature and design of the whole movement.

PREAMBLE.

WHEREAS, The Church of God, though composed of many members, is one body in Christ; and,

WHEREAS, The Reformed Churches holding by Presbyterian principles are substantially one in doctrine, government and principle; it is therefore agreed to form a Presbyterian Alliance, to meet in General Council from time to time, in order to manifest the oneness of the Churches, and to combine them in furthering the great ends for which the Church was instituted by her Head, it being understood that the Presbyterian Churches in thus uniting do not mean to separate from other Churches which hold by Christ, but will be ready to join them in Christian fellowship, and in promoting the cause of the Redeemer.

ARTICLES.

1. *Designation.*—This Alliance shall be called the Confederation of the Reformed Churches, holding to the Presbyterian system.

2. *Bond of Union.*—The bond of Union is Christ, and the Scriptures of the Old and New Testaments. Any Church expressing by its supreme court a wish to join the Confederation, shall submit its creed, and be admitted by a vote of the General Council, those Churches only being admissable, whose creed is in accordance with the *Consensus* of the Reformed Churches.

3. *Constitution.*—The Council shall consist of delegates appointed by the Churches joining the Confederation, the number from each church being regulated by a plan sanctioned by the Council, and proceeding on the principle of the number of congregations in the churches, the delegates, moreover, from each Church always consisting of an equal number of ministers and elders. The Council may, on the recommendation of a Committee on Overtures, choose associates not delegates, and invite them to sit and to deliberate, to offer suggestions, to deliver addresses, and to read papers.

4. *Powers.*—The Council, while it has the power to determine what Presbyterian Churches shall be allowed to join the Confederation, shall not interfere with the internal order or discipline of any Church. It shall take up only such evangelistic subjects as have been committed to the Church by her Great Head. Topics may be brought before it by any Church which is a member of the Confederation, or by members of the Council, on being transmitted by the Committee on Overtures. The decisions and recommendations of the Council shall be transmitted to the supreme courts of the several churches, and be entitled to receive from these a respectful and prayerful consideration.

5. *Objects.*—The Council shall seek to help all weak and struggling churches, to promote freedom of church action, to gather and disseminate information concerning the Church at large, to commend the Presbyterian system as combining simplicity, efficiency, and adaptation to all times and conditions, and shall entertain all subjects that are directly concerned with the work of evangelization, as the following: The peace of the churches; the distribution of mission work; the combination of church energies, especially in reference to our great cities and destitute districts; the religious instruction of the young; the sanctification of the Sabbath; the suppression of intemperance, and other great prevailing vices; systematic beneficence; and the overthrow of Infidelity and Romanism.

6. *Methods.*—The Council shall seek to guide and stimulate public sentiment by papers read, by addresses delivered, by publishing and circulating information about the state of the churches and of missions, and by the exposition of sound Scriptural principles and defences of the truth.

7. *Change of Constitution.*—This Constitution shall not be changed except by a motion made at one meeting of Council, and carried by a two-thirds vote at the next meeting.

These statements and papers sufficiently show the action of your Committee and the results thus far. All of which is respectfully submitted.

DAVID R. KERR, *Chairman.*

REPORT ON SUSTENTATION.

It is not the purpose of the Committee to enter upon the discussion of the subject, whether the Church should make provision to sustain those pastors that are settled in weak and indigent congregations. This has been thoroughly and efficiently done in the report of a former Committee. And the fact that this subject has been before the Assembly for several years, indicates a purpose to enter upon this work whenever a practical plan is presented that promises success. The difficulties surrounding this subject are neither few nor small. To devise a scheme that will meet with general favor, and be universally applicable in all parts and in all places of our widely extended Church, with the diversity of interests and expense of living in different places, would require more than human sagacity. All we can hope for, then, is to present an outline by which the executors can be guided in the exercise of a large discretion in its practical application.

In the scheme herewith presented it is not designed to create a new Board, but identify this with the Home Mission work, where it properly belongs, and charge the Home Mission Board with its execution. As a commencement, we propose the minimum salary shall be $800, and should the Church be satisfied with the arrangement and respond with liberal contributions, then the amount can be increased as the necessities of the case may require.

It is not proposed to extend aid to those congregations where the contributions towards the support of a pastor is less than eight dollars per member. There are now about ninety pastors, nearly one-fourth of all the pastors in the United Presbyterian Church, who are settled in congregations with less than one hundred members, and who are receiving from their congregations less than eight hundred dollars. To supplement the salaries of these to the minimum proposed will require about eighteen thousand dollars as they now stand reported on the statistics of the Church. Some of these ninety pastors are now receiving aid from the Home Mission Fund, but when we deduct the amount they are now receiving it will still require some twelve thousand dollars more to give each a salary of eight hundred dollars. To raise a Sustentation Fund adequate to meet the present wants will require a little over four per cent. on the aggregate salaries, or nearly 25 cents per member. This would relieve the Home Mission Fund of a present expense of nearly six thousand dollars which are now paid pastors settled in missionary stations. Still, the aggregate increase of contributions would have to be about twelve thousand dollars. Is the Church prepared to meet this additional expense?

CONSTITUTION.

ARTICLE I. A fund shall be created by annual contributions and donations to be known as the Sustentation Fund, and which shall be under the management of the Board of Home Missions.

ART. II. The object of this fund shall be to supplement the salaries of pastors settled in weak and indigent congregations.

ART. III. No congregation shall receive aid from this fund whose contributions to the support of the pastor does not average at least eight dollars per member.

ART. IV. The minimum salary of a pastor receiving aid from this fund shall be eight hundred dollars.

ART. V. All application for aid shall be accompanied by a certified statement, endorsed by the Presbytery to which the congregation belongs, stating the condition and circumstances of the congregation, their ability and prospects, and this statement shall be received annually, and no aid shall be granted unless these conditions are complied with.

ART. VI. A form of application and a system of questions shall be prepared by the Board which shall be filled up, and the questions satisfactorily answered, both by the congregations and the Presbytery, before aid shall be granted.

ART. VII. The Board shall report to the Assembly annually the names of the congregations receiving aid, the amount of aid granted, and all other things necessary to a proper understanding of the work being done, and also an estimate of the probable amount that will be required for the ensuing year.

REPORT ON THE PRESERVATION OF RECORDS.

If any member of the Committee, appointed by the Fourteenth General Assembly, on the Collection and Preservation of old Records and other Historic Documents, has made any progress in the work during the past year, it has not been reported to the Chairman. He has written quite a number of letters to various persons in the Church during the year; some of these letters have been answered, and others unanswered, and as the result of these inquiries, he has nothing to report. There being nothing upon which it could act, and nothing special requiring a meeting of the Executive Committee, after consultation with some of the members, it was deemed unnecessary to call it together. Unless there is more interest manifested in the work assigned to this Committee than has ever yet been manifested, the Chairman is firmly convinced the whole work had better be abandoned. Accordingly on his own motion, without consulting the other members, he is prepared to recommend for adoption by the General Assembly, the following resolutions:

1. That all the old records and other historic documents, now in the hands of the members of this Committee, be at once forwarded to the care of the Superintendent of the United Presbyterian Book Rooms, Ninth street, Pittsburgh, Pa., for safe preservation.

2. That in consequence of the little attention paid to the orders of former Assembleys on this subject, and the little interest taken in the work by the Church, the whole project of collecting these old records be now abandoned, and the Committee discharged.

If the Assembly deems it unwise to abandon this work, it will please appoint some other person as Chairman of this Committee. Respectfully,

W. H. ANDREW, *Chairman.*

RESOLUTION ON OPENING THE CENTENNIAL GROUNDS ON THE SABBATH.

WHEREAS, The Commissioners of the Centennial Exposition have wisely resolved to keep the Exposition grounds closed on the Lord's Day, or Christian Sabbath; and whereas, a determined effort is now being made to have this resolution reversed, and to have the grounds opened to visitors on the Lord's Day; and whereas, there is special reason at this time for all Christians to unite their efforts to maintain the sanctity of the Lord's Day; Therefore, *Resolved*, That this General Assembly, representing the entire United Presbyterian Church of North America, protest most solemnly against the opening of the Centennial grounds on the Lord's Day, and pledge ourselves and our people to sustain the Commissioners in the noble stand they have taken on that subject.

The Committee on Bills and Overtures presented a report on the memorial from the Presbytery of Monongahela, which was adopted. It is as follows:

REPORT ON PAYING THE EXPENSES OF DELEGATES.

The memorial of the Presbytery of Monongahela asks that a general law be enacted requiring Presbyteries to pay the traveling expenses and the bills for boarding and lodging of their respective delegates during their attendance on the sessions of the General Assembly, and authorizing Presbyteries to refuse to pay in cases in which the congregation with which the minister or elder who is a delegate is connected is delinquent in contributing to the delegates' fund.

The Committee admit that there may be injustice and unfairness in the present condition of things as complained of, but they are clearly of the opinion that the course recommended by the resolutions appended to the memorial will not afford a sufficient remedy.

We, therefore, recommend the adoption of the following resolution, viz.: *Resolved*, That the resolutions of the memorialists be not adopted.

Rev. Dr. J. G. Craighead, Corresponding Secretary of this Society, addressed the Assembly, explaining the objects and wants of the Society he represented. The report of the Committee was adopted. It is as follows:

REPORT ON THE PRESERVATION OF OLD RECORDS, &C.

The Committee to whom was referred the Report on the Preservation of Old Records of the Associate and Associate Reformed Churches, and also that of the Secretary of the Presbyterian Historical Society, respectfully submit the following report:

1st. That, whereas the Committee appointed by the last General Assembly to collect records, although it seems to have acted with commendable zeal and wisdom in the work assigned it, yet has not been able to secure all the Presbyterial and Synodical Records; and,

2d. Whereas, Rev. John Forsythe, D. D., has generously offered to this General Assembly much valuable material which he had collected for the purpose of preparing a History of the Associate Reformed Church, together with a manuscript

copy of an unfinished history which he has written; therefore, we recommend the adoption by the Assembly of the following resolutions:

First. That the present Committee be continued, and that Rev. Alexander Young, D. D., and Rev. Samuel Collins, with Rev. J. C. Boyd, as Chairman, be constituted an Executive Committee.

Second. That the records now on hand, and those which may be hereafter procured, be placed in the fire proof building of the Presbyterian Historical Society, when it shall be completed, for safe keeping, and that a copy of all those which may be printed be placed in our own publishing house.

Third. That Presbyteries be requested to collect the histories of their own congregations, and have them bound in one or more volumes, with the history of the Presbytery, with a view of depositing them in the fire proof building already mentioned.

Fourth. That the Assembly gratefully accept the manuscript and materials for a history of the Associate Reformed Church offered to us by Rev. John Forsythe, D. D., and that the Principal Clerk receive these and place them in the fire proof building of the Presbyterian Historical Society.

Fifth. That none of the records of the Associate and Associate Reformed Presbyteries and Synods shall be forwarded to the Historical Society until after a reasonable time be given to the congregations to prepare their own histories.

Sixth. That the size of the page of all printed sermons and records be octavo.

Seventh. That we recommend to the congregations of the Church that they take up a collection on the first Sabbath of July, 1876, or as soon thereafter as may be convenient, to aid in the erection of the proposed fire proof building.

D. H. FRENCH, *Chairman.*

The consideration of the report of the Committee on the Board of Foreign Missions was made the order of the day for Monday, at 3 o'clock, P. M.

The Committee on the Board of Church Extension presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF CHURCH EXTENSION.

The printed report of the Board, which has been put into the hands of the members of the Assembly, is very full and satisfactory, precluding the necessity of an extended report on the part of your Committee. Happily the work of this Board is now generally understood throughout the Church, and the gradual increase in the contributions of the people to it shows an increasing appreciation of this part of the Church's work.

The loan fund appears to be a favorite enterprise with the people of the Church. But in order to secure the success and efficiency of this part of the work, it will be necessary to secure the prompt payment of these loans on their maturity. Experience proves that this will not be done unless some firm and vigorous action is taken by the General Assembly to this end.

Some churches having money from this fund have permitted other indebtedness to increase upon them to such an extent that they are unable to meet their notes when they are due. The disposition on the part of congregations to build better houses than they are able to afford, thereby loading themselves with bur-

densome debts, is a growing evil which the General Assembly ought to exert its influence to discourage.

With reference to important fields brought to the attention of the Committee, that of San Jose, California, appears to be worthy of special consideration. But this Committee could not ascertain the financial condition of the congregations of Chicago and Indianapolis with sufficient accuracy to justify them in recommending any appropriation.

In view of all these facts your Committee would recommend the adoption of the following resolutions:

1. That the operations of the Board, as presented in their annual reports, together with the system of blank forms and circulars in use, be approved.

2. That an appropriation of $5,000 be made to San Jose, California, and that Rev. M. M. Gibson be authorized, as the agent of the Assembly, to collect that amount by individual subscriptions, and to obtain from the congregation a first mortgage bond before giving the money.

3. That the Board be instructed to ascertain definitely the financial condition of the Indianapolis and Chicago congregations, and having obtained this information, to give them such assistance as in their judgment the cases will justify.

4. That the two following regulations be added to those now in use in the Board, and that the Corresponding Secretary be instructed to prepare such blank forms as will be necessary to carry the first one into effect:

First. Congregations having money borrowed from the loan fund shall be required to report to the Board annually their financial condition.

Second. In case loans are not repaid until six months after maturity the Board will proceed to collect them, unless it should be made to appear that such action would work the permanent injury of the congregation, in which case they shall require the congregation to pay legal interest upon the loan until paid.

5. That $30,000 be appropriated to this Board for the coming year.

6. That congregations be instructed to forward their contributions through the Financial Agents of the Presbyteries, and that the Financial Agents be instructed to report, when requested by the Board to do so, the amount contributed by each congregation.

Respectfully submitted,

W. P. McNARY, *Chairman.*

The credentials of Rev. John Laing and Elder James Croil, delegates from the General Assembly of the Presbyterian Church in Canada, were read, and the hearing of these delegates was made the order of the day for to-morrow, immediately after hearing the delegate from the General Assembly of the Presbyterian Church in the United States.

The Committee on the Board of Ministerial Relief presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF MINISTERIAL RELIEF.

By the report of this Board a small gain appears this year in the contributions of the Church, and its funds have been judiciously managed. Its purposes and importance have not been well understood by the Church, and there seems to be a necessity that its claims should be presented by ministers to their respective congregations, so that ample provision may be made in time for increased demands on the Board.

For all needed information we refer to the report of the Committee of last Assembly, recorded on page 168, and to the report of the Board, on page 215 of printed Minutes; also to the report before us, and especially the four points of recommendations in it. And to reach those of our people who do not carefully examine our published records, and to quicken all to an increased liberality, we recommend the adoption of the following resolutions:

1. That every pastor shall explain to his congregation the purposes, operations and wants of this Board, and the same shall be done in the vacant congregations under the direction of their sessions.

2. That collections or appropriations of money be made by all our congregations to this Board.

3. That the prayers of the Church be offered for "disabled and superannuated ministers, and widows and orphans of deceased ministers" of our Church.

REPORT OF THE COMMITTEE ON REVISION.

The Committee on Revision would respectfully report:

1. That printed copies of the records of the Seventeenth General Assembly, of the Synod of Illinois for 1874, and of the Synods of Pittsburgh, Illinois, Iowa, First Synod of the West and Second Synod for 1875, and also the written records of the Synod of New York for 1872, 1873 and 1874, and of the Synod of Kansas for 1875, have been placed in our hands for examination.

2. That the written records have been kept in a neat and orderly manner.

3. That, generally speaking, the business of these bodies has been transacted in accordance with the prescribed rules of ecclesiastical procedure.

4. That the Moderators of four Synods, those of Kansas, Illinois, Iowa and the Second Synod, called meetings of these bodies apparently without the application of any Presbytery, and, if so, contrary to the requirements of the "Book of Government," (Chap. 5, Art. 3, Sec. 5).

5. That the Moderators of the Synod of Illinois and the Second Synod, called special meetings for the purpose of transacting the business of the regular meetings of these different Synods, contrary to the spirit (perhaps also to the letter) of the regulations laid down in our "Book of Government," (Chap. 5, Art. 3, Sec. 5).

6. That the Moderators of the Synods of Iowa and Kansas confessedly—and all four of the above mentioned Moderators virtually—changed the time of the regular meetings without any previous action on the part of their respective Synods.

7. That none of the four Synods just referred to manifested any disapproval of the liberty taken by their presiding officers, or took measures to prevent the injurious influence of a precedent which may be used so readily for pernicious purposes.

8. That the Second Synod changed the time of its regular meeting without giving sufficient notice of the change.

9. That the Synod of Iowa did not have its meeting opened by the delivery of a sermon as required by law.

In view of these facts we submit the following resolution for adoption, viz.:

Resolved, That, excepting the irregularities just named, the records of the Seventeenth General Assembly, together with those of the different Synods mentioned in this report, be approved.

ROBERT STEWART, *Chairman.*

Proceeded to the order of the day, viz.: The consideration of the report of the Committee on the Board of Foreign Missions. This report was adopted, and it is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF FOREIGN MISSIONS.

The Committee on the Board of Foreign Missions respectfully report:

1st. That all the missions under the care of the Board appear to be in a prosperous condition, and that we find special reasons for gratitude to God for that measure of success which has crowned the labors of our missionaries in the foreign field during the year.

2d. That while this encouraging and prosperous state exists as to the labors of our missionaries, yet the present condition of the treasury is such as to cause grave apprehensions lest some of our missionaries now in the field will have to be recalled, or that Bros. Harvey and Johnston, at present in this country, will be compelled to remain away from their fields of labor for at least another year, or until the money is furnished to meet the present indebtedness of the Board and justify their return. These brethren, whose labors have been so much blessed in the land of Egypt in the past, are ready and desirous of returning to their respective fields of labor; but this cannot be in the present low condition of the treasury. On the basis of the average monthly contributions during the past year, the estimated indebtedness of the Board will be on the 1st of July about $18,000.

Digitized by Google

In this state of affairs the question is asked, Shall some of our mission fields be abandoned, or shall some of our missionaries be re-called, or shall Bros. Harvey and Johnston, who have consecrated their lives to mission work, and whose labors God has signally owned and blessed, be told that for the present they must abandon all idea of soon again being permitted to engage in their work in Egypt?

We do not believe the Church is prepared to take any backward step in missionary work. We believe the Church has the ability and willingness to furnish the money needed if the facts were fully known; therefore, *Resolved*,

1st. That the Secretary of the Board be directed to prepare a brief statement of the present embarrassed condition of the Board as to the means necessary to carry on its work, and forward the same to the Financial Agents of the several Presbyteries, and that the Financial Agents be requested to lay the statement before pastors, and the sessions of vacant congregations, and to urge a special collection to be taken in each congregation not later than the 1st of July to meet the indebtedness of the Board, it being understood that this collection is to be in addition to the regular contributions to the Board.

2d. That the time of the return of the missionaries now in this country be left at the discretion of the Board, as the state of the funds in the treasury may justify.

3d. That the proceeds of the building fund in Canton, China, including rent of buildings, interest, &c., amounting annually to about $650, be applied to the payment of the expenses of the mission, and not to an increase of the permanent building fund.

4th. That the estimates of the Board for carrying on the missionary work under their care be approved, viz.: Egypt, $36,293; India, $28,187; Syria, $4,294; China, $1,582; returned missionaries, $2,500; miscellaneous, $1,500. Total, in currency, $74,253—these estimates being made at the present rate of exchange for gold.

5th. That the salaries to be paid missionaries temporarily absent from their mission fields, and the children of missionaries sent to this country, agreed upon by the Board, be approved, except that single male missionaries shall receive $500 instead of $400, and female missionaries shall receive $350 instead of $250.

6th. That owing to the increased expense of living in Egypt, the salaries of missionaries for the past year be supplemented to an amount equal to the salaries of the present year.

7th. That the action of the Assembly last year, in reference to the missionary buildings in Cairo, Egypt, was designed to instruct the Missionary Association only not to incur debt in the erection of mission buildings, and not to prohibit the use of any money that might be given for that specific purpose.

8th. That the women in all our congregations be urged to cultivate an increased interest in the cause of missions, and that wherever it is deemed advisable Women's Missionary Societies be organized for the purpose of cultivating a missionary spirit and increasing the amount of contributions to the cause of missions.

9th. That the Assembly acknowledges with devout gratitude the earnest and efficient labors of Mrs. Sarah F. Hanna in the organization of Women's Missionary Societies (about 70 having been organized during the year), and that, at her request, the following changes be made in the constitution under which these societies are organized, viz.: that in Article 1st the word "foreign" be omitted, in order that societies in congregations may be at liberty to decide as to the particular mission work to which they shall contribute; and that Article 4th be so changed as to make it the duty of the treasurers of Auxiliary Societies to contribute their funds through the Financial Agents of Presbyteries to the General Treasurer.

10th. That the Committee appointed by the last Assembly to organize Women's Missionary Societies be continued.

11th. That the Assembly heartily approves of the proposal to establish a Theological Seminary in India for the training of a native ministry, and that the Presbytery of Sealkote be encouraged to establish the same as soon as, in their judgment, it may be deemed proper, and the money at their disposal for this purpose will warrant; but in the present state of the treasury of the Board, it is not deemed advisable to appoint any additional laborers for that field, or become responsible for any expense additional to the present estimates.

12th. That as we have repeatedly, at former meetings, had occasion to express our thanks, so do we again gratefully acknowledge the aid given in carrying on our work by the American Tract Society, the American and British and Foreign Bible Societies, and to the Ladies' Missionary Society of Paisley, Scotland, for their continued donations of Bibles and religious reading matter and their contri-

butions of money, and also to His Highness Maharajah Dhuleep Singh, for his continued liberality to the Egyptian Mission under our care, having, for nearly twelve years, contributed annually about $5,000, in all about $60,000 in gold, and to Mrs. Sarah F. Hanna, Col. John McFarland, and Mrs. Reed, of Freeport, for their liberal gifts to the cause of missions, and to Mr. William Reed, of Sewickley, for his very liberal offer of money to establish and support a Theological Seminary in India, and to all those persons who, in addition to their regular contributions to the Boards of the Church, have contributed to aid in erecting college buildings in Osiout, Egypt.

13th. That 3,000 copies of the Annual Report of the Board, together with the action of the Assembly in reference to the same, be published, and that the Secretary be directed, as far as possible, to place a copy in the hands of every minister and elder in the Church.

14th. That the Board be authorized to pay Mr. William Getty $800, in acknowledgment of his services as Treasurer during the past year.

Respectfully submitted,

JOHN P. SCOTT, *Chairman.*

The consideration of the report of the Committee on the Board of Home Missions, was made the order of the day for to-morrow morning, at 9:30 o'clock.

George May Powell, the author of a plan of weekly contributions, addressed the Assembly in explanation of his plan.

On motion of Prof. R. Gilmor and Rev. J. W. Logue, it was resolved, That a Committee of three be appointed to bring in a report on the subject of the Bible in our Public Schools, with Rev. Alex. Young, D. D., as Chairman.

Prof. R. Gilmor and Rev. J. W. Logue were appointed the other members of this Committee.

After prayer by Rev. John Laing, the Assembly adjourned.

7:30 o'clock, P. M.

The Assembly met and was opened with prayer by the Moderator.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

Certain blanks for Presbyterial reports were presented and referred to the Committees on Statistics, and Narrative and State of Religion.

Resumed the consideration of the report of the Committee on Narrative and State of Religion. This report was adopted, and it is as follows:

REPORT OF THE COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

In the report of the Permanent Committee we find much interesting and valuable information, of which the following is a meagre outline: Licensures reported since the last Assembly, thirty; of which number eight were in the Presbytery of Egypt and one in India. Licentiates ordained, twenty-five. Pastors released by act of Presbytery, thirty-six; by death, one. Installations, fifty-nine. One Presbytery has been organized, and nineteen congregations, one of these among the Indians (Warm Spring). Five ministers have been called away from their labors to receive, as we confidently hope, their reward; nine less than the number removed by death during the year previous. In our Sabbath Schools there are about seven thousand officers and teachers, and more than sixty thou-

sand pupils, and the efficiency of the Sabbath School is evidently increasing; but the report more than intimates that the Sabbath School is made the occasion for neglecting family instruction and the attendance of the young on the public administration of the ordinances. The report gives occasion to fear that family religion is in some measure neglected and is declining. It is particularly discouraging as respects the weekly social prayer-meeting; yet even here there are exceptions. Special meetings have been held in many places (in accordance, we presume, with the recommendation of the last General Assembly), and the results have been in some cases most encouraging in the revival of believers and the conversion of sinners. During the past year four thousand three hundred and seventeen (4,317) persons have been added to the Church on profession of their faith; five hundred and sixty-nine adults have been baptized. The report, as it relates to finances in the two-fold work of supporting the Gospel at home and sending it abroad, is somewhat discouraging. This arises, in part, from the hard times, but far more largely from the lamentable lack of system in the method of raising funds. The indications are, all things considered, that the "envelope" or "Bellefonte system," recommended by the last Assembly, is the most successful. It will be seen from this brief resume that while there are some things discouraging there are many things encouraging. As a Church we have cause to mourn, but we have also cause to rejoice. While we watch and pray, humbling ourselves before God, we may still render thanksgiving, and take courage in our work In view of the foregoing facts and statements, your Committee would recommend for adoption the following resolutions:

1. That the report of the Permanent Committee on Narrative and State of Religion be adopted and published in the Minutes of the Assembly and the papers of the Church.

2. That we recognize the hand of God in the sore chastisement which has called away from our number five earnest and faithful servants of the Lord; that we receive the admonition addressed to us in this chastisement, "Be ye also ready," while we recognize, at the same time, with thanksgiving, the mercy of God in sparing so many to labor on in the Church on earth.

3. That a brief record of deceased ministers, similar to that of last year, be preserved in the Minutes of the Assembly.

4. That our pastors and sessions, while using every means to make the Sabbath School efficient in its work, be most earnestly exhorted to guard carefully against its being the occasion of neglecting other religious duties.

5. That pastors and sessions be urged anew to make earnest and persistent efforts to awaken an interest in the weekly social prayer-meeting.

6. That special services of prayer, preaching and conference be held at suitable times throughout the year, for the purpose of awakening a religious interest in our congregations, and that every element of the Church be utilized as far as possible.

7. That we recommend with increased confidence the adoption and use in all our congregations of the voluntary weekly plan for making contributions for the support of the Gospel at home and abroad.

8. That all our congregations be enjoined to make contributions to all the Boards of the Church every year.

9. That Presbyteries be directed to make inquiry, from time to time, in regard to the extent to which resolutions 7 and 8 are being carried out by congregations under their care.

10. That Revs. J. P. Lytle, David Paul, D. D., and Elder Samuel Harper, be appointed the Permanent Committee for the coming year.

By order of Committee,

W. H. HANEY, *Chairman.*

The Assembly spent an hour as a conference on the interests of the Board of Education.

REPORT ON THE FORMATION OF A NEW SYNOD.

The Committee on Bills and Overtures report:

They have had under consideration the petitions from the Presbyteries of San Francisco and Oregon, asking for the constitution of a Synod.

We recommend the following resolutions:

Resolved, 1st. That the Presbyteries of San Francisco and Oregon be constituted into a Synod, to be called the Synod of the Pacific.

Resolved, 2d. That these Presbyteries be directed to meet in the United Presbyterian church of Albany, Oregon, on the second Thursday of September, 1877, at 7:30 P. M., and that Rev. S. G. Irvine, D. D., be appointed to preach and constitute the Synod, and that Rev. M. M. Gibson be his alternate.

J. T. McCLURE, *Chairman.*

The Committee on Bills and Overtures presented the following report on a General Delegate Fund, which was adopted:

REPORT ON A GENERAL DELEGATE FUND.

Your Committee have had the subject of a general delegate fund under their serious consideration.

At present, Presbyteries generally make provision to pay the traveling expenses of their own delegates incurred in attending the meetings of the General Assembly, at least in part. As a necessary result of this arrangement, those Presbyteries that are farthest away from the usual places at which the Assembly meets, have a heavier expense to bear than others have that are more centrally located, and as a general rule are much less able to bear it. Thus the Presbyteries of Kansas, Nebraska, Vermont, Oregon, San Francisco, and others, are compelled to bear a much heavier burden for this object than rests on Presbyteries near the ordinary places at which the Assembly meets. Thus there seems to be some unfairness in distributing the necessary expenses of the Assembly and a demand for some rule by which Presbyteries may obey the injunction, "Bear ye one another's burdens, and so fulfill the law of Christ."

But while your Committee feel the need of legislation on this subject, and while they would have no difficulty in maturing a plan for receiving and disbursing the money, the main question on which they are not clear is whether the necessary funds can be raised for this object at this time?

According to the best approximate we have been able to make, this fund would require an annual appropriation of between eight and nine thousand dollars. This may not be very far above what Presbyteries now raise for this object, but will they give to a general fund with more liberality than they now give to the Presbyterial fund?

Besides this, while the operations of the Church are still carried on at the same rates that were adopted during our times of inflation, the business of the country is prostrated and our people are less able to contribute.

The claims of our Boards are increasingly heavy, and some of them are of such a character as to demand immediate attention. The Foreign Board is in debt about $18,000, which sum must be paid this year, in addition to the amount necessary to carry on the current operations of the Board.

The Board of Home Missions must appropriate this year about $20,000 more than was contributed last year directly by the Presbyteries. The demands of some of the other Boards are equally important and pressing. Without knowing the will of the Presbyteries, your Committee deem any present action on the subject as premature. We therefore recommend the following:

Resolved, That Presbyteries be requested to embrace their opinions on the subject of a General Delegates' Fund, in their reports to the next General Assembly.

J. T. McCLURE, *Chairman.*

The thanks of the Assembly were returned to Dr. William Speer for his able and interesting address on the subject of education, delivered during the evening's conference.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

Resumed the consideration of the report of the Committee on the Board of Home Missions. This report was amended and adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF HOME MISSIONS.

The Committee on Home Missions would respectfully report that they have had before them this department of the operations of our Church during the last year, and also the plan of operations for the coming year, as presented in the reports of the Board and General Committee.

In the confidence that these reports have been read and considered by the members of the Assembly, and that they will receive the attention of the whole Church when spread before them by means of the press, we deem it superfluous to transfer to our report the numerous statements they contain and the suggestions they recommend to the consideration of the Assembly.

We would be doing injustice to ourselves if we failed to express the strong conviction which an examination of these reports has produced in our minds in relation to the duty and importance of prosecuting with a greatly increased energy the means which have been in operation under the auspices of the United Presbyterian Church, and by the direction of her highest judicatory.

The fact that one hundred and seventy-three stations, (making no calculations for eleven stations from which no reports have been received,) which have during the past year received aid, report additions of six hundred and fifty-seven on a profession of faith in Christ, shows that these efforts have been attended with such results as should gladden the hearts of all who have any just conception of the value of immortal souls.

It is also encouraging to know that these same stations contributed to the Boards of the Church during the past year four thousand five hundred and twenty-nine dollars, and for the support of their own pastors or missionaries forty-five thousand and five dollars.

It is also gratifying to know that "every claim against the Board was settled on the twenty-ninth of April, leaving a balance on hand of $2,709." It is true that the contributions from Presbyteries are $3,099.82 less, and the contributions from Sabbath Schools $501.41 less than they were the previous year, yet we rejoice to know that this deficiency has been more than made up by the fact that the contributions from legacies and miscellaneous sources are $5,087.14 more than they were in that year. It seems to your Committee that this one fact should be an encouragement to this General Assembly to devise liberal things in the prosecution of this important work, in the confidence that He, whose are the silver and the gold, will, in response to the prayers of His people, put it into the hearts of those who have professed to consecrate their all to Christ, to sustain our efforts to have the Gospel preached and the worship of God established throughout this broad land.

Brethren, if we who have the ears of our people, will only, with hearts burning with love to souls, press upon them the claims of this cause and set them an example of self-sacrificing devotion to it, is it too much to believe that they will provide the means necessary to its energetic and successful prosecution?

This work must be prosecuted if we hope to prosper as a Church. Let a spirit of indifference take possession of the hearts of our people in relation to Home evangelization, and every enterprise in which the Church is engaged must suffer in the same proportion. What demand can there be for the erection of churches if congregations are not formed to occupy them? How can we hold out encouragement to young men to attend our Theological Seminaries with a view to the ministry, if there are no fields of labor opening to them where they will be sustained? If converts are not gathered in here, what hope can we cherish that the great cause of Foreign Missions can be strengthened and enlarged? Very little reflection must satisfy every person that the cause for which we plead is the basis of all our operations as a Church and the source of our supplies.

We have adverted to some encouraging aspects of this work. It is, however, with a sad heart that we have contemplated the fact presented to us in the report of the General Committee for this year, that, while a hundred and two names were reported for appointments for the whole or part of the year, the Presbyteries

Digitized by Google

were compelled to apply for the services of only seventy-five missionaries, leaving the equivalent of the full time of fifteen missionaries unemployed. The General Committee tell us that "the majority of these are young men, or men in the prime of life, ready and willing to serve the Church if she will employ them." This is surely a humiliating and painful fact. But it may be said: Why not employ them? We reply, the main, if not the only reason, is that the contributions of the Church in the past do not, in the view of the General Committee, justify them in holding out to these brethren the promise of a support. Alas! that there should be any ground in this vast country of ours for entertaining such apprehensions. O, that those professing Christians in our Church who are abounding in wealth, could be brought to look at this matter in the light of that day when their Lord will come and say to each of them, "Give an account of thy stewardship."

There are several matters brought to the attention of the Assembly which, should the Assembly see their way clear to adopt them, it is hoped, will tend to remove evils that operate, to some extent, against the efficiency of our present system, and also several suggestions which, it is thought, will, if carried out, tend to promote its usefulness.

The Committee cannot bring this report to a close without expressing their hearty approval of the wisdom and prudence evinced in the management of this important part of our work during the past year, and especially of the energy, faithfulness and assiduity of the Corresponding Secretary in the discharge of his arduous duties. They must also be permitted to express the conviction that this brother does not receive an adequate remuneration for the amount of labor which the position he occupies imposes upon him. His term of service expires at this meeting of the Assembly.

We recommend to the Assembly the adoption of the following resolutions:

1st. That the report submitted by the General Committee be adopted by this Assembly.

2d. That the Assembly hereby gratefully recognizes the goodness of God in sparing the lives of those who have been laboring under the direction of the Board, and in giving encouraging evidence that these labors have been attended with such happy results.

3d. That this Assembly has an increased confidence in this agency, and in its claims to the sympathy, prayers and earnest co-operation of all the members of the Church.

4th. That the Board be directed to prepare for the press and publish in pamphlet form, for gratuitous distribution, the proceedings of this Assembly on the subject of Home Missions, with such remarks as they may deem it advisable to make, with the view of awakening an increased interest in the work.

All which is respectfully submitted,

J. T. COOPER, *Chairman.*

The Committee on Statistics presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON STATISTICS.

Your Committee on Statistics would respectfully report that we have had before us: First—The report of the Second Clerk and accompanying statistical tables. Second—A paper showing the number of congregations contributing to the various Boards of the Church.

With reference to the statistical tables we find that, generally speaking, they have been prepared with a good degree of accuracy, and as we are informed by the Second Clerk, forwarded more promptly and in better condition than any previous year. As usual, however, there are some exceptions, a few of the tables being very defective, and the reports of two were not returned to the Second Clerk until after the Assembly had convened, thus preventing the Assembly from having the use of the statistics early in its sessions.

In this connection, we recommend the adoption of the following resolution:

That the Clerks of Presbyteries, with the exceptions referred to above, deserve and hereby have the thanks of this Assembly for the care they have taken in preparing their reports, and forwarding them at the proper time.

With reference to the second paper presented for our consideration, your Committee find that it contains a large amount of information that would be of interest and benefit to the Church; therefore, we recommend the following resolutions:

1. That the paper referred to above be published in the papers of the Church.
2. That it be inserted in the Minutes of the General Assembly, with the other statistical reports.

There was also referred to your Committee, in connection with the Committee on Narrative and State of Religion, the question of blank forms to be used by the Clerks of Presbyteries in making their annual report. After consultation we are of the opinion that no change from the present arrangement is necessary, and would recommend for adoption the following resolution:

That the Clerks of Presbyteries be instructed to use the blank forms provided by the Second Clerk.

In view of the increased and ever-increasing labor of the Second Clerk, and believing that his salary is not a sufficient compensation for the work performed; therefore,

Resolved, That the salary of the Second Clerk be two hundred dollars ($200) instead of one hundred ($100) as heretofore.

Respectfully submitted,

E. C. SIMPSON, *Chairman.*

On motion of Rev. J. T. McClure, D. D., and Rev. J. T. Cooper, D. D., the following resolution was adopted:

COMMITTEE OF CONFERENCE WITH THE A. R. SYNOD OF THE SOUTH.

Resolved, That a Committee of five be appointed by this Assembly to confer with any similar Committee that may be appointed by the Associate Reformed Synod of the South, to which the general subject of union between the United Presbyterian Church and the Associate Reformed Synod shall be referred; said Committee to report to the next General Assembly.

Rev. J. B. Dales, D. D., Rev. J. G. Brown, D. D., Rev. J. W. Witherspoon, Rev. A. G. Wallace, D. D., and Rev. S. Collins were appointed the Committee provided for in the above resolution.

The Committee appointed by the last Assembly to prepare a Constitution and By-Laws for the government of a Publishing Committee that shall have control of a Church paper, presented a report which was referred to the Committee on Bills and Overtures.

The paper of Dr. Black, which was substituted for the minority report of the Committee on Bills and Overtures on the memorial of

the Presbytery of Caledonia, was made the order of the day for 2:30 o'clock this afternoon, and it was resolved that the vote be then taken without further debate.

After prayer by Elder S. A. Bogle, the Assembly adjourned.

2 o'clock, P. M.

The Assembly met and after spending half an hour in devotional exercises proceeded to business. The roll was called and the minutes of the last session were read and approved.

Proceeded to the order of the day, viz.: The vote on Dr. A. M. Black's paper. This paper is as follows:

PAPER ON OVERTURING THE ARTICLE ON INSTRUMENTAL MUSIC.

WHEREAS, From the majority and minority reports on the Assembly's table, and the declarations of members of this Assembly, there is evidently some diversity of sentiment on the law of the Church, forbidding instrumental music in the worship of God, and whilst the Assembly designs to give no encouragement to those wishing to repeal the law of the Church, yet believing that it is the right and duty of any member or members of the U. P. Church to use any legitimate and constitutional measure to secure any desired change in the law or principles of the Church to bring them into harmony with the Divine Law; therefore,

Resolved, That this Assembly submits to her Presbyteries the following overture: "Shall Sec. 5, Art. 2, Chap. 3, of the Directory for Worship, be repealed?"

The resolution in this report was lost by a vote of 86 yeas to 74 nays, "a vote of two-thirds of the members of the Assembly present" being necessary to transmit any subject in overture to the Presbyteries.

An invitation to visit "Signer's Hall" was received and placed on file.

The Committee on the Board of Freedmen's Missions presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF FREEDMEN'S MISSIONS.

The unanimous and favorable action of the last General Assembly appears to have exerted a most beneficial and inspiring influence on the Freedmen's Mission. Steps were immediately taken to give effect to the directions of the Assembly by removing the mission from Nashville to Knoxville, and by putting under contract the proposed new building for its accommodation. This building, when completed, (which it is thought will be by the beginning of the next school year in September,) will accommodate between 300 and 400 scholars. The lot on which the building stands is free from debt, and the Board will be able, from resources already on hand, to discharge the greater part of the debt on the building itself when it is completed. The Superintendent and teachers have labored during the year harmoniously, faithfully and with gratifying success.

In consequence of former wrongs, the position of our Church in reference to these, the great ignorance and spiritual destitution of the Freedmen, their susceptibility to religious impressions, and the facility with which they can be reached, it is believed this class has peculiar claims on us as a Church. It is a fact worthy of notice that the spontaneous liberality of individuals is relatively greater toward this than any other mission; and the conviction is entertained that a unanimous and hearty appeal by the Assembly on behalf of the Freedmen, would call forth funds to any amount which might be judged necessary to the support of missionary work among them.

Your Committee would state that since the date of the Board's report, Rev. S. B. Reed has been elected to take charge of the spiritual instruction of the Freedmen connected with the mission, and has signified his acceptance of the post; and would also, with unfeigned pleasure, remind the Assembly of the assurance of cordial support in this work uttered on this floor by the delegates from the Associate Reformed Synod of the South.

We recommend the adoption of the following resolutions:

1. That the appropriation of $12,000, asked by the Freedmen's Board, to pay all indebtedness, furnish the school building, and carry on the work for the coming year, be granted.

2. That in accordance with the request of the Secretary of the Board of the Freedmen's Missions, his salary be reduced from $800 to $200.

JAMES P. LYTLE, *Chairman.*

The Committee on the Board of Publication presented their report. Before this report was disposed of, the Assembly adjourned, after prayer by Rev. S. H. Weed, to meet this evening, at 7:30 o'clock.

7:30 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. James Price.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The following letter was received and was ordered to be published in the minutes:

COMMUNICATION FROM GENERAL HAWLEY.

INTERNATIONAL EXHIBITION, 1876.
OFFICE PRESIDENT U. S. CENTENNIAL COMMISSION,
PHILADELPHIA, May 30, 1876.

MY DEAR SIR:—I have the honor to acknowledge the receipt of your favor of the 25th of May, transmitting the action of the General Assembly of the U. P. Church, in relation to closing the Exhibition on Sunday.

The resolutions will be communicated to the Commission, and certainly will be gratefully received.

I am, very respectfully,
Your obedient servant,
JOS. R. HAWLEY, *President C. C.*

REV. JAS. BROWN, Moderator General Assembly U. P. Church.

The Committee on Bills and Overtures presented the following report on the report of the Committee of the last Assembly on the establishment of a Church paper, which was adopted:

REPORT ON THE ESTABLISHMENT OF A CHURCH PAPER.

The Committee on Bills and Overtures, to which was referred the report of the Committee appointed by the last Assembly to "draft a Constitution and By-Laws for the government of a Publishing Committee that shall have control of a Church paper," report:

From the report placed in our hands it is evident that this enterprise has not been sufficiently matured to require any action at this time. No draft of Constitution or By-Laws has been presented, nor any evidence that the project has assumed any tangible form. We, therefore, recommend the adoption of the following:

Resolved 1. That the paper referred to us be received and placed on file among the papers of the Assembly.

Resolved 2. That no further action be now taken in the premises.

J. T. McCLURE, *Chairman.*

The Committee on the Board of Education presented a report, which was amended and adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF EDUCATION.

This Board has entrusted to it a very important part of the work of the Church, viz.: The aiding of young men in their education who have consecrated themselves to the future work of the ministry. From their printed report the fact is evident that they are laboring under difficulties. The funds placed at their disposal are entirely insufficient for the demands made upon it. And to meet this deficiency they have from time to time borrowed money, and are to-day $2,860.71 in debt.

They report to us twenty young men under their care during the year, and that the debt of the Board has increased $485.71. Of this debt, this Board should be relieved. It cannot accomplish the work committed to it and carry this burden. The duty of the U. P. Church is to pay this debt, and this General Assembly ought to adopt some measures promptly to prevent any further accumulation of debt, and to secure as early as possible the payment of what rests upon it. To relieve the Board of debt and to enable it to carry on its work during the incoming year, your Committee would recommend the adoption of the following resolutions:

1st. That all our Presbyteries be directed to make it a matter of duty to use their influence to secure contributions to the funds of this Board from all congregations under their care.

2d. That $7,000 be appropriated to this Board for the ensuing year.

3d. That they be directed to report every year to the General Assembly the names of the students under their care, for the information of the Assembly, but not to be published in the Minutes.

4th. That the Board be directed to liquidate their debt with the first money which may come into their hands.

J. N. DICK, *Chairman.*

The Committee on Correspondence presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON CORRESPONDENCE.

The Committee on Correspondence respectfully report that the reports of the following Corresponding Delegates have been referred to us:

Rev. Alexander Blaikie, D.D., Delegate to the Synod of the Lower Provinces; Rev. Robert Armstrong, Delegate to the Reformed Presbyterian Synod of America; Rev. J. P. Sankey, Delegate to the Canada Presbyterian Church; Rev. S. F. Morrow, D.D., Delegate to the Presbyterian Church of the United States; and Rev. Dr. Dales and Rev. Dr. J. T. McClure, Delegates to the Associate Reformed Presbyterian Synod of the South.

These delegates report the fulfillment of their appointments, and their cordial reception by the bodies which they visited.

Your Committee recommend the adoption of the following resolution:

Resolved, That the proceedings of these delegates be approved.

As this Assembly has had the pleasure of receiving Corresponding Delegates from several Churches, the Committee respectfully recommend the appointment of the following persons to represent the U. P. Church in the meetings of the Churches named:

To the Reformed Church in America—Rev. J. S. McCulloch, principal; Rev. W. W. Barr, D.D., alternate.

To the General Assembly of the Presbyterian Church, to meet in Chicago—Rev. William T. Moffet, principal; Rev. W. P. McNary, alternate.

Digitized by Google

To the Presbyterian Church of Canada—Rev. J. W. Logue, principal; Rev. J. B. Lee, alternate.

To the Reformed Presbyterian Synod of North America—Rev. A. D. Clarke, D.D., principal.

Dr. Cooper informed the Assembly of last year that he could not fill the appointment to the Presbyterian Confederation at London in July last. The other delegate had no official notification of his election, and the minutes of the Assembly were not published until it was too late to fill the appointment. Under these circumstances your delegates prepared a letter, according to the resolution of the Assembly, laying before the Confederation the action of the Assembly concerning a constitutional recognition of the Psalms of Scripture as the subject matter of praise in its meetings for devotional exercises; and that the matter might be fully understood, the action of the Assembly and the Article of the Testimony were laid before them. These matters were presented by Rev. Prof. J. W. R. Sloane, D.D., of the Reformed Presbyterian Synod in America, and all proper measures used by him to secure the action desired. The clerks of the Confederation were directed to inform the Assembly of the action of the Confederation, and the reasons for it, in their letter herewith presented.

As the details of the constitution of the Confederation, now the Presbyterian Alliance, will come before its meeting in July, 1877, if it is deemed proper to elect delegates to attend its sessions, they should be chosen by this Assembly, so that they may reliably attend.

Rev. James Harper, D.D., and Rev. David R. Kerr, D.D., have been appointed to prepare papers on important subjects for that meeting. The delegates to the meeting of the Alliance could also conveniently act as delegates to the Presbyterian Churches of Great Britain and Ireland, in correspondence with us.

The following persons are recommended as delegates: Rev. James Harper, D.D., Rev. Gulian Lansing, D.D., principals, and Rev. D. R. Kerr, D.D., as alternate of either, as members of the Presbyterian Alliance, and as Corresponding Delegates to the Churches named above.

We also recommend the following:

Resolved, That the conduct of the delegates appointed to the Presbyterian Confederation by the last Assembly be approved.

Further:

WHEREAS, The convenience of the Corresponding Delegates to the Assemblies of the U. P. Church, and of the Assembly, alike requires a definite time for hearing them; therefore,

Resolved, That the session of Tuesday evening of the second week of every Assembly be appointed as the time for hearing the Corresponding Delegates to the Assembly.

ALEX. YOUNG, *Chairman.*

Revs. James Brown, D. D., and B. L. Baldridge were appointed delegates from this Assembly to attend the next meeting of the Associate Reformed Synod of the South.

The Committee on Theological Seminaries presented the following report, which was adopted:

REPORT OF THE SPECIAL COMMITTEE ON THEOLOGICAL SEMINARIES.

First. In regard to the establishment of a Theological Seminary at Sealkote.

The establishment of such a school for the purpose of training a native ministry, we regard as an important measure, and necessary to ultimate success; and we are encouraged to hope that the liberality of the Church will insure the consummation of an enterprise so laudable.

The following we propose as the action of this Assembly:

Resolved, That this Assembly approves of the end proposed, and would heartily encourage the Presbytery of Sealkote to establish such Seminary as soon as sufficient funds can be secured.

Resolved, If the necessary funds should be secured for the support of an additional missionary, the Board of Foreign Missions is hereby authorized to appoint and send into that field a laborer suited to that work.

Second. In reference to professors-elect of the Theological Seminary at Xenia, we propose the following:

Resolved, That the election of Rev. J. G. Carson, D.D., Rev. J. B. McMichael and Rev. W. G Moorhead to their respective chairs in the Theological Seminary at Xenia be and hereby is confirmed.

Third. In regard to the memorial from the Faculty and Board of Managers of the Theological Seminary at Xenia, in reference to the time of closing the Seminary session, your Committee recommend the adoption of the resolution proposed by the Committee on Seminaries of the last General Assembly, and referred to this Assembly for consideration.

Resolved, That hereafter the Seminary sessions begin on the first Wednesday of September, and continue seven months.

Fourth. On the transfer and government of Theological Seminaries.

It appears from the report of the Committee placed in our hands that the Synod of New York judges such transfer inexpedient at the present time. The Synod of Ohio has given no deliverance upon the subject. The First Synod of the West has rescinded her action, previously taken, approving of the transfer.

We recommend the following:

Resolved, That this Assembly refer the whole subject to some future General Assembly, when the action of the Synods may appear more favorable.

Respectfully submitted,

J. Y. ASHENHUST, *Chairman.*

The Special Committee on Peace presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON PEACE.

WHEREAS, The practice of war is fraught with untold evils to mankind, and is antagonistic to the spirit and precepts of the Gospel of our Lord Jesus Christ; and,

Whereas, the Church is God's appointed means for reclaiming the world from error by spreading a knowledge of the truth; therefore,

Resolved, That it is the duty of the Church, and especially of the ministers of the Gospel, to labor in every proper way for the advancement of the cause of peace, and that we hail with heartfelt gratitude the efforts now being put forth, both in this country and Europe, by eminent Christian statesmen and philanthropists, to provide a system of international arbitration for the settlement of difficulties that may arise between nations, and that we hereby pledge to our own government our hearty sympathy and co-operation in all proper efforts for securing this glorious result.

Resolved, That in view of the magnitude and importance of this subject, we recommend that a convention be held at some suitable time and place, this ensuing autumn or winter, composed of delegates from all the evangelical denominations willing to co-operate in the movement, for the purpose of considering what action the Church of Christ should take for promoting peace on earth and good will to men.

Respectfully submitted,

E. S. McMICHAEL, *Chairman.*

The Special Committee on the appointment of a General Financial Agent presented the following report, which was adopted:

REPORT OF COMMITTEE ON APPOINTING A GENERAL FINANCIAL AGENT.

The Committee to which was referred the paper of William Reed, Esq., respecting the appointment of a General Financial Agent, would report that the paper asks the General Assembly to elect a General Financial Agent, whose duty it shall be to collect the benevolent contributions of the Church from the Financial Agents of the Presbyteries and apportion them among the different Treasurers of the Boards of the Church in proportion to their claims and needs; that the Finan-

cial Agents of the Presbyteries forward to the General Financial Agent the contributions of the congregations as soon as received, and that the congregations be directed, as early as July 1st, each year, to inform the Financial Agent of the Presbytery as to the amount they will contribute to the Boards of the Church quarterly for that year, and that the Financial Agents shall report such amounts to the General Agent, and in case Financial Agents fall in arrears, or fail to report, the General Agent be directed to notify said delinquents, and urge them to collect and forward all contributions received from the Presbyteries.

While your Committee is ready to acknowledge that there is a necessity for a more extended liberality and promptitude in furnishing means for carrying on the various benevolent schemes of the Church; while we fully sympathize with the motives and aims implied in the paper before us, and while we are not sure but the placing of this whole matter in the hands of a General Agent would be a very important step in the right direction, yet there appear to us serious difficulties in the way of creating and filling such an office at present.

The work to be performed by the General Agent would seem to very much arise from the delinquencies of those already in office; for if the duties of the acting members of the Boards, of the Financial Agents, pastors and sessions were fully performed, surely we should not be called to consider a paper such as the present. But we may ask here, is the principle a correct, prudent or safe one, which prompts us to establish a new office, and appoint an officer, merely for the purpose of stirring up those already in office to faithfulness in their work? Suppose such an agent appointed as the paper contemplates, and in view of the imperfection which clings to the best, what assurance have we that we should not again be soon called upon to appoint another officer to rouse him from the lethargy of neglect; and even with the addition of the General Agent, must not the financial life of our various benevolent schemes depend very much upon the interest and diligence which pastors and sessions take in this matter? It is in the hands and pockets of these stewards, that God has placed the money, and if they are only faithful and prompt, there will be no lack. The office of a General Agent would require to be centrally located, and would require a peculiar man to fill it—one possessed of business qualifications and integrity, as well as an extensive knowledge of the Church; and to perform his duties properly he would likely be required to devote to them all his time, which, together with his being called upon to visit Synods and Assemblies, would demand that he should receive a liberal salary; and yet it is well known that the feeling in our Church is opposed to the multiplication of salaried officers.

These are some of the difficulties which seem to us to lie in the way of adopting the plan suggested in the paper submitted to us. We cannot but think that renewed exertion and promptness on the part of those who have now in any way charge of the benevolent work of our Church, would largely remedy the existing evils of which we complain. Let Boards, through frequent circulars or Financial Agents, keep before the people their claims and needs; and let Financial Agents and pastors feel that the success of our benevolent schemes rests very much on their energy and faithfulness; and although congregations may not be able by the 1st of July to say how much they may be able to give quarterly, they can at least begin early in the ecclesiastical year to collect and pay over, through the Financial Agents, their offerings to the various Boards. We would, therefore, recommend for adoption the following resolutions:

1st. That the appointment of a General Financial Agent, as contemplated in the paper assigned to us, be postponed for the present.

2d. That the Secretaries or Treasurers of the various Boards of our Church be advised to frequently lay before the people, in whatever way they may deem best, their respective claims and wants; that Financial Agents be prompt in reporting to their Presbyteries, and publishing in the papers, the contributions they have received, as well as from what congregations, and that they forward the funds on hand to the various Treasurers at least quarterly, and oftener, if possible; and that Presbyteries see to it that these agents perform their duties promptly, and also that non-contributing congregations be called to account for their neglect, and that pastors, sessions and people be urged to meet their obligations to sustain our benevolent work at home and abroad.

The Special Committee on the National Centennial presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE NATIONAL CENTENNIAL.

Your Committee on our National Centennial would respectfully submit the following report:

WHEREAS, This is not only the Centennial of our nation, but also, in a measure, of our Church, the original elements of it having been organized a little over one hundred years ago; and,

Whereas, Civil governments, as well as ecclesiastical, are the institutions of God; and,

Whereas, We recognize the hand of God in planting civil and religious liberty in our land, in establishing our government, and maintaining it through the first century of its existence; therefore, *Resolved*,

First. That we express our thanks to Almighty God for that enlightened civilization which the religion of Jesus alone can give, for His goodness to us as a nation, for our wonderful growth, for our freedom, so firmly and so broadly established, for the advance of education and spread of learning, and for His hand, so plainly guiding us through both peace and war during the first century of our national existence.

Second. That we thankfully declare that ours is a Christian nation, and that it should support Christian institutions, the Christian Sabbath, the oath before Almighty God, the Bible in the common schools, and religious worship in our army and navy.

Third. That, believing governments should be a terror to evil doers, and a praise to them that do well, we deplore the existence in our government, and under its laws, of great national sins, corruption in high places, Sabbath desecration, intemperance, polygamy and such like; and we pledge ourselves to the work, and call upon all Christian citizens to join us in the great work of national reformation, so that during the next century righteousness may be decreed by law, and all sin, as ashamed, hide its head.

By order of the Committee,

D. W. HOUSTON, *Chairman.*

The Special Committee on the Bible in the Public Schools presented the following report, which was adopted:

REPORT ON THE BIBLE IN OUR PUBLIC SCHOOLS.

The Committee to which was referred the subject of the Bible in our schools, taking into consideration the various ways in which the enemies of revealed truth array themselves against it, respectfully present the following:

WHEREAS, Earnest, persistent, and dangerous efforts are made to impair confidence in the Scriptures as the Word of God, and to destroy the salutary influence of revealed truth on the heart and hopes of men, and to deprive the children of our land of a powerful element in the formation of character; therefore,

Resolved, That this General Assembly earnestly recommends to its members the diligent perusal of the Scriptures for their personal profit, and the use of such works as may lead them to a better understanding of the truth, and so be more successful in teaching their children; to carefully practice the truth; and to use all proper means to secure the use of the Bible in the schools of our land, so that the Word of God may be glorified in the future even more than in the past.

2. That so much of said report as may be adopted, be published in the Minu of the General Assembly, and in the papers of the Church.

On motion of Revs. R. Turnbull and S. H. Graham, the followi resolutions on Temperance were adopted:

RESOLUTIONS ON TEMPERANCE.

WHEREAS, The manufacture and traffic in intoxicating liquors is a great a growing evil, working the ruin of many and filling the land with want a mourning; and, whereas, the Church should do everything possible to counter its influence and seek its overthrow; therefore, *Resolved*,

1. That we as an Assembly recommend to all our Presbyteries, to do all i their power to counteract the workings of this great evil.

2. That a Committee be appointed to consider this matter, and make suc recommendations as they think best, to the next General Assembly.

Rev. R. Turnbull, Rev. S. H. Graham and Mr. J. C. McMilla were appointed the Committee provided for in these resolutions.

Rev. J. McKitrick, Messrs. James T. Anderson, of Indianapoli and William McDonald, of St. Louis, were appointed a Committee t secure a reduction of fare on the various railroads for the delegate to the next General Assembly.

Revs. W. J. Gillespie and T. P. Proudfit were appointed the Committee on Credentials for the next General Assembly.

Resumed the consideration of the report of the Committee on the Board of Publication, which was adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF PUBLICATION.

Your Committee, to which has been referred the report of the Board of Publication, would submit the following:

That the printed statement of the Board, which has been placed in the hands of the members of the Assembly, contains a clear and faithful exhibit of the nature, necessity and extent of the work of this Board. We, therefore, deem it unnecessary for your Committee to present any extended facts or arguments to demonstrate the importance and vital necessity of the Assembly sustaining this department of the Church's work.

It is a matter of deep regret that the contributions to this Board have fallen off so largely from last year, and that so many congregations and individuals have failed to meet their obligations to this Board. These two evils (lack of liberality and failure to pay promptly for books purchased,) have crippled the efforts of the Board, and they should be speedily corrected. The statement of the Board shows that there are book accounts amounting to $10,033.59, many of which are of several years' standing. In the opinion of your Committee, these accounts should be collected without unnecessary delay The whole business of the Board should be conducted as far as possible on a cash principle. The cash system would prove not only safer, but very much more economical for the Church. In 1875, there were $840 of book accounts closed as worthless, and this year $418 additional are omitted from the accounts. By a cash system these losses would be avoided and the Board would be enabled to sell their publications very much lower. There is a growing impression in the Church, that our publications should be sold at prices much lower, since both labor and materials are lower than they were when the

Digitized by Google

rices of most of the books were fixed. The Church should not speculate on the Word of God, or sell above their actual cost price, Bibles, Psalm books and our own Church standards.

We would, therefore, recommend for your adoption the following resolutions:

1. That this Assembly heartily commend the Board of Publication in its efforts to increase our own Church's literature, and we do hereby authorize said Board to offer prizes for the best manuscripts from members of the United Presbyterian Church; said offers to be subject to the regulations mentioned in the printed statement of the Board to this Assembly.

2. That the Board be directed to apply, as far as practicable, the principles of a cash system to all their business transactions during the coming year.

3. That the Board be directed to consider the propriety of reducing the price of all Bibles, Psalm books and the standards of the Church to their actual cost, and if this reduction is thought to be practicable, then they be authorized to sell them hereafter at cost, but if it is deemed by them to be unwise to do so, then they shall report on this whole subject of reduction of prices to the next General Assembly.

4. That this Assembly place at the disposal of the Associate Reformed Synod of the South, to be distributed as they may deem most proper, seven hundred (700) copies of the Minutes of the General Assembly for the year 1875, now in the custody of the Board of Publication, and that the Principal Clerk of this Assembly draw an order on the Treasurer of the Assembly to reimburse the Board of Publication for the same.

5. That the sum of $6,000 be appropriated to the Board of Publication for the coming year.

6. That 4,000 copies of the minutes of this Assembly be published by the Board, to be sold at 20 cents per copy net, or 25 cents when mailed.

J. B. LEE, *Chairman.*

The following resolutions of thanks were adopted:

RESOLUTIONS OF THANKS.

1. That the thanks of the members of this Assembly are due, and are hereby tendered to the Trustees, the session and members of the congregation occupying the church in which we hold our meeting, for their courtesy and thoughtfulness in providing for the convenience of the Assembly; to the members and ladies of our congregations in Philadelphia, in providing bountiful dinners for the members of the Assembly; to all the families whose generous hospitality we have enjoyed; to the reporters of the *Ledger*, *Inquirer*, *Bulletin* and *Telegraph*, for their able presentation of the proceedings of the Assembly; to Letter Carrier No. 62, for his promptness in delivery of letters; and to all who have in any way aided in making our meeting so pleasant to all our delegates.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY

DEAR FATHERS AND BRETHREN.—Your Trustees would respectfully report:

That since your last meeting they have attended to several matters in regard to collecting and looking after legacies left to the General Assembly for the different Boards of the Church, but none of them of sufficient importance to take up the time of the Assembly. You will find in our Treasurer's report an account of the amounts received, and how appropriated, which was always done according to the wishes of donors.

There are still several uncollected legacies which, owing to the technicalities and delays of the law, we find it difficult to collect, but we will make all reasonable efforts to secure to the cause of Christ what His children in their wills bequeathed to His Church.

At our meeting in January, Rev. W. H. Andrew being about to remove to a distance from our city, which would make it inconvenient for him to attend the meetings of our Board, offered his resignation of his office as Trustee of the General Assembly, which resignation was accepted, and Rev. S. Collins was elected to fill the vacancy until the next meeting of the General Assembly.

At our meeting, May 8, 1876, S. B. W. Gill, Esq., resigned his office of Trustee of the General Assembly, which resignation was accepted.

The terms for which Revs. R. B. Ewing and S. Collins and Wm. Reed, Esq., were elected Trustees will expire in July next, also the unexpired term of S. B. W. Gill, Esq., which would have expired in one year from next July, all of which you are respectfully requested to provide for by a new election.

The present officers of your Trustees are Rev. R. B. Ewing, President; Rev. S. Collins, Vice President; James McCandless, Esq., Treasurer, and Graham Scott, Secretary,

At our meeting May 8, 1876, Messrs. Thomas McCance and Graham Scott were appointed a Committee to audit the accounts of James McCandless, Treasurer, which duty they performed, and, after examining the vouchers for all payments made, they certified the accounts correct.

All of which is respectfully submitted.

By order of Board of Trustees,

GRAHAM SCOTT, *Secretary.*

REPORT OF THE BOARD OF FOREIGN MISSIONS.

In making their Seventeenth Annual Report the Board propose presenting only an outline, reserving the full statement for the pamphlet form, which will be presented at an early day. In it the reports from each mission will appear in full, and thus a complete view of our entire mission work will be given.

THE BOARD.

While the Board has been able to continue regularly in the discharge of its duties, yet, through removals and resignations, its numbers have been smaller than in any former year. The Assembly is asked to fill the vacancies, and it is re-

commended that only such persons as can regularly attend the meetings shall be appointed. The want of a quorum is a serious drawback in any Board.

It grieves the Board to have to present such a statement, and the most earnest attention of the Assembly is asked to it.

The Treasurer's report has been audited according to the Assembly's rule and pronounced correct.

ESTIMATES.

From the different missions the following estimates have been received, and are herewith laid before the Assembly. The sums asked for are as follows:

Syria, in gold	$ 3,800	Currency,	$ 4,294
India, "	24,900	"	28,187
Egypt, "	40,900	"	46,243
China, "	1,400	"	1,582
Total, "	$71,000	"	$80,256
Salaries of returned missionaries			2,500
Miscellaneous			1,500
			$84,256

These estimates have been carefully examined by the Board, as it is also desired they will be by the Assembly. Besides saying to all the missionaries that, in the present state of the treasury, no moneys can be allowed this year for any new buildings from funds to be sent from this country, the Board have also most earnestly directed every mission to reduce its expenses to the very lowest point.

Yet the above is the aggregate. It is asked for by the missionaries who are on the field and who should know what is required. If the General Assembly make appropriations according to these estimates, about $7,000 will be required each month to meet them, and in no case should the Assembly adjourn without making provision to have this amount regularly in hand. Nor should the Assembly fail to provide for making up, on July 1st, 1876, the probable deficiency of $18,981.86.

MISSIONARIES.

On the 3d of August last, Miss M. E. Galbraith took her departure from us to join the mission at Canton, in China, where it was proposed she should engage in teaching, especially her own sex. Arrangements were made for her efficient and successful prosecution of the work, and the prospects for great good were specially gratifying. With deep regret, however, it must be stated that, on the 1st of

February last, she was released from the mission, having entered into a marriage engagement with a Wesleyan Methodist missionary in that city. It is expected the money which was paid for Miss Galbraith's outfit, traveling fare, etc., will be faithfully refunded, and while the Board and the friends of the mission in Canton may well feel painfully disappointed, it is most earnestly hoped the place thus made vacant will ere long be filled, and that great good will yet come to the work in that needy field.

On the 7th of October, Miss Cynthia E. Wilson, of Morning Sun, Iowa, and Miss Lizzie McCahan, of Canonsburg, Pa., sailed for the mission in India, and are now happily and usefully engaged in their work at Gujranwalla and Sealkote, respectively.

Other devoted Christian women have been asked for by our missionaries and are willing to be sent out, but the Board have not been able, in the great lack of funds, to appoint them or even recommend any to the Assembly for appointment to any of the fields.

RETURNING MISSIONARIES.

After sojourning some time in this country the Rev. James S. Barr and wife, with three of their children, re-embarked for the mission in India, and are now located at Gujranwalla. At the same time Rev. Andrew Gordon, who had been compelled to leave that field many years ago, sailed again, with his family, and since his arrival out he has been assigned to the mission service at Gurdaspoor. As these brethren are acquainted with the language, they enter upon the work at once, and with greatly increased energy and ability, it is hoped, from their long season of rest.

MISSIONARIES AT HOME.

Not long after the last Assembly Dr. D. R. Johnston and family, and Rev. Wm. Harvey and family, of the mission in Egypt, landed on our shores, after several years of earnest devotion to the missionary work. Since that time each of them has visited different Synods and Presbyteries, and as many churches as they have been able, and laid the subject of missions before our people. The Board is not able to tell when they can return to their work. They propose to do so in July, if the funds in the treasury will allow it.

MISSIONARY SUPPORT.

It affords the Board sincere pleasure to say that, according to the very earnest wish and endeavor of the last Assembly, all the operations of the year have been carried on in the most harmonious and pleasant way. Under the necessities, however, that have arisen, some modifications of our rules have had to be made in regard to the salaries in some of the missions.

In Egypt, especially, great changes have been and are still passing over the country, from the way the Khedive is administering the government and carrying on his public works. There has been thus a vast increase of the expenses of living, and after much consultation the Board has been constrained to feel that the allowances to our laborers there should be enlarged. Accordingly, the estimates for the present year have been made and accepted on this basis; and in view of all the difficulties of living at the present time in that country, the Board have believed it their duty to ask the Assembly to allow the salaries of last year to be supplemented so as to be the same with those in the estimates for the present year. This, it was felt, would be just and proper in view of all the circumstances of the case, and it is hoped the request will be granted and the money allowed.

ALLOWANCES FOR RETURNED MISSIONARIES AND CHILDREN.

Early in the year the attention of the Board was called to the propriety of fixing the salaries of missionaries temporarily in this country, and the allowances for children of missionaries when sent here. After careful consideration the following paper was adopted and ordered to be laid before the Assembly, with the request that if it was approved the Board shall be directed to give it effect when deemed advisable:

Digitized by Google

I. In regard to missionaries *temporarily* in this country.

WHEREAS, The salaries paid to missionaries in the several foreign fields vary in amount; and,

WHEREAS, The expenses of living while temporarily in this country may be assumed to be equal in the case of each missionary; and,

WHEREAS, The rule of the Board allowing half salaries when the missionaries are at home is thus manifestly unequal; therefore,

Resolved, That in order to equalize the salaries of the missionaries from the several missions, while temporarily in this country, the salaries of missionaries with families (*i. e.*, with wife, or wife and children,) be fixed at the rate of $1,000 a year in currency; of single male missionaries at $400, and of single female missionaries at $250, provided that these allowances shall not extend beyond one year, except at the discretion of the Board.

II. In regard to *children of missionaries* sent to this country.

WHEREAS, The allowances for the children of missionaries are based upon the salary that is paid to their parents; and,

WHEREAS, Said salary varies in amount in the different missions; and,

WHEREAS, The expense of maintaining or educating children in this country may be assumed to be uniform for all; and,

WHEREAS, There is thus by the existing rules of the Board an inequality; and,

WHEREAS, The expense of maintaining children when separated from their parents is greater than if they could be kept with them in the missions; therefore,

Resolved, That the allowances for children of missionaries sent to this country for their health, or to be educated, be fixed uniformly at $150 in currency a year for each child, provided that this allowance shall not be made for children who are over eighteen years of age, and that it shall in all cases cease when the parents are in this country, the salary for parents and children being in that case provided for in the first resolution contained in this paper.

Resolved, Further, that the missions, in making their annual estimates, omit the allowances for children in this country, and they be paid directly by the Board.

Resolved, That this action be reported to the General Assembly for approval, and that the Assembly be asked to direct the Board to give it effect when deemed advisable.

SCHOOLS.

In view of the importance of having the young thoroughly instructed, and especially that the principles of our holy religion may be instilled in the mind in the very outset of life, schools have been organized in all our missions, and are vigorously carried on with more or less of direct religious instruction every day in each of them. These schools are for both sexes. Teachers are carefully selected for them; and, while it is not deemed wise to have a missionary devote his entire time to this work, yet some one does oversee each school and specially conducts religious exercises in it. The fruit of these schools is gratifying. Many have come from them to unite with the mission churches. Many of these pupils have then become teachers. Several of the young men in them have set their faces towards the ministry. In view of all the benefit to be derived to individuals and to communities at large from such schools, the Board earnestly urge this work upon the attention of the Assembly and of the churches, and ask that there shall be no lack of means for carrying it on.

In the girls' schools much has been done. In India Misses Elizabeth G. Gordon and Lizzie McCahan, at Sealkote, and Misses Eliza Calhoun and Cynthia E. Wilson, at Gujranwalla, are thoroughly engaged in these schools in connection with Zenana work, or work among the native women from house to house. For this work the schools specially open the way, and in it our sisters spend much of their time. In Egypt Miss T. M. Campbell, at Alexandria, Misses Eliza Johnston and Maggie Smith, at Cairo, Miss Thompson in the Fayoum, and Misses M. J. McKown and M. E. Lockhart, at Osiout, are all engaged in these schools of various grades and characters. In Cairo and Osiout there are girls' boarding schools which promise very happy results. In all these schools woman is raised —and in many important respects is prepared, in a measure, for the positions that she ought to be qualified to fill usefully and happily in the walks of life before her.

SPECIAL OBJECTS.

The Board are still deeply impressed with the necessity of having the sympathies, the prayers and the contributions of the churches and of the friends of missions directed to the work we have in hand and for which, in accepting the estimates made by each mission, we become most solemnly pledged. But any object in any way outside of these diverts from this, weakens the treasury, and, as at this time, threatens disastrous results to the missions.

If, however, some object is desired to which an offering may be specially made, and at the same time have real help afforded, the Board would earnestly suggest that it be always one for which provision has to be made according to the estimates, such as the support in whole or in part of a school, or a pupil in one of the boarding schools, or a teacher, or one of the female missionaries, etc., all these and the like are specified in the estimates, and have to be provided for. If an individual, or family, or Sabbath school, or congregation, would take a particular object and would undertake to raise the money for any one of these, or some others like them, they might do great good and very materially help the Board in sustaining the work.

MISSIONS.

These are the same as hitherto, viz.: Syria, India, Egypt and China.

Syria.—In Syria the missionaries are the Revs. John Crawford and Dr. J. F. Patterson. Damascus is the principal mission. There are also ten stations, one having been added during the year, viz.: Dohr El Ahmar. The total number of laborers here is 20. Seven churches have been partially organized. The whole number of communicants is 82, the increase during the year being 17. The whole number of schools is eleven, with 10 pupils in the boarding school, and 407 in the day school—or 417 in all. The Sabbath school in Damascus has 100 scholars.

India.—The mission in India has five stations, viz.: Sealkote, Gujranwalla, Zafferwal, Gurdaspoor and Ihelum, with a total list of laborers for the year ending December 31st last, of 29, viz.: 5 foreign, and 24 native. Communicants are found in three of the stations, and the whole number is 153. The increase during the year was 45. The number of schools reported is three, and the total of pupils is 1,143. The Rev. Messrs. James S. Barr and Andrew Gordon, with their wives, together with Misses McCahan and Wilson, have been added to the working force of this mission since this report was made.

Egypt.—From Egypt we regret the statistical table has not yet come. The reports are very full, and show a good work doing and a rich blessing resting upon it. In all the stations additions have been made to the native churches. Several congregations have received native pastors. The girls' boarding schools at Cairo and Osiout have eleven pupils in the former, and twenty-five in the latter, living in the school and family, and being thoroughly trained for good. The training school at Osiout has been mainly under the efficient management of Mr. David Strang, assisted by four native professors and a tutor. Three of these professors were graduates of Beyrut Protestant College. The number of students is 84. The Theological School has ten; and their efficiency or success is seen in the eagerness with which their services are sought by the people as soon as they go forth for the ministerial work. The great want in this department is a suitable series of theological text-books, and during the ensuing season of vacation Dr. Hogg and Mr. Strang will devote themselves laboriously to the work of preparing some portions of them. Both these important schools have pressing need of a suitable building.

In this mission there are communicants in 20 of the 21 stations occupied, the whole number being 676. The increase during the year was 86. The whole number of pupils under instruction is 1,151. The contributions from natives for the cause of Christ was $1,864. The tuition fees received amounted to $797. During the year, also, 11,890 volumes of the Scriptures and of religious and educational books were sold.

The mission building in Cairo, of which mention was made in our last report, has progressed. The corner-stone was laid under favorable auspices in August last, and before this time probably the chapel and boys' school-room are fitted up

Digitized by Google

for their purpose, and are well occupied. The completion of this building will be of great importance to the mission.

China.—The mission in China was gladdened by the addition of Miss Galbraith to its force, and sadly disappointed at her withdrawal. The Rev. Mr. Nevin has steadily pursued his course, and still sows in hope. He reports four laborers, two foreign and two native. The number of pupils in the boys' school is 25. There is no girls' school. During the year one person professed faith in Christ, and one was baptized. The whole number of communicants is two. Most earnestly does this mission call for help; and surely, after such long waiting and such painful disappointment, its call ought to be heeded and acted on.

THE ASSOCIATE REFORMED CHURCH.

The co-operation of this Church with ours in the mission in Egypt has been very gratifying. Miss Galloway, the missionary of that Church, has devoted herself thoroughly to preparation for her great work. First she remained for a time in Alexandria, and since has been in Mansoura, according to the appointment of the mission. Besides her work in the mission, as she was able she has done much to awaken the mission spirit in the churches at home by her pen, and in many ways indications are happily seen that the hand of God was signally in the movement to have the Church from which she was so earnestly sent, and ours, do what we could in together helping bear the Gospel and its blessings to the multitudes of the needy in the land of Egypt.

OUR HELPERS.

The Board recognize with grateful feelings the efforts which have been made during the year, in accordance with the recommendation of the last Assembly, to have Ladies' Missionary Societies organized in the various congregations. Incalculable good would result from its being generally done, and the effect upon all the churches here at home could not, it is believed, but be of the happiest kind.

With a truly generous spirit in her love for the work of missions, Mrs. Sarah F. Hanna, of Washington, Pa., has donated a valuable property to the Board, with the charge that the avails of it shall be used in forwarding the interests of the missionary cause.

Col. John McFarland, of Ligonier, Pa., has also generously donated to the Board bonds to the amount of $4,000, which, as they become due, will be of great service in aiding forward our work. Mrs. Reed, of Freeport, Pa., also gave the liberal sum of $1,000 for the Training College at Osiout, in Egypt.

In numerous instances our missions have been very properly remembered in the wills of the people of God. These bequests have been thankfully received, and it is believed will be accompanied with the blessing of God.

The American Tract Society, and the American and British Foreign Bible Societies, have shown their usual kindness in making grants to our missionary brethren, and have thus helped have the Word of Life scattered more widely and efficiently among the perishing and needy. Abroad also help has been most kindly given. The Paisley Ladies' Missionary Society, in Scotland, have made their usual generous offering, amounting to $242.23 in gold, for the girls' school in Alexandria; and in dying, one of the oldest of these contributors made a bequest of £100, which has been promptly paid over since for the work.

Most gratefully also do the Board mention the continued liberality of His Highness, the Maharajah Dhuleep Singh, in making in June last his usual donation of £1,000 to the mission in Egypt. It is a noble tribute alike to himself and to his sense of the worth of Christianity and its work.

RECAPITULATION.

The following statistics, made up by the missionaries or gleaned from their reports, show very nearly the state of our foreign work:

Missions, 4; foreign missionaries, 38, of whom 17 are ordained, 1 a licentiate, 1 physician, and 10 unmarried females; native laborers, 114, of whom 4 are ordained, 9 licensed, (1 in India, and 8 in Egypt)—making a total of laborers, foreign and native, 152. Communicants—84 in Syria, 153 in India, 676 in Egypt,

Digitized by Google

2 in China—total, 915; increase—Syria, 17; India, 38; Egypt, 86; China, 1—total, 142. Baptisms, 186. Pupils in schools, 2,736, viz.: In Syria, 417; India, 1,143; Egypt, 1,151, and China, 25. Native contributions and tuition fees—India, $388; Egypt, $2,661—total, $3,049. Sales of books, chiefly of the Scriptures, in Egypt, 11,890 volumes.

CONCLUSION.

In closing this report, and with much to be thankful for, the Board cannot but express its painful apprehensions. The low state of the treasury, and the fear that this indicates a lack of prayer for this cause and interest in it in the churches, furnish ground to fear disaster to the work in our hands. As things now are, the Board cannot ask for any new appointments of laborers to be made, much as they are needed. On the contrary, the sad question has been asked, Ought not steps be taken to recall some of the missionaries, and perhaps relinquish some of the mission fields which we have been occupying? Fathers and brethren of the Assembly, we come to you and through you to all the congregations and friends of missions in the United Presbyterian Church, with the burdened, anxious cry, *What shall we do?*

RECOMMENDATIONS.

It only remains for the Board to suggest the following points especially for the consideration of the Assembly:

1. That the thanks of the Assembly and of the churches be heartily given to God for the preservation of the lives of all our missionaries during the year; for the general harmony and peace that have prevailed; and for the steady enlargement and success of the work of evangelizing the heathen in nearly every one of the missions under our care.

2. That the thanks of the Assembly be renewedly given to the American Tract Society, the American and British and Foreign Bible Societies, and to the Ladies' Missionary Society of Paisley, Scotland, for their continued grants of Bibles and religious reading matter, with contributions of money also to aid our work.

3. That the Assembly tender to Mrs. Sarah F. Hanna its grateful sense of her interest in the missionary cause, and its thanks for her liberal donation; that the name of His Highness, Dhuleep Singh, be mentioned with devout thankfulness for that truly generous spirit that for nearly twelve years has laid FIVE THOUSAND DOLLARS A YEAR, or in all about SIXTY THOUSAND DOLLARS IN GOLD, upon the altar of God for good to the cause of missions in our hands in the land of Egypt; and that thanks be also given to Col. John McFarland and Mrs. Reed for their very timely and liberal offerings to this cause.

4. That in view of the present condition of Egypt, especially in all of its financial affairs, and of the increased expenses of living there, the salaries of the missionaries for last year be supplemented, so as to make them correspond with those of the present.

5. That the paper submitted by the Board in regard to the salaries of missionaries when in this country, and the allowances for children of missionaries when they are sent here, be approved, and that the Board be authorized to carry it into effect whenever it shall be deemed advisable.

6. That the women in all the congregations under the care of the Assembly be urged to cultivate an interest in the cause of missions, and that wherever it may be deemed advisable women's missionary societies be formed, and offerings be sought on behalf of this work.

7. That in entering upon a new year every member of the Assembly and the churches be urged to do it with a deeper realizing of the greatness and momentous responsibility of the Foreign Mission work which God has given us to do, and with a more self-consecrated and earnest determination to carry it on for the year to come, in some good measure, as God and the best interest of almost unnumbered perishing millions demand.

8. That in the spirit of this recommendation the Assembly renewedly ask pastors and sessions to devise plans and use all proper means to have their people forward at least a portion of their offerings for this cause during the summer and early fall months, as well as in the later months, seeing that through the holding back of funds during that season the whole year is heavily burdened, and missionaries themselves are often sadly tried and discouraged.

Digitized by Google

9. That the General Assembly remind the churches and congregations that while, for the first time in a long period, the Board do not ask at this meeting for any new missionaries, male or female, it is not because the field is any less white for the harvest, or the laborers are in any way less pressingly needed, but it is because we are straitened in our treasury.

10. That according to the estimates which have been given in the report, the following appropriations be made for the current year at the rate gold is at this time: Syria, $4,294; India, $28,137; Egypt, $46,293; China, $1,582; for returned missionaries, $2,500; miscellaneous, $1,500. Total, $84,253.

In regard to this recommendation the Board are constrained to say, that these appropriations are asked for only because they are in the estimates which have been carefully made, and that the pressure for funds to meet the present indebtedness, and to provide for these current expenses is so urgent, that the Board most earnestly ask, that in case sufficient contributions do not come in by the first of July to meet these necessities, the Assembly will decide whether any of the missions shall be disbanded, or any of the missionaries shall be recalled, or what shall be done.

11. That 1,000 copies of the Annual Report be published, and that pastors and elders be urged to see that in some way their people have the benefit of the information it gives respecting the condition, working and prospects of all our missions.

THE BOARD.

The terms of Rev. S. G. Fitzgerald and Messrs. William Getty and Thomas Stinson expire at this meeting. Rev. J. C. Wilson having removed, and Rev. W. C. Jackson and S. C. Huey having resigned, their places are to be filled.

REPORT OF THE BOARD AND OF THE GENERAL COMMITTEE OF HOME MISSIONS.

In obedience to the requirements of the General Assembly, the Board and the General Committee of Home Missions would respectfully present the following report. And we desire to acknowledge with thankful hearts the goodness of God, manifested in the measure of success that has attended this branch of the Church's work during another year. We would also recognize with gratitude the self-denying and faithful labors of those noble men who, amid difficulties and discouragements, have toiled on in the effort to sow the precious seed of Divine truth in the waste places of the land, and through whose instrumentality these gratifying results have been achieved:

I.—REPORT OF THE BOARD.

The subjoined statements, taken from the report of the Board to the General Committee, will convey some idea of the progress of the work during the year now drawing to a close.

The last General Assembly granted aid to one hundred and seventy-three Stations, under the care of forty-seven Presbyteries. From eleven of these stations no reports have been received. The reports of sixty-four others are incomplete, embracing only a portion of the year. In the stations from which reports have been received, there is a membership of 9,057, with an average attendance upon divine ordinances of 15,561. The additions to the Church have been 657 on a profession of faith in Christ, and 607 by certificate, while the decrease by death and removal has been 497. In the Sabbath Schools connected with these stations there has been an average attendance of 8,521 scholars. These same stations contributed to the Boards of the Church during the year $4,529, and for the support of their own pastors or missionaries $45,005. The number of church edifices reported is 124. One hundred and thirty-three missionaries have been employed during the whole or part of the year. The results indicated by the above facts

Digitized by Google

should certainly encourage the Church to prosecute this important work with increased energy and enlarged liberality.

Special Missions.—In regard to stations placed under this head by the last Assembly, we present the following brief statements:

Salem, Presbytery of Southern Illinois.—The missionary appointed to this place declined the service for reasons which the Board regarded as satisfactory. Owing to the condition of affairs in the congregation, it was not deemed expedient to make another appointment. Arrangements have recently been made by which the services of an acceptable missionary have been secured.

Indianapolis, Presbytery of Indiana.—The missionary appointed to this field was compelled, by enfeebled health, to resign his appointment. Toward the close of the first quarter, Rev. H. G. McVey was appointed to the charge, and has been laboring there since that time. He writes: "We are getting along pleasantly; no great change; nineteen have come into the Church since September last."

Atlantic and Cass Centre, Presbytery of Nebraska.—The missionary assigned to these stations for the first six months of the year fulfilled his appointment with acceptance. The brother appointed for the last six months having settled in another Presbytery, such arrangements as could be effected were made for supplying his place. The congregations seem to be prospering, and have made out a call for Rev. R. T. McCrea, the brother who served them the first part of the year.

Topeka, Presbytery of Kansas.—Rev. J. H. Cooper, the missionary in this field at the time of our last report, was compelled to resign his position on account of relative affliction. The Board accepted his resignation with regret, inasmuch as his labors were attended with such favorable results that the Presbytery and congregation requested his re-appointment for the current year. Several ineffectual efforts were made to secure a suitable missionary. The congregation was for a time greatly discouraged. Recently, however, the prospects have brightened up considerably, and there is every reason to hope that, with an efficient missionary, properly sustained, we may, with the Divine blessing, have yet a self-sustaining congregation in that important field.

Omaha, Presbytery of Nebraska.—Rev. Joseph McCartney, appointed to this charge, entered upon his work at the beginning of the year, and has continued to labor zealously and faithfully—with encouraging prospects of success. The congregation and the Presbytery desire his re-appointment. This is an important as well as a difficult field. What St. Louis is to Missouri, Omaha is to Nebraska, and the vast territory west of it. It will necessarily exert an immense influence, religiously as well as commercially, and is destined to become a great inland city. It has now a population of 20,000. It is, therefore, important as a base of operations for evangelizing the country beyond. The work is especially difficult there because of open Sabbath desecration, abounding infidelity and ungodliness, as well as the fluctuating character of its population.

Financial Condition of the Board.—On the 30th of April last year we had in the treasury, exclusive of investment funds, $289.52; with unsettled claims amounting to $122, thus leaving only $117.52 to meet accruing obligations. For several months after the adjournment of the Assembly, money came in very slowly and in small amounts, consequently the quarter falling due on the 1st of July was not fully paid until the 23d of October. After that time there was a slight increase in the liberality of the Church, and the quarter due on the 1st of October was all paid up on the 7th of January. The quarter due on the 1st of January was not fully settled until the latter end of March. At that time, and even later, we had every prospect of closing the year in debt; but in the good providence of God this discouraging prospect has been removed, and we would state with gratitude that every claim against the Board, then due, was settled on the 29th of April, and we have a balance on hand of $2,709.43 toward meeting obligations that will soon mature.

The contributions during the year have been, from Presbyteries, $23,962.38; from Sabbath schools, $772.08; from legacies, $6,509.54; from miscellaneous sources, $4,050.82; in all, $35,294.82, being a larger aggregate by $13 than has been received during any previous year of the Board's history. Claims amounting to $32,824.91 have been paid during the year, leaving the balance, as before stated, of $2,709.43. It is certainly encouraging that our financial condition is better than it was at the close of last year, and that during the last three years, marked as they have been as years of great financial depression and disaster to the country at large, such has been the increased and increasing interest of our people in the Home Mission work of the Church—such their confidence in our excellent system of operations, and in its management, that they have contributed over $19 000 more during these years than during any three previous years.

Digitized by Google

There are one or two facts connected with our financial matters worthy of attention. The contributions from Presbyteries are $3,099.82 less, and the contributions from Sabbath schools $501.41 less than last year, while the contributions from legacies and miscellaneous sources are $5,037.14 more than last year. It may be proper to state that a large part of the miscellaneous receipts were contributions from individuals or societies which came directly to our treasury without passing through the hands of the Financial Agents of the Presbyteries.

The term of service of the Corresponding Secretary, and of the following members of the Board: Rev. W. J. Reid, D.D., Rev. W. S. Owens and R. A. Cunningham, will expire with the present meeting of the Assembly.

II.—REPORT OF THE GENERAL COMMITTEE.

The seventeenth annual meeting of the General Committee of Home Missions was held in the North church, Philadelphia, beginning Wednesday, May 17th, 1876. Fifty-two delegates were present—all the Presbyteries being represented except Chillicothe, Colorado and Stamford. The Committee was organized by the election of Rev. M. M. Gibson, of the Presbytery of San Francisco, Chairman, and Rev. Jas. B. Lee, of the Presbytery of Delaware, Assistant Secretary. The various matters submitted to our attention were considered with the utmost care and impartiality. The conclusions at which we arrived, were reached with great unanimity. The results of our deliberations, herewith presented, will, we trust, be approved by the Assembly.

The amount of money desired for the coming year was $47,450. After a careful consideration of the requests of the Presbyteries, and the relative importance of the several missionary stations, aid was granted to the amount of $41,430, including $3,000 placed at the disposal of the Board to meet emergencies that may arise during the year. The appropriations were limited to this amount, not because the requests of the Presbyteries were regarded injudicious or excessive, but from the fact that in view of the continued financial embarrassment of the country and our past experience, it was not deemed prudent to exceed it.

The different Presbyteries applied for the services of seventy-five missionaries. One hundred and two names were reported for appointment for the whole or part of the year, representing the full time of ninety men, thus leaving the equivalent of the full time of fifteen missionaries unemployed. Some have received no appointments whatever, some have been appointed for only one, some for two and some for three quarters. The majority of these are young men, or men in the prime of life, ready and willing to serve the Church if she will employ them. Why, then, are they not called into active service, when on every hand the field is whitening to the harvest? It is certainly true that if the Board had the means at its disposal, all, or nearly all, of these brethren who have come forward and offered their services would be employed in various parts of our widely-extended country. But this is not all the truth in regard to this painful matter. It is a fact which every lover of pure Presbyterianism may well ponder, that there are Presbyteries which have a considerable number of vacant congregations under their care, and in some instances stations receiving aid from the treasury of the Home Mission Board, which do not ask for the services of a single missionary! Why is this? Has the time come when the excellent arrangements connected with our Home Mission system for the distribution of our unsettled ministers and probationers must be abandoned, and the miserable methods prevailing in some sister Churches become the policy of the United Presbyterian Church?

The manner in which the means and men at our disposal have been distributed will appear from the following tables:

III.—SPECIAL MISSIONS.

The following action was taken with reference to certain missions, whose claims were considered by the General Committee:

Resolved, 1. That $900 be appropriated to the mission in Omaha, and that Rev. Joseph McCartney be reappointed to that field for the year.

2. That $700 be appropriated to Burlington, Iowa, and that Rev. E. D. Campbell be appointed as the missionary.

3. That $1,000 be appropriated to Topeka, Kansas, and that Rev. J. A. Bailey be appointed as the missionary.

4. That $800 be appropriated to Indianapolis, and that Rev. J. D. Sands be appointed as the missionary. It is recommended to the Presbytery, under whose care Mr. Sands is a licentiate, that he be ordained before entering upon his appointment.

IV.—MISCELLANEOUS BUSINESS.

The following preamble and resolutions were adopted, and are recommended to the Assembly for approval:

WHEREAS, It has been reported to us by the Board of Home Missions that there is "a growing tendency manifested all over the Church by Presbyteries and congregations to make private arrangements for supply—a course of procedure which is destructive of sound Presbyterianism, tending to a lawless kind of Congregationalism on the one hand, and to a semi-Episcopacy on the other, while it is surely and rapidly working the destruction of one of the most important branches of our excellent Home Mission system. By it the appointees of the Assembly are often excluded from vacancies ripe for settlement, and in some instances left without employment, while those who are not willing to place themselves at the disposal of the General Committee and the Assembly, occupy these places and secure the rewards of the service. By it, also, some ministers are tempted to assume duties and responsibilities which do not belong to them, and which should only be exercised by the properly constituted authorities of the Church. As a consequence of all this, place-hunting is becoming more and more prevalent every year, while congregations are importuned by applicants for an opportunity to exercise their gifts in the hope of obtaining a call. Another deplorable result is, that proper Presbyterial supervision over ministers and congregations is becoming almost a thing of the past." And now, as a healthy and sound Presbyterianism requires that the lower should always be subject to the higher power—the congregation to the Presbytery, and the Presbytery to the General Assembly; and as the above conduct is directly subversive of this principle of Church order—and as we believe it necessary to preserve a sound and living Presbyterianism in our Church government—we therefore request the General Assembly to adopt the following resolutions:

Digitized by Google

Resolved, 1st. That Presbyteries be instructed to require all congregations under their care to seek through them whatever preaching they may desire.

2d. That ministers and licentiates be and hereby are forbidden to make any arrangements with congregations for preaching, except through the Presbytery under whose care such congregations may be.

3d. That in the second Rule of the Regulations for Presbyteries with reference to Home Missions, sections B and C be rescinded, and the following adopted, viz.: That Presbyteries be required to report each year the names of all unsettled ministers and licentiates under their care who may be able and suitable for work to the General Committee of Home Missions for appointment, and also all vacant congregations and mission stations under their care, together with the amount of preaching they may desire and are able to make provision for during the coming year.

4th. That two men be appointed by the Board as general missionaries for the territory west of the Mississippi river, to explore and preach, and with the consent of the Presbytery in whose bounds they may be laboring, to organize congregations and report monthly their work to the Presbytery, and each of these general missionaries to have a salary of $1,500 a year.

5th. That the Board of Home Missions be directed to prepare and forward to the appointees of the General Assembly, through the Superintendent of Missions, blanks, to be filled and returned quarterly to the Corresponding Secretary of the Board, containing the following questions: Have you filled your appointments for the quarter; number of Sabbaths employed; number of prayer meetings attended; number of pastoral visits made; and such other subjects as the Board of Home Missions may think proper.

6th. That Rev. J. G. Brown, D. D., be re-elected Corresponding Secretary of the Board of Home Missions for the ensuing four years, and that his salary be $800 per annum.

7th. That this General Assembly take whatever steps may be necessary to secure from the General Government the transfer of the superintendency of the Warm Spring Indians in Oregon to the United Presbyterian Church, and that the Secretary of the Board, in conjunction with Rev. S. G. Irvine, D. D., of Albany, Oregon, be appointed to secure, if possible, such transfer.

And as a well educated and thoroughly prepared ministry is of great importance to the prosperity and influence of the Church, we regard as directly injurious to the Church and hurtful to the individual the influences which are sometimes used to prematurely hasten the bringing of young men into the ministry; therefore,

Resolved, 1st. That this Assembly disapproves of the conduct of Presbyteries in licensing young men before they have finished their theological course. We cannot but regard it as tending to lower the standard of preparation which should be regarded as necessary to qualify a minister to rightly divide the word of God.

2d. That the Directors of our Theological Seminaries be requested not to give a recommendation for licensure to any student who has not completed his full course of study.

3d. That the Assembly will give no appointments to any licentiate during the sessions who wishes to attend the Seminary.

4th. That the Board be authorized to release from his appointments during the period of his attendance at the Seminary, any licentiate who desires to secure the benefit of such attendance, provided the Board is able to fill his appointments by other missionaries.

5th. That an order be drawn on the Treasurer of the Board for $15, in favor of the sexton of the North Church, for services rendered during the meeting of the General Committee.

6th. That $3,000 be placed at the disposal of the Board to meet emergencies which may arise during the year.

Respectfully submitted.

M. M. GIBSON, *Chairman.*
JOHN G. BROWN, *Secretary.*
JAS. B. LEE, *Assistant Secretary.*

REPORT OF THE BOARD OF FREEDMEN'S MISSIONS.

The Board of Freedmen's Missions would respectfully present its annual report:

Greatly encouraged by the unanimous and favorable action of the last General Assembly, we began immediately to carry into effect the directions given.

Arrangements were at once made looking to the establishment of the work in the new field, and at the first of September, Rev. J. P. Wright and family were transferred from Nashville to Knoxville, Tennessee, and arrangements made for opening school in the old mission property in the eastern part of the city.

Accordingly, in the second week of September, the work was commenced. The school opened with an enrollment of about 70 the first week, and the Sabbath School about as large. Miss Jennie McCahan was sent as assistant in the work. The school increased so rapidly in numbers and interest that the laborers were compelled to ask for further help, and Miss Mary Hezlep was sent down November 22d. These have all labored faithfully, earnestly, and, we believe, successfully, and are still at their post.

At the first of June the day school will close, and the female teachers return to their homes. Mr. Wright will remain and continue his labors in the spiritual part of the work exclusively till the opening of the new year, at the first of September.

During the entire year special effort has been put forth by all the missionaries for the spiritual welfare of all within their reach. And we believe great good has been accomplished.

No attempt has yet been made to organize a congregation. We fondly hope this may be accomplished before the end of another year. When we withdrew from Nashville, the little congregation of faithful worshipers were earnestly commended to the care of the Presbytery of Tennessee, as the only thing we could do. And we believe their interests have been carefully attended to.

As soon as possible after the meeting of the last Assembly, the Board had plans and specifications for the new building prepared and sent to our attorney in Knoxville to receive bids for the erection of the building. He accepted the specifications, and advertised for proposals, only on condition that a Committee of the Board be present when the proposals were opened. Accordingly, about the middle of August, the Corresponding Secretary and Treasurer went to Knoxville, and were present when the bids were opened. They were all so exorbitant that none were accepted. The Board, on the recommendation of the architects, recalled the plans and received bids from builders in Allegheny City. The contract was given to Mr. John Creighton, of Allegheny City, for $16,836—a saving from the lowest bid received in Knoxville of more than $3,000.

The work is progressing very satisfactorily, the building being now entirely closed in. It will be ready for occupancy complete at the beginning of the school year.

It is of the following dimensions: 84x64, and three stories high above the basement.

There are in the basement two dining rooms, kitchen, coal and vegetable cellars. There are nine rooms for professor's family and teachers, an office, and seven school or recitation rooms, and chapel. All arranged with approved methods of ventilation and heating.

The deferred payments on the lot were made about the 1st of July, and a fee simple deed received by the Board.

FUNDS.

The whole amount received from all sources since the last report is $12,388.80. Of this amount, $2,087.05 has been contributed by individuals, $5,731.00 from Presbyteries and congregations, and from estates as follows:

REPORT OF THE BOARD OF CHURCH EXTENSION.

The Board of Church Extension gratefully acknowledging the favor of God, submits the following report of its work for the consideration of the General Assembly:

Monthly meetings have been held. The work has been kept before the Church by the regular and liberal use of the press, and by a statement to each Synod. The Corresponding Secretary also attended the meetings of the Second Synod, the First Synod of the West and the Synods of New York and Pittsburgh, and was very kindly heard in behalf of the Board. The action of all the Synods has been very cordial, and the number of congregations contributing is larger than ever before.

FINANCIAL CONDITION.

It gives the Board great pleasure to report that, although the aggregate receipts have been less than during the preceding year, the claims against the Board have been reduced from over $15,000 at the date of the last report, to about $8,300 at the present time. Of this a little over $2,000 bears interest, and will be paid as soon as possible. To accomplish this it has been necessary for the Board to return an unfavorable answer to many appeals from destitute congregations.

The receipts, exclusive of balance of last year, have been:

For the General Fund—		
From Presbyteries		$ 9,455 35
For the Loan Fund—		
From Presbyteries	$1,168 15	
From Congregations	696 71	
From Sabbath Schools	206 74	
From Individuals	1,962 62	
From Legacies	1,676 70	
From Proceeds of property	684 00	
From other sources	287 35	
		6,632 27
Total		$16,087 62

This is $770.95 less than the receipts of last year. The decrease has been in the proceeds of property sold; the contributions of congregations are larger. The receipts will continue to fall far below the necessities of the work until all our congregations feel its importance and its claims. Last year about one-half of our congregations did not give anything for this purpose. Among these are many large and prosperous churches.

PROGRESS OF THE WORK.

New Forms.—As the work advanced a revision of the form of application, and some new forms became necessary. Copies are herewith submitted.

Annuities.—One donation, subject to annuity, has been received under the action of the last Assembly. It is hoped this is the beginning of a class of contributions, profitable alike to the donors and to the Board.

Co-operation.—The Trustees of the Associate Reformed Presbytery of Allegheny hold a certain bequest of the late Thomas Hanna as a loan fund for the benefit of congregations. They will hereafter co-operate with the Board, and have already paid one appropriation.

Claims.—The claims against the congregations of Basco, Illinois; Big Creek, Kansas; and Titusville, Pa., have been adjusted. Morrison, Tenn., and Wyoming, Wis., have paid the balance due the Board. The Presbytery of Sidney having sold the property of the dissolved congregation of Cassville, placed the proceeds in the Loan Fund.

Indianapolis.—The last Assembly authorized the Board to furnish "the aid needed to complete the building begun by our people in Indianapolis, if in its judgment the prospects of the congregation during the year warrant such a step." The Board has heard very encouraging statements of the improved prospects of the congregation, but has not deemed it expedient to go on with the building. At the request of the Board, bids were taken for the work, and it was found that it would require $6,600 to complete the building, and of this it would be necessary for the Board to furnish not less than $5,000 as a donation. The part of the building at present occupied has as yet sufficient room for the accommodation of the congregation. In view of the scarcity of funds, and of the large number of congregations destitute of any place in which to meet, the Board did not consider it prudent to go on with the work.

Port Huron.—According to the instruction of the last Assembly the Board appropriated to Port Huron congregation the amount necessary to meet the interest on the mortgages for this year. The congregation has shown a good spirit, and is making some progress in the payment of its debt. In order that the plan inaugurated last year may be successful it will be necessary for the Assembly to continue a liberal support for the missionary.

Chicago.—The congregation in Chicago has not been able to meet its indebtedness. The Board has neither the authority nor the means to appropriate the amount necessary to meet the deficiency, but the Synod of Illinois has made special contributions, which have been applied to this object, and it is understood that the embarrassment has been relieved.

Omaha.—The Board is now engaged in the payment of the money borrowed for the Omaha property, and will continue to give this the precedence until the debt is removed.

Pittsburgh, 7th.—The Seventh Church, Pittsburgh, was unhappily divided just after the completion of a new church, and the property was liable to be lost. The emergency was such as to require the help of the Board, and a loan was made, one-half of it being a special donation for this purpose, by the First Church, Pittsburgh.

San Jose.—The Board received an application from the Presbytery of San Francisco for a donation of $5,000 to the congregation of San Jose. The congregation is important in its relation to the interests of our Church on the Pacific Coast. The appropriation asked for would scarcely buy the ground, leaving the whole burden of the building on the small congregation, which is indeed as yet no more than a mission. But the Board did not feel at liberty to make so large an appropriation to any one place, and therefore refers the case to the Assembly.

APPROPRIATIONS.

The Board has made only such appropriations as appeared to be absolutely necessary. They are as follows:

Congregation.	Presbytery.	Donation.	Loan.
Beaver Falls	Beaver Valley	$1,134 85	
Bellaire	Wheeling	866 10	
Chicago	Chicago		$ 507 76
Evans	Colorado	400 00	200 00
Kingsville	W. Missouri		450 00
Pittsburgh, Seventh	Monongahela		1,000 00
Port Huron	Detroit	600 00	
Richmond	Brookville	250 00	250 00
		$2,750 45	$2,407 76
Total			$5,158 21

The appropriation to Beaver Falls is a special contribution by the Presbytery of Beaver Valley.

The congregation of Bellaire receives the contributions of the Presbytery of Wheeling, under an agreement by the Presbytery to pay for the lots on which the house is built.

THE LOAN FUND.

The receipts of the loan fund have been $6,632.27; to which the balance of May 1st, 1875, is added. The total amount of the fund, therefore, is $47,128. The Synod of Iowa has continued its interest in this fund, and has nearly completed the $5,000 it proposed to raise.

Special Loan Fund.—The Synod of Illinois resolved to raise a special loan fund, under the authority given by the last Assembly, the use of it to be given in the first instance to the congregation in Chicago. The committee in charge of it report that some progress has been made, but, as will be seen by the Treasurer's report, the receipts are as yet small.

Loans Maturing.—Payments on loans to the amount of $4,700 have matured. The congregations have been notified, and, for satisfactory reasons, an extension of time has been granted to some. Some have made arrangements for payment, but others have not replied to the notice. As this will henceforth be an important part of the business of the Board, and as perplexities may arise, the Assembly is asked to give definite instructions as to the extension of time and the collection of loans.

Increase of Debt.—The attention of the Assembly is called to a statement in the report of last year, that in some instances congregations so allow other indebtedness to increase as to prevent the prompt repayment of their loans from the Board. This defeats the object for which the Assembly established the loan fund, and renders all the assistance by the Board useless.

ATTORNEYS.

Under the direction of the last Assembly, the Board elected Messrs. Brown & Lambie as solicitors, and expresses its satisfaction with their services.

MISCELLANEOUS.

Acknowledgment.—The Board gratefully acknowledges the promptness, the faithfulness and the courtesy with which brethren in different parts of the Church have rendered whatever services have been requested of them. This acknowledgment is due especially to the Superintendents of Missions, on whom much of the correspondence devolves.

Credits.—There appears to be an increasing desire on the part of congregations to have credit for their contributions on the books of the Board, and a larger number than ever before have remitted directly to the Treasurer. Some Financial Agents, also, have reported the names of the congregations contributing, and desired them to appear. This produces a want of uniformity much to be regretted. The Assembly is asked to consider this subject, and adopt some regulation which will be satisfactory to congregations, and, at the same time, maintain the Presbyterial supervision on which our present plan is so wisely based.

Church Debts.—The Board is convinced from its experience in the past few years, that a large part of the debts which have imperiled so many congregations, and drawn so heavily on the funds of the Church, were in the first place unnecessary, and could have been prevented by proper Presbyterial supervision. The highest spiritual interests of congregations and an economical and just use of the resources of the Church require that Presbyteries, by watchful oversight, prevent debts from being incurred by congregations under their care.

Important Places.—Many informal applications for aid have been received from places in the Home Mission field. Some will be granted when the formal application shall be made. Others have been discouraged, because relatively not of sufficient importance. The work of Church Extension is truly a Missionary work, and should be conducted strictly on this principle. So long, therefore, as the funds are inadequate to meet the wants of the whole field, Presbyteries should not allow applications to be made indiscriminately, but should select only the most promising to be recommended for help.

VACANCIES.

The term of office of Rev. J. S. Sands, Rev. J. W. Witherspoon and Mr. William Reed expires with this year.

By order of the Board.

JOHN S. EASTON, *President.*
A. G. WALLACE, *Cor. Secretary.*

REPORT OF THE BOARD OF PUBLICATION.

The work of this Board during the past year presents no new feature of any special interest. The great decline of business in the country has affected us in common with others. Especially has it had a depressing effect on the value of our real estate and the income from rents. Yet we are glad to report that, compared with previous years, our business proper has not suffered materially either in amount or results.

As will be seen, the contributions from the Church have fallen off largely from last year. 'Tis true we have not made the frequent appeals to the Church that some of the other Boards have thought necessary, yet we cannot but feel that the lower courts, especially the sessions and pastors of the Church, have been negligent towards us.

There is also growing up a feeling, somewhat complimentary it may be, that this Board can, with the hard work of those to whom it is entrusted and the kindness of individual friends, take care of itself. Doubtless it can, with the Divine blessing, not only manage to live, and to some extent increase its means; but it cannot increase our own Church literature, develop authorship among our own people, distribute to the poor and aid in the mission work of the Church as it should. How often do we receive letters from all parts of the Church: "If we had a supply of Psalm books, we could soon have a mission station. But the people, unacquainted with the Psalms, are not willing, and we are not able to purchase. If you can donate the books, great good can be done; but without this the work cannot go on." In no better form can the Scriptures be circulated than in that of the Psalm book, so full of Christ and of Christian doctrine and experience, and which Luther used to call his "Little Bible."

Some progress has been made in reducing book accounts, or claims for books sold. While most of these are only a few weeks or a few months old, some of them, perhaps one-fifth of the whole amount, or $2,000 worth, are from one to ten years old. Our efforts to collect these have, in some instances, elicited fair promises, in others no response, or a plea of present inability. It will be observed, however, that the amount has been materially reduced within the last two or three years. Doubtful claims to the amount of $413.71 have been omitted in our statement this year.

To show how the money of the Church has been expended, it has been the custom, from the organization of the Board, to report, at its cost price, all property in which there is no appreciable decrease of intrinsic value. This included the two large items of real estate and stereotype plates. Heretofore the price of the former warranted this course, but now that it has so greatly declined (only temporarily, we hope,) it is reported at a reduction of twenty-five per cent. Of the market value of stereotype plates, there is no standard; but it is thought best to adopt the plan of deducting ten per cent. each year to cover all depreciation. This seems necessary to give a correct idea of the actual amount of our available or working capital. All other property, consisting of books, stationery, furniture, &c., has always been reported at what was considered its actual selling value, deducting all expense and depreciation from whatever cause. The Minutes of the General Assembly are a partial exception to this. The Assembly has not only fixed the number of copies to be published, but also the price at which they were to be sold. This price has not covered the cost, nor have all the copies been sold. There are on hand now 4,240 copies, amounting, at 20 cents each, the price fixed by the Assembly, to $848. These have been reported as assets. But as they are dead stock, published by order of the Assembly, and left on our hands, we respectfully ask to be reimbursed for this outlay, and that hereafter the Board be authorized to open an account, charging the Assembly with the cost of publishing, and crediting the amount realized from sales.

Owing to the stringency of the times, but few new works have been issued during the past year. We name, however, the following:

1. A very valuable Topical Index to the Book of Psalms, prepared with great care and much labor, by Rev. W. J. Reid, D. D. It is bound separately, and with all copies of the pulpit or 12mo Psalm book.

2. A very able and instructive Tract, by Rev. John Scott, D. D., of Monmouth, Ill., entitled, "The Gospel, as distinguished from Legalism and Antinomianism." This is designed to meet some of the more subtle errors now prevalent in the country.

3. Selections of Psalms, as authorized by the last Assembly, consisting of over one hundred specimens, for use in Sabbath Schools, Prayer Meetings, &c. It is hoped this will meet the want in this direction.

4. A "Children's Catechism" for beginners, in families and Sabbath schools, a brief but comprehensive formula of doctrine and practice.

5. "The Christian's Great Interest," by Rev. W. Guthrie, commonly called "Guthrie's Trial." (A reprint.) Few books are more highly or more deservedly esteemed by the sincere earnest Christian reader; price, 75 cents. Specimens of all these will be laid before the Assembly.

The Board has two other works in press, one original, called "The Olive Tree," intended to show the relation of the New Testament Church to the Old, its growth,

Digitized by Google

fruits, &c. The other by Rev. Edward A. Thompson, of Edinburgh, entitled the "Four Evangelists," showing the specific difference and object of each.

To encourage the preparation of books adapted to family and Sabbath school use, the Board hereby ask the Assembly to authorize the offer of two prizes; the first of one hundred dollars, the second of fifty, for the best manuscripts; the contestants to be members of the United Presbyterian Church, and the committee to award the prizes to be appointed by the Board, but not of their own number.

Our earnest desire is to deserve and receive the hearty approval, sympathy and support of the whole Church. We must depend chiefly upon the pastors and lower courts, and especially the sessions. Unless these interest themselves and bring our work and our claims before the people, they will generally know and care but little about the great object for which this Board was organized. Other Boards of similar nature, whether denominational or general, are working directly in the interest of all except our own and sister Psalm singing bodies. No other Board publishes or encourages a literature adapted to our use; and if we expect to hold our place and do our duty on this and other points distinguishing us among the sisterhood of Churches, and answer the very object of our existence as a testimony bearing Church, we must encourage, not a religious literature, largely inimical to our profession, nor a Board that deals largely or only in this, but that which fully harmonizes with our standards. Had the Psalm Singing and Anti-Secret Society Churches always used their own literature as exclusively as the others have theirs, and had *they* used *our* literature and contributed to our publishing houses as generally as we have to theirs, we apprehend the relative situation to-day would be very different from what it is. They have been consistent with their position, while we have not only been inconsistent with our own position and profession, but have rendered efficient help in sustaining them in theirs as against ourselves.

When will our family of "the children of light" be as wise in their generation as the children of this world?

The Lord grant wisdom in all things, and guide to His glory and the enlargement of His kingdom on the earth.

Respectfully submitted, by order of the Board.

S. COLLINS, *Superintendent.*

REPORT OF THE BOARD OF EDUCATION.

Since our last report, twenty young men intending the ministry in our connection, have been aided by the funds of the Church, as distributed by this Board. Nine of these are literary, and the remaining eleven theological students. In consequence of the action of the last Assembly, none but students of theology have been placed on our list during the year.

The report of our Treasurer, regularly audited, accompanies this report. It will only be necessary here to present a general view of the state of our finances, as follows:

Received during the year ending, April 30th:

From Presbyteries	$2,183 08
From Bills Payable	400 00
From other sources	90 80
Total Receipts	$2,673 88
Add balance from last year	972 86
Total	$3,646 74

Expenditures during the same time:

Paid to Beneficiaries	$3,216 00
Salaries to Officers of Board	310 00
Contingent Expenses	206 45
Total Expenditures	$3,732 45

Digitized by Google

Liabilities:	
Bills Payable	$2,775 00
Treasury Overdrawn	85 71
Total Liabilities	$2,860 71

It will be observed that we have not placed among our receipts moneys for which members of the Board have given their notes. These are placed under the head of liabilities, so that the Assembly may see at once the indebtedness of the Board.

INCREASE OF THE BOARD'S INDEBTEDNESS.

The increase of this indebtedness is the main fact in relation to our funds, to which we desire to call the attention of the Assembly at this time. In 1874, a debt of $1,550.00 was reported, with a balance on hand of $675.35. In 1875, it had increased to $2,375.00, with a balance to begin the year with of $972.86, while now we have to report liabilities to the amount of $2,775.00, with the Treasury overdrawn $85.71, making in all an indebtedness of $2,860.71.

The matter of our indebtedness was laid before the Assembly last year, and curtailment of expenditure recommended, in order to diminish it. The measure adopted by the Assembly was to withhold aid from literary students, excepting such as were already on our list, till the debt should be paid, but the measure has not had the desired effect.

CAUSE OF INCREASE OF DEBT.

The contributions of the Presbyteries have fallen off. Some indeed have done nobly, but a large number have contributed very little, and several nothing. Why is this? Is the Church losing confidence in this Board? If the faithfulness or competency of the present members be distrusted, most gladly would they give place to others, but if the Church is becoming dissatisfied with this method of assisting young men preparing for the ministry, she ought plainly to say so, and put a stop to our operations. It is even cruel to induce young men to depend on aid which is not given, and appoint other men to do a work, the means of doing which are not furnished.

THE CHURCH SHOULD AID HER CANDIDATES FOR THE MINISTRY.

We are aware that the past year, in point of financial prosperity, has not been a favorable one. But should the interest entrusted to this Board suffer more than the other interests of the Church? It may be too that as our people in most parts of the Church have been called on to aid in endowing institutions of learning, literary and theological, they may have been led to think that nothing more should be expected of them on behalf of education. But surely this is no reason for abandoning those who have already begun their course of preparation for the ministry, and whom the Church had induced to depend on her help in prosecuting it. And we submit it to all thinking people in the Church, whether when a pious young man who is also poor, abandons the ordinary gainful pursuits of life, and devotes himself to the service of the Church in the ministry, and enters on a course requiring years of outlay, to fit himself for that service, that Church, to the service of which he has thus devoted himself, is not in justice bound to help him forward?

NO WASTE OF FUNDS ALLOWED BY THE BOARD.

It has been the aim of the Board from the beginning to give aid to none, who would make any improper use of the Church's funds. Still, instances would sometimes be reported of beneficiaries, who were not as frugal as the Church expected. To guard against such abuses, a code of rules for the Board was adopted by the Assembly in 1870. The stringency of these rules brought no little obloquy upon the Board from some quarters. But we had evidence of their approval by the Church in the fact that the number of beneficiaries increased after their adoption.

The Board continues to require conformity to these rules. But it is not impossible that an occasional instance may occur of want of economy on the part of

Digitized by Google

a beneficiary. If such instances occur, they will be exaggerated, and use made of them to the discredit of the Board. But thoughtful people ought to see that such cases are rare exceptions, which may occur notwithstanding the greatest care, and that they are no indication of the true character of this part of the Church's work.

Whether anything of this kind has influenced our people in localities where contributions have been scanty, we know not, but these remarks are made to set the matter in its true light.

RESPONSIBILITY OF PRESBYTERIES.

And here let the Church be reminded that the responsibility for the character and behavior of our beneficiaries rests not on this Board, but on the Presbyteries having the care of them. The Board receives none on its list but such as are recommended by their Presbyteries, according to the rules of the General Assembly. Nothing can be more unjust than to hold us responsible for the behavior of young men in different and remote parts of the country, and of whom we cannot have personal knowledge. Let the Presbyteries where they belong be held responsible and not this Board. We know of none in our own locality, who are unworthy of the assistance of the Church.

SOMETHING MUST BE DONE.

But something must be done to relieve us in our present embarrassment. Had our indebtedness been diminished, though but a little, we might have been encouraged to go on. But with a debt rapidly increasing, for which we are personally responsible, we feel that we cannot in justice to ourselves go farther in the same way. Perhaps it would have been prudent to have declined borrowing at first. But we could not have done so without causing great disappointment to the young men who were depending on us. Some would have been greatly retarded in their course, while others despairing of reaching the goal they had in view, would have turned aside to other pursuits, and so the cause of Christ would have suffered loss.

SUGGESTIONS.

The following suggestions are offered to the Assembly:

1. That the Board be authorized to give notice to all concerned, that no money will be paid to beneficiaries except what the Church puts into our treasury, and that this will be paid in equal proportion to all.

2. That the Board be authorized to apply at least 25 per cent. of all moneys received, to the liquidation of the debt now resting on it, till it be paid.

Two other topics having some connection with this matter may be mentioned:

1. Would it not be well in cases where students, who are beneficiaries, receive license before completing the full term of study, to withhold from them further appropriations from the funds of the Board of Education?

2. The other topic perhaps requires consideration for other reasons than its connection with our funds. Ought members of secret college fraternities, when known to be such, to receive pecuniary aid from the Church? The law of our Church with regard to secret societies may not directly apply to these fraternities, but it will be admitted that they have so much of the evil element of secrecy, as to merit the disapprobation of a Church which maintains a testimony against associations founded on secrecy. And the Church surely ought not to be slow in expressing her disapprobation, when some of the leading colleges of the country, in view of their mischievous nature, are seeking their suppression.

The time for which Prof. Ed. F. Reid, Rev. John A. Reynolds and Mr. Hugh Nash, were chosen members of this board, now ends. It is the province of the Assembly to re-elect them, or elect others.

Respectfully submitted,

By order of the Board.

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

The Board of Ministerial Relief respectfully submit this, their third annual report:

Regularly quarterly meetings of the Board have been held during the year, and the Executive Committee have considered and acted upon such matters as required their attention in the interim of these meetings.

Four ministers, or families of deceased ministers, have received aid during the year. Other applications for help are pending, and will be acted upon at an early day. The assistance given has been in all cases accepted with gratitude and thanks. Letters received in acknowledgment of the Church's benevolence have deeply affected the hearts of the members of the Board, and have impressed them more and more with the importance and necessity of this branch of the Church's work.

In one case, a widow of a deceased minister, in whose behalf the Presbytery was making application for help, said, when the matter was brought to her attention, "I had not thought of this course at all. Indeed, I did not know that ministers' widows could obtain aid from that Board." This indicates that the objects for which the Board exists are not universally understood, and suggests that Presbyteries should carefully attend to all cases that are under their supervision. While there is a possibility on the one hand that aid may be asked for those that are not really necessitous, there is a possibility on the other hand that really deserving cases may, through want of proper information, or from delicacy, be overlooked.

In another instance a Presbytery applied for help in behalf of one of their members who was living at a distance from them, and who was believed to be really in need. When the matter was brought to his attention, he, with thanks to the Presbytery and the Board for their interest in him, declined to receive assistance for the present. Had he not thus declined, the aid would probably have been extended according to the representation made by the Presbytery. This case shows, in the first place, that it is better for the Presbyteries to consult with the person in advance of making the application; and second, that ministers generally will be disposed to struggle on without aid whilst they are at all able to maintain themselves. This manifest disposition on the part of the servants of the Lord, together with the watchful oversight of the Presbyteries, will be likely, in almost every instance, to secure the Church against any imposition upon her benevolence.

Some of the applications that have come to the Board have indicated that there is an impression existing that the Board will cut down the amounts asked for. In expectation of this, the Presbyteries will ask more than is really needed. The Board desire to have this impression removed. They wish to deal candidly with the Presbyteries, and to be dealt with by them in the same way. While the Board, according to their rules, will in all cases ultimately determine the amount that shall be given, yet they desire to place the responsibility mainly upon the Presbyteries. Let the Presbyteries ask for just what they conscientiously believe to be needed, and what they desire to obtain. It is evident that they can ordinarily judge more intelligently in the premises than the Board can; and when there is evidence that the Presbyteries have acted as thus indicated, the Board will feel bound to respect their judgment.

The report of the Treasurer, which has been audited and found correct, will show that the receipts from congregations, individuals and legacies for the year have been $2,501.41; the expenditures for beneficiaries, $600; and for incidental expenses, $44.43. It will thus be seen that the receipts have exceeded the expenditures. It is hoped, however, that this will not cause the churches to lessen their contributions for this fund. They should, indeed, be increased. The expenditures of the Board are increasing, and it is plain that, as the Board and its work become better known, they will greatly exceed what they are at present. To meet this demand of the future, it will be wise policy to have a reserve fund. If the Church shall continue to lay her offerings in this Treasury, and to increase them from year to year, she will thus not only meet the necessities of the aged and disabled servants of Christ, and of their dependent families, but she will also remove apprehensions of want in the future from not a few, who are now doing good service for the Master without the ability to make any provision for a day of need.

Mr. Thomas Stinson, a member of the Board, resigned at the beginning of the year. It will be necessary for the Assembly to fill this vacancy, and also to appoint members in place of Dr. J. B. Dales, John Alexander and Wm. Getty, whose term of office expires at this meeting.

In concluding their report, the Board respectfully ask the attention of the Assembly specially to the following points:

1. That the attention of the whole Church be called to the design and working of this Board; to its importance in contributing to the comfort and well-being of dependent ministers and their families; that her prayers be asked for its success, and her liberal contributions for its support.

2. That the aid given by this Board is not to be regarded as a matter of *charity*, but as that which is justly due from the Church to her worthy servants or their needy families.

3. That Presbyteries should have a careful oversight of their aged or disabled ministers, and of the families of deceased ministers, in order that no really deserving cases may be overlooked or neglected.

4. That Presbyteries be instructed to deal candidly with the Board in asking for just such amount of aid as is really needed, feeling that the main responsibility rests upon them in each case.

5. That the vacancies occurring by resignation, and by the expiring of the term of service, as herein reported, be filled by the Assembly.

REPORT OF THE PERMANENT COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

The circulars asking for facts from congregations and Presbyteries have been generally returned, giving reports more or less full from fifty-three out of fifty-seven Presbyteries. These furnish in their incomplete condition only an approximation to what is desired for the purpose contemplated in the appointment of the Committee by the Assembly. Nevertheless, they are in some measure a valuable index of the Church's growth and spiritual life. Together with the current journals of the Church, they furnish the outlines herewith submitted of narrative and facts regarding the state of religion in our congregations for the twelve months past.

The year has been one of great hardship, affecting all the material industries of the country, evidence of which is readily to be found in many of these reports. Yet, with this, there is evidence also of very decided religious and spiritual compensations, indicating the Divine favor along with the Divine chastisements.

In the ranks of the ministry of the word and ordinances, there is a marked increase over all losses. Of licentiates, there is an addition of twenty-one. Twenty-five licentiates have been ordained. While there have been thirty-six releases of pastoral relations by act of Presbytery and one by death, there have been, on the other hand, fifty-nine installations. Three brethren of the ministry have been dismissed into new Church relations; and from other churches three others have been received. As not being included in the report to the last Assembly, it is fitting also to be noticed here that in the Presbytery of Egypt eight young Copts were licensed to preach the Gospel of Christ. These are additional to the number, twenty-one, in our own land, just mentioned.

One Presbytery, Colorado, has been organized, marking the growth of the Church in the home mission field; and nineteen new congregations have been organized, in various States and Territories, including one among the Warm Spring Indians of Oregon.

We record five deaths in the ranks of the ministry during the year. It is a minimum mortuary list in point of numbers, and much below that of some former years; yet it is a heavy loss. We call over the death-roll and hear their honored names with mingled emotions—names of brethren who shall answer no more at the opening of any court below: Elijah McCoy, Kirkwood, Ill., June 20; Wm. Davidson, D. D., Hamilton, O., July 21; Thomas Bracken, Niles, Mich., November 5; John Wallace, full of days and honors; Thomas Guthrie, D. D., Sparta, Ill., March 22. Thomas Bracken, in his early prime, after six years proof

of his ministry, had just entered upon a new field of pastoral labor with much promise of usefulness. The others had all been released from pastoral relations the first named and the last having retired years ago after ample and honored service. It was different with Dr. Davidson. So lately had he resigned his pastorate from failing health, though still in the zenith of his powers, that the Church can scarcely realize that his brilliant light is withdrawn. We shall cherish the memory of these loved names: but their influence shall survive in the Church longer than even their memory shall last.

The circulars issued by the Committee requested figures as to the number of teachers and pupils in our Sabbath schools, to be used not merely for purposes of narrative, but as furnishing data of the state of religion also. We have received very many returns; but, unfortunately, from many congregations and some Presbyteries none whatever have been sent: and the object of our inquiries is thus frustrated in large measure. We can only say the work almost everywhere seems to be growing; about 7,000 persons are employed as officers and teachers, and 60,000 or more scholars are more or less regularly in attendance on Sabbath school instruction, while at the same time the efficiency of the system seems to be on the increase. It cannot be doubted, however, that the Sabbath school is made the occasion of diminishing the amount of parental instruction, and impairing the attendance of the young on the regular public ordinances of the sanctuary—facts full of danger, and demanding the thoughtful attention of pastors and parents. To keep the ranks of the Church's membership full, the young of the flock must be made familiar, habitually, with the pews of the sanctuary. From these the gradation is easy to the Lord's table.

As regards family religion in its two-fold aspects of devotion and instruction, the reports received show that as yet worship is general in our families; but religious instruction is much neglected. One Presbytery reports that the latter is "not observed as carefully as of old." Another reports it observed "with *only* moderate fidelity and thoroughness." "Partially"—"not as it should be"—"poorly," reports another. "Some families not at all," is the report from still another. It should not be disguised that such is largely the state of facts growing up in the Church. It is gratifying, then, to have from other Presbyteries such reports in answer to the question, "How is family instruction observed?" as "Very well," and "Well in most congregations." But it is apparent that the old and excellent way of family reading of the Scriptures and catechetical instruction of the household, as a part of the observance of the Sabbath, is lacking in its proper extent in these times; and the result cannot but be detrimental to the cause of godliness. We must not be understood as blaming this on the system of Sabbath school instruction. This only affords occasion for the failure without being its cause. We can well observe the one without neglect of the other.

Farther, to secure additional information as to the state of religion, questions were asked regarding the attendance of various classes of persons at the weekly prayer meetings; also, regarding the frequency of other religious meetings and the character of the attendance. The result shows that if the weekly prayer meeting be regarded as the religious thermometer, in almost all our congregations piety is low. "The attendance is just sufficient to keep the meetings from being a failure," as it is expressed by one Presbyterial report, is too nearly true of the greater number. Attendance of men "few," of women "more," of young people "moderate," of non-professors "not many," seems to be general; yet not without exceptions which indicate a more favorable regard for the delights of social worship. In many instances, too, special meetings have been held with a good attendance of all these classes. There have been frequently a marked interest, and in a number of congregations a decided awakening, following the regular administration of ordinances and these special meetings. In several congregations in the Delaware Presbytery, a more than usual number of conversions is reported. In Youngstown, Ohio, the Churches generally have been visited with refreshings, our own included. So, also, in Parker City, in the oil region, where our congregation had an accession of forty-one by profession in the space of two weeks. In the Conemaugh and Caledonia Presbyteries, and in other quarters throughout the Church, a considerable awakening seems to have been experienced, the force of which we may hope is not spent. May these be only tokens of more copious showers of Divine grace. Our returns show almost four thousand accessions by profession, and nearly five hundred adult baptisms, numbers which would be much enlarged had reports been forwarded by all congregations and Presbyteries. The figures approximate those of last year and would probably exceed them.

In the two departments of Christian liberality, the support of the Gospel at home, and its extension abroad, is to be found one of the best evidences of genuine religious life. The questions for answers, therefore, included questions on these points, and some others connected with them, as to the prevalent and most practicable method of raising funds. From the answers we arrive at these painful results: That the salaries of perhaps one-half of all those who are laboring for souls are not adequate, and that of the whole amount, about one-fourth is not promptly paid. We farther learn that there is the widest difference in congregations as regards liberality to the cause of missions and the various Boards of the Church. In some both spirit and contributions are good, and in others the reverse. In some the spirit is good, but the means are wanting. "The people cannot give; many of them are reduced to want." So says one report regarding congregations located in mining and manufacturing communities. Another says they have "suffered severely and are not able to contribute; the distress is real and not imaginary." This is no doubt true as regards a number of families in many of our congregations. Others, however, are not so affected; and the plea ought not to be general, when the Lord is still bestowing food and raiment, the fruits of the earth and the rewards of honest industry, and in many instances large wealth upon the members of the Church bought with Christ's precious blood. We farther learn from these reports that there is great variety, and, in some instances, an entire lack of system, in the method of raising funds, the effect of which must necessarily be to divide the amount unequally, both as to the times of collecting and the persons contributing, and thus to diminish very seriously the aggregate of contributions. The remedy is to be found in the directions given by Paul, and upon which there can be no improvement: "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him, that there be no gatherings when I come." These first day contributions of the entire number, taken out of that wherewith God has prospered them, would relieve all our difficulties, and at once largely increase the Church's power for good. Whether pews be free or rented, whether cards or subscription papers be used as a basis of calculation, we cannot conceive any more practicable method along with these, than weekly giving on the Lord's day, envelopes with the givers' names endorsed being used for convenience of those who keep the accounts. "The congregations that follow the envelope system," says one report, "seem to raise the most money and the easiest." The same report says of the old style of pew rents that it "comes next," while "subscriptions are like old bad notes."

As regards ministerial support, the returns in some of these reports suggest important considerations. A loss of adequate support to the ministry is a loss o ministerial power. To pinch the ministry to an inadequate amount to meet the expenses of comfortable living, is an extravagant and ruinous effort at economy. "There is that withholdeth more than is meet, and it tendeth to poverty." How much of mental, personal and domestic distress is included in the words contained in some of these reports, "scanty," "not adequate," "slowly paid," the judgment day only will reveal; and the people of God will never fully know here how much is lost of Godliness in the Church by failure to support the active ministry of the Church up to the maximum of its working power.

REPORT OF THE PERMANENT COMMITTEE ON SABBATH SCHOOLS.

In this, their first report, your Committee have little to present that is new.

Sabbath schools not having been instructed to report to us, we were compelled to wait till we could have access to the statistical tables prepared by the Second Clerk of the Assembly. And these, on account of the tardiness of the Clerks of some Presbyteries, were by no means full and satisfactory.

We therefore submit the following statistics of Sabbath schools, as found in the Minutes of the last Assembly:

Number of Sabbath schools	636
Number of Officers and Teachers	6,311
Number of Scholars	53,232
Amount of Contributions by the Schools	$24,234

Digitized by Google

An accurate report from each of the schools under the care of our Church would, we think, considerably augment each of these numbers.

But as they are, they present important matter for reflection. In the light of these figures, the great influence of the Sabbath school on the future growth and prosperity of the Church can be seen at once. That this influence is good is now conceded by all. That it is great and permanent and far-reaching is shown by the number and character of those engaged in the work. We have an army of over six thousand officers and teachers—about one-twelfth of the entire membership of the Church. A majority of these are young men and young women—the bone and sinew of the Church. If they are faithful and efficient in their work, their combined labors must be of incalculable advantage, and will result in great gain to the Church in various ways.

1. First, the workers themselves will reap a harvest of advantage.

All good teachers will be careful and prayerful students of the Bible, in order to prepare themselves thoroughly for their work.

Unfolding and illustrating the truth to their pupils will impress it still more deeply upon their own minds. In this way the Sabbath school teaches its teachers, and makes them more intelligent, active and useful members of the Church. From this band of Christian workers will come, in the future, the most efficient trainers and instructors of children in the family, the most intelligent and active elders and the most successful pastors.

2. The enlightening, restraining and sanctifying influence of their weekly instructions upon the minds and hearts of the fifty-three thousand children under their care, must be greatly beneficial. From the faithful and self-denying work of this corps of teachers, and the careful and affectionate training of parents and their hearty co-operation with the Sabbath schools, what may we not expect of these nurseries of the Church? May we not hope that the rising generation will be more intelligent, fuller of the spirit of the Gospel, more active in the service of the Master, and more tenderly devoted to his cause than their parents?

A large majority of the scholars in our Sabbath schools are the children of the Church, baptized members, and, according to our doctrine, children of the covenant, and, presumably, the children of God. If the schools are properly conducted, officers and teachers faithful and efficient, pastors and sessions alive to the importance of the work, and parents do their part at home wisely and in the fear of God, and co-operate with the workers in the Sabbath schools, we may reasonably expect the blessing of the Good Shepherd of the sheep upon this great and good work of feeding his lambs and training them for his service; and that the whole Church will thus be brought more and more into sympathy with her Head, and will become each year more successful in extending his kingdom.

IMPORTANCE OF SECURING WISE, PIOUS AND FAITHFUL OFFICERS AND TEACHERS FOR OUR SABBATH SCHOOLS.

The great influence, then, of well-conducted Sabbath schools on the present and future growth and well-being of the Church being conceded, should she not take some additional action in reference to this department of her work, with a view to increasing its efficiency for good?

We would here quote, with our heartiest approbation, some thoughts presented in the report of the former Committee to the last Assembly:

"God, in his providence, has given this work to the Church. It cannot, without guilt, be ignored, neglected or undervalued. The Church is under solemn obligation to guide wisely and control this work, and to use it in such a way as best to promote the glory of God in the advancement of his cause. * * * * * * She must provide for it properly qualified teachers, furnish them with all necessary assistance for their work, and give the school its necessary material aid."

By doing so she will not only train her own children in "the good way and work of the Lord," and have the satisfaction of seeing them "walking in the truth," but will also increase her own efficiency in gathering under her influence the children of unbelievers. And by leading the children to Christ she will be instrumental in turning "the hearts of the fathers to the children and the disobedient to the wisdom of the just." In this way can she most successfully "go out into the highways and hedges and compel them to come in, that her Master's house may be filled."

CONTRIBUTIONS OF THE SABBATH SCHOOLS.

The Sabbath schools of our Church, according to the statistics already quoted from the Minutes of the last Assembly, contribute annually more than twenty-four thousand dollars. This sum, large as it is, could, we think, by a little care and effort on the part of Sabbath school workers, in a few years be doubled. The Sabbath school is a very efficient agent in raising funds to carry on the work of the Church. In this way, also, the children are trained from their early youth to give to the Lord, and will grow to manhood and womanhood with the habit firmly fixed of contributing weekly of their substance to the funds of the Church, and thus the spirit of liberality and self-sacrifice in the cause of Christ will deepen and widen every year until the whole Church comes into practical harmony with the injunction of the Apostle: "Upon the first day of the week let every one of you lay by him in store as God hath prospered him."

NOTES AND LESSON PAPERS.

Of those appointed by the last Assembly to prepare Notes and Lesson Papers, Rev. James Brown, D. D., and Rev. R. A. McAyeal performed the work assigned them—the former for the first quarter and the latter for the fourth quarter. Dr. J. T. Cooper and Rev. J. D. Gibson declining, the Committee secured the services of Rev. James Given and Dr. Wm. Wishart for the second and third quarters.

We believe the work done by these worthy brethren has given general satisfaction, and they are entitled to the thanks of the Assembly and the Church, which they, in this good work, have served so willingly and faithfully.

WEEKLY PAPER.

By the last Assembly was referred to your Committee "the feasibility of publishing a first-class weekly Sabbath school paper."

On this we would report that we had the subject under consideration for some time, but before arriving at any definite conclusion in the matter, information came to us that a brother in Iowa was about to try the experiment of publishing a new Sabbath school paper, to be issued semi-monthly. From the fact that this brother had been deliberating on this subject for months past, had nearly matured his plans and perfected his arrangements to begin the work, and from the fact that the character he proposed giving the paper met the views of the Committee, we concluded to do nothing further for the present, but to await the appearance of the "*Little Preacher*" from the west.

Many of the members of the Assembly have seen the first number of the new paper, and can judge for themselves whether it meets the wants of our Sabbath schools, and can act accordingly.

RECOMMENDATIONS AND SUGGESTIONS.

First. That Presbyteries be recommended to hold at least one Sabbath school Convention each year, for the purpose of creating a deeper interest in this important work, and to help and encourage those who are engaged in it. Let the action of said Presbyterial Conventions be reported to the Permanent Committee.

Second. In order that a full and satisfactory report may be made to each Assembly, we would suggest that the Assembly authorize the Permanent Committee to procure blanks to be sent to all pastors or superintendents, to be by them filled and returned to the Permanent Committee on or before the first of April, each year.

Respectfully submitted,

By order of the Committee,

R. B. EWING, *Chairman.*

REPORT OF THE COMMITTEE ON THE TRANSFER OF SEMINARIES.

sembly, before the Synods of New York and Ohio, which had not previously approved of this measure.

The Synod of New York adopted the following resolution:

"That while Synod concurs in the opinion that the Seminaries should be under the control of the General Assembly, yet for the present, we deem it inexpedient to make the transfer desired."

The Synod of Ohio made no report to the Committee.

It also appears the "First Synod of the West has rescinded her action, previously taken, in reference to the transfer of the Seminary at Allegheny, to the care of the General Assembly."

The action of the Synods not being favorable to the control of the Seminaries of the Church by the General Assembly at this time, your Committee have no further report to make.

Respectfully submitted,

REPORT OF THE COMMITTEE APPOINTED TO ATTEND THE CONFERENCE OF PRESBYTERIAN CHURCHES.

The Committee appointed by the last General Assembly to attend the Conference of Presbyterian Churches, which met in London in last July, would report that, agreeably to the instructions of that Assembly, they addressed to that Conference a letter transmitting the action of the last Assembly, expressing its cordial sympathy with the movement, and also the request of that Assembly in relation to the use by the Confederation, when organized, of an inspired psalmody.

The minutes of the Conference have been published; a copy of which will probably be laid before the Assembly.

A copy of the letter sent to the Conference by your Committee, and also the reply by a Committee of the Conference are herewith presented.

The letter of your Committee was forwarded to the care of the Rev. Prof. Sloan, of Allegheny, who was requested to lay it before the Conference. It is due to him to say that he attended to our request. A member of the Conference remarks in a private note to a member of your Committee: "Nothing could surpass the tact, persistency and ability he showed in presenting the matter."

All of which is respectfully submitted.

J. T. COOPER,
ALEX. YOUNG.

The subscriber wishes to say, for himself, that he distinctly stated to the last Assembly that it would be out of his power to meet with the Conference, and urged the Assembly to appoint another in his place. It is hoped that should the Assembly desire to be represented in the next Conference, those will not be appointed whose attendance cannot be expected.

J. T. COOPER.

The undersigned made known to the Assembly that he did not regard the appointment, made at New York, as authoritative, or as hindering the appointment of any other person. No official notice of the Assembly's action was furnished, and hence the appointment was not filled by personal attendance.

ALEX. YOUNG.

LETTER OF THE COMMITTEE TO THE PRESBYTERIAN CONFERENCE.

To the Conference of Committees of Presbyterian Churches to meet in London, July 21, 1875:

DEAR BRETHREN:—The undersigned were delegated by the last General Assembly of the United Presbyterian Church of North America to meet with you in this Conference, and would express their deep regret that, for reasons which need not be mentioned, they cannot enjoy the very great privilege of taking part with you in its deliberations.

The following is the action of that Assembly on the report of the Committee appointed by the previous Assembly:

"*Resolved*, 1st, That the action of the Committee be cordially endorsed.

2d. That the Assembly expresses its gratitude to the Saviour for the harmony

Digitized by Google

He has given to the deliberations of these committees, and the conviction that this agreement in a statement of revealed truth so full as that contained in the propositions adopted, is a precursor of a closer union among the churches holding the great doctrines of the Bible."

It becomes our duty also to transmit to you the following action taken by the General Assembly:

"WHEREAS, Several Churches adhering to Presbyterian polity and Calvinistic doctrine are, on conscientious grounds, opposed to the use of uninspired hymns in the worship of God; and,

WHEREAS, The inspired Book of Psalms has been acknowledged by every branch of the Church of Christ, at least by every Presbyterian one, to contain matter suitable for praise in the service of song; and,

WHEREAS, The exclusive use of the hymns embraced in this sacred collection, by the proposed confederation in its meetings, would not only evince a generous regard for the cherished convictions of many Presbyterians, but, also, it is believed, tend to prove and promote the unity of the Church of Christ; therefore,

Resolved, That this Assembly respectfully, but earnestly, asks that in the particular referred to, the "consensus of the Reformed Churches" be respected by the confederation in its devotional exercises, and that a specific guarantee to this effect be incorporated in the constitution which may be adopted.

Resolved, Further, that our Committee be directed to urge this matter by letter or otherwise, in the Convention about to be held in London."

The following is the position of the United Presbyterian Church of North America on Psalmody:

"*We declare*, That it is the will of God that the songs contained in the Book of Psalms, be sung in His worship, both public and private, to the end of the world; and in singing God's praise, these songs should be employed to the exclusion of devotional exercises of uninspired men."

We may be permitted to remark that there are three or four other Presbyterian Churches in this country whose position on this subject, it is believed, is in harmony with that of our own Church. One of these churches will be represented by our respected brother, Professor Sloan, D. D.

It is perhaps unnecessary for us to assure you that we have no thought of encroaching, in the slightest degree, upon the conscientious convictions of our brethren of other Presbyterian Churches. Each church has certainly a perfect right to determine for itself the principle by which it will be regulated in the service of song. The resolution of our Assembly has an exclusive reference to this part of Divine worship *as conducted by brethren when meeting in a confederated capacity*. We neither ask, therefore, nor do we expect, any deliverance on the part of the Conference, touching any of the points on which it is well known there is a diversity of sentiment among the Presbyterian Churches.

It is believed, however, that whatever difference of view there may be on this subject, all Presbyterians are agreed that the Book of Psalms does, as stated in the foregoing resolution, "contain matter suitable for praise in the service of song;" and, believing this, we most respectfully submit whether this fact does not afford a sufficient basis for such action as is contemplated in the request of the General Assembly.

Invoking for you the presence and blessing of Him whose name is Counsellor, we subscribe ourselves,

Your brethren in Christ.

J. T. COOPER,
ALEXANDER YOUNG.

Allegheny, Pa., July 3, 1875.

REPLY OF THE PRESBYTERIAN CONFERENCE.

EDINBURGH, August 5, 1875.

To the Delegates of the United Presbyterian Church of North America:

DEAR BRETHREN:—The request contained in your letter was duly laid before the Conference of Presbyterians in London, at its recent meeting.

The Conference was of opinion that it was not in its power to give a constitutional guarantee on a question of the kind. The business of the Conference was limited to a suggestion of the form which ought to be given to the Constitution of the proposed Alliance, and it felt that it was not called to bind the future action of the Alliance in a matter of detail. The Clerks were, therefore, instructed to transmit your letter to the Committee charged with the arrangement of business for the meeting of Council to be held in Edinburgh next year.

Digitized by Google

At the same time we have been desired by the Conference, respectfully to remind you that in agreeing to meet, as we have done, for common purposes, we have all of us to repose confidence in the Christian forbearance and consideration of one another, especially in the matter of strong conscientious convictions, which are peculiar to some. Without such mutual confidence the conjoint action which we propose would be impossible; and the Conference would, therefore, affectionately and earnestly urge on you, whether, by withdrawing your request for a guarantee, and showing confidence in the spirit of your brethren, you would not be more likely to secure your object without an unpleasant discussion, and in a way that would be more satisfactory to all?

We may add that during the present sittings of Conference regard has been had to the feelings expressed in your letter, although no mention had been previously made of the matter.

We are, dear brethren,

Yours very sincerely and affectionately,

W. S. BLAIKIE,
G. D. MATHEWS,
Clerks of the Conference.

REPORT OF THE COMMITTEE TO CONFER WITH THE COMMITTEE OF THE ASSOCIATE REFORMED SYNOD OF THE SOUTH.

The Committee appointed by the last General Assembly to confer with any Committee appointed for the purpose by the Associate Reformed Synod of the South report:

That at its meeting in Due West, S. C., in September last, the Associate Reformed Synod of the South appointed a Committee of Conference similar to your own. That Committee consisted of Revs. James Boyce, D. D., R. A. Ross, D. D., J. I. Bonner, D. D., Prof. J. P. Kennedy, and General Bradley. On the 15th of December last, all of this Committee, with the exception of General Bradley who was unfortunately detained at home by sickness in his family, and all the members of your Committee met in the United Presbyterian Church, Baltimore, and spent some time with much interest in prayer and consultation upon the indications of Providence, the relations of the respective churches, and the general things that might be suggested or recommended as proper to be done.

It affords your Committee much pleasure to say that the Conference was entirely cordial. A gratifying agreement was found to exist in regard to doctrine, worship, the government and administration of the Church, discipline, and modes of operation. A very earnest desire was expressed for a more and more general co-operation to all proper ways by the respective churches, in both the Home and Foreign fields. As the result of the deliberations a paper was agreed upon with entire unanimity, signed by all the members of the Committees present, and ordered to be transmitted to the Supreme Judicatories of the two churches represented. That paper is laid herewith before the Assembly, and earnest consideration is respectfully asked to it.

By order of the Committee.

J. B. DALES, *Chairman.*

ACTION OF THE COMMITTEES ON CONFERENCE.

In view of the common origin and substantial unity of the churches represented, the following resolutions were, after mature consideration, unanimously adopted:—

Resolved, 1. That the Presbyteries of each body shall sustain the same relation to those of the other as they do to the co-ordinate courts of their own; and that the ministers and licentiates of each shall be eligible to appointments and settlements in the congregations of the other.

Resolved, 2. That the courts of each shall respect the discipline of the other.

Resolved, 3. That the ministers and members of the two bodies are recommended to cultivate friendly relations and Christian fellowship with each other as God, in his Providence, may offer opportunity.

Resolved, 4. That the two bodies shall co-operate in the several departments of work on the following plan:

Digitized by Google

1. That the existing relations of the two churches in regard to the work of Foreign Missions shall be continued.

2. That in the Home field neither body shall interfere with the other; but that either may grant such aid in men and means as may be requested by the proper authorities of the other.

3. That the two bodies shall co-operate in building up and sustaining the Normal or Training School of the United Presbyterian Church for the Freedmen, established at Knoxville, Tennessee, the great object of which is to furnish teachers and preachers for that class of people.

4. That in the cause of Church Extension, we recommend the same co-operation as in the work of Home Missions.

5. That in the work of Publication, the Associate Reformed Synod of the South co-operate in the support of the Board of the United Presbyterian Church; that the Synod shall have a claim on the Board to an amount in books, at wholesale value, equal to their contributions, and that the Board supply the churches and individuals of the Synod with such publications as they may need on the most favorable terms.

Resolved, 5. That in the judgment of the members of the Joint Committee, the providence of God seems to be opening the way for closer relations between the two churches represented by them, and they recommend that the ministers and members of the churches look forward to such event as one that promises much for the glory of God and the advancement of His cause.

Resolved, 6. That the foregoing action of the Conference be published in the periodicals of the two churches, and recommended to the General Assembly of the United Presbyterian Church and the Associate Reformed Synod of the South for their adoption.

REPORT OF THE COMMITTEE ON THE PRESERVATION OF OLD RECORDS, &c.

The Committee on the Preservation of Records and other Historic Documents, appointed by the Seventeenth General Assembly, respectfully reports:

That the work assigned the Committee has been prosecuted during the year as diligently and efficiently as was possible in the circumstances.

In consequence of the Committee being so widely separated from each other, they were called together only once during the year. The most of them, however, gave attention to the work in their respective localities.

The Chairman of the Committee conducted an extensive correspondence with fathers and brethren throughout the Church, with a view of promoting the object for which we were appointed.

We have much satisfaction in announcing to the Assembly that during this Centennial year there has been, and will be, an amount of attention given to the work in charge of your Committee which not only promises to bring to light many important records, but assures to the Church a very valuable and complete historical literature.

Your Committee have made earnest efforts to secure histories of all those Presbyteries which no longer exist by name, having been incorporated with some other Presbytery or Presbyteries.

Synod of the West; the Presbyteries of First Pennsylvania, New York, Washington, Saratoga, Lawrence, Springfield and Michigan, (A. R.;) Southern Indiana, Richland, Associate Presbytery of Pennsylvania, one or two dissenting Presbyteries, and possibly other A. and A. R. Presbyteries which had a brief existence.

DR. JOHN FORSYTHE'S MANUSCRIPT.

Rev. John Forsythe, D. D., of West Point, after spending years in collecting materials for a history of the Associate Reformed Church; and after having written the earlier chapters of it, discontinued the work at the time of the Union, in 1858.

In regard to his materials and manuscript, he says, in a letter to the Chairman of your Committee: "My purpose has been to give them to the library of the Seminary at Newburg, but I shall very willingly place them at the disposal of your Assembly, should some suitable place be pitched upon as the depository of all the archives of the Church."

ACTION RECOMMENDED.

We would recommend to the Assembly the following action:

1. That a Committee be appointed to continue this work during the coming year.
2. That two persons be appointed in the same locality with the Chairman, who shall, with him, constitute an Executive Committee.
3. That the Assembly designate "the Presbyterian Historical Society" as the custodian of all the old Associate and Associate Reformed records, now in possession of this Committee, or any other parties.
4. That Presbyteries be recommended to collect the histories of their congregations, and have them bound in one or more volumes, with the history of the Presbytery, with the view of depositing said volumes in the proposed fire-proof building of the Presbyterian Historical Society.
5. That the Assembly gratefully accept the manuscript and materials for a history of the A. R. Church, of Rev. John Forsythe, D. D., and have them placed among the archives of the Church, in care of the Presbyterian Historical Society.
6. That the records of Associate and Associate Reformed Presbyteries and Synods shall not be forwarded to the Historial Society, until after the histories of congregations and Presbyteries are prepared.
7. That the Assembly fix upon the size of page to be used in the printed historical sketches or discourses, so that they can be conveniently bound.
8. That all our congregations be recommended to take up a collection on the *first Sabbath of July*, 1876, to aid in the erection of the proposed fire-proof building for the *Presbyterian Historical Society*.

By order of Committee.

I. The plan adopted embraces:—1. A paper on the *Origin, History and Principles* of the United Presbyterian Church. 2. Descriptive and historical sketches of the *Work of the Church*, as conducted through the several Boards, including papers on the Home and Foreign Mission Work, Education, Publication, and so on—the details of the plan not being, as yet, complete. 3. Statistics. In the execution of this scheme considerable progress has been made, and it is expected that the whole work will be finished at an early day; but it is best not to hurry too much the preparation of papers, some of which necessarily involve a great deal of careful research, and therefore of time.

The essay on the Origin, History and Principles of the Church was assigned to Dr. David R. Kerr, and is nearly ready. It traces back to their origin in Scotland the elements of Presbyterianism which, through various transformations, entered into our union: treating, 1. Of the Reformed Presbyterian Church from its rise in 1688, with special reference to the principles on which it was organized in separation from the Established Church of Scotland. 2. Of the Associate Church—its origin in the Secession of 1733; the cause of that secession, and the distinctive principles of the Church. 3. The early history of these Churches in this country; their efforts for union; formation of the Associate Reformed Church in 1782 and its subsequent history; continued existence and after growth of the Associate Church. 4. The negotiations which resulted in the union of 1858, forming our United Presbyterian Church; the basis of that union; the Testimony of the united Church; at some length, the more distinctive principles, general character and mission of the Church.

The paper on Foreign Mission Work has been prepared by Dr. J. B. Dales. It narrates the missionary character of the origin of the churches composing our own; the rise and progress of foreign missionary effort in the Associate and Associate Reformed Churches; the course of the United Presbyterian Church since its organization; and the progress and present condition of the work in our hands as a part of the Church of Christ.

The sketch, or sketches, of the different branches of our Home Mission Work, will be prepared by Drs. J. G. Brown and A. G. Wallace.

Dr. E. T. Jeffers has written a very complete and valuable paper on the *Educational History and Work* of the Church, covering both departments—literary and theological. It contains historical sketches of all our seminaries—Service Creek, Philadelphia, Canonsburg, Xenia, Oxford, Monmouth, New York, Newburg, Allegheny; also of the several colleges which our Church, or the different branches of it, either controlled or largely sustained and patronized; tables of statistics, lists of teachers, &c.—the whole covering one hundred and fifty pages of the Presbyterian Historical paper.

The other papers referred to have been arranged for, and will be ready before long.

II. The last General Assembly resolved to provide for the publication of the papers prepared by this Committee, in a suitable volume; but took no definite steps to that end. Such a volume would, no doubt, be very useful, as a permanent record of many important facts which are now fast passing into oblivion, and as a convenient and comprehensive exhibition of the origin, history, principles, work and mission of the United Presbyterian Church. It would probably have a sale sufficiently large to cover the expenses of publication. We think it would be well, therefore, for the Assembly to take some more definite action on the subject. If it is not deemed advisable to publish, some directions should be given as to the final disposition of the papers.

III. In view of all the circumstances connected with the present meeting of the Assembly in Philadelphia, the Committee take the liberty to suggest that at least one session should be devoted to suitable exercises in recognition and improvement of the Centennial.

We, therefore, recommend:

1. That this Committee be continued and directed to complete their work as soon as possible.

2. That the Board of Publication be instructed to publish, in a suitable volume, under the supervision of the Committee, the papers to which reference is made in this report.

3. That a Committee of five be appointed to report resolutions expressive of the sentiments of the Assembly on the Centennial of the Nation.

Respectfully submitted, by direction of the Committee.

WM. S. OWENS, *Secretary.*

Your Committee would recommend the adoption of the report of the Committee on Temperance, appointed by the last Assembly, and that the blanks occurring be filled as follows:

1st. That Revs. R. H. Pollock, D. D., J. G. Carson, D. D., Thos. Balph, W. T. Meloy, J. W. Witherspoon, W. H. French, D. D., W. P. McNary, W. G. Moorehead, D. D. and J. Williamson, Messrs. R. B. If it is intended to leave this enterprise to run itself, or to prosper and grow without such co-operation, the enterprise may as well be abandoned here and now, and forever.

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES ON A GENERAL DELEGATE FUND.

Upon the question of a General Delegate Fund, the General Assembly of last year directed the Presbyteries to report their opinions to the present Assembly. The result of that action, so far as your Committee can learn, is that ten Presbyteries have reported favorably to the establishment of a Delegate Fund. Thirty-four have reported against the establishment of such a fund. Eleven have either not acted, or have failed to report their action on the subject. Your Committee, therefore, present for adoption the following:

Resolved, That it is not expedient, at present, for the Assembly to attempt the establishment of a General Delegate Fund.

A paper from the Corresponding Secretaries of the several Boards, was read and referred to the Committees on Bills and Overtures, on the Judiciary, on Finance, and on Nominations.

Took up the order of the day, viz.: the report of the Committee on the Board of Home Missions, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF HOME MISSIONS.

No one who contemplates the work in which the Board of Home Missions is engaged, can fail to be impressed with its greatness and importance. The field within which it labors, embraces all the States and Territories of our Union, and also the Province of Ontario, Canada. During the past year, exclusive of pastors whose salaries it supplemented, it employed 75 missionaries, and occupied 187 stations. Connected with these stations are communicants; and there has been an average attendance of 15,776 upon the ordinances dispensed within them. They have also contributed $5,247.00 to the Boards of the Church; and within their Sabbath Schools are gathered 8.388 scholars.

And then, not simply the prosperity, but even the very existence of the Church is dependent upon the successful prosecution of the work entrusted to this Board. Without Jesus, the Church can do nothing, and His presence can be secured only by aggressiveness on her part. It is only as she goes forward in obedience to the commission—"Go ye therefore and disciple all nations,"—that she secures the fulfillment of the promise; "And lo, I am with you always, even unto the end of the world." And then how great is the work for Christ which is performed by this agency. Through its means, many of God's people have been comforted; and 592 persons have been gathered into the church of Christ. And then, too, the work intimately concerns the welfare of our beloved land. Universal suffrage is an established principle of our government. However much we may question its wisdom, it yet remains true that it is a fact; and this being the case, it necessarily follows that the safety of our institutions is dependent upon the intelligence and conscientiousness of our citizens. Schools may disseminate intelligence—the church of Jesus alone does—alone can develop conscientiousness. The work committed to this Board, then, appeals not only to the piety of the Christian, but also to the patriotism of the citizen.

And yet, while all this is true, it is sad to learn from these reports that the facts seem to indicate that the Church has not yet awakened to a realization of the importance of this work. The contributions to this Board, during the past year, from Presbyteries, have been only $22,207.51. And while 114 missionaries, representing the full time of 105 men, have been reported to this Board for employment, the Presbyteries have asked for only 76 men, thus leaving 29 men without employment. It is not meant that 29 men are wholly unemployed. The facts are these. Excepting those assigned to Presbyteries for a whole year, no missionary received appointment for more than nine months. Some were appointed for six, others for three months. Some were left without appointments altogether. And in this way, there remains the equivalent of 29 unemployed men. And then, moreover, it must be stated that the further extension of our work is arrested. Last year a general missionary was appointed to explore new fields, and to organize where there might be promise of success. But now, the Church is compelled to discontinue this work, because the Board is unable to occupy the fields which are thus opened up to the Church. We are thus, as a Church, being burdened by our very success.

And now, can any one who loves the Lord Jesus Christ, and desires the welfare of our Zion, be indifferent to this state of our home mission work? We have been praying—"Lord, send forth laborers into thy harvest." The laborers have been furnished—fields have been opened to receive them, but the Church withholds the money necessary to support them; and hence they remain unemployed. In view of these considerations and of the facts stated in the reports herewith submitted, your committee would respectfully report the following resolutions.

Resolved, 1st. That the conduct of the Board during the past year, as detailed in their report, be approved.

2d. That the report of the General Committee herewith submitted, be adopted.

3d. That in view of the fact that appointments were refused by the General Committee this year to all students, who, though licensed, have not completed the prescribed course of theological study, because of the superabundance of laborers—and in view of the further fact that there is now a greater necessity for a careful and extensive training of our missionaries, than existed some years since, the Presbyteries be earnestly entreated to exercise great caution in the licensure of Students.

4th. That congregations be directed to arrange their systems of benevolent contributions in such a way as to secure to this Board contributions during the summer months.

5th. That the Corresponding Secretary be instructed to prepare a brief statement of the condition of the work quarterly, and send the same to every pastor and stated supply throughout the Church.

6th. Inasmuch as the General Committee has granted the request of the Presbytery of Oregon, in relation to the Warm Spring Indian Agency, and inasmuch as thus an interesting class of home heathens are entrusted to our care, therefore,

Resolved, That this agency be recommended to our Sabbath Schools, and that they be asked to contribute the means necessary to its support.

7th. In view of the painful fact that a number of efficient laborers are without appointments, while there are fields open in which they might be actively employed, and in view of the fact that Superintendents of Missions are entrusted with the general missionary interests of the Church, within the bounds of the Presbyteries with which they are respectively connected, as the financial interests of the Church are committed to the financial agents within the same, therefore,

Resolved, That the Superintendents of Missions in Presbyteries having such fields, be instructed to do all they can, in co-operation with the Corresponding Secretary of this Board, and that of the Presbyteries with which they are connected, to furnish supply to these congregations and employment to these laborers.

The hearing of the delegate from the Associate Reformed Synod of the South, was made the order of the day for this afternoon, at 2 o'clock.

The Standing Committee on Sabbath Schools presented their report, which was amended and adopted. It is as follows:

REPORT OF THE STANDING COMMITTEE ON SABBATH SCHOOLS.

We have examined and deliberated on the report of the Permanent Committee. This paper presents so clear and comprehensive a view of the state of our Sabbath School work, that we deem it unnecessary to say anything upon the subject. The paper throughout gives evidence of diligence and earnestness on the part of the Permanent Committee in the performance of the task assigned them. They close their report with a number of suggestions. Most of these meet with our approval and are embodied in the following resolutions, which are herewith recommended for your adoption.

1st. That pastors and missionaries be urged to diligent instruction of the people in the importance of the Sabbath School, its relation to the Church, and the duty of all her officers and members to support and encourage it.

2d. That Presbyteries be recommended to hold conventions in the interest of Sabbath Schools, at least once a year, and that they appoint some efficient Sabbath School worker, whose duty it shall be to call such conventions, make all arrangements respecting them, and report results to the Permanent Committee.

3d. That Revs. W. J. Reid, D. D., J. G. Brown, D. D., Messrs. Geo. M. Reed, T. J. Gillespie and Thomas Jamison, be constituted a committee to inquire into the practicability of establishing a weekly Sabbath School paper, of the character suggested by the Permanent Committee, with instructions to report to the next General Assembly.

4th. That the thanks of this Assembly are due, and are hereby tendered to Revs. J. P. Lytle, F. A. Hutchinson, Robert Stewart, D. D., and D. F. Bonner, for their valuable labors in preparing the notes and lesson papers for our Sabbath Schools during the past year.

5th. That the Assembly hereby expresses its thankful appreciation of the faithfulness and efficiency of the Permanent Committee in the performance of the work entrusted to them.

6th. That Revs. R. B. Ewing, D. D., J. S. Sands, W. H. McMillan, Messrs. T. J. Gillespie and Geo. M. Reed, constitute the Permanent Committee for the ensuing year.

7th. That the facts reported by the Permanent Committee be printed in full in the Minutes of the Assembly, together with as many of their suggestions as are embraced in these resolutions.

The Committee on the Judiciary presented the following report on the request of the Presbytery of Keokuk, to change the basis of representation, which was adopted:

REPORT OF THE JUDICIARY COMMITTEE ON THE BASIS OF REPRESENTATION.

The Presbytery of Keokuk requests the General Assembly "to so change the basis of representation, that the ministers only who are actually engaged in the work of the ministry, be counted in the basis of representation."

It is submitted, that the rights and privileges, pertaining to the ministerial office, are not founded on the exercise of that office. By ordination to the office

of the ministry, authority to govern, as well as to teach, is conferred. The non-exercise of the right to teach, does not in any way affect the right to govern. Since the above desired regulation would infringe upon the ordained prerogatives of the ministry, therefore,

Resolved, That the request cannot be granted.

The report of the Special Committee on the Digest was presented and adopted. It is as follows:

REPORT OF THE SPECIAL COMMITTEE ON THE DIGEST.

We have examined the Digest presented as well as we could, without a close comparison of its various items with the proceedings of the Assembly from its organization till the present time. This was impracticable, as we had neither the means nor the time to do it. Nor do we deem such an examination necessary.

The plan adopted by the Committee is well chosen and convenient for reference. The index is so prepared, that any act of the Assembly can easily be found. This work of the Committee seems to meet well the wants of the Church. Therefore,

Resolved, 1st. That the work of your Committee to prepare a Digest be approved.

Resolved, 2d. That it be referred to the same Committee, with instruction to make such revision as may be deemed necessary, and to incorporate in it such items from the proceedings of the present Assembly and that of 1878, as is proper to complete the work to that date.

Resolved, 3d. That the Committee be instructed to publish this work, and with it the Book of Discipline and Government, as soon after the above date as possible.

Resolved, 4th. That the thanks of this Assembly are due, and are hereby expressed to this Committee, for their arduous service in this work.

Resolved, 5th. That the Clerk of the Assembly be authorized to draw an order on the treasury, for the expenditure of funds in this work.

The Committee on Devotional Exercises presented the following additional report, which was adopted:

ADDITIONAL REPORT OF THE COMMITTEE ON DEVOTIONAL EXERCISES.

The Committee on Devotional Exercises would recommend the adoption of the following resolution:

That Rev. D. W. Collins, D. D., be appointed the Moderator's alternate to preach the sermon at the opening of the next General Assembly.

The Committee on the Board of Freedmen's Missions presented their report, which was adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF FREEDMEN'S MISSIONS.

I. KNOXVILLE.

The God of the poor has manifestly smiled on our work among the Freedmen during the past year. We have now a substantial, and we think we may say an elegant, brick building, capacious enough to accommodate from 300 to 400 scholars, occupying one of the most beautiful sites about the city of Knoxville, Tennessee—a building of which the colored people are proud as having been built for them, and which the leading and intelligent white citizens admire as an ornament to their city. If beautiful churches and school buildings have attractions for white people, they certainly have no less attractions for the colored race. In the possession of this building on such a site, we have vantage ground in this work which we never had before.

A congregation organized, consisting of 28 members, 17 received into our communion on profession of their faith, and 11 on certificate, as the fruit of missionary labor at Knoxville, attests what may be done among this people, and also the

wisdom of giving to one person the superintendence of the educational work, and to another that of the spiritual and religious work; which departments, however, are perfectly harmonious, and promote each other. It is the opinion of your committee that in order to attain the true object of a Christian training school, which all our schools among the Freedmen should attain, dormitories and facilities for cheap boarding ought, as soon as possible, to be provided on the college grounds for at least a small number of pupils, which may be increased as the state of the funds may justify. This would bring a better and more permanent class of students to the institution, and would place them more immediately under the control of the missionaries.

II. CHASE CITY.

The language of Providence with regard to our mission in this place is plainly, as we think, "Go forward," and therefore we think that it should be vigorously prosecuted.

Your committee would therefore recommend the following resolutions:

Resolved, 1. That we recommend to the Board the propriety of providing dormitories and cheap boarding for pupils at Knoxville as soon as they may be able to do so.

2. That $10,000 be granted to the Board for the purpose of meeting its liabilities and carrying on its work for the coming year.

3. That the Board be authorized to procure the material for a school building at Chase City.

4. That we authorize the Board to establish a fund for the assistance of worthy students, which shall be permanently vested, and the interest used annually for the aforesaid purpose.

After prayer by Rev. R. T. Doig, the Assembly adjourned.

1:30 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. James Kelso.

Half an hour was spent in devotional exercises.

The roll was called and the minutes of the last session were read and approved.

The credentials of Rev. R. D. Sproul, delegate from the Reformed Presbyterian Synod, together with a letter from said delegate, who was not able to be present, were read and referred to the Committee on Correspondence.

Proceeded to the order of the day, viz.: the consideration of the report of the Committee on the Board of Foreign Missions. The 1st, 2d and 3d resolutions of this report were adopted, when the hour of adjournment arrived, and the Assembly adjourned after prayer by Rev. John Jamison.

7:30 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. Samuel Martin.

After a short time spent in devotional exercises, proceeded to the order of the day, viz.: a Conference on the Boards of Education, Publication and Ministerial Relief. trusted to the Boards of Education, Publication and Ministerial Relief. The wants and importance of these different Boards, have been presented to us by their representatives, but we have come to no definite conclusion. The Conference reports progress."

After the benediction by Rev. J. N. Smith, the Assembly adjourned.

TUESDAY.

9 o'clock, A. M.

The Assembly met and was opened with prayer by the Moderator.

Half an hour was spent in devotional exercises.

The calling of the roll was dispensed with. The minutes of the last two sessions were read and approved.

The matter of providing for the necessary expenses of the Permanent Committees of the Assembly, etc., was referred to the Committee on Finance.

Took up unfinished business, viz.: The report of the Committee on the Board of Foreign Missions. While discussing the 4th resolution, Dr. James Barnett on the floor, the time for the order of the day arrived, when the report of the Committee on Bills and Overtures on overturing the article on Instrumental Music was taken up and adopted, by the following vote: ayes, 110; noes, 51; not voting, 4. This report is as follows:

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES ON INSTRUMENTAL MUSIC.

The papers referred to your committee are a memorial from the Presbytery of Caledonia, asking for the overturing to the Presbyteries of sec. 5, art. 2, chap. 8, of the Directory for Worship, on Instrumental Music, with a view to its repeal, and a memorial from the Presbytery of Sidney, asking the overturing of the same section, with a view to its repeal or modification; also, remonstrances from the Presbyteries of First New York and Neosho, against the overturing of the above named section. On this question, your committee respectfully submit, that it is only nine years since this principle was settled as a law of the United Presbyterian Church, by the vote of a large majority of the Presbyteries—that it is only one year since the Assembly refused to overture the law, and that there seems to be no evidence of a general desire to have it overtured.

The tendency of the frequent overturing of questions in the profession of the Church, is not only to produce and promote distraction, but to unsettle her in reference to her whole system of principles. Your committee, therefore, present the following for adoption by the Assembly:

Resolved, That the prayer of the memorialists be not granted.

After prayer by Rev. John B. Wilson, the Assembly adjourned.

The Assembly spent a short time in devotional exercises, when this order was suspended.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

Rev. D. W. Collins, D. D., gave notice of a resolution to amend the Constitution of the Boards, so as to provide for the election of Corresponding Secretaries, in case of a vacancy occurring between the meetings of the Assembly.

The report of Rev. W. T. Moffet, delegate to the General Assembly of the Presbyterian Church, was read and referred to the Committee on Correspondence.

Resumed the consideration of unfinished business, viz.: The report of the Committee on the Board of Foreign Missions, which was amended and adopted. It is as follows;

REPORT OF THE COMMITTEE ON THE BOARD OF FOREIGN MISSIONS.

It is deemed unnecessary to make any attempt to inform the General Assembly in regard to our Foreign Missionary work during the past year. Its trials and triumphs, its present condition and future prospects, are presented with sufficient fullness in the report of the Board, now in your hands.

Your committee have considered, with a good degree of care, all matters presented in the papers referred, and, whilst by no means confident that every conclusion reached is the wisest and best, have agreed to submit the following for adoption by the General Assembly:

Resolved, 1. That we give thanks to God for the preservation of the lives of all our missionaries, and for the blessing that has manifestly rested on their labors.

2. That the General Assembly makes grateful acknowledgment to the different societies and individuals mentioned in the report of the Board, and others, who during the present year have rendered such timely and efficient help.

3. That the Board be directed to dispose of our mission property in Canton, China, and that the proceeds be expended in the establishment of a Chinese mission on the Pacific Coast, and that brother Nevin be transferred to the new mission.

4. That the Board is hereby instructed to make, as soon as practicable, such arrangement with the Irish Presbyterian Church as shall relieve us of all responsibility with regard to the Syrian Mission.

5. That in the action just taken in regard to the Syrian Mission, the General Assembly, while regretting the necessity for such action, express their entire confidence in the consistency and faithfulness of Rev. John Crawford, who has for so many years served the Church in Syria.

6. That the following appropriations be made for carrying on the work for the ensuing year: For Syria, in gold, $2,600; India, in gold, $22,600; Egypt, in gold, $28,000; China, in gold, $500; for salaries of missionaries in this country, $600; in Scotland, $450; and for miscellaneous purposes, $1,500; being a total of $62,580 in currency.

7. That the Treasurer of the Board of Foreign Missions shall receive $300 for his services for the ensuing year, and that the chairmen of the several committees on the Boards be constituted a committee, to whom is referred the subject of the salaries of the Treasurers of the Boards, with instructions to report to this Assembly.

8. That the committee appointed two years ago and re-appointed by the last General Assembly, to organize Women's Missionary Societies, be continued; and that it is the privilege of such societies, under their constitution as amended last

year, to raise funds, not only for Home and Foreign Missions, but for any or all the Boards of the Church.

9. That as the current expenses of every mission are running on continually, every congregation is earnestly urged to make its general contribution early in the year, or that it contribute a portion of its due at least every quarter, that thus the Board may have the means of meeting the demands upon its treasury as they arise.

10. That 3,000 copies of the annual report be printed, and pastors are earnestly urged to have it read as widely as possible among their people.

11. That the Assembly recommends the holding of occasional conferences on the subject of missions in different parts of the country, and that pastors and sessions use all diligence to have our people instructed and interested more and more in this great work which God has given us to do.

An invitation from Cambridge, O., to the Assembly, to hold its next annual meeting at that place, was accepted with thanks; and Cambridge, O., was chosen as the place for the next meeting of the General Assembly, and 2:30 o'clock, p. m., of the fourth Wednesday of May, 1878, as the time.

The General Committee of Home Missions was directed to meet at New Concord, O., at 2 o'clock, p. m., on the third Wednesday of May, 1878.

The Standing Committee on Narrative and State of Religion, presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

From the report of your Permanent Committee, we learn that the number of deaths in the ministry is greater this year than last, eleven having been called from their labor to their reward. As it regards the Church's growth—we learn that the number added by profession is somewhat greater than that of the year preceding, and that there is a good degree of peace prevailing throughout the Church. That any success should have attended our labors, especially so much, affords just grounds for thankfulness. That it has been so little, should cause sorrow and start the question, whether we have been prayerfully diligent as we ought, and whether we have sufficient faith in the Gospel as the power of God?

We submit the following resolutions:

1st. That as Synods, Presbyteries and Sessions, we should frequently confer together, not merely that we may be the better prepared for our own work, but also that we may the more heartily enlist all, old and young, male and female, in laboring to advance the interest of Christ's kingdom.

2d. That, as has been done in former years, a brief record of the ministers who have died during the past year be prepared and published in the Minutes.

3d. That the formula of questions prepared by the Permanent Committee be adopted for future use.

The Committee on Revision presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON REVISION.

We have received for examination the printed Minutes of the Eighteenth General Assembly of the United Presbyterian Church of North America, and of the Synod of Ohio for 1875 and 1876, Synod of Pittsburgh for 1876, Synod of Illinois for 1876, First Synod of the West for 1876, and written records of the Synod of Kansas for 1876, and find that the written records have been neatly and orderly kept, and that the business of the General Assembly and of these Synods has been transacted in accordance with our ecclesiastical rules; therefore,

Resolved, That the Minutes of the Assembly, and also the Minutes of these Synods, be approved.

The Committee on Correspondence presented a report on the report of the Presbyterian Historical Society, which was adopted:

REPORT ON THE REPORT OF THE PRESBYTERIAN HISTORICAL SOCIETY.

The Committee on Correspondence, to whom was referred the report of the Presbyterian Historical Society, beg leave to state that the society has, during the past year, made encouraging progress, having added to its library 2,000 volumes and 1,517 pamphlets, together with a large number of historical sermons in manuscript. It has not, however, secured a sufficient amount of funds to warrant any steps towards the securement of a fire-proof building in which to deposit its large and valuable collections. We believe that the security of these demands such a building, and that they are too precious to all branches of the Presbyterian Church in America to be left in their present exposed condition. What is required is not so much a large contribution from a few churches as a moderate sum from many. Hitherto the weaker churches have been most prompt to respond to the appeals of the society. Our conviction is that a moderate contribution from all the churches, yet proportionate to the financial ability of each, will secure the desired end.

We recommend the following:

Resolved, 1. That we express our gratification with the results of the past year's work of this society, and our desire for its future prosperity.

Resolved, 2. That we earnestly recommend every congregation which has not already contributed to its funds, to take up, on the first Sabbath of November, 1877, or as soon after as possible, a liberal collection to aid in securing for this society what it most needs, namely, a place of safety for what it has so successfully gathered.

The Committee on the Judiciary presented the following report on the marriage of a deceased wife's sister, which was adopted:

REPORT OF THE JUDICIARY COMMITTEE ON THE MARRIAGE OF A DECEASED WIFE'S SISTER.

The session of Cedarville, in the Presbytery of Xenia, memorializes in reference to art. 4, chap. 24 of the Confession of Faith, alleging a want of uniformity in the action of sessions, in respect to violations of the law, and requests such a deliverance as that uniformity of action, or conformity to the law, may be secured.

It is submitted that the law on this subject is specific; that it should be a part of the Church's organic law; has recently been re-asserted by the Church; and, inasmuch as no modification of the law, so as to require re-overture, is asked, but only such a deliverance as would secure consistent action by the inferior courts; therefore,

Resolved, That faithful teaching be enjoined, that infractions of the law may be prevented, and that violations of the law be dealt with by sessions consistently with its spirit and design.

The Committee on Bills and Overtures presented the following report on the paper concerning the second coming of Christ, which was adopted:

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES ON THE SECOND COMING OF CHRIST.

On this subject, the memorialist assumes that the United Presbyterian Church practically accepts the theory of the post millennial coming of Christ, and of the purely spiritual nature of His millennial kingdom; and asks, in view of the im-

portance of the subject, that the Assembly shall give a statement of the ground of the theory which he attributes to the Church. Also, he states that a refusal on the part of the Assembly to state the ground of the theory, will be accepted by him as an acknowledgment, on the part of the Church, that there is no ground for such a theory. In reply to the memorialist, your committee present the following:

1. It may be true, that practically the mass of the members of the United Presbyterian Church accept the theory that Christ's coming will be post millennial, and that His millennial kingdom will be simply spiritual. But the Church has never officially declared this to be her faith. To make any theory on this question an article of the faith of the Church, would necessitate the adoption of a system of interpretation, and a particular application of prophecy to that theory, which must not only be enforced by the teaching, but also by the discipline of the Church—things utterly impracticable.

2. A refusal by the Church, therefore, to adopt a theory respecting the time of Christ's second coming and the particular nature of His millennial kingdom, and to give the ground of such theory, does not warrant the conclusion that the Church thus acknowledges that there is no ground for that theory.

We recommend for adoption the following:

Resolved, That the prayer of the memorialist be not granted.

The report of the Committee on Bills and Overtures, on the propriety of publishing the Monthly Statements of the Boards as a circular, was presented and adopted. It is as follows:

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES ON THE BOARDS PUBLISHING MONTHLY CIRCULARS.

In this memorial the consideration of the Assembly is called to the expediency of employing printed circulars for monthly statements by the Boards.

Your Committee are deeply impressed with the importance of imparting to the people abundant information concerning the general work of the Church.

But apprehensive of the expense and embarrassment involved in the issue of circulars, so numerously and frequently as proposed in the memorial, and appreciating also the opportunity already afforded by the periodicals in the Church, and so largely employed by the Boards for representing their work, and so ample for the help of pastors and people in spreading information, we are not prepared at present to approve as expedient or important the plan proposed in the petition.

The following is presented for adoption:

Resolved, That no action in the direction indicated in the memorial appears to be practicable at present.

The report of the Committee on the Board of Ministerial Relief was presented and adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF MINISTERIAL RELIEF.

It will no doubt be gratifying to the Assembly to learn that the Board has been able to assist all the needy who have applied for assistance, and that still a considerable balance of the receipts of the past year remained.

All the funds in the hands of the Board, amounting to about $18,000, are invested in United States registered securities.

No doubt there are many who would well deserve the assistance of the Board, who are unwilling to make known their wants, yet there is but little doubt but that the demands on the Board for assistance will increase year by year.

There are many congregations which have done nothing for the cause. Of the whole number of congregations only 201 have contributed to this fund, 77 made no report, and these, it is reasonable to suppose, made no contribution.

The case reported by the Presbytery of Butler is one that justly deserves the attention of the Board, viz., the widow of a deceased minister. She has been in the Insane Asylum at Harrisburg since before the death of her husband. The

Presbytery furnishes $150 yearly for her support in that institution. It wishes to turn the case over to the Board of Ministerial Relief. The regulations of the Asylum require a bond of security for her support.

The Treasurer of this Board, James McCandless, Esq., suggests, in his annual report, the propriety and importance of establishing a permanent endowment fund of Ministerial Relief of not less than $50,000.

In the embarrassed financial condition of the country and of the Church, your Committee felt a backwardness in bringing this matter before you, and yet we did not feel at liberty to suppress the suggestion. All will admit the importance of the measure, if it could be accomplished, and the happy results that would flow from it. And hoping that the embarrassed financial condition has in a good degree passed away, and that we are entering on more prosperous times, and at the suggestion of the worthy Treasurer of the Board, we submit the matter to the consideration of the Assembly.

We therefore present the following resolutions:

1st. That the Assembly establish a permanent endowment fund, and aim, in the course of time, to increase it to the amount of $50,000, including the amount already invested by the Board.

2d. That while many have already shown an interest in this cause, congregations be urged to a greater and more general liberality in their contributions to this fund, until there be such an interest in it as to secure stockholders in every congregation.

3d. That, in respect to the case reported by the Presbytery of Butler, the Board be authorized by the Assembly to make any arrangements with the Asylum that may be in their power.

The Committee on the Board of Publication presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF PUBLICATION.

This Board represents their work prosecuted during the past year with very great success and increase in business. Without financial embarrassment, the ordinary expenses have been met, and their indebtedness reduced. While their financial exhibit shows an actual gain of business, your Committee think that a more detailed statement would give an increased satisfaction to the Church, and additional advantages to the Board; and that the Board might know just what particulars would be desirable, we think it expedient that the Assembly take such action as would be a practical guide in this matter. And that this Board may sustain to the Assembly something of the same relation as the other Boards of the Church, we think it would be exceedingly proper that in the management of her affairs she should have an officer chosen directly by the Assembly.

We would therefore recommend the adoption of the following resolutions:

Resolved, 1. That we recommend this Board to the prayers, the patronage and liberality of the Church.

2. That

be a committee to prepare a blank form according to which this Board shall make her business and financial exhibit; together with such instructions as may be necessary to furnish the Church with full and complete information touching her condition and management.

3. That the aforesaid committee be instructed to examine and report to the next General Assembly what changes in the constitution of this Board, if any, are necessary to enable said General Assembly to appoint directly her chief manager; and that when such changes are effected that the appointment of the Superintendent of this Board be thus made.

The nomination of persons to fill the blank in the second resolution of the above report, was referred to the Committee on Nominations.

The report of the Committee on the Board of Education was presented. After the adoption of the first part of this report, the Assembly adjourned, after prayer by Rev. J. H. Montgomery.

The following resolutions concerning general bequests were adopted:

RESOLUTIONS CONCERNING GENERAL BEQUESTS.

Resolved, That when a bequest is made to the General Assembly, or its Trustees, for missionary purposes, the Trustees be directed to appropriate it to the Boards of Foreign Missions, Home Missions, Freedmen's Missions and Church Extension, in the proportion in which the appropriations were made for these Boards by the preceding General Assembly.

Resolved, That when a bequest is made to the General Assembly without any limitation, it be applied to all the Boards and to the General Assembly's Fund, on the same principle.

The following resolution, repealing the action of the Assembly of 1869, appointing conferences on the Boards, was adopted:

RESOLUTION REPEALING THE ACTION OF THE ASSEMBLY APPOINTING CONFERENCES ON THE BOARDS.

Resolved, That the resolution adopted by the General Assembly of 1869, setting apart the first and second business evenings of the Assembly for a conference on the Boards, be, and is hereby repealed.

Resumed unfinished business, viz.: the report of the Committee on the Board of Education. The second part of the report was adopted. The whole report is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF EDUCATION.

The importance and necessity of the work entrusted to this Board are becoming every year more apparent. This calls for increased effort on the part of the Church to furnish it with the means of prosecuting it more extensively. It is gratifying to record that this is being realized to some extent, though not equal to the demand. There has been an increase in the contributions from the Presbyteries of $542.51 during the past over the preceding year. During the same period the debt has been diminished $1,244.94.

Sixteen young men, whose names are reported by the Board, have received aid from it during the year. Nine of these were students of theology, and seven were literary. Owing to the state of the funds, the Board could grant only two-thirds of the amount asked by the beneficiaries.

The Board request that the action of the Assembly of 1875, withholding aid from students during their literary course, be so modified that assistance be granted during the junior and senior years. Owing to the indebtedness of the Board, your Committee are of opinion that it would be inexpedient to make any change.

We would recommend the adoption of the following resolutions:

1. That the charter of the Board be approved.
2. That an appropriation of $7,000 be granted the Board for the coming year.
3. That Presbyteries be enjoined to urge upon their respective congregations the necessity of increased liberality to the Board.

ON LICENSURES.

In regard to licensures, twenty-seven blanks have been given us as returned by Presbyteries. In several cases the filling up of these is not all that could be desired. One omits the name of the Presbytery, the name of the Clerk, and the date. Another omits the name of the Clerk. Another omits the name of the Presbytery; and six are without date.

Thirty licensures are reported. Sixteen of these were after the full course of three sessions; nine after two sessions; three after one; and one did not attend the seminary at all. Of the nine that were licensed after two sessions, seven had a year's training by Presbytery, though in most cases we are not told how the training was given, or of what it consisted; and there is the same want of information concerning those who were less than two sessions at the seminary. In several cases, even when the full course has been completed at the seminary, there is no satisfactory report of the exercises required by the Book of Discipline in licensing young men. The space at the right hand of the blanks seems to have been left for this special purpose. In a majority of cases in which licensure has been effected before the completion of the full course, no reasons are assigned.

We offer for adoption the following resolution:

Resolved, That Presbyteries be enjoined to adhere more strictly to the instructions of the General Assembly in the licensure of young men.

The Committee on Statistics presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON STATISTICS.

Your Committee have had before them five statistical summaries, committed to them by the Second Clerk. These tables give evidence of having been prepared with great labor and care. Your committee, impressed by the amount of labor required to collect and prepare these statistics, deem it expedient that more time should be given to all parties engaged in the collection and preparation of them, and would recommend the following resolution:

Resolved, 1st. That the Second Clerk be directed to forward blanks to the clerks of Presbyteries, not later than the 1st of February; that sessions be required to return their statistics to the clerks of Presbyteries, not later than the 5th of April; and the clerks of Presbyteries, to return theirs to the Second Clerk, not later than the 25th of April.

Your committee also considering how few of our people supply themselves with the Minutes of the Assembly, and as the table showing the number of congregations in each Presbytery contributing to each of the funds of the Church, contains information which would be useful, to remind both Presbyteries and congregations of their deficiencies, and so induce them to greater activity and liberality, therefore,

Resolved, 2d. That the table showing the number of congregations in each Presbytery contributing to each of the funds of the Church, be published in the papers of the Church.

Your committee judge the present forms of the statistical tables to be so complete, that no further changes are necessary, therefore,

Resolved, 8d. That the present forms be retained until a change is required by some cause or causes which do not now exist.

The report of the Committee on the Board of Church Extension was adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF CHURCH EXTENSION.

The work of the Board of Church Extension is scarcely second to any other in importance.

Without this agency little can be done to build up congregations in new fields. When a minister of our church visits some new place and finds a few who desire to have the gospel preached to them and that they may worship God in that way which they think is most acceptable to him and profitable to themselves, the inquiry is raised, Where shall we meet? It may be possible in some places to meet in a school-house; but in many such places there are no school-houses. In some villages they might meet in the house of some other denomination, but in many new villages there are no such houses; and at best such places can only be for temporary use. But how is a permanent home to be obtained? Evidently not by the exertions of these few alone. They cannot do it. If they get preaching they must do something to meet the expenses of the laborer; and generally they are not able to do that fully; where then can they get the means to build a church? And even though the Board of Home Missions assist them largely, yet the immediate outlay for a building in any good measure suited to this purpose is beyond their means.

What then is to be done? Shall we abandon the field? Not if we are to "lengthen our cords." Will we confine operations to the places now occupied? These must be, in a great measure, lost to our church, our sons and daughters, who seek homes in new fields. We must follow them with the gospel, and not only help them to houses to dwell in, but to houses in which to worship the God of their fathers.

In many places of influence this becomes doubly important. In some growing city, surrounded, it may be, with several small congregations just starting in their course, and in which there is a small band standing up for Christ and his crown, for the Christian Sabbath and purity of worship, it becomes very important that they should be helped in holding up the standard of the cross. But it is expensive to procure a house for a congregation in such places. Lots on which to build in such places, often cost much money, but how are these poor people to raise it? It can only be done by the help of the whole Church, and this help can only be obtained in some reasonable degree, and all parts of the Church have an equal opportunity to work in it, by some well organized system. Of such a system the Board of Church Extension is intended to be the organ and medium.

From the report of the Board and accompanying papers laid before us, we feel warranted in saying that the Board of Church Extension has faithfully, earnestly and successfully fulfilled its mission during the year now coming to a close.

There are some points of special importance which have claimed the attention of the Board, but are by it referred to the General Assembly.

One of these is San Jose, Cal. The last General Assembly authorized the raising of $5,000 for this mission during this year, and appointed Rev. M. M. Gibson, D. D., of San Francisco, agent, to solicit special contributions for this purpose. But the amount thus raised has been only $1,850, leaving a balance of $3,150 not yet obtained.

Another of these references is the case of Des Moines, Iowa. Here we have a small congregation, with a pastor, in a small house, which is filled to overflow, although in an unsuitable part of the city, in the midst of uncongenial surroundings. They are only able with the proceeds of their present property, and aid of

Digitized by Google

their neighbors, to raise about $5,800. After purchasing a lot in a suitable part of the city, they will have only about $2,000 left. It is the opinion of their Presbytery, and it seems to be the opinion of the Synod of Iowa, that this ought to be supplemented by $10,000 to provide such a house as is needed in this growing city, and your Committee might be of the same opinion if the state of finances were such that the Church could afford it.

A third reference is the case of Port Huron, Michigan. This seems to be one of the places where, in prosperous times, congregations have built churches and involved themselves deeply in debt in the expectation that prosperity would always continue, but their expectations have been disappointed and they seem almost hopelessly in debt.

We think the Assembly should utter a warning or something stronger to prevent the recurrence of such cases in the future. By some means congregations should be prohibited from building so as to involve any considerable indebtedness.

The Board has often in the past been perplexed to know what to do in some cases, and very much crippled in its work by being from year to year compelled to help pay debts thus unwarrantedly contracted.

The Committee recommend the following for adoption:

1st. That the work of the Board of Church Extension for the year now closing be approved.

2d. That the arrangement made last year in the case of San Jose, be continued, and that Rev. A. Calhoun be authorized to solicit funds while in the East, and report to the Board through Rev. M. M. Gibson, D. D., the agent of the Assembly.

3d. That a donation of $5,000 be made to Des Moines City, Iowa; or, if the congregation shall prefer a donation of $4,000 and a loan of $2,000, it be allowed the latter, without interest, for five years.

4th. That the case of Port Huron be referred back to the Board of Church Extension, with instructions to obtain all the information they can, then to act as in their judgment may be prudent.

5th. That when any congregation may desire to fund its indebtedness in a series of bonds bearing a low rate of interest, so arranged as to distribute the amounts that may become due from time to time, into such sums as the congregation may be able to pay, and may thereby also reduce their interest account, the Board of Church Extension be authorized to allow the issuing of such bonds, and to guarantee their payment; provided the congregation will give to the Board of Church Extension ample security to protect it against any loss.

6th. That Presbyteries be directed to look into the financial condition of every congregation in their bounds proposing to build a house of worship, to advise, and so far as they can, to prevent the contracting of any debt in building, except to the Board of Church Extension, and that hereafter, in all ordinary cases, it be the *rule*, where indebtedness is contracted without the knowledge or consent of the Board, no help is to be granted by the Board.

7th. That $80,000 be appropriated to this Board for the coming year.

The Committee on the Judiciary presented a report on the duties of Financial Agents, which was amended and adopted. It is as follows:

REPORT OF THE JUDICIARY COMMITTEE ON THE DUTIES OF FINANCIAL AGENTS.

The Corresponding Secretaries of the Boards ask the Assembly to give a well defined statement of the official position and duties of Financial Agents.

It is submitted, that the Financial Agent is the Assembly's officer, and in order to define the duties of the position, the following is recommended:

1. To seek the counsel and co-operation of Presbyteries, by laying before them the work to be done, and securing, as far as possible, such wise and judicious action as will enlist the sessions and people in the work.

2. To keep before sessions and people, by correspondence and by personal intercourse, the workings and wants of the Boards.

3. To endeavor to have each congregation adopt some efficient plan for raising the funds of the Church, recognizing the fact, that pastors and sessions are divinely constituted agencies to do this work in each congregation.

4. To call attention of sessions to any remissness on the part of any congregation in their contribution to any of the funds.

5. To report to each regular meeting of Presbytery the condition of the financial work in its several congregations.

6. To secure general conferences on the work of the Church in the hands of the several boards.

The Committee on Bills and Overtures presented a report on vacancies in the office of Corresponding Secretaries, which was adopted. It is as follows:

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES, ON VACANCIES IN THE OFFICE OF CORRESPONDING SECRETARIES.

Your committee recommend to the Assembly the adoption of the following:

WHEREAS, There is no provision in the Constitution of the Boards for filling vacancies in the office of Corresponding Secretary, which may occur between the meetings of the General Assembly; and,

WHEREAS, Great detriment might result from the want of such power. Therefore,

Resolved, That article 2 of the Constitution of the Boards be amended by the addition of the following clause, viz.: "Vacancies occurring in this office, between meetings of the General Assembly, may be temporarily filled by the respective Boards in which they occur."

The Committee on Correspondence presented the following report, which was amended and adopted:

REPORT OF THE COMMITTEE ON CORRESPONDENCE.

The reports of the following corresponding delegates have been referred to us: Rev. J. W. Logue, delegate to the General Assembly of the Presbyterian Church in Canada; Rev. W. T. Moffet, delegate to the General Assembly of the Presbyterian Church in the United States; and the Rev. James Brown, D. D., delegate to the Associate Reformed Synod of the South.

These report the fulfillment of their appointment, and their cordial reception by the bodies which they visited, Dr. Brown excepted, who was prevented from filling his appointment by affliction in his family, which threatened to prove fatal. By letter, however, he communicated the fraternal salutations of our Assembly.

Your Committee recommend the following:

Resolved, That the action of these delegates be approved.

As the Assembly has had the pleasure of receiving corresponding delegates from two of our sister churches, and a communication from the delegate of a third, your committee respectfully recommend the appointment of the following persons to represent the United Presbyterian Church in the meetings of the churches named:

To the General Assembly of the Presbyterian Church in the United States—Rev. E. T. Jeffers, D. D., principal; Rev. Wm. Johnston, alternate.

To the Reformed Presbyterian Synod—Rev. D. McDill, D. D., principal; Rev. S. F. Morrow, D. D., alternate.

To the Associate Reformed Synod of the South—Rev. David Strang, principal; Rev. James Kelso, alternate.

To the Canada Presbyterian Church—Rev. W. J. Gillespie.

The Committee on Conference with the Committee of the Associate Reformed Synod of the South, report as follows:

That, from various circumstances, they have not been able during the year to have any formal meeting with the Committee which, it has gratified us to learn, was appointed by our sister Synod of the Associate Reformed Synod of the South at its meeting last fall. There has been, however, some informal correspondence, and it is earnestly hoped that in the providence of God, under the working of His Spirit, the time will come when this Church and ours will not only co-operate as now in the foreign field, but be also found standing and working together for the common faith in all our own land. In view of all the circumstances, your Committee recommend the following action:

Resolved, That the Committee be continued, to have any further conference that may be opened up with a similar Committee of the Associate Reformed Church.

Your Committee on Correspondence recommend:

1. That the above report be adopted.

2. That the same persons shall constitute the Committee contemplated for the coming year.

As our Church is entitled to a larger representation in the Presbyterian Alliance, to meet in Edinburgh in July next, than was filled by the last General Assembly, and as two of the delegates then appointed will be unable to attend, we recommend:

1. That the Rev. D. R. Kerr, D. D., who was appointed as an alternate by the last Assembly, be appointed as a principal by this Assembly.

2. That the following names be added to our list of delegates: Rev. J. B. Dales, D. D., Rev. J. T. Cooper, D. D., Rev. J. C. Boyd, Rev. J. A. Wilson, Rev. D. E. Shaw, Messrs. John Thompson, Henry Harrison, Thomas Stinson and James Dawson.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

Since your last meeting we have endeavored to give due diligence to attend to all matters coming before us.

There have been some funds paid in through our Treasurer to your Mission Boards, received from legacies, which will fully appear in our Treasurer's report. There are other legacies that should have been collected and paid in before this, but, although we have spent considerable time and some money as attorney's fees, we have not yet succeeded in collecting them, but hope ere long to have them collected and applied to the purposes designed by their donors.

At our meeting July 11th, 1876, Rev. M. M. Gibson, from the U. P. Church, San Francisco, California, was present, and after a free interchange of views in regard to securing the loan made to said Church, it was agreed that Brother Gibson should procure from the Trustees of the U. P. Church of San Francisco, California, a second mortgage to the Trustees of the General Assembly, to cover the amount of said loan. Said mortgage has not been received yet.

The term of office, as Trustees, of Thomas McCance, James T. McCance and Thomas Jamison, will expire in July next. Please provide for same by a new election.

The present officers of your Trustees are: Rev. R. B. Ewing, President; Rev. S. Collins, Vice President; James McCandless, Esq., Treasurer; and Graham Scott, Secretary.

At our meeting April 17th, 1877, Messrs. R. E. Stewart and Thomas Jamison were appointed a Committee to audit the accounts of James McCandless, Treasurer.

All of which is respectfully submitted.

By order of Board of Trustees.

GRAHAM SCOTT, *Secretary.*

REPORT OF THE BOARD OF FOREIGN MISSIONS.

In presenting their Eighteenth Annual Report, the Board will give only an outline of their work, and earnestly ask the attention of the members of the Assembly and the churches to the details which will appear in full in the pamphlet form.

THE YEAR.

The past year has been eventful. Never has the Board had one of such mingled interest. Through the long continued stagnation in business, and the unemployed condition of multitudes of our people, the treasury was lamentably low during a large part of the year. For the first time, tried missionaries, well qualified for the mission work, and longing to return to it, were held back. And for the first time, the order was given for the different missions to make a reduction of one-third in the estimates of the current expenses. The trial in all these things has been exceedingly painful.

Yet in cheering contrast with this is the fact that in no year has there been more encouragement in the work. All the statistics show enlarged and precious fruit. More converts have been added to the mission churches than in any former year. The schools are increasing in interest, and decided advances have been made in the prospect of native young men being prepared for the ministry, and for enlarged usefulness among their own people. Most emphatically may we sing of mercies as well as judgment in our Foreign Mission work.

MISSIONARIES.

As early as in August last the Rev. William Harvey and Dr. Johnston were ready, with their families, to return to the fields where they were so much desired in Egypt. But the state of the treasury did not justify the sending of them. Dr. Johnston, shrinking from being longer at the expense of the Board in this country, and not having any prospect of being soon returned to his field, tendered his resignation. With painful feelings the Board accepted it, with the hope of his being re-appointed, and entering upon the work again as soon as the condition of the funds would allow. With the improved state of the finances he was re-appointed, and the earnest desire of the Board is that he may soon resume his place as a medical missionary, and as President of the Training School and College at Osiout.

Rev. Mr. Harvey sailed with his family for Egypt on the 5th of April, and will devote himself to his work with fresh energy and zeal.

On the 19th of October last Miss Carrie Elder set out for Egypt, and has since been united in marriage there with Rev. J. R. Alexander. At the same time, and through the liberal acts of the Missionary Society of Ladies in the Argyle, South Argyle and North Argyle Congregations, and some others in Washington county, N. Y., and Mrs. Sarah F. Hanna, of Washington, Pa., Miss Mary A. Frazier was sent out to have charge especially of the girls' schools in the mission in Syria. The ladies who so generously sent her have undertaken to support her.

With deep regret, the Board have to mention that Rev. J. F. Patterson, M. D., of the mission in Syria, has been compelled, on the advice of able physicians at Beirut, to retire from the mission work from protracted ill health.

Rev. Samuel Martin, who has been in the mission service in India since 1866, found it desirable for himself and his family to return for a time to this country, and, accordingly, sailing from Bombay on the 9th of February, arrived here early in this month.

Rev. D. Strang, of the mission in Egypt, with his family, reached this country last summer, much worn down with his long labors. He is making his temporary home at Newcastle, Pa.

Several applications have been made during the year by persons to be sent out to our missions—but in the state of the finances, the Board have not given appointment to any. Everywhere, however, the fields are white, and the laborers are few.

FUNDS.

The balance on hand May 1st, 1876, was $3,111.14. The amount received during the year ending April 30th, 1877, was $74,015.70, making a total of $77,126.84. The amount expended during the year was $77,028.95, leaving a balance in the treasury May 1st, 1877, of $97.89.

At the beginning of the year (May 1st, 1876,) the Board was in debt to Egypt and India, after deducting the balance of $3,111.14, over $12,000. During the year the debt increased, until in December it was almost $30,000. The year just closed leaves the Board free from debt. This gratifying result is owing, first, to the curtailing of expenses in the mission fields, in compliance with the instructions of the Board, sent out early in the year. Second, to the increased liberality of the Church at home. The amount appropriated to India was $28,137. The amount expended in that mission was less than $23,000, making a difference of over $5,000. The amount appropriated to Egypt was $36,248. The amount expended was a little under $30,000, making a difference of over $6,000. The amount received from Presbyteries during 1876–7 was $40,654; during the previous year, (1875,) $34,224, being an increase of $6,430. Female Missionary Societies contributed in 1876, $6,500; in 1875, $2,689, being an increase of $3,811. Individual donations in 1876 were $12,625; in 1875 $7,688, an increase of $4,937. The Sabbath Schools fell off to a small extent in their contributions.

The following summary will show at a glance the sources which contributed so largely in wiping out the great debt that for so many months burthened the Board and the Church, and occasioned so much anxiety and trouble to our missionaries in the heathen lands:

Decrease of expenses in the India Mission	$5,000
" " " Egyptian Mission	6,000
Increase of contributions by Presbyteries	6,430
" " individuals	4,937
" " missionary societies	3,811
Making a total of	$26,178

Digitized by Google

It appears, from the above, that the contributions for the year exceeded those of the previous year to the extent of about $15,000, and were the result of special effort on the part of churches, societies and individuals to relieve the Board from debt. And may we not say that love for the Master's work in heathen lands, and sympathy for our missionaries who are devoting their lives to this work, were the prime cause of the unusual outpouring of the Lord's money to do the Lord's work? It was a noble and successful effort, and highly creditable to our beloved Church.

It is proper to remark that about *one-fifth* of the large amount received during the year came into the treasury during the month of April, viz: $18,525, and that far more than one-half of the entire amount was received since the first of January, 1877. If it were possible to devise a plan by which the contributions could be distributed through the summer and fall months, it would relieve the Board of much perplexity, and put the missionaries in possession of funds to meet demands which cannot be deferred to the closing months of the year, unless at very great sacrifice and hardship.

It should be stated that the Board, in its great necessity, was compelled to dispose of an investment of P. R. R. bonds to the amount of $5,000, which it is in honor bound to replace.

MONETARY OPERATIONS.

In the great trials of the year for funds, the Board has had almost continued perplexity. Finding that the necessity for moneys to meet the current expenses of the missions was so urgent, and that if contributions failed to come in the missionaries at home could not be sent back, and those in the field could not be supported, the Board requested, last fall, that the special collection recommended for the college at Osiout should cease. When a request was made that the returned missionaries should be authorized to seek contributions from the churches for the foreign work, the Board, in its straits, allowed it; but on finding that this course might not be advisable, the permission was at once withdrawn. Impressed with the great loss that must be sustained when the foreign missionaries have to borrow from those around them, and often at exorbitant rates of interest, the Board undertook to negotiate for loans in this country, but found that such loans could be effected only on individual securities, and the step failed. Trusting, then, to the grace of God to work in the hearts of his people, and relying upon the faithfulness and earnestness with which pastors would bring this great cause before their congregations, and the interest our people would take in making efforts, and even sacrifices, for it, the Board have pressed forward and done what they could.

OUR HELPERS.

In the trying circumstances of the year, the Board has often had special help in seasons of special need. In many instances the Sabbath Schools have liberally contributed to this work. Many of the Financial Agents have promptly forwarded the contributions that came to them from the churches to our Treasurer, and thus enabled him at once to use what was intended to help supply the present want. In various congregations active and efficient Women's Missionary Societies have been organized, and their help has been most liberal and timely.

In Xenia, O., a movement was projected which aimed at securing the active personal interest of every member of the Church in this work, and the result has

Digitized by Google

been that the Presbytery of Xenia has become the banner Presbytery of the Church in the extent of its noble contributions to this cause, and that when its help was most called for and most useful.

Most gratefully would the Board mention the following persons as having, with others, laid us under special obligations by their sympathy and enlarged contributions: Messrs. Charles Arbuthnot and W. T. Shannon, Pittsburgh, Mrs. McNary, of Bloomington, Indiana, W. D. Robertson, South Argyle, N. Y., Nelson Hall and wife, New Haven, Conn., Rev. Geo. Mairs, Argyle, N. Y., and Miss Carrie Philips, especially, of East Liberty, Pa. This estimable person gave, on her death-bed, and in the deep interest she felt in this great work, one thousand dollars to it, and a few days afterwards entered into her rest, happy in the consciousness she had made this gift to the cause of Him who loved her and gave Himself for her.

The Board would also gratefully mention here that during the previous year Mrs. Thomas B. Rich, of New York, generously forwarded to our treasury one thousand dollars, and thereby most happily relieved and helped the work to which her lamented husband had so devotedly consecrated himself in the Treasuryship which he so long and so faithfully filled.

We are happy to mention, also, that the American and British and Foreign Bible Societies, the American Tract Society, the Turkish Mission's Aid Society, and the Paisley Ladies' Missionary Society, have all repeated their liberal kindness to us.

In this connection the Board cannot forbear making special mention again of His Highness, Dhuleep Singh, who presented the mission in Egypt, last year, his usual noble offering of one thousand pounds for its work. Such acts go far to make us admire the wonderful grace and providence of God, and also, to realize what might result for good to the world if every prince was thus as a nursing father to the Church and the cause of God.

THE CHILDREN.

In numerous instances parents have sacredly kept before the minds of their children the duty of praying for the coming of the Kingdom of God, and contributing to hasten it on. Not unfrequently children have been encouraged to have their money boxes for this cause, and their collections for it are faithfully forwarded to the Foreign Mission Treasury. In many places the Sabbath Schools have a regular time set apart for missionary purposes, when information is given in regard to missions, and offerings are made for carrying on the work, and thus not only is important help obtained for the funds, but the young are taught to be interested in and to bear a conscientious and intelligent part in carrying forward the missionary cause.

MISSIONS.

In this report to the Assembly it is proposed only to show the condition of each mission as derived from the latest data:

1. *Syria.*—This mission was established in 1843. Its headquarters are at Damascus, and it has eleven stations besides, viz.: Nebk, Deir-Atiyeh, Yabrud, Rasheiya, Ain Esh-Sharah, Kulat Jendal, Dohral-Ahmar, Maheitha, Dareiya, Bludan, Maara. The whole number of persons in the ten schools in this mission was 420, and in all these schools more or less of religious instruction is directly given every day.

3. *Egypt.*—This mission was founded at Cairo in 1854. Alexandria, Cairo, Sinoris and Osiout are the principal missions. Besides these there are 25 stations, making thus 29 established places for missionary work. In this mission there are 8 foreign missionaries, with their wives, 6 unmarried female missionaries, 4 native ordained ministers, 8 licentiates, and 69 other teachers and helpers, being a total of 103 laborers. In this mission there are schools in 21 of the stations, communicants in 28, and regularly organized churches in 6. In 18 of these, contributions were regularly made for the spread of the Gospel; and the average amount contributed by native Christians was nearly $3 each for the year.

4. *China.*—This mission was opened at Canton, by Rev. J. C. Nevin, in 1860. It has 1 missionary, with his wife, and 2 teachers and helpers, reporting a total of 3 laborers. The value of mission property, at cost, is $12,380; building funds on hand, $4,205.12. The amount received from other sources than the Board was $610, viz.: for rent, $405, and for interest, $205.65. The expenses of the mission, besides salary for the missionary, were $286.89. In his report from this mission, Mr. Nevin says of the year, "In general we have been encouraged in our work, and the prospects of success in the future have grown brighter."

RECAPITULATION.

Missions, 4; stations, 51; foreign missionaries, 16; unmarried female missionaries, 12; native ordained ministers, 5; licentiates, 9; native laborers, 111—total of laborers, 153; communicants, 1,056; increase during the year, 242; baptisms, 162; scholars in schools, 2,996; in theological classes, 22; contributions, $2,244.75; value of missionary property, $82,207, with $8,149 in hand for further missionary building purposes.

CONCENTRATING FOREIGN MISSIONARY EFFORT.

During the year the attention of the Board has been called, from various sources, to the propriety of considering the question whether there should not be a concentration of the foreign missionary energies of our churches. This would involve a withdrawal of some of our missions, and perhaps a strengthening of others; but cherished and dear as every one of our missions is, in some way, to some portion of our people or other, this question has been one of exceeding delicacy and perplexity.

The two missions that have been specially suggested in this connection have been Syria and China; and with great care, from a desire to be prepared for any consideration of this subject that the Assembly might wish, efforts have been made by correspondence to obtain full and reliable information on all the matters involved.

Syria.—In regard to Syria, it may be stated that, by the arrangement which was made in the beginning, this mission is the joint property and charge of the Presbyterian Church of Ireland and of our United Presbyterian Church; that each bears its equal proportion of the expenses; each has an equal ownership in the property; and by terms of agreement drawn up by the missions in 1860, and ratified by both churches, either party withdrawing leaves the other party in possession of all the property, and in entire ownership and charge of the mission. In regard to ourselves, we have a considerable pecuniary interest in the property of the mission, but by the terms of this agreement are unable to make any sale of it, or obtain any return for it, if we leave the mission. Our remaining missionary there, Rev. John Crawford, is of tried excellence as a laborer, has been engaged in that mission for twenty years past, and has signified his desire to remain, at least for a time, in the mission, even if it is relinquished by our Church.

With this presentation of the facts in the case, the Board, without making any recommendation in relation to it, submit the whole matter to the judgment of the Assembly.

China.—In regard to China, there has been much thought. As brought into being with the commencement of our United Presbyterian Church, this mission has ever been very dear to many of our people. Much valuable property for the residences and uses of the missionaries belongs to the mission, and funds are in hand for erecting the necessary rooms or places for schools and chapel services. An able and devoted missionary has been in the field for nearly eighteen years, and he has done much, no doubt, in the way of laying the foundation for future work. But, notwithstanding these things, the Board have been reminded, in reiterated forms, that the mission is not, and probably will not be, at any time, well manned by our Church, in the pressure of other calls for its great work. It is in the midst of numerous and well furnished missions from other churches, and thus its withdrawal could be made without as sad consequences to the heathen as if there were no other missions in that locality. It has not been attended, even with all the labors that have been perseveringly and faithfully put forth by us on its behalf, with results that were calculated to awaken the interest that ought to be felt for the work of the Lord in the heathen world. It has also been suggested that there are large numbers of Chinese on the Pacific Coast of our country, and that if the mission could be removed to a location there where many of this people are to be found, great and lasting good might be accomplished. On inquiry, the missionary has ascertained that probably the mission property can be disposed of in Canton, so that little or nothing will be lost of all that has been so generously invested in it, and that thus a removal could probably be made with little or no sacrifice.

In view of all the circumstances of the case, the Board have felt constrained to adopt a resolution recommending to the General Assembly: (1.) That the mission in China be withdrawn, and the property disposed of to the best advantage. (2.) That in case Mr. Nevin is willing to labor in the Gospel among the Chinese at some point on the Pacific Coast of our own country, a mission shall be established there; and, (3.) That in case such a mission is not established, that the Assembly shall decide what shall be done with the avails of the mission property now in Canton.

THE ASSOCIATE REFORMED CHURCH.

With entire regularity the Missionary Board of this Church have continued to sustain their laborer in connection with our mission in Egypt, Miss Mary E. Galloway, now Mrs. John Giffen. And there are pleasant evidences of the churches of that Synod at large feeling a deep interest in the work in which their missionary is engaged.

BEQUESTS.

The Board cannot close their report without recognizing gratefully the Spirit and the blessing of God in putting it into the hearts of many of His servants and handmaids to remember the cause of foreign missions in their wills, and in the disposition of their property. Several bequests have come to us during the year, and they have been of most timely and important service. They are means by which good men and women continue to do good, after they themselves have left this life. Most earnestly do the Board commend this matter to the prayerful attention of the thoughtful and pious of our Church, viz.: That if they cannot make use of their possessions in the service of Christ while living, they will make their wills, and that in them they remember the cause of missions, and make Christ one of their heirs on its behalf.

NEW WORK.

As things have been during the year, the Board have not authorized, to any important extent, new missions, or new missionaries, or new mission buildings; and until the missionary finances become more satisfactory and settled every way, it is their judgment that little or nothing more should be done in these directions. Specially would the Board deplore private enterprises, or of parties appropriating funds for special purposes, and thus allowing themselves to be diverted from the regular and necessary work of providing the means of meeting current expenses, and of even continuing our missionaries in their work.

APPROPRIATIONS.

With an earnest regard to the best interests of our different missions abroad, and the condition of our people here at home, the Board have fixed the appropriations at the lowest point that it is believed is possible for the safety and success of the great work in our hands. They are as follows, taking the missions as they still are: For Syria, in gold, $2,600—currency, $2,800; India, gold, $22,600—currency, $24,400; Egypt, gold, $28,000—currency, $30,240; China, gold, $500—currency, $540. Salaries of missionaries in this country, $2,000; children of missionaries in this country, $600; in Scotland, $450; miscellaneous expenses, $1,500, making a total of $62,530.

These appropriations are asked on this greatly reduced scale, in the earnest and confident hope that ministers, elders and members of all the churches will at once take steps to have contributions made, not at the end of the year, or at long intervals, but in part, at least, soon, and often, that the Board may have in hand the means of carrying on its work with all its daily needs.

MEMBERS OF THE BOARD.

The terms of Revs. F. Church, W. W. Barr, D. D., and J. B. Whitten, expire at this meeting of the Assembly.

RECOMMENDATIONS.

The Board respectfully recommend the following things to the consideration and action of the Assembly:

1. That thanks be returned to God for the preservation of the lives of all our missionaries during the year, and for the blessing that has manifestly rested upon their labors.

2. That the General Assembly make grateful acknowledgments to the different societies and individuals mentioned in the report, and others that have rendered us such timely and efficient help during the year. Several of the most generous of these contributions were from persons not in connection with our Church.

3. That if the different missions be continued as they are, the following appropriations be made for carrying on the work of the ensuing year: For Syria, in gold, $2,600—in currency, $2,800; India, in gold, $22,600—currency, $24,400; Egypt, gold, $28,000—currency, $30,240; China, gold, $500—currency, $540. Salaries of missionaries in this country, $2,000; missionaries' children in this country, $600; in Scotland, $450; miscellaneous, $1,500, being a total of $62,530.

4. That as the current expenses of every mission are running on continually, the Assembly urge every congregation to make its general contribution early in the year, or that it contribute a portion of its due at least every quarter, that thus the Board may have the means of meeting the demands upon its treasury as they arise.

5. With much feeling of regret the following is recommended in regard to the China mission: (1.) That the Assembly withdraw this mission, and direct the property to be disposed of to the best advantage. (2.) That in case the missionary, the Rev. J. C. Nevin, will be willing to engage in labors for the evangelization of the Chinese at some point on the Pacific Coast of the United States, a mission shall be established there for the purpose; and, (3.) That in case such a mission is not to be established, that the Assembly will direct what shall be done with the avails of the mission property now in Canton.

6. That 3,000 copies of the Annual Report be printed, and that every pastor, especially, be urged to have it read as widely as possible among his people.

7. That the sum of $500 be paid the Treasurer of this Board, in view of the increased labors connected with this office.

8. That the Assembly recommend the holding of occasional conferences on the subject of missions, at different points of the country, and that efforts be made to have our people instructed and interested more and more in this great work which God has given us to do.

By order of the Board.

REPORT OF THE BOARD AND OF THE GENERAL COMMITTEE OF HOME MISSIONS.

As required by the General Assembly, the Board and the General Committee of Home Missions would respectfully present the following report. With grateful hearts would we acknowledge the goodness of God, manifested in the measure of success that has crowned the efforts of this important agency of the Church to disseminate the gospel in our own land.

I.—REPORT OF THE BOARD.

The following statements, taken from the report of the Board to the General Committee, will exhibit, in some degree, what has been accomplished during the year now drawing to a close.

The last General Assembly granted aid to one hundred and eighty-seven stations under the care of forty-eight Presbyteries. From nine of these stations no reports have been received. The reports of sixty-eight others are incomplete, embracing only a portion of the year. In the stations from which reports have been received, there is a membership of 8,782, with an average attendance upon Divine ordinances of 15,776. The additions to the Church have been 592 on a profession of faith in Christ, and 692 by certificate; while the decrease by death and removal has been 447. In the Sabbath Schools connected with these stations, there has been an average attendance of 8,338 scholars. These same stations have contributed to the Boards of the Church, during the year, $5,213, and for the support of their own Pastors or Missionaries, $48,582. These facts are certainly gratifying and encouraging, especially when it is remembered that these reports come from stations newly organized, often in newly settled and thinly populated districts, or from small and weak congregations, struggling for an existence, and that as soon as a congregation becomes vigorous and self-sustaining, it passes from under our care.

Special Missions.—The following stations were placed under this head by the last Assembly:

Omaha, Presbytery of Nebraska.—Rev. Joseph McCartney has been laboring there during the year with unabated zeal and fidelity. Although the accessions have not been as large as during the preceding year, the internal condition of the congregation has improved, and the future is consequently brighter. This field is a peculiarly difficult one, owing to the fluctuating character of the population, open Sabbath desecration, abounding infidelity and ungodliness.

Burlington, Presbytery of Keokuk.—Rev. E. D. Campbell has been in this field, according to appointment. This young brother has met with discouragements as well as encouragements in his earnest efforts. Such, however, is the confidence of the Presbytery in the ultimate success of the mission, that a larger appropriation is asked for the coming year.

Topeka, Presbytery of Kansas.—The missionary appointed to this place by the last Assembly declined the service, and the congregation was left with only an occasional supply during the first quarter. The Board appointed Rev. J. A. Nelson, who entered upon this work at the commencement of the second quarter, and has continued there since. Under his labors our cause in that important field has been inspired with new life and hope. The continuance of Mr. Nelson's services there is very desirable.

Indianapolis, Presbytery of Indiana.—Rev. J. D. Sands, the appointee of the last Assembly, entered upon his labors there promptly, at the beginning of the year. Feeling it his duty to accept a call to another field, he was released from the appointment at the close of the first quarter. During the second quarter the congregation had only occasional supplies. At our meeting in January, Rev. J. C. Campbell was appointed, and soon after entered upon the work. Since that time there has been a marked improvement in the condition and prospects of the congregation. Aided by the Board of Church Extension, the congregation has made important improvements in their house of worship. They have invited Mr. Campbell to become their pastor. It is hoped that he will accept their call, and thus one of the most important factors to success, so far as human instrumentality is concerned, will be secured, viz., permanency of administration.

It may be proper, also, under this head, to refer to the mission among the Warm Spring Indians, in Oregon. The last Assembly appropriated $1,000 to this

mission, on condition that the agency be assigned to our branch of the Church by the General Government. This transfer was not made, or at least the Board did not receive official information of the fact, until the first of February. Steps were immediately taken to arrange for carrying out the purpose of the Assembly, but owing to the time required to effect a proper understanding in regard to the interests involved, and the near approach of the meeting of the General Committee, together with the condition of our treasury, it was deemed advisable to refer the matter again to the Assembly. It will be seen, from the action of the Presbytery of Oregon, that $1,500 is asked for this mission, viz: $1,000 for an ordained missionary, and $500 for the support of a matron. It is the judgment of the Board that this request should be granted. The work, if done at all, should be done thoroughly and efficiently. The reservation is located in Oregon, a little to the northwest of the center of the State, and comprises 464,000 acres of land. There are the remnants of three distinct tribes on the reservation, viz: the Warm Springs, Wascoes and Teninoes. The agent, Captain John Smith, is an active, earnest Christian man, in connection with our Church. Considerable missionary work has been done there by Rev. T. J. Wilson, under the supervision of the Presbytery of Oregon. As the result of these efforts, a church has been organized with some twenty-five members, and a Sabbath School with eight teachers and about one hundred scholars. In his last report to the Department at Washington, Captain Smith says: "The general situation may be stated as follows: They are a people who ten years ago were as uncivilized as any Indians could be; without industry, without any apparent desire for, or effort to obtain, any better condition; without morals, without religion, and superstitious to the last degree; living in lodges and tents, and eking out a precarious existence on fish and game and their own aboriginal foods. Now they are lifting their heads and asking to be called men; working in civilized pursuits with commendable industry, and making themselves comfortable homes, striving for independence and competency, learning that virtue, honesty and temperance are honorable to all; at least one-half signifying their acceptance of the Christian religion, and a goodly number showing themselves determined to maintain its ordinances and be guided by its precepts, and showing by their actions that they desire to be free from their besetting superstitions; dwelling in comfortable houses, and living largely on the fruits of their own hands' labor." By the assignment of the agency to our care, these Indians have in a sense become our Spiritual Wards, and it is earnestly hoped that the General Committee and the Assembly will take such action as will enable the Board to carry forward the work among them with the vigor which the importance of the mission and the honor of the Church demands. In regard to securing the means necessary for the support of the mission, the Board would respectfully suggest that it be committed to the Sabbath Schools of the Church. It is believed that if this were done the children would furnish year by year all that is required for this service.

General Missionaries.—In accordance with the directions of the last Assembly, making provisions for general missionary service in the territory west of the Mississippi river, the Board appointed Rev. Marion Morrison to this work, who entered upon his labors at the commencement of the second quarter, and since that time has been engaged in the energetic prosecution of the duties assigned to him—visiting destitute neighborhoods, collecting the people together, preaching to them and organizing congregations; reporting regularly to the Board and to the Presbytery in whose bounds he was for the time employed. Arrangements were also made for the employment of a General Missionary during one quarter, on the Pacific coast. Mr. Morrison's conduct of the work has been heartily approved by the Board.

The Financial Condition of the Board.—On the 30th of April last year, we had in the treasury, exclusive of investment funds, $2,709.43, with every claim against the Board, then due, fully settled. The fact that we had this balance on hand with which to begin the operations of the year, seems to have proved a misfortune, rather than an advantage. The Church appears to have concluded that these two thousand seven hundred and nine dollars would multiply themselves indefinitely. For months very little was contributed to our funds, and the claims which fell due on the 30th of June were not all paid until about the middle of November. The preceding year, although we began with a balance of only $117.52, we were enabled to pay all the claims due on the fourth quarter some thirty days earlier. The obligations due on the 30th of September were not fully paid until the 13th of January. Those which fell due on the 31st of December were not all paid until the 12th of April, and of those which became due

on the 31st of March, there are still $975 unpaid. While, as will be seen from our Treasurer's report, an overdrawn balance of $329.81 is due him, making our actual debt, at the close of the year, $1,306.81.

The contributions during the year have been: From Presbyteries, $22,207.51; from Sabbath Schools, $304.20; from Legacies, $3,295.42; from Ladies' Missionary Societies, $228.05; from miscellaneous sources, $3,714.88; in all, $29,750.06. Claims amounting to $32,786.30 have been paid during the year.

There are a few facts connected with our financial matters worthy of attention. In all the sources of revenue there has been a falling off in contributions—a total decrease in our income, as compared with the year previous, amounting to no less a sum than $5,543.76, viz: From Presbyteries, $1,754,87; from Sabbath Schools, $467.88; from legacies, $3,214.12, and from miscellaneous sources, $335.94. Our receipts have been less this year than any year since 1872, and, for the first time in eight years, we close our accounts with a balance against us. It is true that our debt of $1,306.81 may seem small, but it should be remembered that this money is due to those who can ill afford to have the payment of their just claims long delayed; and, moreover, in less than thirty days after the adjournment of this Assembly between eight and nine thousand dollars in addition will fall due.

The term of service of the following members of the Board, Rev. David Barclay, S. Mahood and James McCutcheon, will expire with the approaching meeting of the Assembly.

II.—REPORT OF THE GENERAL COMMITTEE.

The eighteenth annual meeting of the General Committee of Home Missions was held in Coultersville, Illinois, beginning Wednesday, May 16, 1877. Forty-eight delegates were present, all the Presbyteries being represented excepting Argyle, Chillicothe, Oregon, San Francisco, Stamford, Vermont and Wabash. The Committee was organized by the election of Rev. H. H. Thompson, of the Presbytery of Sidney, chairman, and Rev. John Scott Sands, of the Presbytery of Monongahela, assistant secretary. We submit the following as the result of our deliberations:

The amount of money desired for the coming year was $48,212. After a careful consideration of the requests of the Presbyteries and the relative importance of the several missionary stations, aid was granted to the amount of $39,701, including $3,000 placed at the disposal of the Board to meet the necessities of places referred to it, as well as to meet emergencies that may arise during the year. In view of our indebtedness, and the fact that our income during the past year was much less than during the previous year, the Committee was compelled, in almost every case, to make appropriations much below the actual demands of the work, and to leave a large number of needy stations entirely without aid. What a painful necessity is upon us when we are compelled to contract our Home Mission work and abandon promising stations upon which much labor and means have been expended; and that, too, when on every hand we have fields whitening to the harvest!

The different Presbyteries applied for the services of seventy-six missionaries. The names of one hundred and fourteen men were reported for appointment, amounting to the full time of one hundred and five men, thus leaving the full time of twenty-nine missionaries unemployed. Some have received no appointments whatever; some have been appointed for only one, some for two, and others for three-quarters of the year. Indeed, the Committee felt constrained to limit the amount of time of each appointee to nine months of the year in every case, excepting where the missionary was assigned to some one particular station or Presbytery for the whole year. In view of the distressing fact that we could not give employment to the extent desired by those fully qualified for the gospel ministry, it was deemed a matter of justice that those who have not finished the regular course of three years study, and who consequently must return to the Theological Seminary, should not receive appointments for the present year.

We have thus, on the one hand, mission congregations and stations desiring the gospel ministry to which we have been compelled, through want of means, to deny it. And, on the other hand, a large number of brethren who are qualified by education and experience for the work, ready and willing to serve the Master, and who are mainly dependent upon this service for their own support and that of their families, compelled to submit to an enforced inactivity, because the Church will not furnish the money necessary to employ them. Fathers and brethren, what shall we do?

IV. MISCELLANEOUS BUSINESS.

The following preamble and resolutions were adopted, and are recommended to the Assembly for approval:

WHEREAS, The missionaries, in their quarterly reports, are required to state the number of pastoral visits made during the quarter, and some of them desire to know what is understood by the expression "Pastoral Visits,"

Resolved, That by pastoral visitation is understood visitation with the purpose of promoting the spiritual interests of those visited, and not simply social visitation.

Resolved, That the Presbyteries be required, annually, to audit the accounts of the Superintendents of Missions.

Resolved, That the Board of Church Extension be required to furnish the Board of Home Missions with a statement of the congregations to which aid has been given by the Board of Church Extension, and the security given by each congregation receiving such aid, that its property shall not be alienated from the United Presbyterian Church.

Resolved, That as a condition of receiving aid from the Home Mission Fund, Presbyteries are required to give assurance to the Board that the property of congregations asking aid is properly vested in the United Presbyterian Church, and that as far as possible they have complied with the rule of the General Assembly of 1873, which is as follows: "In trust that said premises shall be used and kept, maintained and disposed of as a place of divine worship, for the use of ministers and members of the United Presbyterian Church of North America, subject to the Standards and Acts of said Church, as from time to time authorized by the General Assembly of said Church; and in case the congregation shall cease to exist, or to be connected with, and subject to the jurisdiction of the General Assembly of said Church, or shall lose its corporate existence, the property shall enure, in all its holdings, to the Trustees of the General Assembly of the United Presbyterian Church of North America."

Resolved, That the Board of Home Missions shall require applications for aid from the Home Mission Fund, to be made in accordance with the formula of questions herewith submitted to the General Assembly for approval.

Resolved, That in place of general missionaries, as provided for last year, Rev. Marion Morrison be assigned to the Presbytery of Nebraska, for the coming year, for Essex, Tarkio and Rankin, and that $300 be granted to that Presbytery to sustain him in these places. Also, that a missionary and $600 be granted to Neosho Presbytery for Great Bend, Sterling, Holland Creek and connections.

Resolved, That $3,000 be placed at the disposal of the Board, to meet emergencies that may arise during the year.

REPORT OF THE BOARD OF FREEDMEN'S MISSIONS.

The Board of Missions to the Freedmen, in presenting another annual report of its work to the General Assembly, desires to express thanks to Almighty God for His peculiar favor during the year.

The Board has held monthly meetings, which have been well attended by the members, a quorum being present every month.

The business and work of the mission have received more careful and prayerful attention by the Board than for many years past. The Church has been regularly informed of the progress and need of the work by monthly statements, carefully and officially prepared, and by other publications.

A statement was presented to all the Synods, and called forth favorable action in every case.

THE WORK.

The work in each department has been carried on without interruption. The life and health of all the missionaries have been continued, so that none has lost a day from active duty.

KNOXVILLE.

According to contract, the new building at Knoxville was completed and ready for occupancy at the first of September, and at that time it was formally opened for the purposes for which it was erected. At the opening, five members of the Board were present, (at their own expense,) and were most heartily welcomed by the citizens of Knoxville. A very large concourse of people was present at the opening exercises, and the work and object of the Church, in the establishment of the mission, were commended publicly and in the warmest terms, by many prominent citizens and the entire press of the city. The Board considered it a most favorable omen.

The school opened favorably on the first Tuesday of September, and the attendance and progress of the pupils during the year have been as good as could, under the circumstances, be expected. The total enrollment for the year was 141, but the largest attendance at any one time was less than 100. The grade of studies is necessarily low, but advancing; probably the highest would not be above the intermediate grade in a good public school. Yet some went out during the winter to teach, and others, who had been teaching during the winter, came into school at the close of their terms. The religious feature in education has been made especially prominent. The Bible has been used every day, and many

have been kept constantly memorizing portions of Scripture. Indeed, without that feature, a secular education would not be advocated or thought of. But the obligation of this work is laid on us by the imperative demand for an educated ministry and educated teachers, thoroughly indoctrinated in the principles of a pure religion, for these degraded millions in our own country.

A literary society was established during the winter, and it has been carried on with encouraging success under the management of the missionaries. It meets every week. The religious element is maintained in this department of training also.

A reading room has been fitted up and opened to the students and their friends. It has a library of almost 1,000 volumes, and is provided with all the publications of our Church, and several other periodicals, all contributed for the purpose, without any expense to our treasury.

RELIGIOUS WORK.

The strictly missionary or religious part of the work has been most successful. Rev. S. B. Reed and his wife, whose appointment was made one year ago, arrived at Knoxville in the last week of August, and from that day Brother Reed has been earnestly and actively engaged in this service. His labors have been abundant, and the results thus far call for deepest gratitude to God, who gives the blessing and makes the work to prosper. Brother Reed reports: "During the year over half the colored people here have been visited, and some of them many times. In their homes tracts have been distributed, religious conversations held, and prayers offered. Every where we were cordially received and kindly treated. Not more than half of these families belongs to any Church, and many of them say they never had a visit from any minister. We desire to prosecute this work till all within and about the city have been reached.

"Our prayer-meeting commenced with fifteen and increased to one hundred, and would perhaps average fifty. The exercises consist of singing, prayer, reading, remarks by the leader, and an open meeting. The prayers are voluntary and there is no delay, as there are some who are generally ready to take part. At the close we have a season of social conversation, and the inquiry room is thrown open. The meeting is held every Wednesday evening.

"Our Sabbath school average for the year has been ninety-two. We meet at 9:30, Sabbath A. M., and continue for one hour. We use the National Lessons. We open the school by singing, reading the lesson alternately, (the Superintendent reading one verse and the school the next,) and prayer. Then we go to our different rooms and teach one-half hour. Then we meet in the opening room and unite in a brief review of the lesson, and then a sermon is preached, and all receive a paper. In the afternoon the Bible classes go directly to their rooms and learn to read for one hour. They use the word-system and go directly to the Bible without primary helps. At 3 o'clock they all come together and are examined on two or three Bible questions given the week before, then the work of the day is closed by a regular preaching service.

ORGANIZATION.

"On March 18th a Church organization was completed, with two ruling elders and twenty-five members, to be known as the first U. P. Church of Knoxville. Our denomination has been much discussed, but we are growing in favor. Our first communion was celebrated on the fourth Sabbath of April, and it will long be remembered. We received three more members. The congregation now consists of two elders and twenty-eight (28) members. Of these members seventeen were received on profession of their faith, and eleven by certification. Ten men and one woman were baptized. What has the Lord wrought?"

THEOLOGICAL CLASS.

It was evident, at the very beginning of the year, that there would be a demand for a class in theology. Brother Reed was directed to take charge of it, if such was required. He reports as follows: "We did not expect such a class this session, but have never been without one. Ten students have been enrolled. Their attendance has been irregular, but would perhaps average five. The class was made up of one Methodist elder, four exhorters and two members, one Baptist preacher, one Presbyterian elder, and one United Presbyterian. At first we re-

Digitized by Google

cited three times each week, as none of them attended college. At length we had only two lessons a week, as some of them were in our secular department. Of late we had simply a weekly lesson, as they were all pursuing other studies. We also found it necessary to have this one lesson on Saturdays, so that it might not interfere with the recitations of the week.

We have gone through Patterson's Theology as far as Sanctification. We have also gone over 300 pages of Thompson's Archæology. We also spent some time at each meeting on Bible difficulties, divisions of texts, and working for Christ: Moreover, we arranged for regular discourses on Saturdays, but heard only a few, as the brethren were much engaged preaching elsewhere. Of course the whole matter has been crude, but perhaps a greater work has been accomplished than any one supposes."

This is a new phase of our work, but it will doubtless be a permanent one. It is, in many colleges for the Freedmen in the South, a very prominent feature, on the principle that every Christian, as well as every worker, needs theology, and by this system of training the best will gradually be drawn to the ministry.

SEWING SCHOOL.

December 30th, Mrs. Reed opened a sewing school for girls. This class has had an enrollment of fifty-seven, and an average attendance of twenty-one. It meets at 2 o'clock each Saturday. At the opening of the class each pupil recites a verse of Scripture, and each meeting is closed with prayer.

On January 18th, a class for women was opened, which has had an enrollment of forty-five, and an average attendance of eighteen. This class meets on Thursday at 2 P. M., each week, and is conducted in a way similar to that of the girls' class. The articles made in these classes are sold at a nominal price to members of the class, or given away to worthy poor. The means for opening this department were contributed directly for this purpose, and the receipts for articles sold and contributions forwarded have been sufficient to supply material as it was needed. This class has proved quite a help to our cause as a missionary effort, besides being a greatly needed instruction to these poor ignorant mothers and daughters.

Prospect.—Arrangements are partly made by which a sub-mission station will be established in the eastern portion of Knoxville, and probably a primary school opened in connection with it. With this arrangement perfected, the whole field will be given up to the occupancy of the U. P. Church, a consummation most desirable and full of promise for the future of the mission work among the Freedmen. The missionaries are Rev. J. P. Wright, Miss Agnes Wallace, Miss Mattie Baldridge, Rev. S. B. Reed, and Mrs. M. J. Reed, teacher of sewing school. All these work in the spiritual work, teaching in Sabbath school and visiting from house to house, as they have opportunity. Brothers Wright and Reed lead prayer-meeting alternately, and thus the work, permanently established, gives a remarkable return in the way of results the first year.

CHASE CITY, VA.—NEW MISSION.

Early in the summer of 1876, Rev. J. Y. Ashenhust, of Chase City, Va., laid a communication before the Board, suggesting and urging the establishment of a mission at that point. Communications were received from several prominent citizens of the place, strongly urging this point as very promising and very needy. Mr. John Thyne forwarded a very practical plea for the Freedmen of the place, proposing, if we would establish a mission there, to donate to the Board his lot of five acres, on which is erected a good new two-story dwelling. It was resolved to open a school and continue it for three months as an experiment. Mr. J. J. Ashenhust was appointed missionary. He procured a small room, unfurnished, and in many ways unsuitable, but the best that could be obtained. It was fitted up (Mr. Thyne making desks for it free of charge,) and school opened on the 6th day of November. At the end of the three months the success seemed to warrant a continuance. It was then resolved to continue till the first of May. The total enrollment for the term was seventy-three, with an average attendance of forty.

The Sabbath school, which had been in progress during the preceding summer, under management of some Christian men and women in the U. P. congregation at Chase City, but which, for sufficient reasons, had been discontinued for a time, was reorganized January 7th, and has ever since had a prosperous and promising

Digitized by Google

existence. It had an enrollment, on the last Sabbath of April, of seventy-eight. Those Christian workers who had charge of this work previously, are now most earnest and efficient helpers in the good cause.

Mr. John Thyne has made good his promise to donate his property. During April, the Board received a deed, in fee, from him for his lot and house, variously estimated at from $1,800 to $2,500 in value. In addition to this most generous gift, Mr. Thyne now proposes, if the Church will provide the material, to erect gratuitously a suitable school building on this lot. The amount necessary to supply the material will be about $800. The dwelling will make a good, comfortable home for the missionaries.

This field is so promising, and the experiment so full of encouragement, that we feel that it should be occupied permanently and at once.

PROPERTY.

The old school property in Knoxville is still in an unsettled condition, the Chancery Court not yet having issued a decree perfecting the title to the Board. This property is only of small value.

The school property in Nashville has now a perfect title, having been invested in the Board absolutely by a decree of the Chancery Court; subject, however, to be attached by outside claimants within three years from its rendition.

Last fall the old school building was partially destroyed by fire. The Public School Board at once made a proposition to our attorney, Judge John Lawrence, to rent the property for three years, at $150 per annum, and to repair the building and put it in good condition, for the sum of the rent for two years. We accepted the proposal, and the City Board at once repaired and occupied the house.

FUNDS.

The whole amount received from the Church during the year has been $6,746.84. Of this sum $5,502.63 have been received from Presbyteries and congregations, $288.50 from individuals, $220 from legacies, $195.66 from Missionary Societies and Sabbath Schools, $540.05 from Tuition and sundry sources, per Rev. J. P. Wright, Knoxville.

There is at present in the Treasury	$	263 67
Notes due on property sold in Vicksburg, with interest	1,200	00
Liabilities, May 31st, Missionary Salaries	350	00
Liabilities, July 31st, Borrowed Money, referred to in Treasurer's report	2,600	00

A legacy from the estate of Mr. Samuel Henry was reported to the last General Assembly, as having been left to the Trustees of the Assembly in trust for the Freedmen's Board, the proceeds of this legacy to be used for the education of the Freedmen. The last Assembly instructed the Trustees to loan the principal, on good security, to the Freedmen's Board. This has been done and the mortgage for the amount ($3,000) given as security on the college property in Knoxville. This will be due in three years from the date of the mortgage.

MISCELLANEOUS.

Students' Fund.—We would call the attention of the Assembly to a recommendation with reference to the establishment of a fund for aiding promising students, who are too poor to obtain an education, but who, with some aid, might soon be brought into the ministry. It is thought a fund of about $1,500, permanently invested, could be used to very great advantage in the way specified.

Chase City.—We ask the Assembly to give special attention to this important point, and instruct the Board in the matter.

Appropriation.—Owing to our failure to receive sufficient of last year's appropriations to meet our liabilities and carry on the work, we are obliged to ask for $10,000 for the coming year. If our debts were paid, it would not require more than $5,000 or $6,000 per year for our work.

VACANCIES.

The term of office of Rev. R. B. Ewing, D. D., Rev. D. S. Kennedy and Rev. W. H. McMillan expires with this year. Rev. E. N. McElree resigned his place as a member of the Board.

By order of the Board.

From other sources	85 20	
		4,584 70

APPROPRIATIONS.

The appeals for help have been very numerous and urgent, but it has been the effort of the Board to keep the appropriations within the available means. The following grants have been made:

Congregation.	Presbytery.	Donation.	Loan.
Amity	Kansas	$ 420 00	
Atlantic	Nebraska	500 00	$ 500 00

West Chester	Keokuk	200 00	200 00
		$7,805 25	$3,257 62
Total			$11,062 87

Bellaire.—In accordance with the agreement reported last year, the contributions of the Presbytery of Wheeling were paid to the Bellaire congregation.

Chicago.—Soon after the last Assembly, the Board ascertained that the congregation of Chicago had not been relieved of its embarrassments, as was supposed, and it became necessary for the Board to pay $800 to meet accrued interest on the mortgage. The donation of $147 and the loan of $109.10 are special contributions, reported after the close of last year. The loan of $1,098.52 is the amount raised by the Synod of Illinois during the present year.

Indianapolis.—The congregation of Indianapolis, finding it impossible to erect the main building, with the consent of the Board remodelled the part already in use. It is now attractive, and will meet all their requirements for a number of years. The amount appropriated will be reduced by the proceeds of a mortgage held on the property formerly owned by the congregation.

Lawrence, Mass.—Several years ago help was given to the congregation of Lawrence, Mass., in the Presbytery of Boston, but a debt remained. In consequence of many of the members being out of employment, and other unfavorable circumstances, the existence of the congregation became imperiled by the debt they were unable to meet. The appropriation is made on the condition that the property be deeded to the Trustees of the General Assembly, and that the first mortgage be assigned to the Board. This action, it is believed, has saved the congregation.

Port Huron.—In accordance with the instructions of the Assembly of 1875, the Board assumed the interest of the mortgages on the property of the congregation of Port Huron for this year also. No report has been received of the reduction made on the debt, but it is believed to have been small.

FINANCIAL CONDITION.

It gives the Board pleasure to report that the interest bearing debt, which, for several years, has been a heavy burden, has been removed. The unpaid appropriations and liabilities amount to $4,175. It has been the aim of the Board to be able to meet appropriations when due, and, if sustained by the Church, this point may soon be reached. It must, however, be remembered that the present comparative relief from embarrassment has been attained only by persistently discouraging applications. The work has suffered, and still suffers. In every part of our great mission field, the progress of the Church has been hindered by the necessity of refusing to allow applications to be made which could not be granted; or, if granted, could be paid only after long delay, and disappointment and loss.

THE LOAN FUND.

The receipts of the Loan Fund have been $4,584.70. Of this amount $910 was from loans repaid. The amount of loans due is about $6,000. But little progress has been made in the collection; some congregations being unable at present to make payment—others being slow to learn that loans must be repaid. The net increase of the fund during the year has been $3,269.25, so that the total amount is now $51,297.30.

ILLINOIS LOAN FUND.

The Synod of Illinois has undertaken to raise a special loan fund of $7,000 in three years, the first use of it to be given to the congregation of Chicago. The agent reports encouraging prospects of success. The contributions, thus far, amount to $1,715.38; included in the general statement above given.

SECURITIES.

The following securities have been received during the year:

ESTIMATES.

It is never possible for the Board to know definitely how much will be required for the work of the coming year, but in view of the many congregations for which the possibility of success lies in obtaining help from this source, and of the fact that the applications, formally or informally before the Board, already amount to $28,000, the Assembly is requested to ask contributions to the amount of $30,000.

REFERENCES.

San Jose.—The agent, appointed by the last Assembly to solicit special contributions for the San Jose congregation, reports that only about $1,850 has been obtained.

Des Moines.—The Synod of Iowa, by a committee, and the Presbytery of Des Moines, have laid before the Board the necessity for a new church edifice at Des Moines City, and ask a donation of $10,000. The Board does not feel at liberty to act in such a case, and herewith submits the application to the Assembly.

Port Huron.—The congregation of Port Huron, in consequence of the financial reverses of many of its members, appears to be unable to remove the heavy debt which was reported to a former Assembly, and the present method of help is inadequate. The congregation and the Presbytery, therefore, ask the Board to take the title to the property, and assume the mortgages to the amount of $6,000, the congregation engaging to pay the remaining $1,000, and $500 a year towards the redemption of the property. The whole case is referred to the General Assembly for instructions.

RECOMMENDATIONS.

Some of our congregations, occupying important fields, and holding valuable property, are in danger of breaking down under the weight of debts contracted in former and more prosperous years. The liabilities are too large to be assumed by the Board, and the appropriations which it may be able to make are consumed by the interest, the debt still remaining. And yet, with an extension of time, and a reduction of the interest account, the congregations would be able to meet their obligations. In the judgment of the Board, this can be accomplished by a system of Congregational Bonds, issued under the guarantee of the Board, part bearing a low rate of interest, and part without interest, to be taken up by the congregation and its friends. The Assembly is therefore recommended to authorize the Board to give such guarantee, when, in its judgment, this will accomplish the end, and when protected against loss by ample security given by the congregation.

MISCELLANEOUS.

The attention of the Assembly is called to the more careful Presbyterial supervision of congregations building churches. The proper work of the Board, the erection of churches, is greatly hindered by the necessity of helping congregations whose property, and whose very existence, is imperiled by debts contracted without the knowledge of the Board or their Presbyteries. The careful supervision which the spiritual interests of the congregations require, would prevent such cases from arising. No congregation should be permitted to build without satisfying the Presbytery of the prudence of its plans and of its ability; or, if help is needed, without knowing, before the work is begun, how much can be obtained.

In view of the many applications for assistance to remove debts, contracted without the knowledge of the Board, the Assembly is asked to define more carefully the extent to which aid may in such cases be rendered.

VACANCIES.

The term of office of Rev. J. S. Easton, D. D., Mr. J. P. Hanna and Mr. Anthony Lewis, expires with this year. Rev. Joseph H. Timmons, elected by the last Assembly, could not serve on account of his distance from the place of meeting, and Rev. J. R. Kyle was chosen to fill his place for the present year. Rev. A. H. Elder, whose term expires in 1878, having removed to a more distant location, has tendered his resignation. There are thus five vacancies to be filled.

The Board gratefully acknowledges the encouragement given by the Synods and many of the brethren. The congregations receiving aid have been abundant in their thanks to the Church for timely help. The year has been one of great trial. The Board feels that it has been able to do but a small part of what is required by the growth of the Church we serve, but it has endeavored to make the best possible use of the means at its command. The General Assembly is asked to give time and careful consideration to this department of its work, and to endeavor to awaken in all a sense of its importance and a direct interest in its growth.

REPORT OF THE BOARD OF PUBLICATION.

By the Divine blessing we have been enabled to prosecute our work during the past year, without hindrance or embarrassment from the financial crisis of which others so loudly—and, no doubt, so justly—complain.

With comparatively small contributions from the Church and individuals, we have not only promptly met all our expenses for printing, purchase of stock, salaries and incidentals, but we have reduced the debt on the new building, from eight thousand dollars, ($8,000), as reported last year, to five thousand dollars, ($5,000), at the first of May, this year, and since the latter date we have paid off an additional two thousand dollars, ($2,000), making in all a clear reduction of five thousand dollars, ($5,000), in the year, and leaving but three thousand dollars, ($3,000), at this date, (May 15th), to be paid. This gratifying result has been attained, and our stock fully kept up, by the most careful economy and application to business.

Our financial condition may be seen from the following exhibit:

In the present state of our own and the public finances, and with the superabundance of books in the market, it is probably not wise to expend much on new publications, unless of special merit, and such as are necessary to meet the present and urgent necessities of the Church.

Of this latter class nothing is so frequently pressed upon the Board as a Church Sabbath School paper. From every quarter come demands for such a paper, and the oft repeated inquiry, "Why does the Board not publish a Sabbath School paper?" can be answered only by saying, "The Assembly has never encouraged it."

We again, as in former reports, ask a careful consideration of this subject. We would emphasize and press this request: Let it not be passed over lightly; thousands of parents and tens of thousands of children and teachers would rejoice to see such a paper, under Church control, sustained by denominational prestige, and devoted to the presentation of sound instruction and maintenance of sound principles, pure morals, and Scriptural worship. It would be welcomed with gladness as a weekly visitor and counsellor to their homes and to their schools.

The two semi-monthly Sabbath School papers published in the interests of our Church by individual enterprise, the *Youth's Evangelist*, in Philadelphia, and the *Little Preacher*, in College Springs, Iowa, have an aggregate circulation of probably thirty thousand. Our schools and families need, and were the proper inducement presented, and influence exerted, would doubtless take at least fifty thousand copies every week. Here we see there is abundance of room for the Church paper without, in the least, disturbing or displacing those now in circulation. It must be remembered, too, that this room is now being largely occupied by papers from outside, and that with fatal effects upon the principles and Church attachments of children and teachers. The "paper" largely takes the place of the "book" and the "teacher." Through the paper the writer presents, in well-written articles, and in words and phrases well chosen, facts, thoughts, suggestions, exhortations, warnings, etc., to myriads of readers, where the teacher can reach and be heard by a class of only a half-dozen, and that often in circumstances unfavorable to making a lasting impression. The writer in the paper, however, bides his time, and has not only days and weeks, but months of leisure in which to improve the favorable season for fastening his thoughts and deepening his impression upon his readers.

We learn, with pleasure, that the Standing Committee on Sabbath Schools will bring this matter before the Assembly. We will, therefore, not press it further for the present.

According to the instructions of the last Assembly, the Board offered prizes for the best manuscripts for books. A committee of award has been selected and several manuscripts, very recently sent in, have been submitted to them. Their decision will be given and announced in due time.

A considerable amount of old debts for books bought, remains unsettled. In most instances, however, we have fair promises.

We again, as heretofore, ask the prayers, the patronage and the contributions of the Church. Many destitute places, and new, or weak mission stations, have been made to rejoice in donations of books, especially Psalm Books and Bibles. Destitute families and individuals have been made the glad owners of the precious Word of God at our hands. But we cannot supply all the demand. The wants are great and the desire earnest for the Word of God. Our missionaries can do their work easier and better with such helps. Every inducement is before us to increase our facilities for the cheap and gratuitous distribution of Bibles, Psalm Books, Catechisms, the Church Standards, and a sound religious literature for Sabbath Schools and families.

By order of the Board.

S. COLLINS, *Superintendent.*

REPORT OF THE BOARD OF EDUCATION.

The embarrassing circumstances of the Board at the opening of the last ecclesiastical year, are well known to the Church.

In the deliberations of the Board, respecting the situation, and the line of action which should be adopted, it was felt that the interests of this part of the Church's work, and the expectation of the people, required three things to be kept in view:

1st. To do the proper work of the Board, as far as possible, in keeping with the other objects.

2d. That there be no increase of indebtedness.

3d. To reduce the existing indebtedness in such measure as would be in harmony with the principles underlying the constitution of the Board.

After much counsel and deliberation, it was arranged that, 1st. No increase of indebtedness be made; 2d. That of the money received, 50 per cent. be applied in payment of indebtedness, and 50 per cent. be paid to beneficiaries of the current year; and 3d. That students be notified that the Board would make payments on grants only as money would come into the treasury, the Board doing what it could to secure full payment of installments. This line of work has been carefully kept in view, through the year, and with quite satisfactory results.

SUMMARY OF TREASURER'S REPORT.

The report of our Treasurer, regularly audited, accompanies this report. The following summary and statement present the financial condition of the Board during the year.

The Statement shows a reduction of actual indebtedness from $3,486.71 to $2,191.77. And now the Board enters on the work of another year with only the liability of $2,191.77 and no maturing obligations other than the necessary current expenses—a very much more satisfactory state of things than existed one year ago.

STUDENTS UNDER THE CARE OF THE BOARD.

During the year grants were made to eighteen young men intending the ministry. These grants were all made in accordance with the plan adopted by the Board, and no student warranted to expect more than his *pro rata* of the money which would come into the treasury. And on this plan the Board has been able to pay to them two-thirds the usual amount—and this amount has been to most of them a great and highly appreciated favor. Two of the young men to whom grants were made, did not secure aid—one finding it necessary to absent himself from the Seminary for want of means for the necessary expense; the other, finding himself having means at command, declined to receive the money, returning it to the treasury.

Of those receiving aid, nine are students of theology, and seven are yet pursuing their literary studies. The report of their names accompanies this report, as required by the action of the Assembly of 1876.

THE INCORPORATION OF THE BOARD.

In 1874 the Assembly took action looking to the incorporation of all its Boards, directing them to become incorporated under the laws of the State where located. Early in the past year, it becoming desirable that this Board be incorporated, on legal advice being taken, a charter or official certificate of incorporation was obtained, a copy of which, together with a copy of the action of the Board accepting, accompanies this report for your approval.

DESIRABLE THAT LITERARY STUDENTS RECEIVE AID.

The Board agreed to ask the Assembly to modify its action of 1875, so that aid could be given to literary students, of the junior and senior years.

It is believed this change can be safely and properly made. Students in this stage of advancement have usually reached such measure of maturity in the work of education,—such fixedness of purpose respecting the pursuits of life, and such qualities of character that Presbyteries can wisely, safely judge respecting their adaptation to the work of the ministry and their probable usefulness as ministers of the Gospel. Again, young men at this stage are not unfrequently in greater need of help than when more advanced, and of equal worth and promise with those who receive aid.

Under the regulation ruling out literary students, the number of beneficiaries is diminishing from year to year. The work of the past year, we think, shows that this is not a necessity to secure the liquidation of the debt. The *pro rata* plan, endorsed by the Church, as it surely is, will do this. Very many feel that the young man of worth and promise, who is in need, is entitled to the sympathy and aid of the Church, even though he has not entered on the formal theological course. The Board has evidence, too, that such enlargement of privilege will secure a more extended sympathy with its work.

REQUEST OF REV. JOHN SCOTT, D. D.

REV. W. T. CAMPBELL—

Dear Brother:—Not expecting to meet with you, I wish through you to say to the Board that I desire to retire from membership, as my infirmities hinder me to be of any service as a member. The time for which I was elected a member ends this spring. The Board will therefore please to take such action as that the General Assembly may elect another in my place. JOHN SCOTT.

APPROPRIATION ASKED.

An appropriation of $7,000 is desired. With this amount promptly and fully furnished, the Board will be able to cancel the balance of its indebtedness and give the probable needed aid during the coming year.

THE PURPOSE OF THE BOARD

Is to continue its *pro rata* plan, unless the Assembly should direct otherwise.

In closing our report, we desire to express our sincere gratitude to our Divine Master for the favor with which our efforts have been crowned, and with heartfelt satisfaction to recognize, under Him, the growing interest and sympathy of the people in behalf of not only the work of this Board, but of the whole work of the Church, all the lines of which, being parts of the whole, are necessary in the development of the kingdom of Jesus Christ.

The time for which Dr. John Scott, J. M. Turnbull and Rev. W. T. Campbell were chosen members of this Board, now expires. It is for the Assembly to re-elect them or elect others.

Respectfully submitted,

JOHN SCOTT, *President*,
W. T. CAMPBELL, *Secretary*,
G. D. HENDERSON, *Cor. Secretary*.

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

In presenting this their Fourth Annual Report to the Assembly, the Board are called upon to mention with sorrow the death of one of their members, the Rev. S. S. White. The event occurred on the morning of the 16th of August. He was a brother beloved, a useful member of the Board, and a faithful and successful minister of the gospel. Suitable action was taken in relation to his decease, and engrossed upon the Minutes.

Regular quarterly meetings of the Board have been held during the year, and the Executive Committee have attended to such matters of business as required consideration and action during the interim of the meetings.

The Board have been endeavoring to do their work in the spirit of Christian benevolence, without ostentation, and in faithfulness to the important, and in some respects peculiarly delicate, trust committed to their care. They have made no effort to attract the attention of the Church during the year, or to draw funds to the treasury They refrained from this because sufficient was contributed to meet the immediate need, and because the other Boards generally were in special straits. In more favorable circumstances they would desire to have more attention and more generous contributions.

Seven disabled or superannuated ministers and families of deceased ministers have received aid during the year. The benevolent regard of the Church for these dependent and needy ones has been duly appreciated, and in some instances acknowledged with affecting expressions of gratitude. The clerk of one of the Presbyteries, writing in relation to the action of the Board in granting aid to an aged and infirm minister and his wife, sent these words, "The money, indeed, came very opportunely. If you knew how it gladdened the hearts of the aged couple, you would rejoice that you had it in your power to send relief." The father in the Church here referred to entered into his rest a short time after the receipt of this word in relation to him. The members of the Board rejoice to know, and it will gratify the Assembly and the whole Church to know, that the burden of the last days of an aged servant of the Lord was in some measure lightened by the tender regard of God's people for his temporal necessities. This case is presented only as an example of the good work that is being done by the Board, and of the grateful spirit in which their work is recognized by those who receive aid at their hands.

The rules adopted by the Assembly for the guidance of the Board are found to work well in practice. These rules, faithfully observed by the Board and by the Presbyteries, will secure aid in all really deserving cases, and will generally prevent any imposition in cases that are otherwise. It is found, however, that Presbyteries, on which, indeed, the main responsibility must rest, will find it requisite to exercise proper caution. In at least two cases during the year, recommendations were made and assistance asked when the facts were not sufficiently known. A little delay and investigation on the part of the Board led to the withdrawal of one of these recommendations. The other request was granted; but only a part of the appropriation was paid. What the Board desire is, that due care shall be exercised by the Presbyteries, so as to prevent imposition on the one hand, and on the other to secure assistance in every meritorious case.

The Treasurer's report for the year, which has been audited and found correct, shows that the receipts have been as follows: From Presbyteries, $1,244.29; individuals, $510; legacies, $100; interest on funds invested, $754.80. Total, $2,609,09. The expenditures have been: For beneficiaries, $700; incidental, $10. Total, $710. The balance of receipts has been invested, as the other funds in the hands of the Board, in United States Registered Securities. It will be seen that the receipts, including interest on investments, have more than satisfied the demands upon the treasury for the year. This fact, however, should not lead to any diminution of contributions by the churches. The history of similar Boards in other branches of the Church clearly shows that as the Boards and their workings became better known, the demands upon their treasuries increased in more rapid proportion than the contributions. This Board is therefore at the present day making some provision for a day of greater need that is sure to come. Besides, if the ministers throughout the Church who are not able to provide anything for a possible day of need, shall know that the Church has a considerable permanent fund secured, they will thereby be freed in some measure from anxiety in regard to their future.

The Treasurer's report would also show, if presented in detail, that many congregations throughout the Church do not make any contributions for the work of this Board; that fourteen of the Presbyteries have contributed nothing, and five others from one to less than four dollars each. The Presbytery of Philadelphia is the largest contributor. The Board expresses the hope that the Assembly will endeavor to take such action as will secure more general interest in the work of the Board, and more general contributions to its fund. It is believed that no part of the Church's work receives a readier response from the hearts of Christians than the work of this Board. God's people know that the laborer is worthy of his hire, and that the mouth of the ox that treadeth the grain is not to be muzzled. They know, too, that ministers generally do not receive such salaries as enable them to make much, if any, provision for a time of disability or old age, or for their families when they have been removed by death. The cause of ministerial relief has therefore but to be placed intelligently before the minds of the people by pastors and sessions in order to secure a cordial response. The Board earnestly ask, therefore, that every congregation may have its cause presented to them, and an opportunity given of making an offering for its work. Some may not be able to give much; but their small gifts, accompanied with prayer for the divine blessing, will do good to the givers, as well as to those for whom they are given.

The term of office of Messrs. James M'Cartney, John P. Scott and George B. Skelton, expires with this meeting of the Assembly.

Respectfully submitted,

By order of the Board,

REPORT OF THE PERMANENT COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

In response to circulars asking for information on which to base this report, the Committee have received returns from forty Presbyteries in this country. Fifteen make no report. The information received is, however, sufficient to give a general view of the present state of the Church. This is not materially different from that presented in former reports. If we were comparing one century of the Church's history with another, or even one decade with another, striking differences might be observed. Ordinarily these will not be found in tracing her history from year to year. We present the following:

NARRATIVE.

1. *The Ministry.*—The mortality in the ranks of the ministry is greater this year than last, though not so great as in some preceding years. Eleven names which have appeared on the roll will henceforth be dropped: Hugh Brown, S. Stewart White, W. J. Cleland, John MacLellan, Byron Porter, H. H. Blair, W. R. Gladstone, J. E. Dodds, Thomas Wylie, Randal Ross and John A. Vance. Some of these were old, and had long "endured hardness as good soldiers of Jesus Christ." One had sustained a pastorate of forty-one years, an unusual thing in these times of change; others had just girded on their armor, and on their cheek was the first flush of victory; and one, Brother Porter, was in the prime of manhood and in the midst of usefulness. Their loss will be felt by the Church, by the people among whom they ministered, and keenly and deeply felt by their families and friends. We rest assured there is no loss to themselves, but "gain." In making this record the mind instinctively inquires what names shall fill the death roll in the year to come. The uncertainty which hangs over this should lead all to "work while it is day, for the night cometh when no man can work," and to "watch, for we know not what hour our Lord doth come."

While our ministerial ranks have thus been thinned by the hand of death, the Master has called others into the field by whom his work is to be continued. The blanks returned to the Committee do not furnish data on which to state the number of licensures and ordinations, but these are known from other sources to be largely in excess of the deaths, probably three times as great. It may also

Digitized by Google

be stated as an encouraging feature in the condition of the Church that the number of installations exceeds the releases by about one-fourth.

2. *The Membership.*—As the Committee has not obtained returns from all the Presbyteries, we cannot state with exactness the number of admissions, but estimating those which have not reported in the same ratio with those which have, the number of members added during the year would be over 3,000. Of these 400 are adults received by baptism. The cords of our Zion have moreover been lengthened to enclose ten new organizations, and with the proper culture of these new fields her stakes will be correspondingly strengthened.

As the blanks which have been in use for some years past do not call for sufficient data on which to present a satisfactory history of the Church from year to year, a new formula of questions has been prepared and accompanies this report, and is proposed to the Assembly for adoption.

STATE OF RELIGION.

In estimating the state of religion, everything depends on the standard of comparison which is employed. As compared with the years 1858 and '59, in which the Church enjoyed "times of refreshing from the presence of the Lord," there is, we think, a palpable decline in zeal, or of that holy ardor which prompts to great effort and large self-sacrifice in the cause of Christ, and a consequent increase of coldness, formality and indifference to the truth of our profession. But as compared with immediately preceding years there is no plainly marked difference. Prayer-meetings and Sabbath-schools appear to receive increasing attention, and to be better regulated and conducted more to edification than formerly. The adoption of the International Series of Lessons, with the helps in the form of notes from different sources, has materially added to the efficiency of the Sabbath-school. On the other hand, the reports from different parts of the Church leave room to doubt whether family worship, family instruction, the strict observance of the Lord's day and separation from sinful worldly pleasures have kept pace with improvements in other respects. The increase of the public services of religion at the expense of or when connected with the neglect of its more private duties, is not a mark of spiritual health.

The past year has witnessed some remarkable religious movements in our country. Revival and temperance meetings have in different places attracted thousands of deeply interested and profoundly moved auditors. In some instances the religious element has led and drawn after it, as a natural and necessary adjunct, the temperance element. In others the subject of temperance has taken the lead and naturally deepened into a religious movement. Though not prime actors in either of these movements, our ministers and people have not been idle or uninterested spectators. Deeply sympathizing with the objects of both these movements, they have, so far as practicable, lent their countenance and aid to them. As might have been expected, however, from the past history of the Church, the work of men animated by the Spirit of God has had many imitators of different principles and spirit. The mingling of truth and error, and of good and evil, involved in or naturally flowing from these remarkable movements, has led many to reconsider the theory and practice of our Church in regard to her method of conducting her work. Some appear ready to fall in with the modern and popular way of seeking the revival of religion through continuous and protracted public services. Others, perhaps more thoughtful, are doubtful whereunto this may grow, or of the ultimate effects of such efforts. The principle of protracted religious services is plainly recognized in the appointment of the Jewish festivals of seven days, and, on rare occasions, of fourteen days. The preaching of John the Baptist, of our Lord himself, and of the Apostles at Antioch, Ephesus, Corinth, and other places, was on the same principle. The principle is, in fact, founded on a law of our nature, and is acknowledged in the three or four days services in connection with the administration of the Lord's Supper and in the observance of the Week of Prayer. Any method of conducting religious services is, however, liable to abuse, and while it is not to be supposed that we have attained perfection in our mode, it will be wise to "hasten slowly" in making changes, and especially radical ones. A denomination will work more comfortably and more efficiently according to its own methods than by those of some other, even though there be nothing particularly objectionable in the latter. There is the more reason to question the propriety of some of the popular methods of carrying on the work of the Church, inasmuch as many of the most wise and serious among those who have longest and most thoroughly tested them are dissatis-

Digitized by Google

fied with them. The similarity, indeed, between the protracted efforts of John the Baptist, of our Lord and his Apostles, is rather in appearance than reality. Their public life was a continued effort to establish the kingdom of God and destroy the works of the devil. The intervals in their public work were rare and brief. Work was the rule, rest the exception. With the most of modern revivalists and Churches which depend on revivals, so-called, to advance their cause, the reverse holds good. The protracted effort is the exception; rest, if not listlessness and indifference, the rule. It may be set down as a truth that patient, persevering, earnest employment of the appointed means of grace, coupled with a readiness to enter into any "great and effectual door" which Providence may set open before us, and a disposition to covet and cherish the breathings of the Divine Spirit, will more effectually and more permanently advance the kingdom of Christ than any merely emotional effort, however sincere it may be, however protracted, or whatever may be its apparent results.

Although the past has been a year of severe financial distress, the contributions of the Church have been little, if any, below those of former years—a fact which shows that the liberality of our people, as measured by the Spiritual rule, "as God hath prospered," is on the increase. The plan of voluntary contributions, variously modified to suit the circumstances of different congregations, seems to be steadily gaining favor, and bids fair to supersede in time the old plan of subscriptions.

The discussion of the tithe system by various writers has called the attention of the Church to that important subject, and has resulted in inducing a large number of her members to adopt some systematic method of giving; and, we believe, an increasing number to adopt the tithe system. The general adoption of this system would cause all the treasuries of the Church to overflow. Whatever may be thought of the perpetuity of the tithe law, it can scarcely be denied that Christians do not exceed the Scriptural measure of giving when they devote a tenth of their income to the Lord. Patient, prudent and persistent instruction on this subject, joined with consistent example, will eventually be found a better method of keeping the funds replenished, than periodic special appeals.

While we thus find, in reviewing the history of the Church during the last year, some things of a discouraging character and which are causes for humiliation, yet there are many and great reasons for thanksgiving and encouragement. The sacred "trust" of the gospel of the grace of God has been preserved; the ordinances of Divine appointment have been kept in purity, and have been dispensed with a blessing in some cases seen; and in many others, we have reason to believe, descending silently like the dew. The membership has been increased. We have, for the most part, dwelt together in "unity." Our Church enjoys the respect and confidence of her sisters. And we may say, "The lines have fallen to us in pleasant places; yea, we have a goodly heritage."

Let us, then, fathers and brethren, preserve this precious heritage and hand it down to our children in such a way that they may be enabled to transmit it also to the generation to come, even the children which shall be born, who shall arise and declare them to their children, that they may set their hope in God and not forget the works of God, but keep his commandments. Let it not be forgotten that we command the respect of others in the ratio that we are faithful to our convictions and vows. "And as many as walk according to this rule, peace be on them, and mercy, and upon the Israel of God."

"And now, for friends' and brethren's sakes,
Peace be in thee, I'll say,
Yea for the house of God our Lord,
I'll seek thy good alway."

REPORT OF THE PERMANENT COMMITTEE ON SABBATH SCHOOLS.

According to the instructions of the last Assembly, we prepared blanks, which, by the kindness of Rev. A. G. Wallace, D. D., were printed and sent to all the Sabbath Schools of our Church.

From nearly one-third of the schools no reports have been received.

About five hundred blanks were filled and returned, from which we gather the following

FACTS.

Three-fourths of the schools are open twelve months in the year; the remaining one-fourth, less than twelve months.

A total enrollment of over forty-four thousand scholars is reported, with an average attendance of about thirty thousand, which would be much higher if the reports on this item were complete.

While a few schools have suffered a decrease in the number attending the past year, one hundred and forty-seven report an encouraging increase.

Five thousand children of unchristian parents are pupils in these schools.

In more than one-half the schools all the scholars attend public worship in the church. These are generally located in the country, where Sabbath School is held immediately after church service. Here, also, the whole congregation goes into the Sabbath School. So that we find, throughout the Church, about the one-seventh of her entire membership studying the Scriptures in her schools.

Over four thousand teachers are reported, only fifty-four of whom are not church members. Nearly all the pastors and missionaries, and one thousand elders, are in the schools as teachers and officers.

During the past year about two thousand scholars have been received to membership in the Church.

The Shorter Catechism is taught in all the classes of many, and in some of the classes of nearly all the schools—aggregating fourteen hundred and fifty classes.

One hundred and fifty-three libraries were reported, with an aggregate of thirty-three thousand volumes.

Sabbath School papers are distributed in nearly all the schools, and in a majority of them "The International Series of Uniform Lessons" are used with the "United Presbyterian Worker," as a help to teachers and scholars.

The contributions of over half the schools are used in defraying current expenses; the rest goes to the different Boards of the Church and to other worthy objects.

These are facts of general interest and importance, and on them we would offer a few

REMARKS.

1st. There are many things in these reports that indicate a healthy and flourishing condition in most of the Sabbath Schools, that calls for hearty thanksgiving by our Church to the Great Shepherd of the Sheep, and encourages greater effort and devotion in the future on the part of officers, teachers and friends. The large number of schools open during the year, and their high and increasing average, tell of zeal and patience in the Master's work. The schools closed part of the time are not suspended for want of interest and devotion, but because the scattered condition of the congregations, the severity of the weather and the impassibility of the roads, render it almost impossible to continue the schools during the winter months.

2d. That so many children of unchristian parents are found in these schools, receiving instruction from the Word of God, proves that the Church has not yet lost sight of the original design of the Sabbath School, viz: To bring the children of godless parents under the enlightening and saving power of the Gospel. Through some of her schools she is going out into the streets and lanes of the city, and into the highways and hedges of the country, and by sympathy and kindness, is compelling the poor, the maimed, the halt and the blind, to come into the kingdom of heaven. And we are persuaded that much more of this Christian work would be done were there more of the spirit of Christ in his Church.

3d. The large number of scholars who attend church, and of members who are

Digitized by Google

in the schools as pupils; the many elders and pastors who are there as workers, the very large proportion of teachers who are Christians, and the numerous accessions to the Church from the scholars, all go to show that closeness of union, hearty sympathy and co-operation, and mutual helpfulness, which are so important and desirable in Church work; and are prophetic of the coming of that good time in the history of the Church, when adult Christians will know, by their own experience, that both in material and spiritual things, "It is more blessed to give than to receive."

4th. The number of classes in which the Catechism is taught shows that the Sabbath School and the Catechism are not hostile the one to the other, but mutual friends and helpers.

5th. The failure of so many schools to fill and return blanks, when prepared and sent to them, indicates a degree of negligence on the part of superintendents or pastors, inconsistent with a proper appreciation of, and interest in, this good work. The whole Church would be gratified and profited by full reports from every part of the field of her operations.

6th. The contributions of the schools during the past year, though seemingly large in the aggregate, are not at all what they might be, or ought to be. They do not average much above a penny a Sabbath each, for officers, teachers and pupils. If all would imitate the example of a few, the sum contributed could be doubled, and even quadrupled, in a very short time. The development and exercise of the grace of giving to the Lord, should be regarded as an important part of Sabbath School work, and should have more prominence than it now has in our schools. Singing Psalms is good, prayer is good, reading the Bible is good, and reciting the Catechism is good, but giving of one's substance to the Lord is better. Mercy is better than sacrifice.

7th. That the helps furnished by our Church are used so generally by her schools shows an appreciation of her work in their behalf, and should call forth increased zeal and liberality in providing first-class helps for both teachers and pupils, at the lowest price, if not gratuitously.

8th. Notwithstanding all that has been said of the encouraging condition of our Sabbath Schools, there is yet a large number of the members of the Church, and many of them parents, who manifest little or no interest in this good work. The chief discouragement in the way of pastors and Sabbath School workers, is the indifference of those who are lukewarm and at ease in Zion. The opposition of the world, and the waywardness of children are bad; but the heartlessness of Christians is far worse.

We would therefore present (as embracing in substance the wants of our Sabbath Schools as these have been reported to us,) the following

SUGGESTIONS:

1st. That pastors and missionaries be requested to preach more frequently on the importance of the Sabbath School—its relation to the Church, and her duty in supporting and encouraging it. We are persuaded that most of the indifference complained of arises from ignorance and thoughtlessness, and can be removed most speedily by judicious and kindly instruction and exhortation from the pulpit, and the whole membership of the Church brought into active sympathy with her Sabbath Schools and *all* her commendable enterprises.

2d. Synodical and Presbyterial conferences or conventions in the interest of the Sabbath School, would increase the zeal, knowledge and wisdom of pastors, officers and teachers in this branch of Christian work, would increase the interest of parents and children in it, and would help to bring all the schools into a more systematic, harmonious and satisfactory method of working. The appointment by Presbyteries of active, intelligent Sabbath School workers, as general superintendents of the schools under their care, whose duty it would be to arrange for and call such conventions or conferences, prepare a programme of topics for discussion, &c., and report results to the Permanent Committee, would tend very much to give Sabbath Schools that character and that place in the confidence and affections of the people, which they ought to have.

3d. There seems to be a general demand for a first-class weekly Sabbath School Paper, devoted exclusively to Sabbath School and Church work, adapted, in its various departments, to officers, teachers and scholars, to be furnished at cost. Would it not be well for this Assembly to adopt measures for the establishment of such a paper, to be issued by the Board of Publication—to be under the edito-

Digitized by Google

rial management of some person or persons appointed by the Assembly, and to be supplied to the Sabbath Schools at as low a price as possible?

When so large a proportion of the children and youth of our Church are in these schools—when so many children who have no religious training at home are scholars—when so many pupils are every year coming from the Sabbath School into the Church, and when over six thousand Christian men and women have long been doing and are yet doing this great and good work gratuitously for the Church, is it not high time that the Church should cheer and encourage them by supplying the means by which to do their work in the best possible manner, and furnish these means, if not gratuitously, at least at the lowest possible cost?

NOTES AND LESSON PAPERS.

Notes, &c., were prepared for the year now closing by Rev. J. P. Lytle, Rev. F. A. Hutchinson, Prof. Robert Stewart, D. D., and Rev. D. F. Bonner. Their work was well done and highly appreciated by the Church, and they should receive the hearty thanks of this Assembly. Prof. Stewart has kindly undertaken the work for the first quarter of the coming year.

Many of the reports express a desire to have one man employed to do the work for the year. If the Assembly will agree to pay him a reasonable compensation for this difficult and important work, the Committee will be more confident of securing the services of a competent man for the year. But twenty-five dollars a quarter is hardly a sufficient inducement to enlist the energies and secure the time of a man who has plenty of work in his own pastorate or professorship.

REPORT OF THE COMMITTEE ON THE PRESERVATION OF OLD RECORDS.

The Executive Committee on the Preservation of Records and other Historic Documents, appointed by the Eighteenth General Assembly, respectfully reports:

The General Committee was not called together during the year, the members thereof being so widely separated as to render a meeting impracticable.

The Executive Committee has had three meetings.

Our aim during the year has been to collect old records and documents which might be useful to the future historian; and to secure histories of all our present ecclesiastical organizations, and their Associate and Associate Reformed predecessors.

ASSOCIATE AND ASSOCIATE REFORMED RECORDS.

Since our last report we have learned that the following additional old records are held by the brethren named, viz.:

Records of the Associate Synod, Rev. R. H. Pollock, D. D.

Records of the Associate Presbytery of Richland, Rev. R. H. Pollock, D. D.

Records of the Associate Reformed Presbytery of Caledonia, Rev. W. H. Haney.

Records of the Associate Reformed Presbytery of Saratoga, Rev. A. M. Smeallie.

Records of the Associate Presbytery of Illinois, Rev. W. T. Moffet.

Records of Associate Reformed Presbytery of Mansfield—Board of Publication.

Records of the Associate Reformed Presbytery of Indiana, Rev. H. P. Jackson.

Records of the First Associate Reformed Presbytery of Illinois, Rev. J. C. Elliott.

Records of the Associate Presbytery of New York, Rev. James Harper, D. D.

Records of the Associate Reformed Presbytery of New York were in possession of Rev. T. T. Farrington, before his decease.

Records of Associate Reformed Presbytery of Sidney, Rev. H. H. Thompson.

The records of the Associate Reformed Presbytery of Wheeling are reported lost.

The records of the Associate Reformed Presbytery of Illinois, from the time of its organization in 1841 to the time of its division in 1851, are reported lost.

Digitized by Google

It is believed that there are valuable old Associate and Associate Reformed records in existence, but it seems to be a very difficult matter to get trace of them.

We know that the missing volume or volumes of the Associate Presbytery of Pennsylvania, the Minutes of the Associate Presbytery of New York, (which entered the Union in 1782,); the records of the Associate Reformed General Synod, and also the records of its predecessor, were accessible a few years ago, but we have not yet succeeded in finding them.

The printed minutes of the General Synod from 1816 to 1822, are in the library of the Theological Seminary at Newburgh, N. Y.

We have knowledge of the existence of the printed minutes of the old General Synod for a number of years, but the parties having them in possession wish to retain them.

If the same effort had been put forth twenty or thirty years ago, to collect these old records and deposit them in a safe place, which has recently been made, it would have been much more successful than now.

This fact shows the importance of speedily collecting all the Associate and Associate Reformed records that can be found, and placing them in the library of the Presbyterian Historical Society.

THE PREPARATION OF HISTORIES.

Considerable progress has been made during the year in the work of preparing histories of congregations, Presbyteries and Synods.

In order to obtain some definite idea of the condition of this work, we sent circulars to the clerks of Presbyteries calling for information in reference to the progress of the work in the different Presbyteries.

In response to this circular, we have reports from forty-one Presbyteries. From these reports we learn that the Presbyteries generally have taken a lively interest in securing histories of their congregations. Many of the reports, however, are not sufficiently definite to enable us to tabulate anything from them.

The following synopsis is the best we can make from reports at hand:

Whole number of Presbyteries from which reports have been received	41
Histories of Presbyteries prepared	27
United Presbyterian	21
Associate Reformed	6
Associate	0
Whole number of histories of congregations prepared	141

Three histories of Synods have been prepared.

There is no doubt a much larger number of histories of congregations has been prepared in the Presbyteries heard from, but as many of the reports failed to mention the number prepared or preparing, it is not possible for us to state the number more exactly. We think it is probable that the histories of one-half of the congregations in the Church are prepared, while many others are preparing.

RECORDS AND DOCUMENTS RECEIVED.

We have received from Rev. J. F. McLaren, D. D., a volume containing the printed "Minutes of the General Synod of the Associate Reformed Church," for the years 1805, 1810, 1814, 1816, 1821, and 1822; "The Constitution of the Associate Reformed Church," known as the "Little Constitution;" and "Occasional Testimonies" of the Associate Reformed Church.

We have also received, by the same, the Minutes of the Synod of New York, from 1822 to 1845, (incomplete).

From Rev. A. G. Wallace, D. D., we received the "Narative and Testimony of the Reformed Dissenting Presbytery," and "Rev. John Jamison's Defense."

The Executive Committee has no action to suggest to the Assembly, in connection with this work, except the appointment of a committee to prosecute it for the coming year.

Respectfully submitted.

By order of the Committee.

REPORT OF THE COMMITTEE ON THE DIGEST.

Your Committee, appointed by the last Assembly to prepare a Digest of "the principal deliverances of the Assemblies since 1858," herewith present such a Digest.

At the time of the appointment of your Committee, the idea seemed to prevail that the Digest should contain the deliverances of the Associate and Associate Reformed Synods, as well as of General Assembly of the United Presbyterian Church; but by the terms of our appointment, we were limited to "the Assemblies since 1858."

We believe that such a Digest will be of great use. If the Assembly thinks that the present effort in some measure meets the wants of the Church, we would recommend that it be committed to a Committee for revision, and that, under their supervision, it be published by the Board of Publication. We would, however, suggest that perhaps it would be well to delay the publication till 1878, so that the Digest may embrace four complete volumes of the minutes of the Assembly.

REPORT OF THE COMMITTEE ON TEMPERANCE.

First. Considerations indicating the propriety of some action on the part of the Assembly, looking to reformation, and more united effort on the subject.

1. The evil of intemperance as it exists in our midst, arising out of the manufacture and sale of intoxicating liquors, and their use as a beverage. The magnitude of this evil can only be approximately measured in the presence of the overwhelming calamities and miseries which it produces; but we can form *some* estimate of its character. It is the frightful cause of crime, pauperism and wretchedness; it fills our poor houses, asylums, jails and penitentiaries; it cripples industry, interferes with lawful business interests, increases taxation, destroys millions of capital, and wastes the energies of vast multitudes of the population; it invades the family, the ballot-box, our halls of legislation and courts of justice, the Church, and even the pulpit, with its ensnaring and destructive influences, destroying home happiness, corrupting politics, perverting justice, bringing reproach upon religion, and hindering, more than all other visible influences combined, its progress; it makes multitudes of wives worse than widows and children worse than orphans; it is the great snare in the path of youth, into which many fall and are lost to community, home and friends, and church-followship; it ruins thousands and tens of thousands of the bodies and souls of men. In view of such facts as these, and others like them, which might be named, the obligation seems to rest upon the Assembly, as the highest court of the Church, to take special action looking to the *reformation* of the individual, and the *suppression* of the traffic.

2. The interest which has been recently awakened on the subject, makes the present an opportune time to take any steps which may be desirable and proper, to further temperance reform. We need only refer to the "crusade" of three years ago, which so stirred the whole country, and also to the present Murphy movement, and others like it at the present time, as showing the character of this interest.

3. The Church *is* and *should be* the great temperance society in the world. It is the duty of the State and civil government to occupy a scriptural basis on the subject, just as truly as the Church, but it is part of the work of the Church to instruct the *State* as well as *society generally* upon *this* and *all* questions of morals; hence, her position should be very clearly defined. The highest ground on the question is clearly in harmony with her great mission. This is already fully recognized in former deliverances, both by our own and other churches, but has effort been in full harmony with this profession? It is the firm conviction of your Committee, that the Church, in her organized capacity, can and should,

Digitized by Google

by earnest, united and wisely directed effort, do more for the suppression of intemperance than all other instrumentalities. Those engaged in the cause of temperance are largely church members, and if she could use all their energies in some well devised and united method, under her own direction, then work would be much more efficient than it now is.

In view of these considerations and others which might be suggested, we would recommend, in the *second place*:

I. The adoption of the following resolutions:

1. That Divine Grace is necessary to the true and complete reformation of the drunkard.

2. That every church member should consider himself as pledged, by the obligations which he assumes, to total abstinence from all intoxicating liquors as a beverage.

3. That it is inconsistent with membership in the Church of Christ to be engaged in the manufacture, or sale of intoxicating liquors as a beverage; or in any other way aid or abet in the manufacture, sale or use of intoxicating liquors.

4. That it is the duty of all Christians and good citizens to combine their efforts to secure thorough reformation on this subject.

5. That the license of the traffic is incompatible with the welfare of the State; and that the State should seek its entire prohibition.

6. That individuals, sessions, Presbyteries and Synods, be requested to use all possible means within their reach, to secure and promote temperance reform.

7. That those engaged in recent movements, having for their object temperance reform, have the sympathy and encouragement of this Assembly.

II. The adoption of the following measures to originate, if possible, a plan for united effort upon the subject, on the part of all evangelical churches.

1. That a Committee consisting ———, be appointed by this Assembly, to meet with similar committees from other evangelical churches, to devise a plan for united effort in the cause of temperance, on the part of such Churches.

2. That ——— be the place, and ——— the time for the meeting of their Committees, and that —— ——— be appointed temporary chairman to organize the meeting.

3. That the Committee on Correspondence be instructed to correspond immediately with other Churches, informing them of the appointment of the above Committee, and of the time and place of meeting; and also, requesting them to appoint similar Committees to meet at the time and place above named.

4. That our own Committee be instructed to prepare a plan for our own direction in the work, if other Churches do not respond to the invitation.

Respectfully submitted.

D., W. J. McAllister, James Bruce, James Harper, D. D., William Wishart, D. D. The report of this Special Committee was made the order of the day for to-morrow at 10 o'clock, A. M.

Resumed the consideration of the report on the office of the Deacon. The resolutions appended to this report were adopted. The Clerks were directed to publish in the minutes only these resolutions. They are as follows:

RESOLUTIONS ON THE OFFICE OF THE DEACON.

Resolved, 1. That the General Assembly heartily approving of the teaching of its subordinate standards touching the divine institution and permanent obligation of the office of the Deacon, and being persuaded also that it is of great importance for the welfare of the Church that the teaching of these standards on this subject be reduced to practice, hereby enjoins Synods, Presbyteries and Sessions to adopt measures with all-becoming promptitude to have Deacons appointed in the different congregations of the Church in the manner prescribed in the Book of Government and Discipline.

2. That Presbyteries be, and they are hereby directed to report to the General Assembly from time to time the progress made in carrying into effect, in their respective bounds, the direction just given.

3. That Synods be, and they hereby are urged to take immediate steps for securing within their respective limits such civil legislation in regard to the tenure of ecclesiastical property, as may be requisite to enable congregations to commit to Deacons the charge which now rests upon ordinary trustees.

4. That while the General Assembly does not find in Scripture sufficient authority for the ordination of women to the office of Deacon, it is convinced that pious women may, with profit to themselves, and with great advantage to the cause of suffering humanity and of Christ, be organized to act as assistants of the Deacon; it being understood, however, that those, so devoting themselves and banded together, shall not be formed into sisterhoods living apart from ordinary society after the manner of certain Popish devotees, or even of some associations found in certain denominations of the Protestant Church.

The Committee on Bills and Overtures presented the following report on the memorials from the First Presbytery of Ohio and the Presbytery of Mansfield, which was adopted:

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES ON THE CONSOLIDATION OF CERTAIN BOARDS.

The First Presbytery of Ohio memoralized the Assembly: 1. For the consolidation of the Boards of Home Missions, Church Extension and Freedmen's Missions; 2. The organization of a new Board, consisting of eighteen members—two from each Synod, nominated by the several Synods, and confirmed by the Assembly, to serve for a term of six years, meeting two weeks before each Assembly and performing the duties now performed by the local Boards and the General Committee of Home Missions; 3. The election of a General Secretary, to be a member of this new Board *ex officio* to serve for — years, who shall give his undivided attention to the interests of this work, and be clothed with full power to act in all cases of emergency that may arise during the year, not provided for by the general Board.

The change here proposed is a radical one, revolutionizing to some extent the present method of carrying on the operations of the Mission work of the Church in our own land. It is not claimed that the present system is faultless, or that no change for the better can be made; yet it is believed that under the existing arrangement the work of the Church is well done, and our Home Mission system has even attracted the attention of some other branches of the Church. We would therefore urge caution and due deliberation. It is not difficult to see that serious objections may be urged against the arrangement proposed. And we believe that no such change should be made without a full and fair expression of the mind of the whole Church. We would therefore offer the following:

Resolved, That the memorial of the First Presbytery of Ohio be published, and that the several Presbyteries report their views on this subject to the next Assembly for final action.

The Presbytery of Mansfield indorses the memorial of the First Presbytery of Ohio, and asks also that a change be made in the method of carrying on the Home Mission work: 1. By carefully distinguishing between vacancies which do not require aid and Mission stations; and also between unsettled ministers and licentiates and those properly enrolled as missionaries; 2. By leaving vacancies, and unsettled ministers and licentiates not enrolled as missionaries, entirely under the control of their own Presbyteries; 3. By organizing a corps of Home Missionaries, carefully selected, and who will agree to be absolutely subject to the appointment of the Board and Assembly, and who shall receive fixed, uniform and liberal salaries; 4. By appointing missionaries to Mission stations; 5. By requiring Mission stations to pay their contributions for the support of the gospel directly to the treasury of the Home Mission Board.

Your Committee are disposed to regard this part of the memorial with favor, but amid the pressure of business in the Assembly and with the limited time at their disposal, they do not feel competent to give to the subject that attention which its importance demands. They would therefore recommend that final action in this matter be delayed until the whole subject can be carefully considered and a plan fully matured which will be likely to be satisfactory to the Church. They would therefore offer for adoption the following resolution:

Resolved, That a Committee of five be appointed to perfect a plan by which the change proposed by the Presbytery of Mansfield may be carried out; that this Committee publish their report in the papers of the Church by the first of February next; and that the several Presbyteries present their views on the subject to the next Assembly.

After spending some time in devotional exercises, proceeded to the order of the day, viz: the consideration of the report of the Committee on the Board of Home Missions. Pending the discussion of the third resolution of Part IV., the hour of adjournment arrived, when the Assembly adjourned, after prayer by Rev. G. W. Torrence.

The credentials of Rev. John Steele, D. D., delegate from the General Synod of the Reformed Church in America, were presented, and the hearing of the delegate was made the order of the day for Monday at 11:15 o'clock, A. M.

The consideration of the report of the Committee on the Board of Foreign Missions was made the order of the day for Monday at 2:30 o'clock, P. M.

Took up the order of "Unfinished Business," viz: the report of the Committee on the Board of Home Missions. This report was amended and adopted, and it is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF HOME MISSIONS.

The Committee, in presenting their report, deem it unnecessary to make any attempt to give information to the Assembly in relation to this important work of the Church during the past year, as its present condition and future prospects are presented in full in the report of the Board, now in your hands. Still, there are some facts of interest to which we would respectfully call your attention.

There has been a slight increase in the number of Mission stations under the care of the Board, and aid has been granted to 194 stations under the care of 45 Presbyteries.

It is with gratitude that we make mention of the fact that there has been a corresponding increase in the attendance on divine service reported. In these stations a membership of 9,438 is reported, an average attendance of 16,337. And the additions have been fully up to the average of the whole Church.

In the Sabbath Schools connected with these stations, there has been an average attendance of 9,704 pupils, which is a better average than that of the whole Church. This certainly speaks well for the activity and enterprise of these Missions, for their labor is performed in the absence of many opportunities possessed by the stronger churches.

The stations have contributed during the year to the Boards of the Church $4,580, and for the support of their own pastors and missionaries almost $50,000.

In general, we may say, that there has been an advance in the Mission stations, especially in the Sabbath School work. But there has not been such advance as was possible, if the available force of the Church had been fully employed. You will recall with sorrow the recollections of the report last year that so many of our ministers and probationers have been unemployed. It is greatly to be feared that a much larger number will be unemployed during the coming year. There was an available force, equal to 123 men, presented to the Board, but as only 68 men were asked for, an available force, equal to 45 men, has been passed over, or set aside. Brethren, these things ought not so to be. The fields are growing whiter than ever before. Every year the necessity for the gospel as a conserving power is made more apparent; and the social element needs this conserving power more to-day than ever before in the history of our nation. The work of this Board appeals to the patriotism of every truly loyal citizen, as universal suffrage, which is an established principle in our government, without the moral and religious education of the heart, is a universal curse.

In relation to the past financial condition of the Board, it is not necessary that we should speak, but to its demands for the coming year we would call the special attention of the Church. The Board asks this year a larger sum than usual—perhaps a demand larger than for years—$47,500 were asked for by these Missions, but only $42,125 were granted. Yet this is about $3,000 in excess of the appropriation

granted last year. This matter has called forth earnest thought and prayer on the part of all. It has not been done hastily, or carelessly, and we do not think that this conclusion was reached as much from pressure from without as from pressure within—the pressure of conscience and the teachings of God in His providence. The territory that needs to be conquered for Christ, the waiting laborers who stand ready to "gather them in," and the weak and struggling bands, all call on you, fathers and brethren, to give your influence, your prayers and your efforts in their behalf.

Your Committee would respectfully recommend for adoption the following resolutions:

1st. That this Assembly hereby expresses its high appreciation of the efficiency with which the work of this Board is conducted, and that we give thanks to God for the blessing that has manifestly rested on the labors of the missionaries during the past year.

2d. That the work of the Board of Home Missions for the year now closing, as set forth in their report, be approved.

3d. That the thanks of this Assembly are due and are hereby tendered to the different societies and individuals mentioned in the report of the Board, who during the year have rendered such timely and much needed help.

4th. That the congregations in the Presbytery of Boston, receiving aid, be required, as in all similar cases elsewhere, to give a deed in fee simple for the church property of each to the Trustees of the General Assembly.

5th. That the report of the General Committee herewith submitted be adopted.

6th. That the Assembly earnestly recommend the holding of conferences by our Presbyteries in connection with their regular meetings with a view of interesting and instructing the people in this important department of work committed to the Church.

7th. Inasmuch as a very considerable number of the Sabbath Schools of the Church have shown a deep interest in the Warm Spring Indian Mission, therefore *Resolved*, That we reaffirm the action of last year by again recommending the Mission to our Sabbath Schools.

8th. That in view of the great work to be done and the number of men that are left unemployed, it is earnestly recommended that an effort be made to raise an additional sum of at least $5,000 to be expended under the direction of the Board, in the employment of men not now assigned.

9th. That the recommendation contained in the report of the Board of Home Missions—"that the Board shall have entire control of all special missions, with power to grant all appropriations and designate all missionaries"—be referred to the Special Committee to prepare a plan for rearranging the work of the Board of Home Missions.

10th. Your Committee recognize in the subject matter of the memorial of the First and Second Presbyteries of New York, an important work and a promising field. Possibly we have permitted the best seed time to pass by, and consequently we may not enjoy so rich a harvest as we otherwise might have had; but it may not be too late yet. Our churches in that field are probably in better condition now than ever before to help forward the work. It is essential, however, to success, that there be harmony and full sympathy with our principles and practices as a Church. As, however, the enterprise has not been matured as to plan, or means, and we have neither time nor facilities for maturing any system here, we would recommend that this whole subject be referred to the Board of Home Missions, with power to act in connection with the above named Presbyteries.

The Moderator nominated and the Assembly confirmed the following as the Committee to prepare a plan for rearranging the work of the Board of Home Missions: Revs. D. A. Wallace, D. D., J. W. Bain, J. F. Hutchison, Messrs. Thomas L. Findley, Wm. E. Brown.

After prayer by Rev. J. H. Elliott, the Assembly adjourned.

REPORT OF THE JUDICIAL COMMITTEE ON THE MEMORIAL OF THE PRESBYTERIES OF SAN FRANCISCO AND OREGON.

The Judicial Committee to which was referred a memorial from the Presbyteries of San Francisco and Oregon, asking that the law of the Church be so modified as to allow the Synod of the Pacific to meet biennially instead of annually, begs leave to report as follows:

The vast extent of the territory embraced within the bounds of the Synod aforenamed and the fact that it consists at present of only two Presbyteries seem sufficient reasons for granting the petition of the memorialists, provided this can be done in an orderly, constitutional way.

It is a law of our Church "that the Synod shall convene at least once every year." It is further one of the regulations adopted by the Church that the Synods shall submit their records annually to the inspection of the General Assembly (see Book of Government and Discipline, Part I, Chapter V, Article 3, Sections 5 and 7.) Exemption from the authority of these rules, it is not the prerogative of the Assembly to grant; but the question can be submitted to Presbyteries whether or not an exception to the control of the organic law shall be made in favor of the Synod of the Pacific. This, though a somewhat circuitous, is at least a constitutional way of securing or seeking the end in view.

The following resolution is therefore proposed for adoption, namely:

Resolved, That this question be overtured to all the Presbyteries with instructions that they report their mind thereon to the next Assembly: "Shall the Law of the Church touching the meeting of Synods be, in the case of the Synod of the Pacific, suspended so far as to permit said Synod, until otherwise ordered by the Assembly or desired by the Synod itself, to meet only once in two years instead of every year?"

The Second Clerk was directed to prepare and distribute blanks for the overtures to the Presbyteries.

Proceeded to the order of the day, viz.: a conference on the work of the Board of Church Extension, Rev. D. M. Ure in the chair.

Rev. John Steele, D. D., delegate from the General Synod of the Reformed Church in America, presented the Christian salutations of the body he represented, and the Moderator replied in the name of the Assembly.

After prayer by Rev. John Steele, D. D., the Assembly adjourned.

The Assembly met and was opened with prayer by Rev. J. Y. Ashenhust.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

A paper relating to the printing of the Psalm Book was read and referred to the Committee on the Board of Publication.

A copy of the proceedings of the First General Presbyterian Council was presented to the Assembly through Rev. George D. Mathews, Clerk of said Council. This volume, together with an accompanying letter, was referred to the Committee on Correspondence.

Some time was spent in devotional exercises.

The Committee on Correspondence presented the following partial report, which was adopted:

REPORT OF THE COMMITTEE ON CORRESPONDENCE ON THE REPORT OF THE PRESBYTERIAN HISTORICAL SOCIETY.

It is specially gratifying that this Society is still prosecuting its work—that it has secured, during the past year, the funds required for obtaining a fire-proof building, and that it has been so successful in adding to its stores of matter so interesting and important to all Presbyterian bodies. Already its collections are invaluable for reference to any one desirous of preparing histories, memoirs, or other works connected with the various branches of the Presbyterian Church in this country.

The Society is anxious to increase its collection of Presbyterian writings, histories of churches, memoirs, pamphlets, sermons, portraits, relics and other matters of general interest and value. It is also to be specially noticed that the great and persistent desire of this Society is not only to make the most full and complete collection of these things, but also to secure a building in which all these gatherings may be properly arranged for general use, and have a well secured and certain preservation. That desire is now in the way of being realized and thus the ability of the Society to answer its leading objects is being happily increased.

The only other need of the Society is a fund for its proper endowment. Such a fund would enable it to carry on all its operations with ease, efficiency and success, and is therefore specially desired.

Your Committee recommend the following resolutions:

Resolved, 1. That the Assembly have heard with pleasure the success of the Presbyterian Historical Society in its efforts during the past year.

2. That it be commended still to our people for donations to its collections and and for funds for its endowment.

TUESDAY.

9 o'clock, A. M.

The Assembly met and was opened with prayer by Rev. T. A. Scott.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The consideration of the report of the Committee on the Board of Church Extension was made the order of the day for this afternoon, at 2:30 o'clock.

The report of Rev. A. D. Clark, D. D., delegate to the Synod of the Reformed Presbyterian Church was read and referred to the Committee on Correspondence.

The Committee of Conference with a Committee of the Associate Reformed Synod of the South presented the following report, which was adopted:

REPORT OF THE COMMITTEE OF CONFERENCE WITH THE ASSOCIATE REFORMED SYNOD OF THE SOUTH.

During the past year correspondence has been held with some brethren of that Synod, and though no meetings of the committees have been held, yet it is hoped the day is gradually drawing on when the two Churches will be able to realize in all the spirit of their oneness in profession and worship, how good and how pleasant it is for brethren to dwell together in unity.

Your Committee recommend the following resolution:

Resolved, That the Committee of last year be continued for any conference or work to which they may be called with a similar Committee of this Synod.

The Committee on Correspondence presented the following report, which was amended and adopted:

REPORT OF THE COMMITTEE ON CORRESPONDENCE.

The following delegates, appointed at the last Assembly, attended to the service required: Rev. J. T. Cooper, D. D., to the Presbyterian Churches of Scotland

and Ireland; Rev. W. J. Gillespie, to the Presbyterian Church of Canada; Rev. D. Strang, to the Associate Reformed Synod of the South; Rev. A. D. Clark, D. D., to the Reformed Presbyterian Church, and Rev. E. T. Jeffers, D. D., to the Presbyterian Church of the United States. Your Committee recommend that their conduct be approved.

In regard to the Presbyterian Council, your Committee find that Revs. D. R. Kerr, D. D., J. T. Cooper, D. D., J. T. McClure, D. D., J. C. Boyd, D. E. Shaw, and J. A. Wilson, attended upon its sessions and participated actively and honorably in its proceedings. The various subjects considered by the Council were of interest and importance, and it is hoped the results will be found of service to the cause of Christ and of Presbyterianism throughout the world. It is, however, deemed unnecessary for the Assembly to give any special deliverance upon the action of the Council at present, further than to express the conviction that there should not be any relaxing of the principles or usages of our profession, so far as any thing has yet been developed. But in view of the importance of the objects aimed at by the Council, your Committee recommend the following resolutions;

Resolved, 1st. That delegates be appointed to the Council that is to convene in the city of Philadelphia in 1880.

2d. That while gratified to know that during the late meeting the Council used in its exercise of praise only the Psalms of Scripture, the Assembly regrets that no constitutional provision has been made for the continuance of this practice and no definite pledge given to that effect, and hereby instructs its delegates to the meeting of 1880, to use their influence to have this matter adjusted in accordance with the action of the Assembly of 1875.

3d. That the thanks of the Assembly be returned to the Business Committee of the Council through the Rev. G. D. Mathews, of New York, for the copy of the proceedings of the Council which was presented by their direction to this Assembly.

Your Committee having received from the Scotch members of the Committee of the General Presbyterian Council to advise with weak and struggling Churches on the continent of Europe, an appeal to the Presbyterian Churches of Great Britain, Ireland and America on behalf of the pastors of the Waldensian Church in Italy, recommend the following resolution:

Resolved, That the condition and the wants of the pastors of the Waldensian Churches be commended to the attention and contributions of our Churches.

It having been suggested that as the different Presbyterian bodies will be represented in the Triennial Councils which are proposed to be held, the present system of annual correspondence by delegates to each other's Assemblies or Synods shall be dispensed with, your Committee recommend the following:

Resolved, 1. That after the present year the appointment of delegates to other Churches be suspended, with the exception of the Associate Reformed Synod of the South.

2. That the following appointments be made by this Assembly:

To the Associate Reformed Synod of the South—Rev. James Kelso, Principal; Rev. W. L. Wallace, Alternate.

To the Reformed Church—Rev. J. A. Williamson, Principal; and Rev. Henry Gordon, Alternate.

The nomination of delegates to the Second General Presbyterian Council was referred to a Special Committee, with instruction to report to the next General Assembly. Revs. T. H. Hanna, David Paul, D. D., Wm. H. McFarland, J. R. Johnston, W. H. French, D. D., were appointed this Committee.

Resumed the consideration of the report of the Committee on the Board of Foreign Missions. This report was amended and adopted, and it is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF FOREIGN MISSIONS.

The Committee, to whom the report of the Board of Foreign Missions and other papers relating to the same general subject were referred, beg leave to offer the following:

The important work entrusted to this Board has been faithfully and earnestly prosecuted during the past year, as their very full and satisfactory report, in the hands of the members of the Assembly, shows.

In pursuance of the directions of the last General Assembly, the Board made the transfer of our Mission in Syria to the Assembly of the Irish Presbyterian Church, the Rev. John Crawford remaining under the new management, Miss Frazier being removed to Egypt; and that of China to California.

The various papers and recommendations referred have been carefully considered by your Committee, and while not presuming that the action suggested with respect to these grave and solemn matters is the wisest in the premises, the Committee have agreed to present the appended resolutions:

Resolved, 1. That it is with profound gratitude and joy we record the goodness of the Lord in preserving the lives of our missionaries, and in good degree their health also, and in giving manifold and precious evidences of the Divine approval and blessing upon their labors.

2. That the Assembly express their high appreciation of the efficient and timely aid which the various societies, missionary organizations and individuals, both at home and abroad, have so generously rendered our foreign work.

3. That the Assembly, recognizing the importance of the results achieved by the Women's Missionary Societies, reappoint the committee of previous years (substituting the names of Mrs. John A. Gordon and Mrs. B. F. Leitch, instead of Miss Eliza Frazier and Mrs. Scott, formerly Miss Bell, owing to the ill health of the one and the removal of the other), to continue the work of organizing such Societies, and invite the Christian women of our whole Church to undertake, among the objects of their activity in furtherance of our work at home and abroad, the support of female missionaries and teachers, and the erection of buildings for girls' schools in the respective fields of Egypt and India.

4. That, in order to secure unity of purpose and action in all our operations, the Assembly direct that no work in behalf of the Foreign Mission cause be undertaken by Women's Missionary Societies, or any other society, apart from and independent of the Board of Foreign Missions, and that such work shall be taken up only when asked for by the missions in the foreign field and sanctioned by the Board.

5. That, in view of the great need of immediate reinforcements in India and Egypt, the Board be authorized to send out one new male missionary and two new female missionaries to each of those missions as soon as practicable.

6. That pastors be earnestly urged to remind their congregations that withdrawal from Syria and China means no retrenchment or contraction of our foreign work, but concentration and greater thoroughness in the cultivation of the fields presently occupied.

7. That the Board be, and hereby is, directed to place the proceeds resulting from the sale of the Bludan property in Syria, together with the stock of the Merchants' and Manufacturers' Bank, Pittsburgh, to the credit of the Investment Fund.

8. That in reply to the petition of Mr. A. B. Caldwell to be permitted to pursue his theological studies under the direction of the Seminary in Sealkote, the Assembly is of opinion that he should spend at least one year of theological study in this country, previous to his departure for India.

9. That the Mission to the Chinese at Los Angeles be transferred from the care of the Board of Foreign Missions to the Presbytery of San Francisco, subject to the control of the Assembly, so soon as said Presbytery secure an Act of Incorporation, and that the Presbytery be required to report annually to the General Assembly specially as to this Mission.

10. That the money received from the sale of the Mission property in China be invested by the Presbytery of San Francisco, when incorporated, under the direction of the Trustees of the General Assembly, for the exclusive use and benefit of the Mission to the Chinese, no part of the principal to be used except for needed permanent buildings for the use of the Mission, and that the Treasurer of the Presbytery be required to give bonds to the Trustees of the General Assembly of the United Presbyterian Church of North America.

11. That Rev. J. C. Nevin be directed to invest the funds arising from the sale of the China Mission buildings in such way as the Board of Foreign Missions may direct, until the Presbytery of San Francisco becomes a corporate body and fully prepared to take charge of said funds.

12. That the appointment of the teacher and the question of salary be referred to the Presbytery of San Francisco.

13. That the following appropriations to the Foreign Field be made:

To Egypt	$27,720 00
To India	22,500 00
To send out new Missionaries	3,000 00
To return any now in this country to their fields	1,500 00
To support Missionaries' Children in this country and Scotland	1,500 00
To refund money borrowed by the Board	5,000 00
To the Chinese Mission in California	1,600 00
To Miscellaneous	1,500 00
Total	$64,320 00

14. That the Board be instructed to prepare such rules and regulations in reference to the furloughs of missionaries as may be just to them and to the Church at large, and report the same to the next General Assembly.

15. That the Board be directed to publish 3,000 copies of the Annual Report, and that all pastors be urged to diffuse the information contained in it among their people.

Some time was spent in devotional exercises.

The nomination of the Committees on Old Records, on Narrative and State of Religion, on Credentials and on Reduction of Railroad Fare, was referred to the Committee on Nominations.

The Committee on the Board of Missions to the Freedmen presented their report. Pending the adoption of this report, the Assembly adjourned after prayer by Rev. Wm. Wishart, D. D.

2 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. George C. Vincent, D. D.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

Took up unfinished business, viz.: the report of the Standing Committee on Sabbath Schools, which was amended and adopted. It is as follows:

REPORT OF THE STANDING COMMITTEE ON SABBATH SCHOOLS.

The Committee on Sabbath Schools would respectfully report that they have had referred to them for consideration the reports of the Permanent Committee on Sabbath Schools, and the Committee on a Sabbath School Paper, and find that these Committees, appointed by the last General Assembly, have so carefully reviewed the whole field, and so judiciously performed the work assigned them, that but little remains for us to do but adopt, in the main, their suggestions, as our report to you.

We would first express our gratitude to God for the encouraging advancement made during the past year in this most important branch of the Church's work, but as suggested by the Permanent Committee, there remaineth much land to be possessed, and we earnestly urge on all Presbyteries and congregations such attention to the recommendations of the General Assembly already given on this subject, as will lead the Church on, as she is well able, to the possession of the land before her.

Noticing that but 11,000 of the 78,000 members of the Church are in the Sabbath Schools, your Committee recommend the following as the sense of this Assembly:

Digitized by Google

Resolved, 1. That the adult members of the Church be urged to embrace the opportunity for Bible study afforded by the Sabbath School, and thus not only obtain for themselves a better acquaintance with the Scriptures, but by their presence there remove one of the greatest hindrances to the attendance and retention of the children and youth in our Sabbath Schools.

Noticing again that about one-half of the contributions of the schools is applied to the current expenses, *Resolved*,

2. That the Schools be recommended to apply all their contributions to general missionary and benevolent purposes, as best calculated to cultivate unselfish liberality on the part of the youth, and look to the general funds of the congregation for the current expenses of the School.

Realizing the vital importance of a pure literature for our youth, *Resolved*,

3. That when libraries are used, and we recommend them in missionary schools especially, the most careful attention be given to the selection of the books distributed.

Realizing, as we do, the importance of good, attractive music, *Resolved*,

4. That, in accordance with the recommendation made, a Committee, to consist of Revs. D. A. Duff, W. J. Robinson, J. T. McClure, D. D., J. F. Hutchison, R. B. Taggart, and Mr. R. S. Wallace, be appointed to prepare and publish a book of selections of Psalms set to music specially for the Sabbath Schools, it being understood that the versions used be such as the Church has authorized.

That our Catechism and distinctive doctrines may have a sure and prominent place in our Sabbath School instruction, *Resolved*,

5. That the persons, selected to prepare the lessons, be also directed to prepare lessons on the Catechism and doctrines of the Church, to be taught in connection with the International lessons.

6. That thanks be given to Revs. Robert Stewart, D. D., and John Morrow, for their faithful and efficient service in the preparation of the lessons for the past year.

7. That thanks be given to the Permanent Committee on Sabbath Schools for the past year, and that Revs. John S. Sands, J. A. Gordon, E. S. McKitrick, J. M. Fulton and Messrs. T. J. Gillespie, H. J. Murdoch, and A. P. Burchfield, be constituted the Committee for the coming year.

8. That the report of the Permanent Committee be printed in full in the Minutes of the Assembly.

9. That the office of Presbyterial Superintendent of Sabbath Schools be continued, that Presbyterial conventions be held under the direction of the Superintendents, and that the Permanent Committee be directed to call a convention of Presbyterial Superintendents, at such time and place as may seem best, to be under the general direction of said Committee.

With regard to the establishment of a Sabbath School Paper, we recommend the following:

Resolved, That we regard the publication of a weekly Sabbath School Paper under the direction of the Board of Publication at this time as inexpedient, inasmuch as such a publication can be most successfully conducted as a private enterprise.

The Committee on the Board of Church Extension presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF CHURCH EXTENSION.

The Board of Church Extension exists for the help of weak congregations and mission stations, in providing for themselves houses of worship. As this is necessary to the success of our missions in all parts of the country, and especially throughout the great west, the work of this Board is of the utmost importance, and richly deserves the prayers, co-operation, and large liberality of our ministers and people.

The business of the Board during the past year, as detailed in its report and papers submitted to our consideration, has been conducted, we think, with remarkable wisdom, efficiency and correctness. Important and dependent mission stations, and congregations, crippled by unlooked for adversities, from Canada to California, have received material assistance. Debts have been provided for. Ruins have

Digitized by Google

been repaired. Just but disputed claims have been collected. Difficulties threatening serious consequences to congregations have been adjusted. Titles and rights to property have been guarded and strengthened.

We regret to observe that only about half of the appropriation voted to this Board by the last Assembly has been contributed in the course of the year. In consequence its usefulness has been much restricted.

The Assembly is asked to decide as to the justness of a claim on the treasury of the Board, in the interest of the Mission at San Jose, California. The facts are given in detail in the report of the Board, and also in the letter of Rev. M. M. Gibson, of San Francisco, submitted to us. It appears that the Assembly of 1876 appropriated $5,000, and that this sum has since been paid in currency to the San Jose Mission. In the necessary exchange, however, of the currency for gold in California, it is stated that a discount of about four and a half per cent. was suffered, and that the Mission has received in fact only about $4,775. The balance, about $225, Brother Gibson petitions that the Board make up to the Mission, and the Board asks the Assembly for instruction in the matter. The Mission of San Jose we admit to be one of great importance, and the money asked, if granted, would doubtless be devoted to a deserving object. But on the other hand, to grant the request would be, it seems to us, to make a new appropriation to a field to which the Assembly has been already liberal. Besides, it is the uniform usage of our Boards to pay the appropriations of the Assembly in currency, and to grant this claim would be a departure from established custom, for which we find no reason, which other mission fields in like circumstances might not equally claim.

We recommend the adoption of action as follows:

Resolved, 1. That the business of the Church, as conducted by this Board during the past year be cordially approved, and that the important work of which it has charge be commended anew to the enlarged liberality of all.

2. That we acknowledge our obligations, and tender sincere thanks for important services gratuitously rendered, to Messrs. Brown & Lambie, Solicitors, Pittsburgh, Pa., to Judge J. M. McCulloch, Pana, Ill., to T. S. McMurray, Esq., Omaha, Nebraska, and to Rev. D. C. Wilson, Clarinda, Iowa.

3. That the petition of Rev. M. M. Gibson, in the interest of the San Jose Mission, for the payment of $225 to indemnify for shrinkage in exchange of currency for gold, be not granted.

4. That the Board be authorized to publish and distribute throughout the Church 2,500 copies of its annual report, with such additional statements of its methods and usefulness, as it may deem advisable.

5. That Presbyteries be directed to guard carefully the rights and interests of our Church in all buildings and other property which may have been occupied or held by congregations now discontinued or withdrawn, and to dispose of all such property as soon as practicable, forwarding the proceeds to the Treasurer of the Board.

6. That an appropriation of $30,000 be made to this department of the Church's work for next year.

The Committee on the Board of Church Extension presented the following report on the petition of Dr. A. Blaikie, pastor of the church in Boston, Mass., which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF CHURCH EXTENSION ON THE PETITION OF REV. DR. BLAIKIE, OF BOSTON.

The paper submitted to us presents facts which we think call for the careful attention of the Assembly, and an appeal based on these:

1. The facts, as gathered from the document before us, and other sources considered reliable, are in substance these:

The United Presbyterian Church in Boston is situated in a very desirable part of the city; and the ground occupied could be sold for business purposes at high figures, whatever may be said of the adaptation of the building for congregational or mission purposes. The structure is unique in style, fitted to serve in its upper floor for a sanctuary and in its lower floor for two homes, one of which homes is used for a parsonage, and the other is rented for $30 per month. The building it-

Digitized by Google

self is perhaps inferior in its adaptation to a successful Mission, and also in its materials and durability; while Church and houses and lot, it is estimated by Dr. Blaikie as one property, are worth at least $80,000.

In various grants this Church has received from several Boards, donations aggregating $8,650, and from our people from time to time, in response to the urgent appeals of the venerable pastor, contributions amounting to many thousands more. Until 1869 the title to the property seems to have been vested in Dr. Blaikie himself. But at that time, moved by his great zeal to leave in the metropolis of heresy and skepticism an imposing memorial of sound theology and Scriptural principles, and in consideration of the liberal grants made by the Boards, and the large contributions made by the people, the worthy Doctor deeded the property to the Trustees of the General Assembly of our Church, subject to some incumbrance since removed. It appeared, however, subsequently that the Trustees of our General Assembly, although an incorporated body, could not at that time hold real estate in Massachusetts by the laws of the State, and accordingly the Trustees of our Assembly have succeeded this year in procuring the passage of a special act by the General Court of Massachusetts, empowering and authorizing them to hold real estate in that State to the amount of $800,000, and Dr. Blaikie proposes, as soon as possible, to have the property conveyed and made over, according to the terms of law now existing, to the present Trustees of the General Assembly, and their successors.

This valuable property, however, is encumbered heavily by bond and mortgage to the amount of $11,500, and there is a floating debt besides this, of about $500.

The congregation of course is small, and composed almost exclusively of people as straitened in their circumstances, as under the leadership of such a pastor they are devoted to the principles of their profession. Thus, few and straitened, struggling for a livelihood amid the adversities of the times, it is no wonder that they are not able, even with the aid of rent received for their houses, to pay their their pastor a moderate salary, and meet interest as it becomes due, much less to reduce the prinpal. The consequence is, Dr. Blaikie informs us, foreclosure is seriously threatened, and if the property be sold at this time of unexampled depreciation, and in process of foreclosure, both congregation and property will be lost to our Church; at least little, probably, will be saved.

2. In view of such facts, Dr. Blaikie implores the General Assembly to grant about $500, to enable him to prevent the threatend foreclosure of the mortgage, and also to grant about $7,000 more to be applied in reduction of the principal of the loan. He claims that if the Assembly will do this, the people will be able to carry the remainder of the debt, and support the ordinances of true religion in "the second commercial city of the continent."

The paper of Dr. Blaikie does not come before us indorsed by his Presbytery. It has the weight only of his personal application, but it is evident that whatever may be the condition or prospects of the congregation in Boston, this is a very valuable property to which the Church should have a valid title, and which probably it may easily hold or lose.

We recommend the adoption of the following resolutions:

1. That the Corresponding Secretary of the Board of Church Extension be appointed to proceed to Boston, at his earliest convenience, for a careful and thorough examination, with the aid of competent local counsel, of the property, its condition, its title, its value, &c.; and for inquiry, also, as to the condition and prospects of the congregation; and that he be instructed to report the facts as to property to the Trustees of the Assembly, and all the facts as to the condition of the property and prospects of the congregation to the Board of Church Extension.

2. That the Trustees of the Assembly be directed, after receiving the above report of the Corresponding Secretary as to the condition of the property, to use all diligence to secure a perfect and unquestionable title to the same.

3. That no further aid be given to the U. P. Church, Boston, until a perfect title to the whole property will have been vested in the Board of Trustees of the General Assembly.

4. That if, after such full investigation, the Board of Church Extension find the danger of foreclosure to be real, and the loss threatened to be serious, it be authorized to draw upon the Treasurer of the General Assembly for a sum, not exceeding $500, to be used by it in protecting our interests against such loss.

5. That all questions of further aid to the Church in Boston be left, until the

Digitized by Google

next meeting of the General Assembly, to the Board of Church Extension in its wise discretion, provided that if further aid should be granted by said Board, it be paid from its treasury.

6. That the expenses of Dr. Wallace's appointment to Boston be paid from the General Assembly's Fund.

Resumed the consideration of the report of the Committee on the Board of Missions to the Freedmen, which was adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF MISSIONS TO THE FREEDMEN.

The Committee has had before it the report of the Board, together with several communications from teachers in the field. The information obtained from these sources is of the most encouraging character. It assures us that the Board and teachers are faithfully performing their duty, and that such results are reached through their efforts as to awaken our gratitude and stimulate us to more increased effort.

A total enrollment in the College and branch schools at Knoxville of 287 scholars, many of whom are studying the classics, and others of the higher branches, gives evidence of earnest labor and a fullness of blessing. A further and better evidence is afforded by the fact that the religious work has been conducted with the most encouraging results. The recommendation of the last Assembly to provide dormitories for the students has been acted upon, and the wisdom of it has been already proven by the advantages they afford both teachers and students. The Industrial Department, which has been under the control of Mrs. M. J. Reed, has rendered important service in giving employment and material help, as well as religious instruction, to those who have been brought under its influence.

The success of the work in Chase City has been no less marked than in Knoxville. Specimens of progress from pupils in the schools are highly creditable, and emphatic testimony is given to the fact that the cause is steadily gaining ground in the community. In both Vicksburg and Nashville, there are members and property interests which ought to receive fostering care. The fidelity of those who live in these cities as United Presbyterians, in the face of many difficulties and under many discouragements, amounts to an example to such as live in more favorable situations.

While testifying to the fidelity of the Board, and those in its employ, and while expressing great pleasure in recording the above evidences of good results and encouragement, your Committee regrets that a deeper interest is not taken in the work by the Church at large. Committed as it is, by its traditions and present obligations to an efficient nurture of this cause, it is not giving it the support its relative importance demands. Our duties of philanthropy, patriotism and religion require that we shall give to the work of saving and educating the Freedmen no second place in our thoughts and efforts.

Your Committee would therefore offer the following resolutions:

1. That the work of the Board of Missions to the Freedmen be commended to the Church as one demanding its greatly increased devotion.

2. That $9,000 be granted the Board for the prosecution of its work during the year.

3. That an additional appropriation of $500 be made to the Mission in Vicksburg, and that the work in Nashville be committed to the discretion of the Board.

4. That Mrs. M. J. Reed, for efficient management of industrial interests, and Miss Ida McCulloch, for acceptable help in primary teaching, are entitled to our hearty acknowledgements, and that they be recommended to the Board for appropriate compensation for whatever of similar service they may render in the future.

5. That we gratefully recognize the good work performed by the Advisory Committee, consisting of Wm. Rule, Esq., the Rev. Isaac Emory, and the Rev. James McNeal, which, appointed last year, visited, inspected and reported upon the school at Knoxville.

6. That we specially acknowledge the continued kindness of Judge M. L. Hall, of Knoxville, who has so generously given the Board the benefit of his professional help and counsel.

The report of Rev. E. T. Jeffers, D. D., delegate to the General Assembly of the Presbyterian Church in the United States, was presented and referred to the Committee on Correspondence.

After prayer by Rev. E. T. Jeffers, D. D., the Assembly adjourned.

The Assembly met and was opened with prayer by Elder Henry Harrison.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The report of the Special Committee on Temperance was amended and adopted. It is as follows:

REPORT OF THE SPECIAL COMMITTEE ON TEMPERANCE.

The Committee to whom was referred the paper and resolutions on Temperance, recommend the adoption of these resolutions, modified as follows:

Resolved, 1. Drunkenness is an evil of giant proportions, having inherent and appalling malignity. It is strongly intrenched by custom, cupidity and appetite. It works wide-spread ruin in society, and destroys men's souls and bodies.

2. The use of intoxicating liquors as a beverage, and the manufacture and sale of them for this purpose are evils—dishonoring to God and destructive to men.

3. To give aid, or countenance to those engaged in this nefarious business, by furnishing them with the necessary materials, leasing to them property to be used in their business, signing their petitions for license, or in any other way, is to make ourselves "partakers of other men's sins."

4. While, in instances in which it results—in some measure—from inherited infirmity, drunkenness may be regarded—to some extent—as a misfortune, it is at the same time a sin—a heinous sin—against God, and a crime against society.

5. Mere human devices, whether pledge, or organization, or profession—while they may be in some degree helpful—are entirely inadequate to the complete and permanent reformation of the drunkard. The Gospel of Christ alone, introduced into the soul by the illuminating power of the Holy Spirit, can bring effectual deliverance from this and every other form of moral evil.

6. It is the duty of the Christian Church to sympathize with, and earnestly promote all proper efforts for the reformation of the inebriate and the suppression of intemperance.

7. Individual Christians should use all proper means for the suppression of the liquor traffic. Legal prohibition, moral suasion, and the practice of total abstinence are demanded.

8. The Church of Jesus Christ is the Divinely appointed agency, and, through his strength, an adequate agency for the establishment of godliness and righteousness and temperance in the earth.

9. That Revs. J. G. Carson, D. D., William Bruce, D. D., W. G. Moorehead, D. D., T. H. Hanna, W. H. French, D. D., W. P. McNary, R. B. Ewing, D. D., J. H. Gibson and J. Williamson, and Messrs. R. B. Maxwell, Prof. E. F. Reid, Wm. Frew, T. H. Rabe, Hon. James Bain and J. M. Wallace be appointed a Permanent Committee to confer with similar Committees appointed by other Evangelical Churches with regard to the best means of securing united effort in the cause of Temperance; such Committee to meet at such time and place as may be agreed upon, on consultation with the Committees of other Churches; and report their proceedings to the next General Assembly.

After spending some time in devotional exercises, the Assembly adjourned with prayer by Rev. M. S. Telford.

WEDNESDAY.

9 o'clock, A. M.

The Assembly met and was opened with prayer by Rev. N. E. Wade.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

A Committee, consisting of Revs. James Harper, D. D., William Wishart, D. D., and W. G. Moorehead, D. D., was appointed to prepare an address concerning the violation of the Sabbath by Railroad Companies in the running of trains, and to forward a copy of their address to the officers of the Railroad Companies.

The Committee on Statistics presented a report, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON STATISTICS.

Your Committee have examined the statistical tables referred to them, and, with similar Committees of former years, have been impressed with the amount of labor and care with which these have been prepared. In these statistics is found cause for humility, in that so many congregations fail in contributing to all, and 66 of them to any, of the funds of the Church; yet inasmuch as there is an improvement in this respect, there is also cause therein for encouragement.

Notwithstanding the instructions of last year to have reports from the Presbyteries in the hands of the Second Clerk not later than the 25th of April, several Presbyteries failed to report until the month of May; therefore,

Resolved, 1st. That Presbyteries be urged to promptness in forwarding their reports.

2d. That the table showing the number of congregations in each Presbytery contributing to the various funds of the Church be published both in the Minutes of the Assembly and in the papers of the Church, from year to year.

As the Second Clerk asks instruction from the Assembly as to whether he shall every year publish the record of ordination of ministers in the alphabetical list, and, inasmuch as there is danger of errors in printing,

Resolved, That the Second Clerk be instructed to publish the record of ordination once in each volume of the Minutes.

The Standing Committee on Narrative and State of Religion presented a report, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

The Committee have had before them the report of the Permanent Committee and reports of three Presbyteries.

The first of these papers not only contains the narrative of the past year, and presents the state of religion in general; but also suggestions and instruction in regard to the Church's work and the Church's need in order to a more faithful prose-

cution of her work. Believing that this report should be pressed upon the attention of the Church, we recommend:

1st. That the report of the Permanent Committee be adopted, and that it be commended to the earnest study and prayerful consideration of the entire ministry and membership of the Church.

2d. That the record of ministers deceased be published in the Minutes from year to year.

3d. That as the present blanks for Presbyterial reports secure the desired information, no change be ordered at present.

4th. That the Presbyteries, sending their reports to the Assembly this year, be reminded of the rules governing this matter, and be directed to act accordingly in the future.

The Committee on the Board of Education presented a report, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF EDUCATION.

It is gratifying to be able to report that the financial condition of this Board is much better than it was a year ago. The indebtedness has been reduced from $2,392.05 to $1,032.14. So that instead of reserving one-half of the money contributed by the Church to pay off the indebtedness, the Board propose during the coming year, to pay into the hands of the beneficiaries the whole amount contributed by the Church, and seek from other sources the amount necessary to meet the remaining liabilities.

On the other hand it is painful to learn that the liberality of the Church to this Board during the past year has not been so great as it was the previous year—the amount contributed by the Presbyteries being $434.00 less.

Certainly the importance of the work in the hands of this Board is not properly appreciated by the Church.

Seventeen young men, whose names are reported to the Assembly, have received aid from the Board during the past year. Fifteen of these were Theological students, and two Literary. But the Board has been able to give to these beneficiaries only one-half of the amount for which they were recommended by their Presbyteries.

It is the opinion of your Committee, that to discriminate between Theological and College students as beneficiaries, and restrict the beneficence of the Board to the former class as a means of retrenchment, is neither just nor wise. If retrenchment be necessary, we believe it should be effected by limiting the amount given to each student during his whole course—not by limiting it to his Theological course.

We would recommend the adoption of the following resolutions:

1. That the Assembly approve of the action of the Board in making a special appropriation to Mr. A. B. Caldwell—a native of India—who is preparing for the foreign mission work.

2. That an appropriation of $6,000 be granted to this Board for the coming year.

3. That the Board be directed to use all proper means to have the money, due from those brethren who have left the ministry of our Church, refunded as soon as possible.

The Committee on the Board of Ministerial Relief presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF MINISTERIAL RELIEF.

The receipts of the Board last year from Presbyteries, individuals and legacies were $1,854.29.

Their expenditures were $710, leaving a balance of $1,144.29.

This year their receipts of contributions from Presbyteries, the only contributions which they have had, have been $1,638.49, while their expenditures have been $1,421.72, leaving a balance of only $216.77.

Thus their receipts have been reduced and their expenditures have been more than doubled.

Such is the response of the Church to the action of the Assembly taken last year for the raising of an endowment of fifty thousand dollars for Ministerial Relief. A sad response indeed! How can it be accounted for?

The blame, if blame there be, must *not* be laid upon the people.

The sum received shows that *many* of our people do take an interest in this holy cause; but while many of our congregations have done nothing during the year for the Board, we cannot but believe that they would have done *something* if the subject had been presented to them.

The Nation provides for the relief of its crippled and disabled soldiers, even though they have fought but a single day; and it is impossible to believe that a single congregation in our Church would withhold aid from the disabled minister, who has given his whole life to the cause of Christ and His Church, if the ministers would ask them to contribute.

Brotherly love should prompt them all to do this; and furthermore, no minister, however comfortable his circumstances may be, can have the certain assurance that he or his family will never need help from such a Board.

We submit the following resolutions, viz:

Resolved, 1st. That the attention of Presbyteries is hereby directed to the *mode* of procedure in reference to making applications for aid from this Board, as indicated in their report to this Assembly.

2d. That the attention of Presbyteries be, and hereby is specially called to the rapid increase in the expenditures of the Board, and of the consequent necessity of securing contributions to its funds from every congregation under their care.

3d. That congregations and individuals, favored by God with worldly means, should not neglect the call of the Assembly for the endowment of fifty thousand dollars for the permanent use of this Board.

4th. That the Corresponding Secretary of the Board of Ministerial Relief be instructed to prepare and publish an address to the Church, setting forth the object and wants of this Board, and that all pastors be directed to present it to their congregations.

Spent some time in devotional exercises, during which a collection was taken up in behalf of the Board of Ministerial Relief.

The Committee on Finance presented their report, which was laid on the table.

The Special Committee on the salaries of the officers of the Assembly, Corresponding Secretaries of the Boards, &c., presented their report. Pending the discussion of this report, the Assembly adjourned after prayer by Rev. J. M. Fulton.

2 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. J. N. Dick, D. D.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The following paper in relation to the influence of the secular press on morality, was adopted:

PAPER IN RELATION TO THE INFLUENCE OF THE SECULAR PRESS.

The attention of the Assembly having been directed to a resolution of the General Assembly of the Presbyterian Church, adopted 27th inst., relating to the moral influence of the secular press, on motion,

Resolved, That this Assembly does hereby adopt, as the proper expression of its judgment, the resolution of the sister Assembly, viz:

"The General Assembly recognizes with great satisfaction the enterprise of the

secular press in obtaining and publishing religious and ecclesiastical news: also th ability with which it discusses and advocates measures in promotion of education, sound morals, and good order. At the same time the Assembly begs leave to call the attention of those who control the secular press to the propriety and duty of giving less prominence to the details of crime, especially of all forms of licentiousness, as their publication tends to destroy delicacy of feeling, to corrupt the public mind, and to make that familiar and less repulsive which should always be viewed with abhorrence."

Resumed the consideration of unfinished business, viz: the report of the Committee on the Salaries of the Officers of the Assembly, Corresponding Secretaries, &c. This report was amended and adopted. It is as follows:

REPORT OF THE SPECIAL COMMITTEE ON SALARIES.

We offer the following as a substitute for the report of the Committee of last year on certain salaries:

The Committee of last year was appointed to "readjust, upon an equitable basis," the salaries of officers of the Assembly, of the Secretaries of the Boards, and Treasurers of the same. The question meets us at once; what conditions are essential of such equitable adjustment? We answer:

1. It is entirely equitable for the Church to allow her officers no pecuniary compensation for important and sometimes laborious services. Members and officers of congregations and sessions, Presbyteries and Synods, Colleges and Theological Seminaries, owe it, we believe, to the Church and to Christ to discharge duties that may involve more or less attention, time and effort, free of charge. And it is the fact that many in the United Presbyterian Church are gratuitously, and with apparently entire cordiality, performing services which, in secular relations, would be worth considerable compensation.

2. It may be equitable for the Church to pay some of her officers full and competent salaries. By full salaries we mean such large compensation as may be sufficient to enable them to support their families, and with economy in the course of years acquire a competence. This should be done, when such officers are required to devote all their time and energies to the work assigned them. This is done in larger denominations, in behalf, for example, of some Secretaries of Boards, and in our body, as well as in others, in behalf of Professors in Educational Institutions, financial agents, &c. It is not the fact that any of the officers, whose salaries are now in question, give all their time to their work, and accordingly it would not be equitable, we think, to pay any of them so much for their services.

3. It may be equitable for our Church to pay some of her officers, whose services are before us, nominal or partial salaries. This, we think, should be done when the services of their offices require a very considerable part of their time and attention; when they may be prevented entirely, or in part, by their official obligations from engaging in other and compensatory positions, or pursuits; and when especially it may be necessary, in the limited or straitened circumstances of their worldly condition, to use all their time for a temporal support.

4. It may be equitable, we think, to regulate the amounts of such salaries paid, according to the varying measures of responsibility, of time, and of work which the offices in question may require.

With these principles in view, as conditions essential to "an equitable basis of the readjustment" of the salaries before us, we recommend that officers be paid as follows:

Corresponding Secretaries:

Board of Home Missions	$800 00
" " Church Extension	600 00
" " Foreign Missions	500 00
" " Freedmen's Missions	200 00
" " Education	150 00
Treasurer of Board of Foreign Missions	300 00
" " " " Church Extension	75 00

Officers of the Assembly:

Principal Clerk	.....	$ 75 00
Second "	.....	200 00
Assistant "	.....	25 00

Also, that all other officers, whose services are before us, be paid their expenses, in addition to our high appreciation and cordial thanks.

The report of the Committee on Finance was taken from the table, amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON FINANCE.

The following papers have been put into the hands of your Committee for examination, viz:

Reports of the Treasurers of the General Assembly, of the Boards of Home Missions, Foreign Missions, Freedmen's Missions, Church Extension, Education, Publication, Ministerial Relief, and part of the reports of delegates to the Associate Reformed Synod of the South, and to the Canada Presbyterian Church, and the bill of J. M. Wallace, member of the Committee on the Board of Publication, and the action of the Presbytery of Tennessee in reference to the estate of Henry and Mary Hamil.

The reports of the Treasurers have been audited, as directed by the General Assembly, by their respective Boards, and the footings have been found by us correct.

The report of money received for Foreign Missions shows a falling off in the contributions to that fund of a year ago, while the report of the Home Missions shows a considerable gain.

All our Boards have been able to meet their liabilities better than they feared. And while many of our Boards have been crippled in their operations through lack of funds, we have reason to thank God that they are in as healthy a condition as their reports indicate.

We recommend to the Assembly for adoption the following:

Resolved, 1. That the conduct of the different Treasurers and Boards of our Church in the management of the funds committed to their care, be approved.

2. That the Trustees of the General Assembly be directed to divide the one-half of the estate of Henry and Mary Hamil, left to them for distribution, among the different Boards of the Church, according to the rule of the General Assembly adopted last year (page 449), except the Board of Foreign Missions, which was so liberally provided for in the will; and that the Board of Home Missions be directed to invest ($1,500) fifteen hundred dollars of their share of said fund, and give the proceeds annually to the Big Spring congregation, Presbytery of Tennessee, so long as it shall be deemed necessary in the judgment of said Board.

3. That the Principal Clerk be directed to draw warrants on the Treasurer of the General Assembly as follows:

To Rev. D. Strang, delegate to the Associate Reformed Synod of the South,	$	58 70
To Rev. W. J. Gillespie, delegate to the Canada Presbyterian Church,		73 60
To J. M. Wallace, member of the Committee on the Board of Publication		27 50
To the Principal Clerk of the Assembly		100 00
To the Second Clerk		200 00
To the Assistant Clerk		25 00
Incidental and traveling expenses of Clerks		25 00
To the Sexton of the Church, Cambridge, O.		20 00

4. That the sum of three thousand dollars be appropriated to the General Assembly's Fund.

5. That our ministers be requested to urge upon our people, by example and precept, the important duty of giving of their worldly wealth as the Lord has prospered them, as an act of religious worship, which will secure God's rich blessing, both temporal and spiritual, if obeyed, and which will incur his righteous judgments if neglected.

It appears from information received directly from the Treasurer of the Ministerial

Relief fund that some Presbyteries do not contribute at all to this fund, and that one Presbytery modestly asks for $200, and only contributes to this fund during the year $4.57. Another large and well to do Presbytery receives $200, and sends to the general fund but $27.

We recommend for adoption the following:

Resolved, That all Presbyteries be urged to contribute annually to the Ministerial Relief fund; and that those well to do Presbyteries asking aid from this fund show a liberality becoming their requests.

The following resolution, rescinding a certain action of the last Assembly was adopted:

RESOLUTION ON SALARIES.

Resolved, That the action of the General Assembly of last year, ordering that "the salaries of the officers of the Assembly, and Secretaries and Treasurers of the various Boards be paid out of the General Assembly Fund," be and hereby is rescinded.

The Committee on Revision presented the following report, which was adopted:

REPORT OF THE COMMITTEE ON REVISION.

The printed minutes of the Nineteenth General Assembly, and of the Synods of New York, Pittsburgh, First and Second Synods of the West, Ohio, Illinois, Iowa and Kansas, and the written records of the Synod of the Pacific, for 1877, have been before us for review. Those of the Synods of New York, First of the West, Ohio and Kansas, are not certified by their respective Clerks. Many of the Presbyterial reports are signed by the Clerk only. The minutes of a few of the Synods have an alphabetical index—which the Committee would commend—the others have not.

Some of the Synods print the statements of the Boards, and reports of Presbyteries, others print neither, contenting themselves with the publication of the reports of their Committees on the Boards of the Church, and on Narrative and State of Religion.

While your Committee are not prepared to recommend any definite action here, they feel that it would be desirable if greater uniformity in these respects, could be obtained.

The Synod of Kansas has appended to its printed minutes a half page of *errata*, which, under the circumstances, may be useful, but is not ornamental. The Clerk of that Synod indulges in comments upon sermons delivered before that body, which, the Committee think, does not fall in the line of his duty. Otherwise the printed minutes of this Synod are a model of neatness in style and execution. This last remark will apply almost equally well to the printed minutes of the other Synods.

The records of the Synod of the Pacific comprise their first and only meeting, thus far. They present a very good appearance, in the main, but there are indications of haste, on the part of the Clerk, particularly towards the close of the record, to which, perhaps, may be attributed a deterioration in the penmanship, an occasional error in orthography, abbreviations, and the omission of words, none of which should be found in permanent records.

The records overrun the marginal lines; the margin should always be used for brief references, and for these only.

On the fourth, fifth and sixth pages, the plural form, *Presbyteries*, is used, instead of the singular; thus, the Presbyteries of Oregon, the Presbyteries of San Francisco.

On the fourth page we find this entry: "The following Standing Committees were appointed." Then succeeds the list of names. But on the sixth page we read again: "The following Standing Committees were nominated and confirmed by the Synod." This announcement is followed by a blank, but evidently, here is the place where the list ought to have been inserted in the order of business.

Digitized by Google

In the closing paragraph it is twice declared that the Synod adjourned; once before the closing prayer, and then after it. The first session is said to have been closed with the benediction, but we are not told by whom; while at the final adjournment, from anything that appears in the record, the benediction was not pronounced at all.

The records of the General Assembly appear to be correct, and manifest great care and pains-taking in their preparation.

In so far as your Committee have been able to examine and determine, the business of the General Assembly, and of the subordinate Synods has been transacted faithfully and in conformity with our ecclesiastical rules. Therefore,

Resolved, That the minutes of the General Assembly, and of the several Synods, with the exceptions noted, be approved.

The Committee on the Board of Publication presented their report, which was amended and adopted. It is as follows:

REPORT OF THE COMMITTEE ON THE BOARD OF PUBLICATION.

Your Committee has had before it several papers.

I. The annual report of the Board of Publication.—We notice with pleasure that the last mortgage of $5,000 on the building has been paid in full, together with the interest, the taxes for the last and current years, and the salaries of the employees.

The Revision of the Psalter.—The present book is inconvenient in presenting the music on one side, and the words on the other, very often. Your Committee is not in favor of *much* change in tunes, since those in use are familiar to our people, and not so old as to be worn out; therefore,

Resolved, 1. That the Board take steps to so revise the Psalter as to obviate the above difficulty.

2. That a limited number of chants and anthems be inserted as an appendix, and that as regards the musical changes proposed, the Board be directed to consult the Committee on Selections.

3. That the present edition of the Psalm-Book be so changed as to present to the eye at the top of each page the number of the Psalm in *figures*, and also the measure of each Psalm.

II. The report of your Special Committee appointed last year.—Resolved, 1. That the blank forms prepared by this Committee, for annual exhibits, be recommended for use.

2. That the Board have authority to provide a Business Manager, who shall be directly responsible to the Board.

3. That the rules and by-laws proposed by your Special Committee be adopted for the use of the Board, with liberty to make any additions which may be necessary to carry out the intentions of the Assembly.

4. That the Board be authorized to make such provisions for aid to the Manager as will enable him to prosecute, systematically and efficiently, all the work connected with the publishing house; and that they take note of all matters to which attention is called by your Special Committee.

5. That the recommendations of the Special Committee in regard to the rule for estimating the value of the real estate, and the merchandise, and in regard to the book accounts and bills receivable to be included among the assets, and in regard to the donations, be adopted.

III. The request of R. S. Wallace.—Believing that the Psalms of the Bible may be *sung* into favor in the new and sprightly music of the Quarterly; and knowing that already more than 3,000 copies of the Quarterly, containing selections from the Psalms, are in use in congregations and Mission stations outside of our own denomination; therefore,

Resolved, That the privilege of using the revised edition of the Book of Psalms in making selections for the Quarterly be granted, provided that the publishers of the Sabbath School Quarterly of Chicago grant to our Committee, appointed to prepare and publish a book of selections of Psalms set to music, the privilege of incorporating in the same the Subbath School music, which is, or may be, copyrighted in their name.

IV. The resignation of Rev. J. C. Boyd, the Corresponding Secretary.—Resolved, That his resignation be not accepted.

Digitized by Google

V. Miscellaneous Resolutions.—Resolved, 1. That the Board be authorized to publish 4,000 copies of the Minutes of this Assembly, and that pastors and sessions make effort to secure their circulation.

2. That the Church be requested to remember this Board in her prayers, and with liberal contributions.

3. That the Board be authorized to donate to Missions, Sabbath Schools, Theological students and missionaries, in suitable books, an amount equal to the contributions made during the year.

4. That only so much of the Special Committee's report be published as includes the by-laws referred to above.

The credentials of Rev. James Lovejoy Robertson, delegate from the General Assembly of the Presbyterian Church in the United States, were presented, and the hearing of the delegate was made the order of the day for 8 o'clock this evening.

After prayer by Rev. C. H. Mitchell, the Assembly adjourned.

7:30 o'clock, P. M.

The Assembly met and was opened with prayer by Rev. J. A. Nelson.

The calling of the roll was dispensed with. The minutes of the last session were read and approved.

The Judicial Committee presented the following report on the impropriety of unlicensed students preaching, which was adopted:

REPORT OF THE JUDICIAL COMMITTEE ON THE IMPROPRIETY OF UNLICENSED STUDENTS PREACHING.

There has been a paper referred to the Judicial Committee, instructing said Committee to make a report to the Assembly on the impropriety and unlawfulness of the conduct of students of theology who, though unlicensed, preach in vacancies and supply pulpits in the absence of pastors.

In pursuance of instructions, the Committee reports as follows:

There are certain ways in which it is the right and duty of all who know the gospel to publish and diffuse it. There are conceivable certain circumstances in which it might become the duty of any one possessing adequate knowledge, and fired with zeal for the salvation of souls, to conduct the exercises of public worship, even though destitute of any license by a church court. But the circumstances which would justify this course must be very extraordinary.

There can be little doubt that the common law, the use and wont, of our church is, that no student of theology, without license, has a right to lead the public worship of a congregation unless in the attitude of one who is undergoing trials before a Presbytery with a view to licensure sooner or later.

The statute law of the church points clearly in the same direction, for, in the Book of Government and Discipline, various regulations are prescribed for the guidance of Presbyteries in the matter of licensing men to preach the gospel. It is manifestly implied in the whole texture of those regulations that in order to preach the gospel, men must have license granted them, and that by a Presbytery. But, if so, the notion is precluded that a student can license himself, or that it pertains to individual ministers to license him. According to our polity, licensure must precede preaching, except in the sense already indicated, and to license is the prerogative of a Presbytery, not of ministers in their individual capacity. It seems rather preposterous for a student of theology to present himself to Presbytery as a candidate for licensure after he has been going round on his own authority as a preacher of the gospel.

The fact that a man is a student of theology gives him no standing, assuredly,

Digitized by Google

as an officer in the Church, and such a one has not nearly as plausible grounds for officiating in the character of a preacher as have ruling elders, many of whom are richly endowed with gifts and graces.

It may be said that students need to practice preaching in order that they may learn. This is admitted, but the inference often drawn from it is not admitted. Those who aspire to the ministry can have facilities for preaching in the Seminaries, much more numerous than any of them known to us are disposed to avail themselves of. They can also preach before Presbyteries and, in the judgment of many, they should be required to do so much more frequently than is common. In ordinary prayer meetings, moreover, and in Sabbath Schools they can find wide scope for the exercise of their gifts within the limits of law.

In considering this matter, it is not to be overlooked that there is a comparatively large number of licentiates and ministers in our Church, many of them not only earnest men, but acceptable preachers also, who are unemployed. The practice of engaging or allowing unlicensed men to occupy pulpits does an injustice to those who have been formally authorized to preach.

It is of great importance, besides, in this age of lawlessness, when the elements of anarchy are to a large extent openly or secretly at work in society, that those who aspire to the ministry, and therefore to be guides of others, should be trained themselves to respect law and order. He has but scanty preparation for a post of command, who has not learned to obey. A conscientious regard for law is one of the most valuable lessons which aspirants to the office of the ministry can learn. To encourage them to do what is clearly irregular, or even what is of questionable propriety is to do them an injury, and in greater or less measure disqualify them for the work to which they look forward; and it behooves all ministers and ruling elders especially, to beware of inflicting on them such a wrong and putting a stumbling block in their way.

In view of these considerations, and of others which our limited time forbids us to specify, the Committee submits respectfully for adoption, these resolutions, viz.:

Resolved, 1. That the Assembly regards with disapprobation, as irregular and of injurious tendency, the condition of matters alleged to exist in certain quarters, according to which unlicensed students of theology undertake to officiate as preachers in the ordinary services of public worship.

2. That Presbyteries be, and they hereby are, charged to adopt prompt measures for the suppression of the disorderly state of matters indicated, resorting, if need be, to the exercise of judicial discipline on the actual offenders, and on those who make themselves accessory to their offense by appointing or inviting them to preach.

The Committee on the Board of Education presented the following report with respect to the training of young men for the ministry, which was adopted:

REPORT OF THE COMMITTEE ON THE BOARD OF EDUCATION WITH RESPECT TO THE TRAINING OF YOUNG MEN FOR THE MINISTRY.

Only twenty-three Presbyteries have reported to the General Assembly on this subject.

From these reports it appears that sixteen young men have been licensed during the past year by the Presbyteries in America.

Of the sixteen young men who belong to Presbyteries in our own country, five have spent three sessions at the Seminary with the usual amount of training by Presbytery. Ten have spent two sessions, and one is reported as having spent but one. Three of those who have spent two sessions in the Seminary have studied one year in private under the care of Presbytery.

It is the opinion of your Committee that in these times there is a tendency to undue haste in putting men into the ministry. We would therefore recommend the adoption of the following:

Resolved, That as an able, as well as a godly ministry is of the utmost importance to our success as a Church, this General Assembly earnestly exhort all our Presbyteries to exercise the greatest care in training men for the office of the ministry.

The following paper relating to the organization of Women's Missionary Societies, was adopted:

ACTION RELATING TO THE ORGANIZATION OF WOMEN'S MISSIONARY SOCIETIES.

The General Assembly has continued the Committee previously appointed to assist in the organization of Ladies' Missionary Societies in the congregations of the Church. This Committee is very cordially commended to the ladies throughout the Church, prepared, as it will be, to give all desired information in respect to the organization of Congregational Societies, and to assist them in beginning and car-

rying on their work. It is believed that the ladies, organized in this way, may achieve important results; first, in fostering and cultivating a spirit of devotion and consecration to God; and subsequently, and in consequence of their spiritual gains, in making contributions to the benevolent work of the Church. It is therefore

Resolved, 1. That the establishment of Ladies' Missionary Societies in the congregations be encouraged.

2. That the ladies be solicited to devote whatever funds they raise in their Societies to the several departments of Missionary work, as nearly as possible, in proportion to the amount appropriated by the General Assembly.

3. That when a Presbyterial Society is formed it shall make an annual report to the Presbytery, and when such Presbyterial Society is not formed the report shall be made through the Session.

4. That each Presbytery shall report to the General Assembly the number of Missionary Societies under its care, together with such statistics respecting members, collections, etc., as may give an intelligent account of its proceedings and results.

5. That these statistics be incorporated in the annual Minutes of the General Assembly.

6. That in order to avoid confusion in the management of the finances, all money contributed by the Societies to the Boards, shall be transmitted through the Financial Agents appointed by the General Assembly.

The following paper on Ministerial Support was adopted:

PAPER ON MINISTERIAL SUPPORT.

WHEREAS, Many organizations in different parts of our Church, which would be likely, if supplied regularly with preaching, to grow into self-sustaining congregations, are, for the want of it, languishing or declining; and,

WHEREAS, Many ministers in our Church, educated to preach the gospel, and fitted for usefulness, are not regularly employed in the supply of congregations, or mission stations, much of whose valuable time and service is accordingly lost to our missionary work; and,

WHEREAS, The funds of the Board of Ministerial Relief are utterly inadequate to meet the urgent necessities of our superannuated and disabled brethren, their widows and children, and,

WHEREAS, In the judgment of this Assembly these great hindrances to the success of the gospel and prosperity of the Church are largely due to a defective system of Ministerial Support; therefore,

Resolved, That a Committee, consisting of Revs. D. M. Ure, James Harper, D. D., Alex. Young, D. D.; J. B. Dales, D. D.; J. T. Cooper, D. D., and R. B. Ewing, D. D., be appointed to report to the next General Assembly, if in their judgment they can devise one, an improved system of Ministerial Support, to the end that such formidable hindrances to the gospel may be avoided, and the success of our Church and the salvation of souls greatly promoted.

The Special Committee on Old Records presented a report, which was amended and adopted. It is as follows:

REPORT OF THE SPECIAL COMMITTEE ON OLD RECORDS.

Resolved, 1. That the thanks of this Assembly and the Church are due, and are hereby tendered the Second Clerk for the great labor and care bestowed on the work of preparing such a full and satisfactory record of the organizations of Presbyteries and Synods; also to Rev. J. C. Boyd, Clerk of the Committee on Old Records, for the diligence shown in this work.

2. That the record of organizations be printed in the Appendix to the Minutes.*

3. That the records and histories of Presbyteries and congregations be left for the present with the respective Presbyteries.

*The publication of this record is deferred until the Minutes of next year, in order to secure greater completeness.

4. That the Committee on Old Records be directed to ascertain more definitely, and report to the next Assembly a plan and the cost of a suitable vault for preserving histories and records.

5. That this Assembly recommend the formation of a United Presbyterian Historical Society, and hereby authorize the Committee on Old Records to organize such a Society and report to the next Assembly.

The following paper in relation to the Church's work was adopted:

PAPER IN RELATION TO THE CHURCH'S WORK.

In order to aid in giving effect to the requirements of the Assembly in relation to the work of the Church, contemplated in the acts of this Assembly:

Resolved, That Presbyteries be, and hereby are, enjoined to make the contemplated work of the Church a matter of prayer and conference at their first regular meeting after the dissolving of this Assembly, urging upon pastors and missionaries the duty of presenting to the people the great work contemplated by this Assembly, and to devise some method for a more regular and systematic plan of contributions to meet the wants of the different Boards of the Church.

The following resolutions of thanks were adopted:

RESOLUTIONS OF THANKS.

Resolved, 1. That the thanks of the Assembly are due, and are hereby tendered to the enterprising editors of the *Guernsey Times* for the publication of the proceedings of this meeting, and to other secular papers that have published reports.

2. That our thanks are due, and are hereby tendered the pastor and people of the United Presbyterian congregation of Cambridge, as also to the citizens of Cambridge, who have so kindly entertained us; together with the congregations which have provided for us such bountiful dinners from day to day.

3. That we express our thanks to our Moderator for the kind and genial manner in which he has performed the duties of his office.

4. That we unitedly express our gratitude to the King and Head of the Church for the presence of the Holy Spirit, as evidenced in the harmony and good will that have prevailed in all our sessions.

5. That the thanks of the Assembly are due, and are hereby tendered to the railroad companies that have so kindly favored delegates to the Assembly by a reduction of railroad fare.

The minutes of this session were read and approved.

The Assembly was dissolved, when the Moderator said, "By virtue of authority to me delegated, I do hereby dissolve this General Assembly, and require another General Assembly, chosen in the same manner, to meet at New Wilmington, Pa., on the fourth Wednesday of May, 1879, at 2:30 o'clock, P. M."

Prayer was offered by Rev. A. Blaikie, D. D., Psalm 133, C. M., was sung, and the Apostolic benediction was pronounced by the Moderator.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

Your Trustees would respectfully report: That since your last meeting they have endeavored to attend to such temporal affairs pertaining to the Assembly as have come before them.

An Act has been passed by the Legislature of Massachusetts authorizing the General Assembly to hold real estate in that Commonwealth to the amount of three hundred thousand dollars. This was procured to perfect the title to the church property in Boston and Fall River; and any other cases that might arise in that State.

We have given considerable attention to the collection of some legacies that have been left to the General Assembly for the use of Missions, but owing to the delays of the law, we have so far not been very successful.

The term for which James McCandless, R. E. Stewart and Graham Scott were elected Trustees, will expire July 1, 1878. You will please fill their places by a new election.

A Committee of our Trustees has audited the account of James McCandless, Treasurer of the General Assembly, and found the same correct.

All of which is respectfully submitted.

By order of Board of Trustees,

GRAHAM SCOTT, *Secretary.*

REPORT OF THE BOARD OF FOREIGN MISSIONS.

In offering their Nineteenth Annual Report, the Board are able to say that no one of its members, or of the missionaries under its care, has been cut off by death during the year. Fifteen meetings of the Board have been held for the transaction of business, and word has been received that in every one of our missions, and in their principal stations, there have been conversions to Christ and additions to the native churches. While, however, this statement is gratefully made, the Board are pained to have to say that, with the fields whiter for the harvest than perhaps ever before, and the laborers in some portions of it fewer, yet not a single new missionary has been sent forth to the work, and in scarcely any month has the Treasurer been able to meet the demands upon him for indebtedness, or for current expenses.

For the details of its mingled joys and sorrows in these things, the Board most earnestly ask the attention of the Assembly.

FUNDS.

The total amount received during the year ending April 30, 1878, was $47,551.01, and was contributed as follows, viz.:

Presbyteries	$29,826 73
Sabbath Schools	1,870 95
Missionary Societies	4,290 20
Individuals	7,421 37
Legacies	4,154 37
Investments	487 39
Total	$47,551 01

Digitized by Google

Compared with the previous year, there was a decrease as follows:

Presbyteries	$10,827 75
Sabbath Schools	917 57
Missionary Societies	2,210 65
Individuals	5,204 20
Legacies	2,217 41
Investments	5,087 11
Making the large sum of	$26,464 69

The appropriations for the year, as made by the General Assembly, were $62,530. The amount received was $47,551, leaving a deficiency of $14,979.

Orders were granted in favor of the India Mission to the amount of	$21,600 00
To the Mission in Egypt	30,000 00
Making a total of	$51,600 00
The amount paid to India was	$15,628 00
The amount paid to Egypt was	25,436 00
	$41,064 00
Leaving an indebtedness of	$10,536 00

The sale of property in India not needed for mission purposes enabled that mission to meet a large portion of the expense provided for in the estimates. This was an unexpected source of income, and does not relieve the Church from the responsibility of providing the full amount of the appropriation made by the General Assembly.

The mission in Egypt was also favored by unexpected contributions, and at the first of January, 1878, reported having spent $2,518 less than the estimate. This is a gratifying statement, and, taken in connection with the favorable turn of events in India, should make the Church exceedingly thankful that the Lord has provided the means for carrying on His work, even while the Church at home was failing to raise the money appropriated by the General Assembly.

As the financial year of the missions in India and Egypt closes on the thirty-first of December, and that of the General Assembly on the thirtieth of April, four months later, it is not known definitely what our present indebtedness is to these two missions. The lowest amount would probably be about $5,000.

MISSIONARIES.

In their sense of the great need of the mission in Egypt, the Board last fall reappointed Dr. D. R. Johnston to it; but we regret to say that he has not been able to resume the work. Very anxiously, also, have the Board desired that Rev. D. Strang should return; but various circumstances have constrained him to remain as yet in this country.

Dr. J. F. Patterson has been endeavoring during the year to recruit the shattered health, with which he returned to us a year since; but not succeeding as he desired, he has at length tendered his resignation, and the Board have been constrained to accept it. Rev. Samuel Martin and family have been materially benefitted by their rest, and after a season they expect to return to the Indian field, where it is felt he is very greatly needed. Miss Campbell has been sojourning among her friends, and it is hoped with benefit to her health and strength.

Last September Mrs. Watson, of the mission in Egypt, returned to this country with the children of the family, and has found a season of rest and change of great service. Rev. Dr. Watson has also just reached our shores, and, after a few months, will return with his family to his work in the fall. Miss Lockhart, it grieves us to say, has been so prostrated by long continued illness that she has at length been forced to leave the work, much as she loved it and was loved in it, and just reaching her friends here will anxiously wait the developments of Providence. Miss Johnston also, after an absence of about nine years, and much needing a change, has returned, and it is hoped will be able, after a short season, to resume her work with increased strength and usefulness.

It may seem that the number of persons absent from their fields of labor is large. But the Board wish to have it understood that it has never been our policy

to encourage frequent returns of missionaries to this country, or favor long absences from the mission work. Rather it has ever been felt that nothing but necessity, under a deep conviction of duty, should have any one feel at liberty to withdraw from the work, and that then every effort should be made to return to it at the earliest day possible.

MISSION CHANGES.

Two eventful ones have been made during the year:

First.—In Syria. As directed by the last General Assembly, the Board took steps for the transfer of this mission to the care of the General Assembly of the Presbyterian Church of Ireland, and as the result, report: (1.) That all the joint property of the mission—the property that was built by funds in common from both the Irish Presbyterian Church and ours—is to remain in the occupancy of the Irish brethren, with a right for us to return and resume labors with them in it, if at any time hereafter it shall be deemed best. This arrangement was made according to stipulations that were formally agreed upon by the joint mission, and ratified by the respective Assemblies in 1860. (2.) The buildings in Bludan, being the exclusive property of our United Presbyterian Church, were purchased by the Board of the Irish Church from us for the sum of £675, and the proper conveyance of all our right and title to them was made and forwarded to them. (3.) In regard to the missionaries, the Rev. John Crawford, having spent his entire missionary life of twenty years in that field, and seen no reason to doubt the continued interest and usefulness of his labors in this mission, preferred, after much anxious thought, to remain in it. He was accordingly transferred from the charge of our Board to that of the Presbyterian Church of Ireland, with earnest expressions of our affection and confidence as a man of tried and devoted worth. Miss Mary Frazier, who had entered there upon the work of preparing for labor in the field that had been consecrated with the toils and the dust of her lamented father, yielded to the recommendation of the Board and of friends, and deciding to continue in our service, was thence removed to the mission in Egypt, where she is engaged with every promise of success in the great work.

The Board cannot dismiss this subject of the Syrian mission without expressing the deep interest which our whole Church should ever feel in it as the oldest and longest continued thus far of all our foreign missions. Most gratefully also, would the Board record its sense of the distinguished Christian courtesy and the honorable bearing that have marked the course of the Committee or Board of Missions of the Presbyterian Church of Ireland in all their proceedings with us in the transfer of this mission and property.

Second.—In regard to the mission in China, the Board have to report that, as the last Assembly also directed, the mission which had been carried on for more than seventeen years in Canton has been transferred to the Pacific Coast. With marked care and fidelity, the Rev. J. C. Nevin disposed of the mission property to a German Missionary Society, and without any loss on the amount of money expended in it. Removing, then, with his family to our own shores, he, with a view of commencing operations among the Chinese in California, was directed to explore the field, and on consultation with the Presbytery of San Francisco, fix upon a proper location. With entire unanimity Los Angeles was selected—a place containing a population of about 20,000 inhabitants, and a large number of the Chinese people. With great courtesy and kindness, the Board of Foreign Missions of the Presbyterian Church proposed to relinquish that point to us, if we would occupy it. Accordingly, purchasing the mission premises at what was considered a reasonable rate, viz.: $1,390, Mr. Nevin took up his residence there with his family, and is now entering upon the work—a work which ought to be regarded with very great interest. It is on our own shores. It is for a people, many of whom may return to China, and who can be the means of untold good if they are only made to find Jesus Christ, and then go back with their hearts all aglow with His love, and their tongues ready to tell of Him and the riches of His grace to their benighted countrymen in the great Empire of China.

The Board cannot close this statement without most earnestly commending this mission to the Chinese to the sympathy, the prayers and the increased liberality of our people for its support. One of the ablest of missionaries has left the field which had become, as he believed, so inviting in Canton, to take charge of this in California, and he ought to be thoroughly sustained. The mission is more expensive in California than in China, and should be promptly and fully provided for.

OUR HELPERS.

The past year has witnessed many signal interpositions of God, and of the friends that He raised up to aid this great cause.

Abroad.—His Highness the Maharajah Dhuleep Singh made his usual, most generous and timely contribution of one thousand pounds for the fourteenth time annually to the mission in Egypt. This munificent gift brought gladness to the heart of every member of the mission, and very materially helped carry on the good work of the Lord in that land.

With a truly noble Christian spirit, and in the exercise of a very wise and able statesmanship, the Hon. C. L. Vivian, Her Brittanic Majesty's Agent and Consul General at Cairo, interposed his offices with the Government of Egypt, and was largely instrumental with others in obtaining from the Khedive a right for the members of our native churches, specially at Moteah and Koos, to own sites, build themselves church edifices, and carry on the worship of God in their own way. The greatest good has resulted in various ways from the official acts of this eminent and worthy man.

During the past year, also, the students of the Divinity Hall of the United Presbyterian Church of Scotland have raised, by their special solicitations, the generous sum of £1,374 14*s.* 1*d.*, about $6,872, and transmitted it to the Rev. Dr. Hogg of the mission in Egypt, to aid in the erection of suitable buildings for the Training School and College at Osiout. This was a most munificent contribution, and calls for devout thanksgiving to God and to the young men who so nobly raised it.

The British and Foreign Bible Societies and the Turkish Mission Aid Society have shown their usual liberality.

At Home, also, much has been done. In numerous instances, generous men and women of God have come forward, and in times of pressing need have given aid that was so much desired. Some of these have given the contribution that, at the moment, well-nigh or entirely bridged over what had seemed an impassable gulf. Would that there were many such friends each year. What a debt of gratitude the Church would owe them!

The following, with others, may be specially mentioned:

Daniel Wilson	$ 100
Mrs. Maria Rich	100
A friend, for support of two female missionaries in India	2,128 gold.
A. M. Stewart, Esq., for support of missionary in Egypt	600
Adam Turner	100
Hugh Elliott	500
Mrs. I. W. Grier	100
Mrs. J. A. Sawyer	200
Rev. R. W. and Mrs. French	100
A friend in Philadelphia	1,050
A friend in Monmouth	100
Col. John McFarland, interest on $4,000	240

The Board cannot refrain from making special mention of William Gibson, M D., of Jamestown, Pa. With an enlarged Christian spirit, and an anxious concern for the enlightening of the blinded millions of the Arabic-speaking populations of the East through the simple word of God, he has set apart a valuable property in the city of Erie, Pa., and with the requisite written instruments, proposes to make over its avails to be perpetually used under the direction and oversight of the Board in scattering abroad the Scriptures in the Arabic tongue in the East. The Board have accepted the trust as it is to be executed, and ere long the work will be in active operation. Such large-hearted and munificent liberality cannot be too highly commended. All praise to the rich grace of God that has brought it about, and never should our United Presbyterian Church cease to regard with affection and honor the man who has thus proved himself, in one of the best of senses, a benefactor of his race and a helper of the cause of Christ.

With a far-reaching regard to the best interests of the mission cause in India in having a native ministry trained for the service of the gospel in that dark land, William Reed, Esq., of Sewickley, Pa., also has made very generous proffers of aid in founding and properly sustaining a Theological School in the mission for this purpose. Already the work is thoroughly begun, and the happiest results are being already realized.

In several instances individuals and associations or societies have undertaken the support of a missionary or native teacher, and thus have rendered important service by relieving the Board of that amount of expense, and, at the same time, have been happily brought into immediate and interesting contact with the persons for whom the contributions were made. For all this the Board is grateful, and would always commend work like this, rather than that of taking up, as is so often asked, a native scholar to be supported—an act that cannot but be objectionable, because: It causes separate accounts to be kept; it tends to have an injurious effect upon the person receiving aid by exciting in him a spirit of vanity or self-importance and superiority over the other scholars; it is often also impossible to foresee how a native child may turn out, and if it should be unfortunate, as is always so fearfully possible, the effect is discouraging—perhaps the missionaries are blamed, and the donors feel that they have given and labored in vain.

SABBATH SCHOOLS.

It is specially gratifying that a considerable number of the Sabbath Schools of our Church are engaged in this work, and it is confidently believed that if an effort for it was carefully and perseveringly made on the part of parents and teachers, all the children of our Church might be actively at work in helping have the gospel preached in all the world. Very easily, and with the happiest effect, a school might take up a native teacher, or a boys' school or girls' school, and undertake to raise the money required from the Board to sustain them.

SOCIETIES.

In various ways the principle of combining effort on behalf of this cause is being happily brought into exercise. In some instances the children of a family or neighborhood have formed themselves into societies, where they seek information at each meeting on the subject of missions, and raise what they can for this cause. Of most special interest is it also that there is a steady increasing interest among the women of our Church in realizing more and more the privilege and the duty of putting forth efforts to evangelize and elevate their many sisters who are wretched and miserable in all the darkness and degradation of their heathenism. In many churches, women feeling this, have organized themselves into societies, which hold regular meetings, have correspondence with foreign missionaries, appoint committees to prepare for each meeting matter that will tend to inform and interest the members on the subject of missions, and to excite prayer and offerings on its behalf. Great good is being thus done to the individuals themselves and to the cause they seek to promote. In some instances the ladies of the different congregations in a Presbytery hold a meeting of delegates for conference from their different societies about the time the Presbytery convenes in a particular place, and have done much to awaken interest and draw forth prayer and liberality on behalf of this great work.

Very efficiently also has the Women's Missionary Society, which owes so much for its origin and efficiency to the President, Mrs. S. R. F. Hanna, been engaged in this service. From the Assembly it has the privilege of dividing its funds between the different Boards of the Church. We gratefully mention that a good proportion of its contributions has come into our treasury, and most heartily should the Board and the Assembly bid it and all the missionary organizations of our Church God-speed in all proper efforts to raise funds and awaken interest in the mission cause.

Proposing, as these societies do, to interest the women of our Church in missions, and recognizing the fact, as it is hoped they all ever will, that there must be entire unity in our foreign, as well as our home work, and that that unity can really exist only by there being only one supreme Board, the women of our Church can attain great efficiency and usefulness in this work. The Board of Foreign Missions, as chartered by the Church and State, is entrusted with all the responsibilities of this work in the intervals of the meetings of the Assembly, and is, and of necessity must be, the only power that can originate new missions, send out new missionaries, and authorize the erection of new buildings and the incurring of new expenses; but with this power in its hands, and always acting only as it is authorized by the Assembly, and always sustained by the active co-operation and help of all the churches and all the missionary societies, this Board will ever be able in the future, as it has been in the past, to go forward and undertake and accomplish

Digitized by Google

much to the glory of God. Any other course will have a sad liability to divide the counsels of the friends of missions, to produce alienations, and more or less to divert to new or unauthorized objects the funds which the Church has solemnly pledged herself to give for the support of her missionaries and their work. With one Board for missionary work, with one object in view, and with one general course to pursue in accomplishing it, there can be no doubt of its being seen in the years to come, as in the years gone by, that God, even our own God, will bless us, that His way may be made known on earth, and His saving health among all nations.

In connection with this, the Board respectfully ask that the Assembly will reissue its instructions that nothing inviting expense, or that will call for the contributions of the churches, shall be undertaken in the foreign field, or have appeals made to individuals or the churches for funds on its behalf, without its having been carefully considered and agreed upon in the particular mission that has or will have the charge of it, and that it shall be included in the estimates which are always submitted to the Board for approval, and are authorized by the Assembly.

NEW MISSIONARIES.

From various causes each of our missions is in a condition at this time which painfully calls for reinforcement. The field is becoming really larger and more urgent every year, though technically in the same bounds. New demands for earnest and able labors are constantly arising. The devoted and useful men in the field are threatened with breaking down. Several are already here on furlough, and others will ere long have to be. What can be more natural or necessary than that there should be new persons on the field studying the language and learning how to do the work when they shall formally undertake it? Most fortunately and significantly there are now men of a promising character that are willing to respond to any cry of the Church, "Whom shall we send?" with the word, "Here are we—send us." Will the Assembly appoint them, or authorize the Board to do so—with the assurance that the means for sending them out and sustaining them when they reach the fields shall be regularly furnished?

In connection with this, also, the Board are impressed with the idea from intimations from various parts of the Church, and from many important interests involved, that the Assembly might give, with very happy effects, some general deliverance upon the subject of missionaries returning to this country, the frequency of it, and the length of time to be spent in their absence from the work for which, by their training, they have become fitted, and where they are so much needed. On an average, for all the fields we occupy, no missionary can visit this country and return to his post without an expense to the Board of from $300 to $800, and this, besides paying each married missionary a salary of $1,000 a year, and each single female missionary $300 a year. The Board deeply feel the importance and the delicacy of this subject, and commend it to the earnest attention of the Assembly.

BEQUESTS.

In His good Providence God has signally shown His kindness to us in moving increasing numbers of His people to remember this cause in their wills. Funds of very great moment have thus come in most opportunely from time to time, and we heartily commend to every one who has been made to rejoice in the Christian hope, and to whom God has given the means, the question, *Ought I not remember in my Will, and act liberally for Him who did such great things for me, and by whose grace I am what I am?*

As, however, there may be contingencies in the carrying out of wills—either through their not being signed a sufficient length of time before the death of the testator, or through some defect in the will itself, or in the protracted and expensive litigations which interested parties may make, the question may well be asked: Would it not be well for every one to make his offering to this cause while living, either by direct donations, or in making over his property to the Board, or to some one in trust for it—the interest or income of it to return, in whole or in part, to him during his life time if it is desired, and then at his death, the principal to be wholly the Board's for its great and sacred uses?

THE MISSIONS.

As already stated, and according to the action of the last Assemby, the missions

Digitized by Google

in Syria and China have been transferred. Our present missions in the order of their formation are:

1. *Egypt.*—This mission was begun on the first of January, 1855, and has five stations at which missionaries are located, and thirty-eight places where religious services are held on the Sabbath, five of which were opened during the past year. It has five regularly organized churches. The whole number of Missionaries on the field are eight male and fourteen female, total, twenty-two. Native ordained, 4; pastors, 3; school teachers, 56; licentiates, 7; students of theology, 11. The total number of agents, foreign and native, 113. Average attendance on the Sabbath, 1,646. The whole number of Sabbath Schools, 32; teachers, 92; Sabbath School scholars, 1,162. The whole number of converts is 856. Increase during the year—by profession, 125; certificate, 9; total, 134. Decrease by death, 10; removal, 30; suspension, 22; total, 62—making the actual increase, 72. Infants baptized, 110; adults (Moslems), 3. In day schools—boys, 993; girls, 568; total, 1,561. In boarding schools—girls, 51; training school—boys, 75. The contributions of the native congregations amounted to $5,058, or nearly six dollars per member.

2. *India.*—This mission was founded, also, in 1855, and has, so far as we are able to state without formal statistics yet for the past year, four leading stations, viz.: Sealkote, Gujranwalla, Gurdaspur and Jhelum—with smaller ones, viz.: Passoor, Zafferwal, Remugger, Kolanoor, Denanugger and Keilu. Besides these, there are large numbers of villages, where religious instruction is more or less regularly given.

In this mission the preaching of the word has been faithfully carried on, the sacraments dispensed, schools, both for boys and girls, kept open, with most satisfactory evidences of progress on the part of the pupils. Itinerant and bazar preaching have been maintained, and a very gratifying work has been well begun in the opening and carrying on, with the most encouraging success, a school of theology for the training of young men for the ministry.

The only statistics we have received for this mission are as follows: Whole number of communicants, 213: increase by profession, 40; by certificate, 15; decrease, 54; infant baptisms, 24; adult, 40; scholars in Sabbath schools, 247; teachers, 15.

RECAPITULATION.

Missions, India and Egypt; stations, 44; foreign missionaries, 13; unmarried female missionaries, 11; native ordained ministers, 6; licentiates, 8; native laborers, 154; total laborers, 174; communicants—Egypt, 856; India, 213; total, 1,069; increase—Egypt, 126; India, 40; total, 166; scholars in Sabbath Schools—Egypt, 1,162; India, 247; total, 1,409; teachers and officers—India, 15; Egypt, 92; total, 107; scholars in Egypt—in day schools, 1,404; in boarding schools, 51; in training school, 75; in Theological Seminary, 11; females taught at home, 476; total, 2,017; contributions of native members in Egypt, $5,058.

THE BOARD.

The terms of John Alexander, Joseph D. McKee and Rev. S. G. Fitzgerald expire at this meeting.

REPORT OF THE BOARD AND OF THE GENERAL COMMITTEE OF HOME MISSIONS.

As required by the General Assembly, the Board and the General Committee of Home Missions would respectfully present the following report:

I.—REPORT OF THE BOARD.

The following extracts from the report of the Board to the General Committee will convey some idea of the progress of the work committed to this important agency of the Church during the year now drawing to a close.

Aid was granted by the last General Assembly to 194 stations under the care of 45 Presbyteries. From six of these stations no reports have been received. The reports of seventy-three are incomplete, embracing only a portion of the year. Twenty of these being for one quarter, sixteen for two quarters, and thirty-seven for three. In the stations from which reports have been received, there is a membership of 9,438, while the average attendance upon Divine ordinances has been 16,837. The additions have been 507 on profession and 582 on certificate. The decrease by death or removal has been 552. In the Sabbath Schools connected with these stations there has been an average attendance of 9,704 pupils. These stations have contributed during the year to the Boards of the Church, $4,580, and for the support of their own pastors or missionaries, $49,818. These figures show the membership to be 656; the average attendance, 561; the decrease, 75; the Sabbath School scholars, 1,090, and the contributions for the support of their pastors or missionaries, $189—more than the preceding year. The additions on profession have been 85, on certificate 110, and the contributions to the Boards, $667 less than during the same period. It is worthy of notice that the average attendance upon the Sabbath Schools has been 664—more than during any previous year. These facts, though they may be far from what we have desired, certainly afford no ground for discouragement or despondency in reference to the efficiency of this department of Church service.

Special Missions.—The following stations were placed under this head by the last Assembly:

Omaha, Presbytery of Nebraska.—Rev. Joseph McCartney, who had been laboring in this field for more than two years, closed his earthly ministry and entered the "rest that remaineth for the people of God," on the 17th of October last. This sad bereavement, though a severe affliction, was by no means disastrous to the little band he had so faithfully served. Our lamented brother had done his work well, and therefore it stood firm in the day of trial. Measures were immediately taken to secure a suitable successor. Rev. D. R. Miller was appointed and entered upon the service early in December last, and has since that time been laboring with the most encouraging results. In a recent letter, an active member of the congregation thus speaks: "I think the harvest is just commencing. At our communion in January we had an accession of three members, and at our recent communion we received four more, in all seven in four months. Our average attendance is good. We have a good Sabbath School, which is still growing in numbers and usefulness." They have also a relatively large weekly prayer meeting. It is the desire of the congregation that Brother Miller be reappointed to the field.

Topeka, Presbytery of Kansas.—The missionary assigned to this station by the last Assembly declined the service. After several ineffectual efforts on the part of the Board to secure a missionary, Rev. J. P. Wright was appointed and entered upon the work there at the commencement of the third quarter. The audiences have been increasing in numbers, and the membership of the Church appear to be taking a more active interest in the work.

Burlington, Presbytery of Keokuk.—The matter of supplying this field was referred to the Board by the Assembly. Several appointments were made and declined. Though the congregation was generally supplied, it was not until our meeting in December that a stated missionary was secured. Rev. J. C. Herron was then appointed, and has been laboring there since the 1st of January.

Indianapolis, Presbytery of Indiana.—Rev. J. C. Campbell, reappointed to this charge by the last Assembly, accepted a call to another field about the close of the first quarter. The congregation, with the concurrence of the Board, made an effort to secure the services of a brother settled in another Presbytery. This, however, was not successful; another appointment was made and declined. Brother N. R. Walker, who had been laboring for several months at Madison, Indiana, was recently appointed for the remainder of the year.

Port Huron, Presbytery of Detroit.—This important station has continued under the pastoral charge of Rev. T. W. Montieth during the year.

Chicago, Presbytery of Chicago.—Rev. J. W. Bain resigned the pastorate of this congregation early in the year. The Church was regularly supplied for a time. Recently Rev. W. T. Meloy has been called, and though he has been but a few weeks in the field, and increased and increasing interest is manifested in his labors.

Toledo, Presbytery of Sidney.—The Assembly appropriated two hundred dollars to be expended by the Presbytery in exploring this field. The prospects were such

as to lead the Presbytery to apply to the Board for additional aid and the appointment of a missionary, which was complied with. The brother selected for the work was, however, called to another charge, and in view of the condition of our treasury and the large expenditure that would be required, it was deemed expedient for the present to suspend our efforts in that flourishing city.

Warm Springs Indian Mission, Presbytery of Oregon.—Rev. R. N. Fee and wife were appointed to this field early in the year. At that time they were engaged in similar service among the Nez Perces Indians on their reservation in Idaho. Although written to immediately after the appointment, he did not receive official information of it until too late in the season to cross the mountains. In a letter received some time since, it was stated that he would start about the first of April if the season would admit of it. The probability is that he is now at the Warm Springs Agency engaged in his work. We would again commend this Mission especially to the Sabbath Schools of the Church. A very considerable number of them have already shown their interest in this effort for the conversion of the heathen in our own land, a sum sufficient to support the work for the remainder of the current ecclesiastical year having been contributed. A proper effort on the part of those having the supervision of them would secure from our Sabbath Schools all the means required for this service.

Financial Condition of the Board.—On the 30th of April last year the Board was $1,806.81 in debt. This was not fully paid until the 26th of June. The obligations which matured on the 30th of June, were not all paid until the 18th of December. Those which became due on the 30th of September were not fully paid until the 5th of March; those which became due on the 31st of December were not all settled until the 25th of April, while of those which matured on the 31st of March, $3,250.36 are still unpaid and our treasury is overdrawn $63.39. So that although our indebtedness is not as large as we had reason to fear it would be a short time since, it amounts to $3,318.75 In this connection it must not be forgotten that fully $9,000 will be due on the 30th of June, making a sum of at least $12,000, all of which must be paid in less than ninety days from this time or many of our missionaries will be subjected to painful and humiliating embarrassments. We therefore most earnestly ask the Assembly to devise measures that will result the speedy settlement of these claims.

The contributions during the year have been, from Presbyteries, $24,756.60; from Sabbath Schools, $879.55; from Ladies' Missionary Societies, $680.50; from legacies, $3,911.30; from miscellaneous sources, $2,342.86. In all, $32,570.81. Claims amounting to $32,634.20 have been paid during the year. Our income from Presbyteries has been $2,549.09; from Sabbath Schools, $575.53; from Ladies' Societies, $452.45; from legacies, $615.88 more, and from miscellaneous sources, $1,372.02 less than last year. The actual increase, therefore, of our receipts as compared with those of the previous year being $2,820.93.

The term of service of the following members of the Board, Rev. James Kelso, Rev. W. J. Robinson and G. M. Reed, will expire on the 1st of next July.

II.—REPORT OF THE GENERAL COMMITTEE.

The Nineteenth Annual meeting of the General Committee of Home Missions was held at New Concord, Ohio, beginning Wednesday, May 15th. Fifty-two delegates were present, all the Presbyteries being represented excepting Colorado, Minnesota and Vermont. The Committee was organized by the election of Rev. S. G. Irvine, D. D., of the Presbytery of Oregon, Chairman, and Rev. J. A. Nelson, of the Presbytery of Kansas, Assistant Secretary. We submit the following as the result of our deliberations:

The amount of money desired for the coming year was $47,500. After a careful consideration of the requests of the different Presbyteries, and the relative importance of the several missionary stations, aid was granted to the amount of $42,125, including $4,000 placed at the disposal of the Board to meet the necessities of places referred to it as well as emergencies that may arise during the year. In view of our indebtedness and the financial condition of the country the Committee was compelled in most instances to make appropriations considerably below the actual demands of the service as well as to refrain entirely from inaugurating new enterprises in promising fields that invite our efforts.

The Presbyteries applied for the services of sixty-eight men. The names of one hundred and thirty-six ministers and probationers were reported in accordance with the regulations of the Assembly of 1876. Of these, seventeen are so engaged that

they cannot fulfill regular appointments, and were, therefore, necessarily referred back to their own Presbyteries, leaving one hundred and nineteen names for the whole or part of the year, equivalent to the full time of one hundred and thirteen men. Thus the startling truth is before us, that we have the equivalent of *forty-five* ministers and licentiates able and willing to preach the gospel, who are condemned to an enfored inactivity inasmuch as their services have not been requested by the Presbyteries. As the supply of laborers so far exceeded the requests of the Presbyteries, the Committee felt constrained to limit the time of each appointee to nine months of the year in every case excepting where the missionary was assigned to some particular station or Presbytery for the whole year. And as we could not give employment to the extent desired by those fully qualified for the Gospel ministry, it was deemed best that those who have not finished the regular course of three years' study, and who consequently must return to the Theological Seminary, should not receive appointments for the present year. Even with these limitations rigidly enforced we still found it impossible to give even a moiety of employment to all. Some received no appointments whatever. Some for only one, some for two and some for three quarters of the year. It is a fact that may well arrest the attention of the Church, that the number of missionaries desired by the Presbyteries is decreasing year by year, while the number of applicants for appointment is rapidly on the increase. This matter becomes more serious when we discover that the list of names submitted by the Presbyteries does not include all the unsettled ministers and probationers under their jurisdiction. Had the condition of our treasury and the experience of the past as to what the Church is willing to contribute for this service justified it, new enterprises would have been inaugurated, and new fields occupied, as well as enlarged effort put forth in existing stations that would have given employment to many of these brethren. Thus, on the one hand, the fields are whitening to the harvest, on the other, the laborers are ready and willing to go forth, and yet the Church does not furnish the means necessary for the ingathering of the sheaves. Again, in the reports of the Presbyteries, the amount of service which vacant congregations and mission stations desire and are able to support is placed at the full time of eighty-eight men. Yet the Presbyteries ask for the services of only sixty-eight. Then again, in not a few instances, large and strong congregations which have for years maintained pastors upon comfortable salaries, are reported as desirous of service only part of the time, and in a few cases none whatever. Is there not reason to fear that one most excellent feature of our Home Mission system—that by which the supply of and demand for ministerial service are properly brought together—is gradually but surely going out of use? Can anything be done to save it, or must it soon become a mere matter of history? The manner in which the men and means at our disposal have been distributed will appear from the following tables:

III.—SPECIAL MISSIONS.

The following action was taken with reference to certain missions whose claims were considered by the General Committee:

1. That $800 be appropriated to Omaha, Nebraska, and that Rev. D. R. Miller be re-appointed to the place for the year.
2. That $750 be appropriated to the congregation of Topeka, Kansas, on condition of stated supply or settlement.
3. That $800 be appropriated to Burlington, Iowa, and that Rev. J. A. Pollock be appointed to labor in that field during the year.
4. That $800 be appropriated to Indianapolis, Indiana, and that Rev. S. A. Buck be appointed as the missionary during the year.
5. That $400 be appropriated to Port Huron, Michigan, in accordance with the recommendation of the Presbytery of Detroit.
6. That $500 be appropriated to Oshkosh, Wisconsin, and that Rev. W. A. Spalding be appointed as missionary during the year.
7. That Chase City and Stanton River be referred to the Board of Home Missions.
8. That $1,500 be appropriated to the Warm Spring Indian Mission, and that Rev. R. N. Fee and wife be appointed as missionaries during the year.
9. That Toledo, Ohio, and Oakland, California, be referred to the Board of Home Missions, and that their favorable consideration be invited to these places.
10. That $600 be appropriated to the congregation of Chicago, Illinois.

IV.—MISCELLANEOUS BUSINESS.

The following preamble and resolutions were adopted and are recommended to the Assembly for consideration and approval:

WHEREAS, God in answer to her prayers, has given to the United Presbyterian Church a large number of efficient ministers, who are willing to serve the Church wherever they may be sent, and has also given to her members the silver and gold, and opened many fields where these laborers could be usefully employed if the means of support were supplied, the withholding of which must be offensive to Him:

AND WHEREAS, The enlargement and earnest prosecution of the work of Home Missions is essential to complete success in every department of the Church's operations, therefore, in view of these facts, and in order to promote this work,

Resolved, 1. That Presbyteries be enjoined carefully to foster all mission stations already established in their bounds, and lose no favorable opportunity of beginning new ones.

2. That Presbyteries, pastors and sessions be recommended to take advantage, as far as practicable, of the presence among them of missionaries of experience, to diffuse through their agency information touching the work of Home Missions.

3. That the Committee appointed to prepare a plan for re-arranging the work of the Board of Home Missions, be directed to report to the next Assembly, for adoption, suitable action in regard to the obligation of Presbyteries to communicate to the Assembly the names of all vacancies within their bounds, with the amount of supply they are able to take; also in reference to the question whether or not stations and vacant congregations shall have liberty to make private arrangements for supplies or be supplied otherwise than through the Superintendent of missions of the Presbytery to which such stations and vacant congregations belong; it being understood that any regulations already in existence touching these matters shall meanwhile continue in force.

4. That Presbyteries, in reporting their unemployed men, be instructed to distinguish between those who are and those who are not able to go where they are appointed.

REPORT OF THE BOARD OF FREEDMEN'S MISSIONS.

During the year the Board has held regular monthly meetings. The work entrusted to our management has received much careful and prayerful consideration. Monthly reports were received from each department in the different localities, and official monthly statements were published. The Board is profoundly grateful to God for His blessing vouchsafed during the year.

KNOXVILLE.

At the close of the last year Rev. J. P. Wright retired from the Mission. At the June meeting of the Board, Rev. J. S. McCulloch, of Harlem, was elected President of the College. He accepted the appointment, and about the middle of August entered on his new and important work. The school opened favorably at the first of September. The first month gave an enrollment of 96. The total enrollment for the year has been 209. The largest average attendance for any one month has been 140. The whole school has been instructed in the ordinary common school branches. In addition there is a class of 25 studying Latin, 1 in Greek, 11 in Algebra, 2 in Higher Arithmetic, and 29 in Geology of Tennessee. The last named branch is only taught in the normal course. It will be seen that the standard is higher than last year. The class of students is correspondingly more advanced. The assistant teachers are Miss Eliza B. Wallace, of Monmouth, Ill.,—elected in place of Miss Agnes Wallace, resigned—and Miss Mattie Baldridge. Miss Ida McCulloch has rendered efficient aid in teaching when the rooms were over-crowded with pupils, for which she has received no compensation.

BRANCH SCHOOL.

A branch Mission was established in East Knoxville on the first of October, Miss Mary Hezlep, teacher. This school is under the direct supervision of President McCulloch. It was opened in a building owned by Miss Emily Austin. She is a devoted Christian worker, and a number of years ago purchased property and established an independent Mission. One year ago, admonished by failing health that she must abandon the work she loved so much, she very kindly proposed to your Board to give her property, free of rent for the year, if we would provide a missionary and carry on the work. The offer was gladly accepted. The school was commenced at the first of October, and has had an enrollment of 78 scholars

with an average attendance of 60. This gives a total enrollment in the College and branch school of 287. The total average attendance has been 200. A tuition fee, of fifty cents and twenty-five cents per month, according to the grade, is charged. It is generally paid. The amount thus received is used to defray expenses of the Mission.

RELIGIOUS WORK.

This part of the work is always kept in the ascendency. The Christianizing of these poor home heathen is the great objective of all our efforts. Rev. S. B. Reed's annual report gives us the following facts: The Sabbath morning average attendance for the year has been 134; afternoon, 111. The average attendance in Sabbath School, in the branch Mission, for the year, has been 36. During the same period, 17 colored members have been received into the congregation; 12 on profession of their faith; 11 were baptized. The membership is now 45 colored, 7 white (missionaries and their families); total, 52. The prayer meetings during the year were well attended, often over 100 present. Three services, including the Sabbath School, are conducted every Sabbath—all the missionaries and teachers combining their efforts most cordially and earnestly in this department of the work. The Sabbath collections of the congregation amounted to a little more than fifty dollars during the year. This was all expended for the benefit of the Sabbath School.

THEOLOGICAL STUDY.

At the opening of the term last fall it was agreed to change the plan of conducting the theological department, so as to make the work more diffusive. Under the new plan adopted, one hour was spent each morning with the entire school in the study of a regular course. Under this arrangement Rev. Reed delivered over 100 morning lectures. The arrangement of time and topics was as follows: Monday, "Sacred Geography;" Tuesday, "The Miracles of Christ" (all studied); Wednesday, "The Oriental Features of the Bible" (the land and the book); Thursday, "Doctrinal Theology;" Friday, "Church History." These exercises are reported to us as among the most interesting and profitable of all the services. The first hour of each day was devoted to these lessons, and all the pupils attended regularly.

SEWING SCHOOL.

Mrs. M. J. Reed re-organized the Sewing School early last fall. At the holidays she had four classes, with a total enrollment of seventy-eight. Owing to failing health, she dropped two of the classes at that time, and continued two throughout the Winter. One was for school girls, and the other outside. These two classes contained thirty-nine pupils. This department is self-sustaining, with the assistance received by donation of clothing, piece goods and money, from parties interested in the work. Articles made by the pupils are sold at a very small price to those who can pay. The money thus obtained is used to replenish the stores, or is given to help the very needy. This department is a most important one. Besides teaching the ignorant a very important branch of industry, it is directly a missionary work by which many are reached, assisted and brought directly under the influence of the gospel.

One hundred families of the most needy were assisted, by gifts of clothing and small donations in money, during the winter. Mrs. Reed has heretofore managed this branch of the work gratuitously.

DORMITORIES.

According to the instructions of the last General Assembly, two buildings for dormitories were erected, one for males and one for females. Each has accommodations for twelve students. The cost of these buildings complete was $908.75.

The rooms have all been occupied nearly all the time since the holidays. This provision has already proved quite an advantage. Students come from a distance, and occupy these rooms and board themselves on the "club" plan. Their rooms are always open to the inspection of the faculty, and the students strictly under the rules adopted for the governing of the dormitories. Good order has uniformly been observed, and good results are already apparent.

ADVISORY.

The Board last fall appointed an Advisory Committee of disinterested persons, and requested them to visit the college before the close of the term, carefully inspect the buildings and grounds, and be present at the examination in the schools.

The committee consists of Wm. Rule, Esq., editor of the Knoxville *Chronicle* (Methodist); Rev. Isaac Emory, agent for American Tract Society Publications in Knoxville (Presbyterian), and Rev. Jas. McNeal (U. P.). The committee visited the College and branch school on the 23d of April, and sent a full report to the Board. The report speaks particularly of each department, and highly commends the entire work. The report closes with these words: "Every attention is given in both the main school and the East Knoxville branch, to the religious instruction of the pupils. We wish to add that this Institution is a growing one. It is already successful, but its future appears to us to be full of promise."

CHASE CITY.

The work at Chase City met with most serious opposition at the beginning of the year, which threatened for a time to break it down altogether. The opposition was originated and carried on by a colored Baptist preacher, who had sought to be employed in some way in connection with our Mission. When he failed in this he made a most determined effort to break down the entire work.

Mr. J. J. Ashenhurst, being a very prudent and careful worker, by the help of the Lord, eventually overcame the opposition, and we have the gratification to report the work in a prosperous and promising condition at present. The Mission is conducted in the usual way. The secular and religious instructions are combined. The enrollment in the day school for the year has been 145, and in the Sabbath School it has been 208. J. J. Ashenhurst and Maggie A. Ashenhurst are the missionaries in this field. The school has been conducted in a rented building. The Sabbath School has been held in the U. P. Church, and the missionaries have been greatly assisted in the Sabbath School work by volunteer teachers from the congregation.

PROPERTY.

There is no change in the status of the old school property in Knoxville since our last report. During the winter Miss Austin proposed to sell to the Board her property which we were occupying in East Knoxville, for $550 (not one-half its original cost), the payments to be $150 cash, the balance in four equal annual payments, without interest. The proposition was accepted. The property is deeded to the Board without incumbrance. It is very suitable for mission purposes, and by possessing it we have control of the entire field.

The Board and the Church are under great obligations to Judge M. L. Hall, of Knoxville, for professional services rendered *gratuitously* in examining titles, writing deeds and carefully attending to all our property interests.

Vicksburg.—The parties who purchased the mission property in Vicksburg have failed to make the last three payments, with accrued interest. They have not even paid taxes for two years. On discovery of this fact the Board ordered that the mortgage be at once foreclosed. This has been done, and the property will be sold to satisfy our claim, which amounts to $1,125, with accrued interest.

Chase City.—Mr. John Thyne undertook to erect a school building on the lot he so generously donated to the Board. The building is at this time ready for plastering. Mr. Thyne performed the labor of erecting the building gratuitously. The Board furnished the material. The building will be completed ready for occupancy on the first of September, and will probably not cost more than the amount appropriated by the last Assembly for this purpose.

Nashville.—The property in Nashville is leased to the City School Board for three years, at $150 annually. The rent of the building for two years to be retained to repay cost of repairing the building. The lease will expire in 1879.

There is in the Treasury $653.61, to pay the salaries which will fall due on the thirty-first of the present month, amounting to $780. Our present indebtedness consists of a note in bank for $1,000. In addition to this we have borrowed from the Trustees of the General Assembly the conditional bequest of Samuel Henry, amounting to $3,341, reported last year.

MISCELLANEOUS.

There are about 25 members of the old organization in Vicksburg, and about 20 in Nashville who remain faithful to our Church. In all these years they have maintained their organization, and they are now, especially the little flock in Vicksburg, earnestly appealing to the Board for assistance, and asking for a Missionary to be sent to them. We ask the Assembly to give the Board instruction in this matter. What shall we do for them?

APPROPRIATION.

The Assembly is requested to appropriate $9,000 for the work for the coming year.

VACANCIES.

The term of office of J. S. Sands, H. J. Murdoch, Peter Dick, and the Corresponding Secretary expires with this year.

PROGRESS OF THE WORK.

The appropriations reported last year, and the larger part of the grants of this year have been paid. The congregations helped have very gratefully acknowledged the aid given, and give evidence of the good accomplished by it. The following detailed statement will show the ground of the Board's action in the cases named, and also the progress of the work:

Aledo.—The congregation of Aledo had almost completed a very comfortable house of worship, when on the 25th of June, 1877, it was laid in ruins by a tornado. In consequence of the failure of the contractor, it had already cost more than was anticipated, and the congregation was involved in debt. Encouraged by the action of the Board, the house has been rebuilt and provision made for the removal of all indebtedness. One payment on the loan has been made.

Bellaire.—The appropriation to Bellaire is the balance due under an agreement with the Presbytery of Wheeling previously reported.

Chicago.—The basement of the Church in Chicago has been rented to the city for school purposes. It was the agreement with the Board that the rent should be applied to the payment of the interest on the mortgage, but in settling with their pastor on his removal the rent until July of this year was assigned by the congregation to meet the deficiency in the salary. It therefore became necessary for the Board to meet the interest on the mortgage out of the contributions of the Synod of Illinois. At the first of January the Board effected an assignment of the mortgage to other parties, by which the interest is reduced from ten to six per cent. per annum.

Des Moines.—The congregation in Des Moines has purchased a very desirable lot for $2,800, and will go on with the building as soon as the Board can pay the appropriation made by the General Assembly.

Indianapolis.—The payment of a mortgage held on the property formerly owned by the congregation in Indianapolis was resisted, but the suit terminated favorably to us, and the money has been received. The property now occupied is clear of all incumbrance.

Lawrence, Mass.—In consequence of the peculiar circumstances of the case, it was necessary for the Corresponding Secretary to visit the congregation in Lawrence, Mass., before payment of the appropriation made to it. The advice of attorneys

Digitized by Google

well versed in the law and court decisions of Massachusetts was obtained, and the Board bought the first mortgage on the property as the only way in which its claim could be secured. The Board requested the Trustees of the General Assembly to apply to the General Court for authority by special act to hold property in that State. This authority has since been obtained. All our Church property in Massachusetts should be secured by deed in fee simple to the Assembly.

The death of the Rev. John A. Burns, pastor of the Lawrence congregation, whose sound judgment, rare tact, and deep piety eminently fitted him for the difficult work to which he was called, is a very severe affliction. The Assembly is therefore asked to continue its aid to the congregation through the Board of Home Missions.

Pana.—In 1871 the congregation of Pana obtained help by special collections obtained by the Pastor, and reported to the Board. Something over a year ago the property was sold on judgment obtained by the Pastor for salary not paid. To redeem the property and remove other long standing indebtedness, the Board granted aid on condition that all debt be removed, and a deed of the property be given to the Board. The agent, Hon. J. M. McCullough, for which services the Board is much indebted, reports that this has been done.

Port Huron.—The Board was instructed by the last General Assembly to make a careful investigation of the condition of this congregation, and take the action deemed prudent. As the result of the inquiry, the Board finds that the existence of the congregation depends on provisions being made for the payment of its debt. The Board has, therefore, assumed the payment of the second mortgage, the congregation and Presbytery agreeing to remove the first and an outstanding note.

The congregation is reported to be in a healthy and prosperous condition, with an earnest and efficient pastor. The crushing debt which has thus far weighed it down was contracted in the days of financial prosperity. Part of it was the result of circumstances unforeseen and unavoidable. The peculiar location of the city makes it very important that the congregation be sustained. In the judgment of the Presbytery and of the Board of Home Missions, its maintenance is essential to our cause in Northern Michigan. Being the only Presbyterian organization in the city, our congregation has an open door before it if we can roll away the stone that lies against it.

San Jose —The Rev. A. Calhoun, pastor of the congregation in San Jose, very energetically prosecuted the work of collecting funds assigned to him by the last General Assembly, and was generously sustained. In order that the congregation might not unduly suffer by his absence, the Board assumed the payment of the amount necessary to complete the appropriation made by the Assembly of 1876. On the 2nd of April the agent of the Assembly reported net receipts from all sources, $3,825 62 currency—equal to $3,658 47 gold, the average rate of exchange being 4½ per cent.—and $600 subscriptions unpaid. The subscriptions were paid to the Board, leaving a balance of $574 88 currency, or $746 58 gold to be paid out of the general fund.

In view of the fact that commercial transactions in California have been conducted on a gold basis, it was submitted to the Board that the appropriation should be paid in gold. The Board did not feel at liberty to decide the point, and therefore paid the currency balance, and refers the question of the kind of money to be used to the decision of the Assembly.

The congregation has purchased a lot 68¾ feet by 187½, on the corner of Santa Clara and Fifth streets, for $5,600 gold. There is on it a house which can be moved to the rear of the lot and made available for renting.

Of the contributions made for this mission one was a loan of $500 for four years without interest, and another was a loan of $500 without interest for a period not defined, but not forming any part of the loan fund of the Board. The congregation has given a mortgage for $4,000 on one hundred feet of the front part of the lot, reserving 37½ feet by 68¾ unencumbered. It was the judgment of the Board that the mortgage should cover the whole lot, but the congregation thought it better to reserve a part unencumbered, that, if need be, it might, with the consent of the Board, be made available for raising building funds either by mortgage or sale. The Board has also required security for the first named $500 loan. The house is estimated to cost $4,000.

FINANCIAL CONDITION.

The hopes of a year ago have not been realized, and the Board is not able to report that all appropriations have been paid as they matured. The present liabili-

ties of the Board are: To Des Moines, $5,000; to Port Huron, $2,250; appropriations due on or before July 1, $1,188; other appropriations, $500; note without interest, $400; total, $9,338. Balance in treasury, $1,827 97.

THE LOAN FUND.

The receipts for the Loan Fund have been $3,576 04. Of this $1,068 50 was from loans repaid. The fund now amounts to $53 804 84. The greater part of the congregations whose loans are matured have declared their present inability to meet them, but in general show a disposition to do all in their power. The Board is necessarily, to a great extent, dependent on the watchful care of Presbyteries for the protection of these funds from loss by the negligence of congregations. The congregations of Edgerton, Cuba, Pawnee City, Americus, Titusville, Aledo and Lawrence, Mass., have made payments, and Centerville, Iowa, has paid in full. A statement of the loans is herewith submitted.

CONGREGATIONAL BONDS.

The last General Assembly authorized the Board to guarantee congregational bonds in certain cases. Under this act the bonds of the Seventh Church, Pittsburgh, have been indorsed to the amount of $15,000, and a mortgage has been taken for the same amount and any additional expense that may be incurred. Of these bonds $10,000 are without interest, and only $1,000 can mature each year. The amount sold is only $1,160.

REAL ESTATE UNSOLD.

The *Waupaca* church has not been rented during the past year, and there is no immediate prospect of a sale.

The *Nebraska City* property is also unsold. The agent, the Rev. D. C. Wilson, found it necessary to institute legal proceedings to recover certain rents from a former trustee, and has obtained a favorable judgment, but an appeal has been taken to a higher court. The Board gratefully acknowledges the faithfulness and efficiency with which Mr. Wilson has discharged his duties as the agent of the Board.

The vacant lot in *Omaha* has been leased for five years from May 1, 1877, for $75 a year, for two years, and $100 a year for three years, the lessee to have the option of buying at the termination of the lease. The Board is under obligations to Mr. T. S. M. Murray for valuable services as its agent.

The *Second Church, Leavenworth, Kansas*, having been dissolved, the property has been placed in the hands of an agent for sale.

ESTIMATES.

From all the information before the Board concerning the work for the coming year the General Assembly is requested to make the same appropriations as in former years.

VACANCIES.

The terms of office of Rev. D. M. B. McLean, Mr. Samuel Dyer, and Rev. C. B. Hatch, and of the Corresponding Secretary expire with this year.

The Board does not submit any recommendations to the General Assembly, but asks careful deliberation and mature action in reference to this important part of the work of the Church. With the full appropriation paid in, every mission station would soon be able to own a house of worship, and thus become a permanent dweller in its place, instead of a tentless wanderer.

Respectfully submitted,

By order of the Board,

REPORT OF THE BOARD OF PUBLICATION.

In making this our Eighteenth Annual Report, we would first record the goodness of God in preserving the lives and health of all the members and employees of the Board. He has also protected our property, not only from the ordinary perils of fire and theft, and railroad disaster, but from the more terrible evil of riot that held such high carnival in our city in July last; so that nothing has been lost in these ways. Our customers, amid the stagnation, and wide-spread bankruptcy of business have generally been enabled and disposed to meet their obligations. Our patrons have favored us with their orders, and our benefactors have sent us their donations in about the usual amounts.

From many to whom aid was granted from our small means, we have received assurances of gratitude felt, and good accomplished. Hence we are encouraged to believe "that our labor is not in vain, in the Lord."

We refer with great satisfaction to the entire extinction of the building debt by the payment, since the date of our last report, of the remaining mortgage of $5,000. This during a year of great business depression, and with the contributions to this Board of only $1,474 16 cannot but be gratifying.

The only new works issued during the year are those (two) already mentioned as in press: "The Four Evangelists," by Rev. Edward Thompson, of Edinburgh —and "The Olive Tree," an original work by E. H. Young, Esq. The former has been favorably noticed in the papers. The latter, now in the hands of the binder, is a masterly presentation of the identity and development of the Old and New Testament Church, under the Scriptural emblem of the Olive tree.

For books formerly issued by ourselves and others, especially the more solid and substantial, the demand has been fair. For Catechisms of different kinds, there has been an increased demand; showing a healthy practice among our people. Of Bibles and Psalm books, the sales have about equalled those of preceding years.

Several manuscripts were sent in to compete for the Prizes offered by direction of Assembly, of $100 and $50 respectively for the first and second best. But in the judgment of the Committee of Award, though several were good, none were of a character to warrant the awarding of a prize for the purpose intended. The Board, however, has renewed the offer, and given notice accordingly, through the papers of the Church.

Our financial condition appears from the following:

A form of request for donations has been prepared, and is furnished to all desiring aid.

The terms of office of Rev. W. R. McKee and Messrs. T. McCance and R. E. Stewart, expire with this meeting.

The Board ask the special attention of Assembly to the following three points:

1. The terms on which the copyright of our Publications, especially the Revised Psalm Book, may be granted, if at all, to other publishers. The Church having paid large sums for the preparation of these books, has a right to compensation. Will she forego this right, at least so long as she by her Board is able and willing to meet the demand at the lowest practicable rates?

2. The second point to which we would call attention, is the Revision of "THE PSALTER," and the "SABBATH SCHOOL PSALMODIST." These were prepared as private enterprises, to meet a want in the music of the Church. They measurably answered their purpose, but the time will come, if it has not already arrived, requiring a revision of these, in respect both to form and contents (the tunes.) Believing this to be a matter of general interest, the Board has not felt it best to yield to certain local demands on this subject; and though some dissatisfaction has been produced, we feel that all will eventually approve our course as the better one. We would ask that this subject receive your careful attention, and that suitable action be taken.

3. The third point relates the establishing of a weekly Sabbath School paper. Having called the attention of the Assembly to this subject in former reports, and the Assembly having referred the whole subject to a Committee to report at this meeting, we deem it unnecessary to do more than to reiterate our sense of the importance of this to the Church's interest, and express a hope that this Assembly will take definite action on the subject.

And now, Brethren and Fathers, we again appeal to you, and through you to the Church, for a more liberal support, that we may do a more liberal and beneficial work. Simply as a business enterprise this Board has not been a failure. It has been a success. It has sustained itself when others with more promising pros-

pects have failed. But it should be, and it is our aim to make it more than a business success. It should be a large almoner of God's word to the needy, an agent by which the offerings of all, rich and poor, may be combined, and most economically distributed among the destitute. Our existence as a Board is comparatively brief, our means small, and our plans necessarily more or less imperfect and incomplete. We hope and labor for better things. You, and you only, can enable us to realize these, not by cold reserve and indifference, but by generous sympathy and support in all that is right; and by counsel and advice in anything needing correction or improvement. Think of us as your own Board. Speak of and for us; help us; make yourselves and your people acquainted with our work and our wants. Above all, and with all, pray for the Board of Publication and its officers and employees, as well as for our Mission Boards and *their* officers and employees. Call on us for aid; if in our power it will be rendered; but do not expect that we can give where we have not first received.

By order of the Board.

Respectfully submitted,

S. COLLINS, *Superintendent*

REPORT OF THE BOARD OF EDUCATION.

Since our last report, seventeen young men, preparing for the ministry, have been aided by the funds of the Church, as distributed by this Board. Fifteen of these are Theological Students; one a member of the Senior Class of Wooster, Ohio, University; one a member of the Senior Class of Monmouth College. The latter is preparing for the Foreign Mission work, and a special appropriation was granted in his favor, at the urgent request of his Presbytery.

The report of our Treasurer, regularly audited, accompanies this report, showing money received and disbursed, as follows:

2. Cash on hand	1,610 98	
		$2,392 05
Balance, (net indebtedness,)		$1,082 14

In carrying out the instructions of the Assembly for the liquidation of former indebtedness, one-half of all money contributed has been reserved for this purpose, leaving in the Treasury of the Board, as appears from the above statement of the financial condition, the sum of $225.22 due, and yet to be paid to the beneficiaries.

It will be seen that of the appropriation made by the last Assembly of $7,000, less than one-third has been placed at the disposal of the Board by actual contributions of the Church. The result has been that the Beneficiaries have only received one-half of the amount for which they were recommended by Presbyteries.

The names of students receiving aid are herewith transmitted to the Assembly, and we believe it will be found upon examination, that all are worthy the liberality and confidence of the Church.

It is known to the Assembly that students receiving aid from the Board are required to give the following obligation: "I hereby agree, that if I do not, in due course of time, enter the ministry of the United Presbyterian Church, or at any time voluntarily forsake the same, the sum received shall then become due and payable, at the pleasure of the Board, with six per cent. interest per annum from date." During the past six months there has been refunded $625 by brethren who had received aid on this condition, and subsequently left the ministry of our Church. There is still a considerable sum owed by others. Much of this we hope to receive.

The indebtedness of our Board being greatly diminished, we hope during the year to pay into the hands of Beneficiaries the full amount of money contributed by the Church; seeking to collect from other sources a sufficient amount to meet remaining liabilities.

In view of the fact that the contributions of the Church hereafter will be applied directly for the benefit of students, and not as heretofore, for the payment of old indebtedness, may we not confidently expect the co-operation of every minister, elder and member in this important department of our work as a Church?

1st. We ask the Assembly to approve the action of the Board in making a special appropriation to Mr. A. B. Caldwell—a college student—a native of India, who is preparing for the Foreign Mission work.

2d. That an appropriation of $6,000 be granted the Board for the coming year.

3d. The office of Corresponding Secretary is now vacant. Also term of office of Rev. D. A. Wallace, D. D., Rev. D. M. Ure and Mr. J. H. Martin (deceased,) expires at this time.

It is for the Assembly to elect.

Respectfully submitted,

D. M. URE, *President, pro tem.*
W. T. CAMPBELL, *Secretary.*

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

The Board have pleasure in stating to the Assembly in this their fifth annual report that they have been instrumental in extending aid during the year to *five* aged or disabled ministers, and to *seven* families of ministers deceased. In all cases, it is believed, the assistance has been gratefully received, and burdens occasioned by age, infirmity and need of worldly good, have been greatly lightened by the felt sympathy and help of Christian brethren throughout the churches.

The Presbyteries making application for aid have uniformly endeavored to comply with the rules of the Board, and to do their part to make our work pleasant and efficient for good. It has been our aim to place the responsibility mainly upon them, and to comply with their judgment in each case so far as possible.

It gratifies the Board to say to the Assembly that the case of Mrs. Seaton, reported to the last Assembly by the Presbytery of Butler, and referred by the Assembly to the Board with authority "to make any arrangements with the Asylum that may be in their power," has been satisfactorily adjusted. On corresponding with the authorities of the Asylum at Harrisburg, Pa., it was ascertained that they would not require the Board to give a bond of security for the support of Mrs. Seaton in the institution. As the only difficulty which the Board had in the case was thus removed, the care of Mrs. Seaton was at once transferred from the Presbytery to the Board—the Presbytery, however, retaining the oversight of her case so far as to make application annually to the Board for her support in the Asylum, accompanied with a statement of her condition and circumstances.

As the Board has not been many years in existence and the Presbyteries have not yet become familiar with its rules and modes of procedure, it may be useful in this connection to give them a few instructions. The following items are indicated as a guide in all ordinary cases:

1. When a minister is disqualified for work by age or infirmity, the members of his Presbytery should at once, and with prudence, consider whether he has adequate means of worldly support. The same care should be taken in the case of the family of a minister who has been removed by death.

2. In all ordinary cases a member or members of the Presbytery should consult with those supposed to be in need before application is made to the Board. The worldly circumstances are not always accurately known, and sometimes feelings of sensitive persons are hurt by making application for them without their knowledge. The Christian duty of thus seeking to help others is often a delicate one, and should be discharged in such a way as to spare the feelings of the most sensitive. Prudence will dictate the best mode to be pursued in each individual case.

3. When need is known to exist, and the needy are willing to receive aid, the Clerk or a member of the Presbytery should send to the Corresponding Secretary of the Board for a blank form of application. This will be sent at once, and it will give the necessary information in order to have the application formally presented by the Presbytery to the Board.

4. It should be remembered by Presbyteries that grants are ordinarily made by the Board for but one year. If aid is needed beyond that time the application is to be renewed, accompanied with a statement of any changes that have taken place during the year in the circumstances of the applicant.

The Treasurer's report, which has been audited and found correct, shows that the receipts for the year have been as follows: From Presbyteries, $1,638 49; interest on funds invested, $699 38; total, $2,307 87. The expenditures have been: For beneficiaries, $1,407 22; incidental, $14 50; total, $1,421 72. The balance of the receipts has been safely invested.

It will thus be seen that the receipts have not equalled those of last year, while the expenditures have been more than doubled. There is no reasonable doubt that the expenditures will rapidly increase as the workings of the Board become better known. Unless the receipts shall correspondingly increase, this Board will soon be loudly complaining of want of funds as the other Boards are. It will be compelled to refuse in whole or in part applications from the Presbyteries, and hearts of God's aged or disabled servants, and of widows and orphans will be pained as the result. Just as we are writing this report there comes a letter from an aged minister, in which he says that his application for assistance had been sent a month ago by his Presbytery. As yet he had heard nothing in relation to it, and adds: "I am in straitened circumstances and not able to help myself. If you got the application, let me know about what time I may expect the money." He was at once informed that the application had been granted, and that the first installment would be sent at once by the Treasurer. What would have been the aged father's feelings had the Board been compelled to tell him that there was no money in the treasury, and that he must wait probably for months before any could reach him? Such will soon have to be the nature of our reply to needy beneficiaries if the churches shall not more generally and generously contribute to our fund. Such a result, the very contemplation of which saddens us, can be avoided if pastors and elders will now do their duty. The cause, which this Board pleads, appeals very strongly to Christian feelings. Few can resist it if properly presented. Let it be brought plainly before each congregation throughout the Church, and we are sure the result will be gratifying. We regret to say that many congregations, and some whole Presbyteries, have heretofore apparently ignored the Board's ex-

istence. We trust that we shall not have to repeat this unpleasant statement in another annual report.

The permanent endowment fund of $50,000, established by the last Assembly, has evidently awakened but little interest and received but little attention. It is a matter of great importance to the future efficiency of the Board, and we hope the Assembly will urge it upon the attention of the churches.

The term of office of Messrs. Henry Harrison and James McCandless, and of the Rev. W. C. Jackson, expires at this meeting of the Assembly.

The Board would conclude their report by respectfully recommending:

1. That the Assembly direct the attention of Presbyteries to the mode of procedure in making applications to the Board, as indicated in this report.

2. That the attention of Presbyteries be specially directed to the rapid increase in the expenditures of the Board and of the consequent necessity of securing contributions to its fund from every congregation under their care.

3. That the necessity for raising the endowment fund authorized by the last Assembly be pressed upon the attention of the churches and of individuals to whom God has given worldly means.

W. W. BARR, *Cor. Sec.*

REPORT OF THE PERMANENT COMMITTEE ON NARRATIVE AND STATE OF RELIGION.

Fifty-three Presbyteries have, according to requirement, communicated with your Committee. As the result of a careful review of the general news of the churches, as well as of the official papers put in our hands, we present the following:

NARRATIVE.

1. *The Ministry.*—The Lord has been pleased to call, within the past year, seven of his servants in the ministry of the gospel to Himself—R. H. Pollock, D. D., John Scott, D. D., G. D. Henderson, Robert Scott, Joseph McCartney, Jonathan Stewart and John A. Burns. Of these, two were on the roll of the last Assembly, and were active in its proceedings. Scarcely had they returned to their charges, and resumed their pastoral labors, until they were called away. The suddenness of their departure adds force to the admonition of the Master—"Be ye also ready." All of these, our fellow-servants, were good men and true. Some of them had spent many years, and endured much hardness, in the service of Christ. Their praise is in all the churches. One of them, John Scott, D. D., was a father in Israel, full of days, of the riches of the Spirit, and of honor. Others had just fairly entered upon the work of the ministry, but with such fervency of spirit, and whole-hearted devotedness, as gave promise of great things. The Lord gave, and the Lord hath taken away, blessed be the name of the Lord.

It will gladden the Church to know that the Lord has added to the number of His ministerial servants many more than He has removed. Fifteen young men have been licensed as probationers, and twenty-three have taken upon themselves the vows of ordination. It becomes the Church to be mindful of these in her prayers, that they may, from the very beginning of their service, be endued with power from on high for the work of the ministry, for the building up of the body of Christ.

The installations reported are in excess of the releases by fifteen.

2. *The Membership.*—The word has not been unfruitful. While His servants have been planting and watering, the Lord has given increase. In one or more congregations, in fourteen several Presbyteries, the Spirit has put forth His power, more than ordinarily, for the reviving of God's people, and the conversion of sinners. Many have professed their faith in Christ, and been enrolled as His followers. About 500 have been added from families outside of the Church. The whole number admitted to full privileges, on profession of faith, is at least 3,600. This is 600 more than the new enrollment of last year. In view of so much gain in the fruitfulness of her work for the salvation of souls, let the Church thank God, and take courage. The Lord has been mindful of her. He will bless her. "The Lord shall increase you more and more, you and your children."

STATE OF RELIGION.

Is the spiritual life of our ministry and membership healthy and vigorous? Does their love abound, and are they filled with the fruits of righteousness? From every point of view this is a serious, and even a solemn question. In the fear of God, and by the light of His word and of ascertained facts, your committee has endeavored an answer. The principal known facts bearing upon the question are these:

1. Our people do not forsake the assembling of themselves together. They seem to be glad when it is said to them: "Let us go into the house of the Lord." The Presbyteries, with scarcely one exception, report good attendance upon the stated ministration of the word and ordinances. This is not an infallible sign of spiritual health, but yet is of such value in our present inquiry, that it must not be left out of the account. There must be some love to God in the hearts of a people generally, who are so diligent in waiting upon Him in His stated public worship. And besides, if the same people are found, on other evidence, to need spiritual quickening, the fact of their frequenting the house of God makes their case unspeakably more hopeful than it would otherwise be.

2. There is good reason to believe that there is throughout the Church a growing delight in social prayer. The congregations having no weekly devotional meeting are relatively few. They are, chiefly, in the western Presbyteries, and the reason of their lack is, probably, the smallness and scattered situation of their membership. Nearly all the Presbyteries report the observance by their congregations of special seasons of prayer, with good attendance and happy results.

From this fair showing there is one drawback, the continued relatively small attendance of men at these meetings for prayer, whether stated or special. Whatever may be the immediate reason for this absenteeism, the fact itself is unquestionably indicative of the need of greater fulness of spiritual life in the churches. It is a standing reproach to the Christian profession, and causes the hands of many a pastor, and Christian worker, to hang down. Viewed in whatever light, it is an evil so serious and lamentable, that the Church should, by some means, be aroused to a realization of it. It may be she would then set herself in earnest for its removal, and, through the divine blessing, be successful.

It falls under this head to speak of special devotional exercises held under Presbyterial auspices, such as Sabbath School conventions, and conference meetings. These have been quite general, if not universal, throughout the Presbyteries. They have been largely attended, and proved more or less reviving. In addition to this, we must not fail to note, that in the stated meetings of Church Courts, Presbyteries, Synods and Assembly, there has been, for some years, a steadily increasing manifestation of a devotional spirit. It is believed that the number of these courts which meet only to transact business, and then dissolve, is happily growing less. It seems to be more and more widely true of ministers and elders, that when they come together they cannot disperse without speaking one to another of the Lord and His love, and again, and again, drawing near to the throne of grace. This is a favorable indication as to the present state of the Church, and a hopeful sign as to the future.

3. *Family Religion.*—"Is Family Worship general?" A large majority of the Presbyteries answer: "Yes." Some seem not to know how it is in their congregations, and a few bear testimony against themselves. The reports as to the observance of Family Instruction are not so favorable. Some confess its general neglect. The greater number speak very uncertainly. Only twelve give a decidedly favorable answer. A review of them all leaves the impression that in the Church, as a whole, there is a great lack of faithfulness in this particular. Whether or not this unfaithfulness is spreading, we have no means of determining. It certainly exists at this present time to a serious extent. To an equal extent there is wanting evidence of healthy spiritual life now, and promise of its invigoration in the time to come.

The obligation upon parents to instruct their families is perpetual, and untransferable. "These words, which I command thee this day, shall be in thy heart, and thou shalt teach them diligently to thy children." No authority can make void this precept; no advantages enjoyed elsewhere can supercede the instruction it enjoins within the household; no human power, nor device, can avert, or lessen, the evils consequent upon its neglect. The welfare of the household, the perpetuation of a godly seed, the purity and strength of the Church, the salvation of a godless and

Digitized by Google

perishing world, are all so dependent upon faithfulness in family instruction throughout the Church, that without it they cannot but be greatly hindered, and more or less imperiled. "For He established a testimony in Jacob, and appointed a law in Israel, which He commanded our fathers, that they should make them known to their children; that the generation to come might know them, even the children which should be born, who should arise and declare them to their children; that they might set their hope in God, and not forget the works of God, but keep His commandments, and might not be as their fathers, a stubborn and rebellious generation, and a generation that set not their heart aright, and whose spirit was not steadfast with God."

By what means may the evil of which we have been speaking be arrested, and removed? The situation certainly calls for the more diligent use of these two, on the part of pastors. First, thorough and earnest instruction from the pulpit on the responsibility of heads of families for the religious teaching of their households; and second, systematic and searching visitation from house to house. It would be well if we could learn how far old fashioned, catechetical family visitation has been given up. Such knowledge would probably discover, to the conviction of all, that there is, in general, an intimate connection between the faithful performance of this kind of visitation and faithfulness in family instruction. It would likely be found that the Presbyteries which give the most decidedly favorable answer as to the observance of family instruction within their bounds, are those in which the pastors adhere most strictly to the rule of the fathers in the character of their visitations. That this method of pastoral work has, pretty widely, been laid aside, will not be questioned by those who have taken any pains to inform themselves. In most cases it has been done in good faith, in the persuasion that the Sabbath School, and the Bible Class, bring the pastor and the families of his charge so frequently and so closely together, as to render unnecessary the laborious houshold visitations practised by the fathers, and still performed by many. This persuasion is false. As many of us as have been acting upon it have abundant and painful proof of its falsity. We have been deceived, to the crippling of our strength, and the injury of the families committed to our care. Let us, while making full proof of the pastoral opportunities given us in the classes on the Sabbath, return also to the good old way of systematic, searching, family visitation, and, with the divine blessing upon our labors, future reports will have a brighter page in answer to the question, "How is Family Instruction observed?"

4. In the search for evidence on the question of the Church's spiritual health and vigor, it is of very special importance that inquiry be made concerning the liberality of her people in supporting and spreading the gospel. Spiritual life is pre-eminently godlike. It is, therefore, a life of love, for God is love. Every one who loveth, is born of God and knoweth God. He that loveth not knoweth not God. True love is appreciative. It prizes and delights in its object. True love is operative. It impels to action and sacrifice, if need be, for the honor or welfare of its object. The love of God is not a mere emotion, hid away in His own breast. It has been manifested in the gift of His only begotten Son, that we might live through him. Godlike love in the soul will also manifest itself according to its measure, and in a Godlike manner. The healthfulness and vigor of the Church's life must, therefore, be tried by the love of her people to God, and to men, as manifested in their gifts for the support and spread of the gospel of the Son of God. These gifts, as things are now ordered, must for the most part pass through the treasuries of the congregations and Boards. What then are the facts? "Is there a liberal spirit in supporting the work of the congregations and Boards?"

The only information before your Committee, respecting contributions for congregational work, relates to salaries of pastors. The lowest average salary reported is $350; the highest is $1,500. In the majority of Presbyteries the average is from $600 to $1,000. Little can be made of these figures, chiefly because we are not informed how far grants from the Treasury of the Board of Home Missions have been counted in them. As to promptness in meeting engagements with pastors, we have this fact—230 congregations (considerable over one-fourth of the whole number,) are in arrears, more or less, for the salaries of the past year. Only nine Presbyteries report themselves without at least one congregation in debt. We are necessarily so ignorant of all the circumstances in these several cases, it seems best, especially in view of the times, to hazard neither comment nor inference.

As to the support of the Boards, the case is clearer. It appears from figures authoritatively published, that but little more than one-half of the appropriations of the last Assembly have been met by the contributions of the people. The sum required

Digitized by Google

was at the average rate of $2 per member. The sum actually given, up to a late date, is at the average rate of only a little more than $1 per member. Perplexed Boards, starving laborers, a crippled service, a dishonored cause, a retarded Gospel, and souls unsaved, are the result. What is the just and necessary inference from this fact as to the state of religion in the Church? Is her spiritual life healthy and vigorous? Does the love of her people to God, and to men for God's sake, abound? In the light of God's word the answer is plain. Judged by her barrenness of this fruit of righteousness, her love appears little—her spiritual life sickly and feeble. "Whoso hath this world's good, and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in him?"

It will be offered in explanation and extenuation of the Church's delinquency, that the stringency of the times continues, and has even increased. To a wide extent this is true, and should not be overlooked in judging of the situation. Hundreds in our congregations have been reduced from affluence to a very limited income; and other hundreds from a comfortable living to a state little removed from beggary. Very many have learned their need of increased faith to refrain from taking thought for the morrow, and from asking anxiously: "What shall we eat? What shall we drink? Wherewithal shall we be clothed?" But after all reasonable allowance has been made for this extraordinary state of things, it remains evidently true that the Church has fallen sadly short of her duty to her Lord, and to the world He loved, and in so far has failed to manifest her possession of the life of God. It would certainly require great effrontery to maintain that, even in this time of financial distress, there is so little of this world's good in the hands of the 80,000 professed disciples of Christ in the United Presbyterian Church as to render them unable to contribute in a whole year, for the spread of the Gospel at home and abroad, at the average rate of $2 each. It merits no discussion—abundant means do still remain with our aggregate membership for carrying forward all the present enterprises of the Church, and meeting the authorized requirements of all the Boards. But one thing is lacking—greater fullness of the life of God—a more universal and larger communication of the spirit of Him, who, though He was rich, yet for our sakes became poor, that we through His poverty might be rich.

It may be urged, as against the argument just presented, that the Church's delinquency may be altogether accounted for by the fact of general pastoral unfaithfulness in teaching and exhorting; or by the fact that the prevalent methods of gathering money for the Lord's treasury are unscriptural. Doubtless these two things have more to do in causing continued deficiency in the funds of the Church than many suspect, or are willing to believe. But these evils themselves exist only through lack of spiritual light and vigor. They but strengthen the proof of the Church's need of a great quickening. In the face of the testimony, ministers, elders and private members all stand convicted of sin, in that they have been seeking their own, and not the things which are Christ's. Let us look again unto Him whom we have pierced—let the Holy Spirit mightily shed abroad the love of God in our hearts, and quickly there shall be a great change. The love of Christ will constrain us, so that we shall no longer count either ourselves, or any of the things we have, our own.

These few sentences on the Church's spiritual state, as evidenced by the measure of her liberality, have brought us to the entrance to a wide and inviting field of discussion and practical reflection. Such inquiries as these start up: What connection is there, under Christ's providential government, between the meagerness of the Church's contributions to His cause, and the financial distress from which so many of her people are suffering? "There is that scattereth, and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty." Again, what should we infer, as to the state of religion in the Church, from the fact that amid all that is said about the present distress, there is so much murmuring, and so little humble and penitent recognition of the Lord's righteous judgment? "The people turneth not unto Him that smiteth them." But your Committee do not deem it their duty to go farther.

In the above review we have abundant proof that the Lord has not cast us, as a Church, away from His presence, nor taken His Holy Spirit from us. We are not utterly idle and unfruitful in the knowledge of our Lord Jesus Christ. But we have, at the same time, the gravest reason to believe that He who walketh in the midst of the seven golden candlesticks, and who hath His eyes like unto a flame of fire, does not find our works perfect before God—that He has somewhat against us.

Digitized by Google

We have left our first love. His word of warning is—"Repent, and do the first works; or else I will come unto thee quickly, and will remove thy candlestick out of his place, except thou repent." His word of gracious instruction is—"In Me is thy help, whom God hath exalted with His right hand, a Prince and a Saviour, for to give repentance to Israel and forgiveness of sins."

REPORT OF THE PERMANENT COMMITTEE ON SABBATH SCHOOLS.

Our report for the year just closing will differ but little from what was presented by your Committee to the last Assembly.

The field, the work, and the workers continue about the same as they were last year.

From the reports received we present the following

STATISTICS.

Number of Schools open twelve months	386
Number of Schools open less than twelve months	94
Whole number reported	480
Number of scholars enrolled	48,054
Average attendance	32,727
Increase during the year about	3,000
(A few Schools report a slight decrease.)	
Children of unchristian parents	5,303
Scholars attending Church about	30,000
Church members in Schools about	11,000
Officers in the Schools	1,498
Teachers in the Schools	4,455
Teachers not members of the Church	36
Scholars making a profession of faith	1,711
Classes studying Shorter Catechism	2,500
Adults in Bible classes	15,000
Volumes in libraries	33,644
Contributions of Schools	$19,803
Expenses of Schools	14,808
Amount paid by congregations	3,398

About one-half of the contributions of the Schools was applied to current expenses, and the other half was given to the several Boards of the Church.

If all Schools would send us full and accurate reports we could make a better showing in our report.

ENCOURAGEMENTS.

The above statistics, imperfect as they are, show that our Sabbath Schools in general are in a healthy and prosperous condition.

This field of labor is very inviting and promising, and the work growing in interest and importance.

The Schools are becoming more systematic and efficient in their working, as is shown by the remarkably good attendance of teachers, elders, pastors and missionaries.

The number of scholars is steadily increasing, and the schools are sending a goodly number of recruits into the Church, and thus the bond of union and sympathy is yearly growing stronger, the hearts of parents turning more and more to their children, and the hearts of children to their parents.

The careful and prayerful study of the word of God, the discipline and experience in teaching it, and the intimate knowledge of the children, secured to pastors

Digitized by Google

elders and teachers in Sabbath School work, cannot fail to increase their skill and efficiency as workers in their respective spheres in the congregation.

And when this good cause engages the minds and hearts of all the members of the Church, then we shall have practical demonstration of the importance of the Sabbath School as an agent in doing the Lord's work in preaching the gospel to the poor and lengthening the cords and strengthening the stakes of Zion.

The books and papers that are circulated in Christian homes, and in homes that are not Christian, by means of the Sabbath School, must, we think, accomplish much good in the way of quickening minds and touching hearts that would otherwise be left in the darkness and coldness of worldliness and unbelief.

And if all our schools were furnished with libraries, such as they might and ought to have, and reading matter of the right kind and in proper quantity were distributed to the children every Sabbath, they would thus be more thoroughly furnished for good work at home.

What shall our children read? is an important question of immediate and pressing interest, and one which the Church ought to answer in a wise and practical way.

Many of the secular presses are answering it in a way that, in the experience of our children, especially of our boys, will prove disastrous to their moral and spiritual health.

The only way to counteract poisonous literature and banish it from our homes and schools is to furnish a cheap, attractive and sound Christian literature. This, when provided by the Church, can be put into general circulation and use most speedily and efficiently by means of the Sabbath School.

In this way the Church can reach all her own families with her books and papers, and can find her way into those godless homes whose children attend her schools. There remaineth yet very much land to be possessed, and the command of the Master is: "Go up and possess the land, for ye are able."

A majority of the schools give papers three Sabbaths in the month, use the "National Uniform Lesson Series," and the helps found in the "U. P. Worker" and other papers of our Church. From this fact it is probable that whatever paper and other helps for Sabbath School work the Church might establish, would soon find liberal patronage in her schools and homes.

Other papers and helps are resorted to principally because they are considered better and cheaper than our own.

ACTION OF PRESBYTERIES.

According to the instruction of the last Assembly, Sabbath School Superintendents have been appointed in thirty-five Presbyteries. And we would suggest that the Assembly recommend the continuance in office of these appointees, and direct those Presbyteries that have not yet complied with their instructions to appoint suitable persons to act as Superintendents in compliance with the action of the Assembly of last year.

During the year thirty-six Presbyteries held conventions in the interest of the Sabbath School.

The reports from these show that such conventions are profitable in promoting an interest in the work, and in diffusing a knowledge of the best methods of carrying it forward successfully.

ACTION OF SYNODS.

All the Synods, except the First Synod of the West and the Synod of Ohio, had the subject of Sabbath Schools before them and took action commendatory of the work and encouraging to the workers.

It is the opinion of your Committee that every Synod should give some time of each meeting to the consideration of this very important and interesting branch of the Church's work. Let the Church give all proper care and encouragement to her several Boards, but let not the fifty or sixty thousand children in her Sabbath Schools be overlooked in the meetings of her courts.

When pastors preach of their importance, and Presbyteries, Synods and General Assemblies take action in their interest, the people will begin to appreciate their worth, and will pray and labor and give more for their maintenance, success and continued progress.

MUSIC.

Many of the schools call for improved Sabbath School music.

Would it not be well for the Assembly to appoint a judicious committee to prepare a book of selections and music for the use of our schools?

Congregational singing, which has not yet attained unto perfection in our Church, would be much improved in a few years by greater attention to the development and cultivation of the taste and talent for music in the youth, who, in a short time, will compose the Church and manage her affairs.

CATECHISM AND DISTINCTIVE DOCTRINES.

More attention to the study of the Catechism is demanded by some pastors and superintendents, and it has been suggested that a series of lessons with notes be prepared on it, for the use of the Schools in our Church. And some even insist on our Distinctive Doctrines having a place in the lessons. It may be observed in this connection that the Catechism is now taught in twenty-five hundred classes in our schools. And there is nothing to prevent pastors and sessions having it taught in all the classes, and using such helps to its proper understanding as are now available.

And the same remark applies to our Distinctive Doctrines.

Teachers, who understand and believe them, can inculcate and enforce them as they are suggested by the Scripture lessons that pass under review from Sabbath to Sabbath. Or they can be taught as the Catechism is now taught, by assigning the classes one or two of them to be memorized and recited every Sabbath, and then the teachers can explain them as they do the Scripture lesson.

Pastors and sessions have the entire control of these things.

See Directory for Worship, Chapter eighth, Article first.

NOTES, &C.

Notes and lesson papers were prepared during the year by Rev. Robert Stewart, D. D., and Rev. John Morrow, and the thanks of the Committee, and of the Assembly are due to these worthy brethren and willing workers.

And we have the pleasure of reporting to you that the Committee have succeeded in obtaining the consent of Dr. James Harper of Newburg, to prepare Notes, &c., for the first half of the year, July to December, 1878.

In conclusion we would suggest that the Assembly will confer a favor on the friends of the Sabbath School by appointing a conference to be held during its sittings, at which this important subject may be considered.

Respectfully submitted,

R. B. EWING, *Chairman.*

REPORT OF THE COMMITTEE ON THE PRESERVATION OF OLD RECORDS.

The Executive Committee on the Preservation of Records and other Historic Documents, respectfully reports:

During the past year we have endeavored to prosecute the work committed to our care with a reasonable degree of diligence.

As heretofore, our aim has been to secure, or at least obtain trace of the old records of the Associate and Associate Reformed Churches, and procure histories of our congregations and of all Associate, Associate Reformed and United Presbyterian Presbyteries and Synods.

But little has been accomplished by way of additions to our stock of old records. However, we have the satisfaction to announce that the records of the Associate Reformed Synod, from the time of its organization, in 1782 to 1803, have been found. One volume of the Minutes of the Associate Presbytery of Pennsylvania has not yet been found. If this volume were obtained, (and it was in safe hands not

many years ago) the records of the Associate Presbytery of Pennsylvania, and of the Associate Synod, which grew out of it, would be complete.

Accompanying this report we submit a complete list of all the Associate and Associate Reformed Presbyteries and Synods, and the whereabouts of their records as far as known.

HISTORIES OF CONGREGATIONS, PRESBYTERIES AND SYNODS.

Several weeks ago we made a call on Presbyteries, through the papers of the Church, for information in regard to old records, and for a report of the progress of the work of preparing histories of congregations and Presbyteries.

The response to this call has not been general, and hence we can give you only an approximate idea of the condition of this part of the work.

Many of the Presbyteries have obtained the history of the Presbytery and of most of the congregations, but have not had them collected and bound together as directed by the Assembly of 1876, for the reason that some of the brethren appointed to prepare histories of congregations have not completed the work assigned them.

Several very valuable histories of Presbyteries and Synods have been published during the past year, viz: The History of the Associate Reformed Synod of New York, History of the United Presbyterian Synod of New York, History of the Second Associate Reformed Synod of the West. Others have been prepared; the Associate Reformed Synod of Illinois, the First United Presbyterian Synod of the West, and the United Presbyterian Synod of Pittsburgh.

Histories of the United Presbyterian Presbytery of Monongahela and her predecessors, the Second Associate Reformed Presbytery of Pennsylvania, and the Associate Reformed Presbytery of Monongahela have been published in one volume; also, the history of the Associate Presbytery of Chartiers, and possibly some others. The Presbytery of Big Spring has published the biography of Rev. John Cuthbertson, the first Reformed Presbyterian minister in America, which is a valuable and timely contribution to our ecclesiastical history.

With the material thus accumulating, it will be comparatively easy for the future historian to write the annals of the Reformed Churches in America.

As the old records of the different Presbyteries and Synods, by direction of the Assembly of 1876, are to be retained in present hands until the work of preparing histories is completed, it might be well for the Assembly to order that Clerks of Presbyteries should be the custodians of the records of their Associate and Associate Reformed predecessors.

It has been suggested to the Committee that it would be well for the Church to have a fire-proof vault of her own as a safe depository for her old records in some central part of the Church. If the Assembly should regard the suggestion favorably, and wish to place it in some one of the buildings now belonging to the Church, we can state that a suitable vault sufficiently ample for the purpose can be placed in the Theological Seminary building in Allegheny at a cost of about *three hundred dollars.*

The Committee have understood that some of the brethren think it would be advantageous to organize a United Presbyterian Historical Society. This and other suggestions above mentioned, your Committee would respectfully submit to the judgment of the Assembly.

J. C. BOYD, *Chairman.*

ASSOCIATE AND ASSOCIATE REFORMED RECORDS.

In the following list of Associate and Associate Reformed Presbyteries and Synods we have given the name of the Presbytery or Synod, and opposite it the name of the party holding its records.

We have also included in the list those Associate and Associate Reformed Presbyteries and Synods, the records of which are lost, or in unknown hands, in the hope that the Assembly might be able to furnish some information respecting them.

REPORT OF THE COMMITTEE ON TEMPERANCE.

The Committee appointed by the last Assembly to "confer with similar Committees from other evangelical churches to devise a plan for united effort in the cause of Temperance on the part of such churches," had a meeting at the time and place appointed by the Assembly, viz.: Tuesday, October 23, 1877, at 7 o'clock, P. M., in the Theological Seminary at Xenia, Ohio. Owing to the death of the lamented Dr. Pollock, chairman of your Committee, the meeting of the joint Committee was called to order by the undersigned, as temporary chairman. But few of those appointed by the Assembly were present, and representatives from only two other bodies—the Presbyterian and the Methodist Episcopal. The enclosed paper was prepared by a sub-committee, whose names are subjoined to it, with a view of having it submitted to the various ecclesiastical bodies for adoption as the combined declaration and testimony of the Church of Christ, on the subject of Temperance.

This paper is herewith submitted for your consideration and adoption. What further measures are necessary to bring it before the other bodies not represented in the joint Committee, it is left to your wisdom to provide.

It may be said in conclusion, that this paper, a copy of which was sent to each member of your Committee, was approved and concurred in by all those who expressed their mind about it, viz.: a majority of the Committee, and may be considered as our report on the subject referred to us.

Respectfully submitted,

J. G. CARSON, *Chairman.*

THE PAPER REFERRED TO IN THE REPORT OF THE COMMITTEE.

1. Drunkenness is an evil of giant proportions, having inherent and appalling malignity. It is strongly intrenched by custom, cupidity and appetite. It works wide-spread ruin in society, and destroys men's souls and bodies.

2. The manufacture, sale, and use of intoxicating liquors, except for medicinal, mechanical, or scientific purposes, are unmixed evils dishonoring to God and destructive to man.

3. To aid either of these great evils—by selling grain or hops to brewers or distillers, by making machinery for brewing or distilling, or casks to contain liquors, by leasing property on which intoxicating liquors may be made, or sold, or

Digitized by Google

drank, or by any other way, is to criminally participate in this most abhorrent sin.

4. While in certain instances, when it results from inherited infirmity, drunkenness may be regarded as a misfortune, it is at the same time a sin against God and one's own body; and also a crime against society.

5. Human power, alone, whether as a pledge, an organization, a profession, or otherwise, is entirely inadequate to the complete and permanent reformation of the drunkard. Reformation from drunkenness, or any other immorality, to be effectual, must combine human effort and divine influence.

6. The Christian Church sympathizes, and should sympathize, heartily and actively, with all honest, intelligent effort to reform inebriates, and to prevent and suppress intemperance.

7. Christians must oppose the manufacture, sale and use of intoxicating beverages by all practicable methods. Legal prohibition, moral suasion, and the practice of total abstinence are demanded.

8. The Church of Jesus Christ is an adequate agency, if faithfully consecrated to the endeavor, for the reformation of inebriates and the suppression of intemperance.

JOHN M. WALLACE, *Chairman.*

REPORT OF THE DELEGATION TO THE PAN-PRESBYTERIAN COUNCIL.

The Council met in Edinburgh, Scotland, July 3, 1877, and continued its sessions, three each day, except on the intervening Sabbath, until the evening of the 10th.

There were present in the Council over three hundred representatives of Presbyterian organizations and associations of twenty different countries.

Among the subjects of deliberation were the "Principles of Presbyterianism," "Presbyterianism in relation to the wants and tendencies of the day," "Preaching and the training of preachers," "The Eldership, its theory and practice," "The unbelief of the present day, and how to meet it," "Presbyterian literature and the use of the press generally," "The Reformed Churches of the past and present," "The claims of the churches on the continent of Europe on other Presbyterian churches," and various aspects of the home and foreign work of the Church.

On all these subjects papers that had been carefully prepared, were read, which were followed by general discussions and the adoption of declarations of the mind of the Council on the subjects.

Some of these declarations were, perhaps, not so explicit and decided as might have been expected from such a Council, doubtless owing to the fact that this was the first meeting of the kind and the natural desire on the part of its managers to keep the Council free as possible from whatever might cause dissent or in any way disturb its harmony. Still, it seemed to us, that such a Council should have felt free, in any circumstances, to assert itself decidedly and strongly on any subject fairly before it, and especially such as was fairly within the *consensus* of the churches represented. To be restrained of this was to be restrained of much of its usefulness.

But, as intimated, there may have been good reasons for this restraint in this first Council. In other respects it was a grand success. The tone of its deliberations was much higher than that of some of its conclusions. The papers read and the discussions generally were of a very high order of learning and ability. And the Christian temper of the Council was admirable. The deep-toned piety, the brotherly love, the earnest devotion to all that concerned the glory of God and the salvation of man, manifested in all the proceedings, attested a presence and power of God felt and acknowledged by all.

In general effect, we feel it was for good. It was a grand demonstration of the strength and substantial unity in faith and modes of working of Calvanistic Presbyterian churches of different and distant parts of the world. It brought representatives of them into actual contact and acquaintance with each other. It tended to put the stronger in more lively sympathy with the weak, in better knowledge of their difficulties, and under a deeper sense of obligation to help them. With all its caution to keep its declarations without dissent in its general tone and testimony, it upheld strongly the great principles of its professed system of faith. It proved that among the men of this faith there was the ability to defend it and to repel all assaults of infidelity on any part of the Christian system.

In conclusion, we are glad to say, that in the devotional exercises and all the proceedings of the Council, there was nothing of which we, as a Church, could complain, or that should weaken our interest in the "Presbyterian Alliance" or its Councils. The next Council is to be held in Philadelphia, in 1880, and we

would respectfully suggest that this Assembly appoint a Committee to nominate delegates to it, to report to the next Assembly.

All the ministerial delegates appointed to the Council at Edinburgh were present, and would no doubt unite with us in this report if present or within reach.

MEMORIAL OF THE FIRST PRESBYTERY OF OHIO.

FATHERS AND BRETHREN:—Influenced only by a desire to promote the best interests of the great mission work of the Church in our own land, and believing that the efficiency of this department of Christian effort would be greatly increased by a few important changes in the administration of this work, we therefore present for your consideration this Memorial, and respectfully ask that the following changes may be made, viz:

I. The consolidation of the three departments known as "The Board of Home Missions," "The Board of Church Extension" and "The Board of Missions to the Freedmen."

The following reasons may be given:

1. The aim of these Boards is substantially the same, the evangelization of our own land.

2. A union of these interests, and their administration by the same body of men would not only prevent the possibility of any conflict, but would secure the entire harmony and unity of interest so necessary in every feature of mission work in our own land.

II. The election of a Board of eighteen members, two from each Synod, to serve for a term of six years, one member to be elected from each Synod every three years. The members constituting this Board shall be nominated by the various Synods, and this nomination confirmed by the General Assembly. This Board shall meet annually, two weeks preceding each meeting of the General Assembly, and shall perform the duties now performed by the three local Boards and the General Committee of Home Missions.

The following reasons are submitted:

1. The Church at large is interested, and should be represented in the administration of this work.

2. This Board will be representive, and at the same time not unwieldy in service.

3. The great advantage of a *fixed policy* will be gained to the Church by the lengthened term of service from year to year of the persons having this work in charge.

III. The election for —— years by the General Assembly, of a General Secretary, who shall be a member of this Board *ex officio*.

The General Secretary shall have full power to act in all cases of emergency that may arise during the year, not provided for by the Board, and shall give his undivided attention to the interests of this work.

The following reason may be given:

The judgment of one individual constantly in contact with the interests represented will be found to be more valuable than the opinions of those whose attention is engrossed by a multiplicity of other cares. Your memorialists therefore ask of you that immediate action may be instituted, looking toward the final accomplishment of the ends set forth in this memorial.

That you may be guided by divine wisdom in this as in all other matters that may come before you, and that you may spend a pleasant and profitable session, is the prayer of your petitioners.

By order of Presbytery.

ELIHU C. SIMPSON, *Clerk.*
